## Table of Contents

### **CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**

#### **Note 1: BASIS OF PRESENTATION AND NEW ACCOUNTING STANDARDS**

##### Preparation of Interim Financial Statements

The consolidated financial statements were prepared by Clear Channel Outdoor Holdings, Inc. (the "Company") pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") and, in the opinion of management, include all adjustments (consisting of normal recurring accruals and adjustments necessary for adoption of new accounting standards) necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods are not necessarily indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated and combined financial statements and notes thereto included in the Company's 2007 Annual Report on Form 10-K.

The consolidated financial statements include the accounts of the Company and its subsidiaries and give effect to allocations of expenses from Clear Channel Communications, Inc. ("Clear Channel Communications"). These allocations were made on a specifically identifiable basis or using relative percentages of headcount or other methods management considered to be a reasonable reflection of the utilization of services provided. Significant intercompany transactions have been eliminated in consolidation. Investments in nonconsolidated affiliates are accounted for using the equity method of accounting.

##### Clear Channel Communications' Merger

Clear Channel Communications completed the merger with a group of equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. on July 30, 2008. Clear Channel Communications is now owned indirectly by CC Media Holdings, Inc. ("CC Media Holdings"). The purchase price was approximately \$23.0 billion, including \$134.9 in capitalized transaction costs. The merger was accounted for as a purchase business combination in conformity with Statement of Financial Accounting Standards No. 141, *Business Combinations* ("Statement 141"), and Emerging Issues Task Force Issue 88-16, *Basis in Leveraged Buyout Transactions* ("EITF 88-16"). Staff Accounting Bulletin No. 54, *Push Down Basis of Accounting Required in Certain Limited Circumstances* ("SAB 54"), requires the application of push down accounting in situations where the ownership of an entity has changed. As a result, the post-merger financial statements of the Company reflect the new basis of accounting. Accordingly, the financial statements as of September 30, 2008 reflect Clear Channel Communications' fair value basis resulting from the merger that has been pushed down to the Company. A portion of the consideration paid by Clear Channel Communications has been allocated to the assets and liabilities acquired at their respective fair values at July 30, 2008. The remaining portion was recorded at the continuing shareholders basis, due to the fact that certain shares of Clear Channel Communications' were exchanged for shares of CC Media Holdings' Class A common stock. Excess consideration after this allocation was recorded as goodwill. Clear Channel Communications has estimated the fair value of the acquired assets and liabilities as of the merger date utilizing information available at the time the financial statements were prepared. These estimates are subject to refinement until all pertinent information is obtained. Clear Channel Communications is currently in the process of obtaining third-party valuations of certain of the acquired assets and liabilities in order to allocate the purchase price. Clear Channel Communications will complete its purchase price allocation within one year of the closing of the merger. The final allocation of the purchase price may be different than the initial allocation.

The global economic slowdown has adversely affected advertising revenues across the Company's business in recent months. The Company will perform its annual impairment test in the fourth quarter of 2008 and it is possible that a continued deterioration in advertising revenues could result in the Company recognizing an impairment charge.

The accompanying consolidated financial statements are presented for two periods: post-merger and pre-merger. Purchase accounting adjustments pursuant to the aforementioned standards were pushed down to the opening balance sheet of the Company on July 31, 2008 as the merger occurred at the close of business on July 30, 2008. The merger resulted in a new basis of accounting beginning on July 31, 2008 and the financial reporting periods are presented as follows:

- The period from July 31 through September 30, 2008 includes the post-merger period of the Company, reflecting the purchase accounting adjustments related to the merger that were pushed down to the Company.
- The periods from January 1 through July 30, 2008 and July 1 through July 30, 2008 include the pre-merger period of the Company.

## Table of Contents

- The 2007 periods presented are pre-merger. The consolidated financial statements for all pre-merger periods were prepared using the historical basis of accounting for the Company. As a result of the merger and the associated purchase accounting, the consolidated financial statements of the post-merger periods are not comparable to periods preceding the merger.

The following is a summary of the preliminary fair value adjustments pushed down to the Company:

<i>(In millions)</i>	
Property, plant and equipment	\$ 615
Definite-lived intangibles, net	377
Indefinite-lived intangibles – permits	2,938
Goodwill	2,207
Other assets	35
Deferred tax liability	(1,683)
Other long-term liabilities	15
Total	<u>\$ 4,504</u>

There are several agreements which govern the Company's relationship with Clear Channel Communications including the Corporate Services Agreement, Employee Matters Agreement and Tax Matters Agreement. Clear Channel Communications has the right to terminate these agreements in various circumstances. As of the date of the filing of this report, no notice of termination of any of these agreements has been received from Clear Channel Communications. The Company's agreements with Clear Channel Communications will continue under the same terms and conditions subsequent to the merger.

In conjunction with the merger, Clear Channel Communications' \$1.75 billion revolving credit facility, including the \$150.0 million sub-limit, was terminated. The facility was replaced with a \$2.0 billion six year revolving credit facility, which includes a \$150.0 million sub-limit that certain of the Company's International subsidiaries may borrow against to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. The obligations of these International subsidiaries that are borrowers under the revolving credit facility will be guaranteed by certain of the Company's material wholly-owned subsidiaries, and secured by substantially all assets of such borrowers and guarantors, subject to permitted liens and other exceptions.

### Recent Accounting Pronouncement

In April 2008, the Financial Accounting Standards Board ("FASB") issued FASB Staff Position No. FAS 142-3, *Determination of the Useful Life of Intangible Assets* ("FSP FAS 142-3"). FSP FAS 142-3 amends the factors an entity should consider in developing renewal or extension assumptions used in determining the useful life of recognized intangible assets under FASB Statement No. 142, *Goodwill and Other Intangible Assets* ("Statement 142"). FSP FAS 142-3 removes an entity's requirement under paragraph 11 of Statement 142 to consider whether an intangible asset can be renewed without substantial cost or material modifications to the existing terms and conditions. It is effective for financial statements issued for fiscal years and interim periods beginning after December 15, 2008, and early adoption is prohibited. The Company will adopt FSP FAS 142-3 on January 1, 2009. The Company is unable to estimate the impact of adoption at this time due to the fact that FSP FAS 142-3 is dependent upon acquisitions that may or may not happen in the future.

### New Accounting Standards

The Company adopted Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements* ("Statement 157") on January 1, 2008, and began to apply its recognition and disclosure provisions to its financial assets and financial liabilities that are remeasured at fair value at least annually. Statement 157 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The Company holds available-for-sale marketable equity securities classified in accordance with Statement of Financial Accounting Standards No. 115, *Accounting for Certain Investments in Debt and Equity Securities* ("Statement 115"). These marketable equity securities are measured at fair value on each reporting date using quoted prices in active markets. Due to the fact that the inputs used to measure the marketable equity securities at fair value are observable, the Company has categorized the fair value measurements of the securities as Level 1. The fair value of these securities at September 30, 2008 was \$63.7 million.

The Company adopted Financial Accounting Standards Board Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* ("Statement 159"), which permits entities to measure many financial instruments and certain other items at fair value at specified election dates that are not currently required to be measured at fair value. Unrealized gains and losses on items for which the fair value option has been elected should be reported in earnings at each subsequent reporting date. The provisions of Statement 159 were effective as of January 1, 2008. The Company did not elect the fair value option under this standard upon adoption.

## Note 2: INTANGIBLE ASSETS AND GOODWILL

### Definite-lived Intangibles

The Company has definite-lived intangible assets which consist primarily of transit and street furniture contracts and other contractual rights, with an estimated 6 year weighted average useful life at the time of the merger. Definite-lived intangible assets are amortized over the shorter of either the respective lives of the agreements or over the period of time the assets are expected to contribute to the Company's future cash flows. The following table presents the gross carrying amount and accumulated amortization for each major class of definite-lived intangible assets at September 30, 2008 and December 31, 2007:

<i>(In thousands)</i>	<u>Post-Merger</u>		<u>Pre-Merger</u>	
	<u>September 30, 2008</u>		<u>December 31, 2007</u>	
	<u>Gross</u>		<u>Gross</u>	
	<u>Carrying</u>	<u>Accumulated</u>	<u>Carrying</u>	<u>Accumulated</u>
	<u>Amount</u>	<u>Amortization</u>	<u>Amount</u>	<u>Amortization</u>
Transit, street furniture, and other contractual rights	\$ 654,937	\$ 20,482	\$ 867,283	\$ 613,897
Other	197,197	1,143	10,719	9,618
Total	<u>\$ 852,134</u>	<u>\$ 21,625</u>	<u>\$ 878,002</u>	<u>\$ 623,515</u>

## Table of Contents

Total amortization expense from definite-lived intangible assets for the pre-merger period from January 1, 2008 through July 30, 2008 was \$30.6 million. Total amortization expense for the pre-merger period from July 1, 2008 through July 30, 2008 was \$4.4 million. Total amortization expense for the post-merger period from July 31, 2008 through September 30, 2008 was \$21.9 million. Total amortization expense for the year ended December 31, 2007 was \$53.2 million. The following table presents the Company's estimate of amortization expense for each of the five succeeding fiscal years for definite-lived intangible assets:

<i>(In thousands)</i>	
2009	\$ 126,802
2010	113,899
2011	86,177
2012	68,266
2013	49,517

As acquisitions and dispositions occur in the future and as purchase price allocations are finalized, amortization expense may vary.

### Indefinite-lived Intangibles

The Company's indefinite-lived intangibles consist of billboard permits. The Company's billboard permits are issued in perpetuity by state and local governments and are transferable or renewable at little or no cost. Permits typically include the location which allows the Company the right to operate an advertising structure. The Company's permits are located on either owned or leased land. In cases where the Company's permits are located on leased land, the leases are typically from 10 to 20 years and renew indefinitely, with rental payments generally escalating at an inflation based index. If the Company loses its lease, the Company will typically obtain permission to relocate the permit or bank it with the municipality for future use.

The Company does not amortize its billboard permits. The Company tests these indefinite-lived intangible assets for impairment at least annually using a direct method. This direct method assumes that rather than acquiring indefinite-lived intangible assets as a part of a going concern business, the buyer hypothetically obtains indefinite-lived intangible assets and builds a new operation with similar attributes from scratch. Thus, the buyer incurs start-up costs during the build-up phase which are normally associated with going concern value. Initial capital costs are deducted from the discounted cash flows model which results in value that is directly attributable to the indefinite-lived intangible assets.

Under the direct method, the Company aggregates its indefinite-lived intangible assets at the market level for purposes of impairment testing as prescribed by Emerging Issues Task Force issue 02-07, *Unit of Accounting for Testing Impairment of Indefinite-Lived Intangible Assets*. The Company's key assumptions using the direct method are market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up capital costs and losses incurred during the build-up period, the risk-adjusted discount rate and terminal values. This data is populated using industry normalized information.

The carrying amounts for billboard permits at September 30, 2008 (post-merger) and December 31, 2007 (pre-merger) were \$3.2 billion and \$251.1 million, respectively. As a result of the merger and the related push-down accounting, the Company recorded a fair value adjustment related to billboard permits of \$2.9 billion at the time of the merger.

## Table of Contents

### Goodwill

The Company tests goodwill for impairment using a two-step process. The first step, used to screen for potential impairment, compares the fair value of the reporting unit with its carrying amount, including goodwill. The second step, used to measure the amount of the impairment loss, compares the implied fair value of the reporting unit goodwill with the carrying amount of that goodwill. The Company's reporting unit for Americas is the reportable segment. The Company determined that each country in its International segment constitutes a reporting unit. The following table presents the changes in the carrying amount of goodwill in each of the Company's reportable segments for the nine-month period ended September 30, 2008:

<i>(In thousands)</i>	<u>Americas</u>	<u>International</u>	<u>Total</u>
<b>Pre-Merger</b>			
Balance as of December 31, 2007	\$ 688,336	\$ 474,253	\$ 1,162,589
Acquisitions	—	12,341	12,341
Foreign currency	(293)	28,596	28,303
Adjustments	(970)	—	(970)
Balance as of July 30, 2008	687,073	515,190	1,202,263
<b>Post-Merger</b>			
Fair value adjustment resulting from push-down accounting	<u>2,118,707</u>	<u>88,522</u>	<u>2,207,229</u>
Balance as of September 30, 2008	<u>\$2,805,780</u>	<u>\$ 603,712</u>	<u>\$ 3,409,492</u>

\$489.7 million of the goodwill recorded pursuant to Clear Channel Communications' merger is expected to be deductible for tax purposes.

The global economic slowdown has adversely affected advertising revenues across the Company's business in recent months. The Company will perform its annual impairment test in the fourth quarter of 2008 and it is possible that a continued deterioration in advertising revenues could result in the Company recognizing an impairment charge.

### Note 3: OTHER DEVELOPMENTS

#### Acquisitions

During the pre-merger period from January 1, 2008 through July 30, 2008, the Company's Americas segment paid \$46.8 million for the acquisition of advertising structures and the final earnout payments for Interspace Airport Advertising, which the Company acquired in July 2006. The Company's International segment paid \$38.0 million primarily related to the acquisition of additional equity interests in outdoor companies and the acquisition of advertising structures. During the post-merger period from July 31 through September 30, 2008 the Company acquired advertising structures for \$20.0 million in cash.

#### Disposition of Assets

During the first quarter of 2008, the Company exchanged assets in one of its Americas markets for assets located in a different market and recognized a gain of \$2.6 million in "Gain on disposition of assets – net." In addition, the Company sold its 50% interest in Clear Channel Independent, a South African outdoor advertising company, and recognized a gain of \$75.6 million in "Equity in earnings of nonconsolidated affiliates" based on the fair value of the equity securities received as consideration. The Company has classified these equity securities as available-for-sale on its consolidated balance sheet in accordance with Statement 115. The sale of Clear Channel Independent was a tax free disposition, thereby resulting in no current tax expense recognized on the sale.

#### Effective Tax Rates

The Company's effective tax rate for the pre-merger period from January 1, 2008 through July 30, 2008 was 23.7%. The effective rate for the post-merger period from July 31, 2008 through September 30, 2008 was 23.8%. The effective rate for the pre-merger nine and three months ended September 30, 2007 was 39.6% and 38.2%, respectively. The lower effective rates in 2008 are primarily due to the tax free disposition of Clear Channel Independent mentioned above and the favorable settlement of certain tax return examinations.

---

## Table of Contents

### Legal Proceedings

The Company is currently involved in certain legal proceedings arising in the ordinary course of business and, as required, has accrued its estimate of the probable costs for the resolution of these claims. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings.

### Note 4: COMMITMENTS AND CONTINGENCIES

Certain agreements relating to acquisitions provide for purchase price adjustments and other future contingent payments based on the financial performance of the acquired companies. The Company will continue to accrue additional amounts related to such contingent payments if and when it is determinable that the applicable financial performance targets will be met. The aggregate of these contingent payments, if performance targets are met, would not significantly impact the financial position or results of operations of the Company.

As discussed in Note 3, there are various lawsuits and claims pending against the Company. Based on current assumptions, the Company has accrued its estimate of the probable costs for the resolution of these claims. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings.

### Note 5: RELATED PARTY TRANSACTIONS

The Company records net amounts due to or from Clear Channel Communications as "Due from/to Clear Channel Communications" on the consolidated balance sheets. The accounts represent the revolving promissory note issued by the Company to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to the Company, in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand. Interest on the cash management note owed by the Company accrues on the daily net negative cash position based upon LIBOR plus a margin. Interest on the cash management note owed by Clear Channel Communications accrues interest on the daily net positive cash position based upon the average one-month generic treasury bill rate. Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. As a part of these services, the Company maintains collection bank accounts swept daily by Clear Channel Communications. In return, Clear Channel Communications funds the Company's controlled disbursement accounts as checks or electronic payments are presented for payment. The Company's claim in relation to cash transferred from its concentration account is on an unsecured basis and is limited to the balance of the "Due from Clear Channel Communications" account. At September 30, 2008 (post-merger) and December 31, 2007 (pre-merger), the asset recorded in "Due from Clear Channel Communications" on the consolidated balance sheet was \$378.6 million and \$265.4 million, respectively. The net interest income for the pre-merger period from January 1, 2008 through July 30, 2008 was \$2.6 million. The net interest income for the pre-merger period from July 1, 2008 through July 30, 2008 was \$0.4 million. The net interest income for the post-merger period from July 31, 2008 through September 30, 2008 was \$0.8 million. The net interest income for the nine and three months ended September 30, 2007 was \$2.2 million and \$1.2 million, respectively. At September 30, 2008, the interest rate on the "Due from Clear Channel Communications" account was 0.8%.

The Company has a note in the original principal amount of \$2.5 billion to Clear Channel Communications which matures on August 2, 2010, and may be prepaid in whole at any time, or in part from time to time. This note accrues interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel Communications, calculated on a monthly basis. This note is mandatorily payable upon a change of control of the Company (as defined in the note) and, subject to certain exceptions, all net proceeds from debt or equity raised by the Company must be used to prepay such note. At September 30, 2008, the interest rate on the \$2.5 billion note was 7.4%.

At December 31, 2007, Clear Channel Communications had a five-year, multi-currency revolving credit facility in the amount of \$1.75 billion. Certain of the Company's International subsidiaries could borrow under a \$150.0 million sub-limit within this credit facility to the extent Clear Channel Communications had not already borrowed against this capacity. The facility was terminated on July 30, 2008, in conjunction with Clear Channel Communications' merger. The facility was replaced with a \$2.0 billion six year revolving credit facility, which includes a \$150.0 million sub-limit that certain of the Company's International subsidiaries may borrow against to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. The obligations of these International subsidiaries that are borrowers under the revolving credit

## Table of Contents

facility will be guaranteed by certain of the Company's material wholly-owned subsidiaries, and secured by substantially all assets of such borrowers and guarantors, subject to permitted liens and other exceptions. The interest rate on outstanding balances under the new credit facility is equal to an applicable margin plus, at Clear Channel Communications' option, either (i) a base rate determined by reference to the higher of (A) the prime lending rate publicly announced by the administrative agent and (B) the federal funds effective rate from time to time plus 0.50%, or (ii) a Eurocurrency rate determined by reference to the costs of funds for deposits for the interest period relevant to such borrowing adjusted for certain additional costs. The applicable margin percentage is 2.40% in the case of base rate loans, and 3.40% in the case of Eurocurrency rate loans, subject to adjustment based upon Clear Channel Communications' leverage ratio. At September 30, 2008, there was no outstanding balance on the sub-limit, and \$150.0 million was available for future borrowings, with the entire balance to be repaid on July 30, 2014.

The Company provides advertising space on its billboards for radio stations owned by Clear Channel Communications. For the pre-merger period from January 1, 2008 through July 30, 2008, the Company recorded \$4.6 million in revenue for these advertisements. For the pre-merger period from July 1, 2008 through July 30, 2008, the Company recorded \$0.4 million in revenue for these advertisements. For the post-merger period from July 31, 2008 through September 30, 2008, the Company recorded \$2.1 million in revenue for these advertisements. For the nine and three months ended September 30, 2007, the Company recorded \$9.5 million and \$2.7 million, respectively, in revenue for these advertisements.

Under the Corporate Services Agreement between Clear Channel Communications and the Company, Clear Channel Communications provides management services to the Company, which include, among other things: (i) treasury, payroll and other financial related services; (ii) executive officer services; (iii) human resources and employee benefits services; (iv) legal and related services; (v) information systems, network and related services; (vi) investment services; (vii) procurement and sourcing support services; and (viii) other general corporate services. These services are charged to the Company based on actual direct costs incurred or allocated by Clear Channel Communications based on headcount, revenue or other factors on a pro rata basis. For the pre-merger period from January 1, 2008 through July 30, 2008, the Company recorded \$14.2 million as a component of corporate expense for these services. For the pre-merger period from July 1, 2008 through July 30, 2008, the Company recorded \$2.1 million as a component of corporate expense for these services. For the post-merger period from July 31, 2008 through September 30, 2008, the Company recorded \$5.3 million as a component of corporate expense for these services. For the nine and three months ended September 30, 2007, the Company recorded \$13.8 million and \$2.4 million, respectively, as a component of corporate expenses for these services.

Pursuant to the Tax Matters Agreement between Clear Channel Communications and the Company, the operations of the Company are included in a consolidated federal income tax return filed by Clear Channel Communications. The Company's provision for income taxes has been computed on the basis that the Company files separate consolidated federal income tax returns with its subsidiaries. Tax payments are made to Clear Channel Communications on the basis of the Company's separate taxable income. Tax benefits recognized on the Company's employee stock option exercises are retained by the Company.

The Company computes its deferred income tax provision using the liability method in accordance with Statement of Financial Accounting Standards No. 109, *Accounting for Income Taxes*, as if the Company was a separate taxpayer. Deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not that some portion or all of the asset will not be realized.

Pursuant to the Employee Matters Agreement, the Company's employees participate in Clear Channel Communications' employee benefit plans, including employee medical insurance and a 401(k) retirement benefit plan. These costs are recorded as a component of selling, general and administrative expenses and were approximately \$6.7 million for the pre-merger period from January 1, 2008 through July 30, 2008, \$0.9 million for the pre-merger period from July 1, 2008 through July 30, 2008, and \$1.9 million for the post-merger period from July 31, 2008 through September 30, 2008. These costs were approximately \$7.8 million and \$2.7 million, for the nine and three months ended September 30, 2007, respectively, as a component of selling, general and administrative expenses for these services.

### Note 6: SEGMENT DATA

The Company has two reportable segments, which it believes best reflects how the Company is currently managed – Americas and International. The Americas segment primarily includes operations in the United States, Canada and Latin America, and the International segment includes operations in Europe, Asia and Australia. Share-based payments are recorded by each segment in direct operating and selling, general and administrative expenses.

## Table of Contents

The following table presents the Company's operating segment results for the post-merger period from July 31 through September 30, 2008, the pre-merger period from January 1 through July 30, 2008, and the pre-merger period for the nine months ended September 30, 2007:

### Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### INTRODUCTION

Management's discussion and analysis of our financial condition and results of operations is provided as a supplement to the unaudited interim financial statements and accompanying notes thereto to help provide an understanding of our financial condition, changes in our financial condition and results of our operations. The information included herein should be read in conjunction with the quarterly and annual financial statements.

#### Clear Channel Communications' Merger

Clear Channel Communications, our parent company, completed the merger with a group of equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. on July 30, 2008. Clear Channel Communications is now owned indirectly by CC Media Holdings, Inc. The merger was accounted for as a purchase business combination in conformity with Statement of Financial Accounting Standards No. 141, *Business Combinations*, and Emerging Issues Task Force Issue 88-16, *Basis in Leveraged Buyout Transactions*. Staff Accounting Bulletin No. 54, *Push Down Basis of Accounting Required in Certain Limited Circumstances*, requires the application of push down accounting in situations where the ownership of an entity has changed. As a result, the post-merger financial statements reflect the new basis of accounting. Accordingly, the financial statements as of September 30, 2008 reflect Clear Channel Communications' fair value basis resulting from the merger that has been pushed down to us. A portion of the consideration paid has been allocated to the assets and liabilities acquired at their respective fair values at July 30, 2008. The remaining portion was recorded at the continuing shareholders basis, due to the fact that certain shares of Clear Channel Communications' were exchanged for shares of CC Media Holdings' Class A common stock. Excess consideration after this allocation was recorded as goodwill. Clear Channel Communications has estimated the fair value of the acquired assets and liabilities as of the merger date utilizing information available at the time the financial statements were prepared. These estimates are subject to refinement until all pertinent information is obtained. Clear Channel Communications is currently in the process of obtaining third-party valuations of certain of the acquired assets and liabilities in order to allocate the purchase price. Clear Channel Communications will complete its purchase price allocation within one year of the closing of the merger. The final allocation of the purchase price may be different than the initial allocation.

The global economic slowdown has adversely affected advertising revenues across our business in recent months. We will perform our annual impairment test in the fourth quarter of 2008 and it is possible that a continued deterioration in advertising revenues could result in us recognizing an impairment charge.

The accompanying consolidated financial statements are presented for two periods: post-merger and pre-merger. As a result, purchase accounting adjustments, including goodwill, were pushed down to the opening balance sheet on July 31, 2008 as the merger occurred at the close of business on July 30, 2008. The merger resulted in a new basis of accounting beginning on July 31, 2008 and the financial reporting periods are presented as follows:

- The period from July 31 through September 30, 2008 includes the post-merger period, reflecting the purchase accounting adjustments related to the merger that were pushed down to us.
- The periods from January 1 through July 30, 2008 and July 1 through July 30, 2008 include the pre-merger period.
- The 2007 periods presented are pre-merger. The consolidated financial statements for all pre-merger periods were prepared using our historical basis of accounting. As a result of the merger and the associated purchase accounting, the consolidated financial statements of the post-merger periods are not comparable to periods preceding the merger.

There are several agreements which govern our relationship with Clear Channel Communications including the Corporate Services Agreement, Employee Matters Agreement and Tax Matters Agreement. Clear Channel Communications has the right to terminate these agreements in various circumstances. As of the date of the filing of this report, no notice of termination of any of these agreements has been received from Clear Channel Communications. Our agreements with Clear Channel Communications will continue under the same terms and conditions subsequent to the merger.

In conjunction with the merger, Clear Channel Communications' \$1.75 billion revolving credit facility, including the \$150.0 million sub-limit, was terminated. The facility was replaced with a \$2.0 billion six year revolving credit facility, which includes a \$150.0 million sub-limit that certain of our International subsidiaries may borrow against to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. The obligations of these International subsidiaries that are borrowers under the revolving credit facility will be guaranteed by certain of our material wholly-owned subsidiaries, and secured by substantially all assets of such borrowers and guarantors, subject to permitted liens and other exceptions.

---

## Table of Contents

### **Format of Presentation**

The accompanying consolidated financial statements included elsewhere in this quarterly report on Form 10-Q are presented for two periods for 2008: post-merger and pre-merger results, which relate to the period succeeding the merger and the periods preceding the merger, respectively. The discussion in this MD&A is presented on a combined basis of the post-merger period for 2008. The 2008 post-merger and pre-merger results are presented but are not discussed separately. We believe that the discussion on a combined basis is more meaningful as it allows the results of operations to be analyzed to comparable periods in 2007.

### **Description of Business**

Our business is potentially subject to the adverse economic conditions currently present in the United States and other countries in which we operate. Effects of the weakening economy could, among other things, adversely affect our clients' need for advertising and marketing services, result in increased cancellations and non-renewals by our clients, thereby reducing our occupancy levels, require us to lower our rates in order to remain competitive, thereby reducing our yield, or affect our client's solvency. Any one or more of these effects could materially affect our business, financial condition and results of operations.

Our revenue is derived from selling advertising space on displays owned or operated, consisting primarily of billboards, street furniture and transit displays. We own the majority of our advertising displays, which typically are located on sites that we either lease or own or for which we have acquired permanent easements. Our advertising contracts with clients typically outline the number of displays reserved, the duration of the advertising campaign and the unit price per display.

Our advertising rates are based on a number of different factors including location, competition, size of display, illumination, market and gross ratings points. Gross ratings points is the total number of impressions delivered by a display or group of displays, expressed as a percentage of a market population. The number of impressions delivered by a display is measured by the number of people passing the site during a defined period of time and, in some International markets, is weighted to account for such factors as illumination, proximity to other displays and the speed and viewing angle of approaching traffic. Management typically monitors our business by reviewing the average rates, average revenue per display, or yield, occupancy and inventory levels of each of our display types by market. In addition, because a significant portion of our advertising operations are conducted in foreign markets, the largest being France and the United Kingdom, management reviews the operating results from our foreign operations on a constant dollar basis. A constant dollar basis allows for comparison of operations independent of foreign exchange movements.

The significant expenses associated with our operations include (i) direct production, maintenance and installation expenses, (ii) site lease expenses for land under our displays and (iii) revenue-sharing or minimum guaranteed amounts payable under our billboard, street furniture and transit display contracts. Our direct production, maintenance and installation expenses include costs for printing, transporting and changing the advertising copy on our displays, the related labor costs, the vinyl and paper costs and the costs for cleaning and maintaining our displays. Vinyl and paper costs vary according to the complexity of the advertising copy and the quantity of displays. Our site lease expenses include lease payments for use of the land under our displays, as well as any revenue-sharing arrangements or minimum guaranteed amounts payable we may have with the landlords. The terms of our site leases and revenue-sharing or minimum guaranteed contracts generally range from 1 to 20 years.

In our International business, normal market practice is to sell billboards and street furniture as network packages with contract terms typically ranging from one to two weeks, compared to contract terms typically ranging from 4 weeks to one year in the United States. In addition, competitive bidding for street furniture and transit contracts, which constitute a larger portion of our International business, and a different regulatory environment for billboards, result in higher site lease cost in our International business compared to our Americas business. As a result, our margins are typically less in our International business than in the Americas.

Our street furniture and transit display contracts, the terms of which range from 3 to 20 years, generally require us to make upfront investments in property, plant and equipment. These contracts may also include upfront lease payments and/or minimum annual guaranteed lease payments. We can give no assurance that our cash flows from operations over the terms of these contracts will exceed the upfront and minimum required payments.

### **Relationship with Clear Channel Communications**

Under the Corporate Services Agreement, Clear Channel Communications provides management services to us. These services are charged to us based on actual direct costs incurred or allocated by Clear Channel Communications based on headcount, revenue or other factors on a pro rata basis. For further discussion of these services, see Note 5 of the Notes to the Consolidated Financial Statements. For the three months ended September 30, 2008 and 2007, we recorded approximately \$7.4 million and \$2.4

## Table of Contents

million, respectively, as a component of corporate expenses for these services. For the nine months ended September 30, 2008 and 2007, we recorded approximately \$19.5 million and \$13.8 million, respectively, as a component of corporate expenses for these services.

### Share-Based Payments

As of September 30, 2008, there was \$23.7 million of total unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements. This cost is expected to be recognized over a weighted average period of approximately three years. The following table details compensation costs related to share-based payments for the three and nine months ended September 30, 2008 and 2007:

<i>(In thousands)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2008	2007	2008	2007
	Combined	Pre-Merger	Combined	Pre-Merger

### Revenue

#### Three Months

Our revenue decreased \$4.2 million, or 1%, during the third quarter of 2008 as compared to 2007. Our Americas revenue declined \$16.6 million primarily from a decline in bulletin and poster revenue. Partially offsetting these declines was growth in our International revenue of \$12.5 million, with approximately \$18.5 million from movements in foreign exchange, partly offset by revenue declines in France and the United Kingdom.

#### Nine Months

Our revenue increased \$158.7 million, or 7%, during the first nine months of 2008 as compared to 2007. Our International revenue increased \$150.8 million, with approximately \$112.3 million from movements in foreign exchange. Our Americas revenue grew \$7.9 million primarily from increases in airport, street furniture and digital display revenue.

### Direct Operating Expenses

#### Three Months

Our direct operating expenses increased \$28.6 million, or 7%, during the third quarter of 2008 as compared to 2007. Americas direct operating expenses increased \$15.5 million driven by increased site lease expenses. Our International segment contributed \$13.1 million of the increase, of which \$13.2 million related to movements in foreign exchange.

#### Nine Months

Our direct operating expenses increased \$166.4 million, or 13%, during the first nine months of 2008 as compared to 2007. Our International segment contributed \$113.4 million of the increase, of which \$74.5 million related to movements in foreign exchange and the remainder of the increase was driven by an increase in site lease expenses. Americas direct operating expenses increased \$53.0 million driven by increased site lease expenses associated with new contracts.

---

## **Table of Contents**

### ***Selling, General and Administrative Expenses (SG&A)***

#### *Three Months*

Our SG&A increased \$11.1 million, or 8%, during the third quarter of 2008 as compared to 2007. Our International SG&A expenses increased \$8.0 million primarily attributable to \$3.7 million from movements in foreign exchange. SG&A increased \$3.2 million in our Americas segment principally related to an increase in bad debt expenses.

#### *Nine Months*

Our SG&A increased \$44.7 million, or 11%, during the first nine months of 2008 as compared to 2007. Our International SG&A expenses increased \$33.5 million primarily attributable to \$21.0 million from movements in foreign exchange. SG&A increased \$11.2 million in our Americas segment principally related to bad debt and other administrative expenses.

### ***Depreciation and Amortization***

#### *Three Months*

Depreciation and amortization increased \$19.0 million during the three months ended September 30, 2008 as compared to the same period of 2007. The increase was primarily due to increased amortization recorded on the fair value adjustments pushed-down as a result of Clear Channel Communications' merger of \$13.3 million and movements in foreign exchange of \$2.3 million.

#### *Nine Months*

Depreciation and amortization increased \$35.0 million during the nine months ended September 30, 2008 as compared to the same period of 2007. The increase was primarily due to the \$13.3 million related to the merger discussed above and due to movements in foreign exchange of \$12.2 million.

### ***Corporate Expenses***

Corporate expenses increased \$5.7 million during the nine months ended September 30, 2008 as compared to the same periods of 2007. The increase was primarily due to lower expenses in 2007 due to a favorable ruling surrounding a certain legal case.

### ***Gain on Disposition of Assets — Net***

#### *Three Months*

The gain on disposition of assets — net for the three months ended September 30, 2008 increased \$3.6 million from \$0.4 million in 2007 to \$4.0 million in 2008. During the third quarter of 2008, we recorded a \$1.7 million gain on the sale of International street furniture.

#### *Nine Months*

The gain on disposition of assets — net for the nine months ended September 30, 2008 was \$12.5 million. During the first quarter of 2008, we exchanged assets in one of our Americas markets for assets located in a different market and recognized a gain of \$2.6 million in "Gain on disposition of assets – net." During the second quarter of 2008, we recorded a \$4.0 million gain on sale of property. In addition, \$1.7 million in the third quarter of 2008 was due to the item discussed above. The gain in 2007 primarily related to \$5.5 million for the sale of International street furniture assets.

### ***Interest Expense (Including Interest on Debt with Clear Channel Communications)***

#### *Three Months*

Interest expense increased \$4.0 million during the three months ended September 30, 2008 as compared to the same period of 2007. The increase was primarily due to an increase in the interest rate on the \$2.5 billion note to Clear Channel Communications. The interest rate is based on Clear Channel Communications' weighted average cost of debt, which increased due to the merger. See "Liquidity and Capital Resources" below for further discussion of the impact of the merger on interest expense.

#### *Nine Months*

Interest expense decreased \$1.8 million during the nine months ended September 30, 2008 as compared to the same period of 2007. The decline is due to a decrease in the amount borrowed on the bank credit facility and an increase in interest income on the "Due from Clear Channel Communications" account.

---

## **Table of Contents**

### ***Equity in Earnings (Loss) of Nonconsolidated Affiliates***

#### *Three Months*

Equity in earnings (loss) of nonconsolidated affiliates decreased \$9.0 million during the three months ended September 30, 2008 as compared to the same period of 2007, due to a \$9.0 million impairment charge to one of our International equity method investments.

#### *Nine Months*

Equity in earnings (loss) of nonconsolidated affiliates increased \$67.8 million during the nine months ended September 30, 2008 as compared to the same period of 2007. In the first quarter of 2008, we sold our 50% interest in Clear Channel Independent, a South African outdoor advertising company, and recognized a gain of \$75.6 million. This gain was partially offset by the impairment discussed above.

### ***Other Income (Expense) — Net***

Other income of \$2.1 million during the three months ended September 30, 2008 primarily related to a \$5.5 million dividend received from an International investment. This income was partially offset by net foreign exchange transaction losses on short-term intercompany accounts.

Other income of \$12.4 million during the nine months ended September 30, 2008 primarily related to the \$5.5 million dividend discussed above and net foreign exchange transaction gains on short-term intercompany accounts.

### ***Income Taxes***

Our operations are included in a consolidated income tax return filed by Clear Channel Communications. However, for our financial statements, our provision for income taxes was computed on the basis that we file separate consolidated income tax returns with our subsidiaries.

#### *Three Months*

Current tax expense for the three months ended September 30, 2008 decreased \$21.8 million compared to 2007 primarily due to the decrease in Income before income taxes and minority interest of \$73.3 million. The effective tax rate for the three months ended September 30, 2008 decreased to 35.7% as compared to 38.2% for the three months ended September 30, 2007, primarily due to the favorable settlement of certain tax return examinations during 2008. Deferred tax income for the three months ended September 30, 2008 increased \$6.8 million compared to 2007 primarily due to additional deferred tax expense that was recorded during the three months ended September 30, 2007 related to the true up of prior tax filings.

#### *Nine Months*

Current tax expense for the nine months ended September 30, 2008 decreased \$47.4 million compared to 2007 primarily due to current tax benefits recorded in 2008 related to additional tax depreciation deductions as a result of the bonus depreciation provisions enacted as part of the Economic Stimulus Act of 2008. The effective tax rate for the nine months ended September 30, 2008 decreased to 23.8% as compared to 39.6% for the nine months ended September 30, 2007, primarily due to the gain from the sale of our 50% interest in Clear Channel Independent, which was a tax free disposition, thereby resulting in no current tax expense for the year. Deferred tax expense for the nine months ended September 30, 2008 increased \$5.1 million compared to 2007 primarily due to the additional tax depreciation deductions in 2008 mentioned above.

### ***Minority Interest Income (Expense), Net of Tax***

Minority interest expense decreased \$7.9 million during the nine months ended September 30, 2008 as compared to the same period of 2007 primarily related to \$9.7 million recorded related to the purchase of the remaining minority interest in one of our subsidiaries.

**Americas Results of Operations**

<i>(In thousands)</i>	Three Months Ended September 30,			Nine Months Ended September 30,

## Table of Contents

### Three Months

Revenue declined approximately \$16.6 million during the third quarter of 2008 compared to the same period of 2007 driven by a decline in bulletin and poster revenues. The decline in bulletin and poster revenues was driven principally by a decline in occupancy compared to the third quarter of 2007. A decline in national advertising had the biggest adverse impact on occupancy. Partially offsetting the decline in bulletin and poster revenues was an increase in digital revenues primarily driven by an increase in the number of digital displays. The top five advertising categories were telecommunications, retail, media, automotive and amusements. With the exception of Los Angeles and Milwaukee, two of the markets where we have installed digital networks, results for most U.S. markets reflected slowing demand during the quarter. We experienced growth in Latin American markets during the quarter.

Direct operating expenses increased \$15.5 million during the third quarter of 2008 compared to the same period of 2007 primarily from an \$11.6 million increase in site-lease expenses. The increase in site-lease expenses is attributable to new taxi contracts in New York and Las Vegas, new airport contracts in San Jose and Seattle and new street furniture contracts in San Francisco.

SG&A increased \$3.2 million during the third quarter of 2008 compared to the same period of 2007 primarily from an increase in bad debt expenses of \$1.6 million.

Depreciation and amortization increased approximately \$8.2 million primarily as a result of \$5.0 million in amortization recorded on the fair value adjustments pushed-down as a result of Clear Channel Communications' merger and \$4.8 million of accelerated depreciation from billboards that were removed.

### Nine Months

Revenue increased approximately \$7.9 million during the nine months ended September 30, 2008 compared to the same period of 2007 primarily from increases of \$50.4 million attributable to airport revenues, digital display revenues and street furniture revenues. The increase in airport revenues was driven by new contracts and increased rates while digital display revenue growth was primarily the result of an increase in the number of digital displays. The increase in street furniture revenue was mostly due to new contracts. These revenue increases were partially offset by a decline of \$38.6 million in bulletin and poster revenue. The decline in bulletin revenue was principally from decreased occupancy while the decline in poster revenue was mainly attributable to a decrease in rate.

Our Americas direct operating expenses increased \$53.0 million principally from higher site lease expenses of \$46.3 million mainly attributable to new taxi, airport and street furniture contracts. Our SG&A expenses increased \$11.2 million largely from increased bad debt expense of \$2.3 million, an increase in \$2.7 million in taxes and license fees and \$2.8 million associated with various legal expenses.

Depreciation and amortization increased approximately \$14.4 million mostly as a result of \$5.0 million in amortization recorded on the fair value adjustments pushed-down as a result of Clear Channel Communications' merger and \$6.9 million of accelerated depreciation from billboards that were removed.

### International Results of Operations

(In thousands)	Three Months Ended September 30,			Nine Months Ended September 30,		
	2008	2007	% Change	2008	2007	% Change
	Combined	Pre-Merger		Combined	Pre-Merger	
Revenue	\$443,645	\$ 431,188	3%	\$ 1,415,692	\$ 1,264,891	12%
Direct operating expenses	300,249	287,133	5%	944,062	830,682	14%
Selling, general and administrative expenses	82,590	74,592	11%	259,802	226,314	15%
Depreciation and amortization	62,931	52,101	21%	173,413	152,731	14%
Operating income (loss)	\$ (2,125)	\$ 17,362	NA	\$ 38,415	\$ 55,164	(30%)

### Three Months

Revenue increased approximately \$12.5 million during the third quarter of 2008 compared to the same period of 2007 including the positive impact of foreign exchange of \$18.5 million. Also contributing to the increased revenue was growth in China principally from the Olympics. Partially offsetting the revenue growth was a decline in France, mostly from the loss of a contract for advertising on railway land. Revenues in the United Kingdom also declined in the third quarter of 2008. The top five international advertising categories were retail, food products, telecommunications, automotive and entertainment. Leading markets during the quarter included China, Finland, Romania, Turkey, Poland, Russia and the Baltics.

## Table of Contents

Direct operating expenses increased \$13.1 million from an increase of \$13.2 million from movements in foreign exchange. SG&A expenses increased \$8.0 million principally from \$3.7 million related to movements in foreign exchange.

Depreciation and amortization expenses increased \$10.8 million from \$8.3 million in amortization recorded on the fair value adjustments pushed-down as a result of Clear Channel Communications' merger and \$2.3 million from movements in foreign exchange.

### Nine Months

Revenue increased \$150.8 million, with approximately \$112.3 million from movements in foreign exchange. The remainder of the revenue growth was primarily attributable to growth in China, Turkey, Australia and Romania, partially offset by revenue declines in France and the United Kingdom. China, Turkey and Australia all benefited from strong advertising environments. We acquired operations in Romania at the end of the second quarter of 2007, which contributed to the revenue growth in 2008.

Direct operating expenses increased \$113.4 million. Included in the increase is approximately \$74.5 million related to movements in foreign exchange. The remaining increase in direct operating expenses was driven by an increase in site lease expenses. SG&A expenses increased \$33.5 million in 2008 over 2007 from approximately \$21.0 million related to movements in foreign exchange.

Depreciation and amortization expenses increased \$20.7 million with \$8.3 million in amortization recorded on the fair value adjustments pushed-down as a result of Clear Channel Communications' merger and \$12.2 million from movements in foreign exchange.

## LIQUIDITY AND CAPITAL RESOURCES

### Clear Channel Communications' Agreement and Plan of Merger

Clear Channel Communications' capitalization, liquidity and capital resources substantially changed due to the consummation of its merger on July 30, 2008. Upon the closing of the merger, Clear Channel Communications incurred additional debt and became highly leveraged. We are not borrowers or guarantors of Clear Channel Communications' credit agreements other than for direct borrowings by certain of our international subsidiaries under the \$150.0 million sub-limit included in Clear Channel Communications' \$2.0 billion revolving credit facility. As of September 30, 2008, there were no borrowings under this sublimit. Our Company and our consolidated subsidiaries are Restricted Subsidiaries under Clear Channel Communications' credit agreements and are therefore subject to various restrictions contained therein. The interest rate we pay on our \$2.5 billion promissory note is based on the weighted average cost of debt for Clear Channel Communications which increased due to the consummation of the merger. As such, the interest we pay on our \$2.5 billion promissory note similarly increased and may increase again in the future as a result of, among other events, another change in Clear Channel Communications' capitalization, liquidity and capital resources. To the extent we cannot pass on our increased borrowing costs to our clients, our profitability, and potentially our ability to raise capital, could be materially affected.

Under our Master Agreement with Clear Channel Communications and the \$2.5 billion note payable to Clear Channel Communications, we are limited in our borrowing from third parties to no more than \$400.0 million. We have access to borrowings under a \$150.0 million sub-limit included in Clear Channel Communications' six-year, multicurrency \$2.0 billion revolving credit facility. Certain of our International subsidiaries may borrow under the sub-limit to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. The obligations of these International subsidiaries that are borrowers under the revolving credit facility will be guaranteed by certain of our material wholly-owned subsidiaries, and secured by substantially all assets of such borrowers and guarantors, subject to permitted liens and other

## Table of Contents

exceptions. The interest rate on outstanding balances under the new credit facility is based upon LIBOR or, for Euro denominated borrowings, EURIBOR, plus, in each case, a margin, which margin is generally higher than the margin under Clear Channel Communications' previous credit facility. See discussion below under "Bank Credit Facility." A deterioration in the financial condition of Clear Channel Communications or borrowings by Clear Channel Communications under the \$150.0 million sub-limit in the future could also further increase our borrowing costs or impair our access to the capital markets because of our reliance on Clear Channel Communications for availability under this new revolving credit facility.

Also, so long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, which could adversely affect our ability to meet our liquidity needs.

## Cash Flows

The following table summarizes our historical cash flows:

<i>(In thousands)</i>	Nine Months Ended September 30,	
	2008	2007
	Combined	Pre-Merger
Cash provided by (used in):		
Operating activities	\$ 447,489	\$ 439,508
Investing activities	\$ (308,458)	\$ (203,895)
Financing activities	\$ (194,998)	\$ (224,328)

### **Operating Activities:**

Net cash provided by operating activities of \$447.5 million for the nine months ended September 30, 2008 principally reflected net income of \$178.4 million, depreciation and amortization of \$328.7 million, and deferred income tax expense of \$21.5 million. In addition, we recorded a \$75.6 million gain in equity in earnings of nonconsolidated affiliates related to the sale of our 50% interest in Clear Channel Independent based on the fair value of the equity securities received as consideration. Also offsetting the net cash provided by operating activities was a negative change in working capital of \$21.8 million. Net cash provided by operating activities of \$439.5 million for the nine months ended September 30, 2007 principally reflected net income of \$139.4 million, depreciation and amortization of \$293.6 million, and deferred income tax expense of \$16.4 million. This was partially offset by a negative change in working capital of approximately \$26.5 million.

### **Investing Activities:**

Net cash used in investing activities of \$308.5 million for the nine months ended September 30, 2008 mainly reflected capital expenditures of \$237.9 million related to purchases of property, plant and equipment and \$104.8 million related to acquisitions of operating assets, partially offset by proceeds from the sale of other assets of \$40.0 million. Net cash used in investing activities of \$203.9 million for the nine months ended September 30, 2007 mainly reflected capital expenditures of \$165.2 million related to purchases of property, plant and equipment and \$42.7 million related to acquisitions of operating assets.

### **Financing Activities:**

Net cash used in financing activities of \$195.0 million for the nine months ended September 30, 2008 reflected a net reduction in debt and credit facilities of \$100.2 million and net transfers of cash to Clear Channel Communications of \$98.8 million. Net cash used in financing activities of \$224.3 million for the nine months ended September 30, 2007 reflected a net decrease in debt and credit facilities of \$70.4 million and a net transfer of cash to Clear Channel Communications of \$162.7 million.

### **Anticipated Cash Requirements:**

Our primary source of liquidity is cash flow from operations. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flows from operations, and borrowing under the cash management note with Clear Channel Communications and the \$150.0 million sub-limit facility will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for the foreseeable future. Our ability to fund our working capital needs, debt payments and other obligations, however, depends on our future operating performance and cash flow, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. However, continuing adverse securities and credit market conditions could significantly affect the availability of credit. While there is no assurance in the current economic environment, we believe the lenders participating in Clear Channel Communications' credit agreement, and in turn our \$150.0 million sub-limit facility, will be willing and able to provide financing in accordance with the terms of their agreements.

## Table of Contents

### SOURCES OF CAPITAL

As of September 30, 2008 and December 31, 2007, we had the following debt outstanding, cash and cash equivalents and amounts due from Clear Channel Communications:

<i>(In millions)</i>	September 30, 2008	December 31, 2007
Bank credit facility	\$ —	\$ 80.0
Debt with Clear Channel Communications	2,500.0	2,500.0
Other borrowings	75.7	102.0
Total debt	2,575.7	2,682.0
Less: Cash and cash equivalents	82.1	134.9
Less: Due from Clear Channel Communications	378.6	265.4
	<u>2,115.0</u>	<u>\$ 2,281.7</u>

The Company may from time to time repay its outstanding debt or seek to purchase its outstanding equity securities. Such transactions, if any, will depend on prevailing market conditions, the Company's liquidity requirements, contractual restrictions and other factors.

#### Bank Credit Facility

In addition to net cash flows from operations, another source of liquidity is through borrowings under a \$150.0 million sub-limit included in Clear Channel Communications' six-year, multicurrency \$2.0 billion revolving credit facility. Certain of our International subsidiaries may borrow under the sub-limit to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. The obligations of these International subsidiaries that are borrowers under the revolving credit facility will be guaranteed by certain of our material wholly-owned subsidiaries, and secured by substantially all assets of such borrowers and guarantors, subject to permitted liens and other exceptions. The interest rate on outstanding balances under the credit facility is equal to an applicable margin plus, at Clear Channel Communications' option, either (i) a base rate determined by reference to the higher of (A) the prime lending rate publicly announced by the administrative agent and (B) the federal funds effective rate from time to time plus 0.50%, or (ii) a Eurocurrency rate determined by reference to the costs of funds for deposits for the interest period relevant to such borrowing adjusted for certain additional costs. The applicable margin percentage is 2.40% in the case of base rate loans, and 3.40% in the case of Eurocurrency rate loans, subject to adjustment based upon Clear Channel Communications' leverage ratio. At September 30, 2008 and November 7, 2008, there was no outstanding balance on the sub-limit, and \$150.0 million was available for future borrowings, with the entire balance to be repaid on July 30, 2014.

#### Debt With Clear Channel Communications

As part of the day-to-day cash management services provided by Clear Channel Communications, we maintain accounts that represent net amounts due to or from Clear Channel Communications, which is recorded as "Due from/to Clear Channel Communications" on the consolidated balance sheet. The accounts represent our revolving promissory note issued by us to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to us in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest and are generally payable on demand. Interest on the cash management note owed by us accrues on the daily net negative cash position based upon LIBOR plus a margin. Interest on the cash management note owed by Clear Channel Communications accrues interest on the daily net positive cash position based upon the average one-month generic treasury bill rate. Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. As a part of these services, we maintain collection bank accounts swept daily by Clear Channel Communications. In return, Clear Channel Communications funds our controlled disbursement accounts as checks or electronic payments are presented for payment. Our claim in relation to cash transferred from our concentration account is on an unsecured basis and is limited to the balance of the "Due from Clear Channel Communications" account. At September 30, 2008 (post-merger) and December 31, 2007 (pre-merger), the asset recorded in "Due from Clear Channel Communications" on the consolidated balance sheet was \$378.6 million and \$265.4 million, respectively. The net interest income for the three months ended September 30, 2008 and 2007 was \$1.2 million and \$1.2 million, respectively. The net interest income for the nine months ended September 30, 2008 and 2007 was \$3.4 million and \$2.2 million, respectively. At September 30, 2008, the interest rate on the "Due from Clear Channel Communications" account was 0.8%.

Unlike the management of cash from our U.S. based operations, the amount of cash, if any, which is transferred from our foreign operations to Clear Channel Communications is determined on a basis mutually agreeable to us and Clear Channel Communications, and not on a pre-determined basis. In arriving at such mutual agreement, the reasonably foreseeable cash needs of our foreign operations are evaluated before a cash amount is considered as an excess or surplus amount for transfer to Clear Channel Communications.

## **Table of Contents**

We have a note in the original principal amount of \$2.5 billion to Clear Channel Communications which matures on August 2, 2010, and may be prepaid in whole at any time, or in part from time to time. The note accrues interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel Communications, calculated on a monthly basis. This note is mandatorily payable upon our change of control (as defined in the note) and, subject to certain exceptions, all net proceeds from debt or equity raised by us must be used to prepay such note. At September 30, 2008, the interest rate on the \$2.5 billion note was 7.4%.

Our debt with Clear Channel Communications continues under the same terms and conditions subsequent to the merger.

Our working capital requirements and capital for general corporate purposes, including acquisitions and capital expenditures, may be provided to us by Clear Channel Communications, in its sole discretion, pursuant to a cash management note issued by us to Clear Channel Communications. Without the opportunity to obtain financing from Clear Channel Communications, we may need to obtain additional financing from banks, or through public offerings or private placements of debt, strategic relationships or other arrangements at some future date.

As long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, which could adversely affect our ability to meet our liquidity needs. In addition, the \$2.5 billion note requires us to prepay it in full upon a change of control, and, upon our issuances of equity and incurrence of debt, subject to certain exceptions, to prepay the note in the amount of net proceeds received from such events. Under the Master Agreement with Clear Channel Communications and the \$2.5 billion note, we are limited in our borrowing from third parties to no more than \$400.0 million (including borrowings under the \$150.0 million sub-limit of Clear Channel Communications' \$2.0 billion revolving credit facility).

## **Debt Covenants**

The \$2.5 billion note requires us to comply with various negative covenants, including restrictions on the following activities: incurring consolidated funded indebtedness (as defined in the note), excluding intercompany indebtedness, in a principal amount in excess of \$400.0 million at any one time outstanding; creating liens; making investments; entering into sale and leaseback transactions (as defined in the note), which when aggregated with consolidated funded indebtedness secured by liens, will not exceed an amount equal to 10% of our total consolidated shareholders' equity (as defined in the note) as shown on our most recently reported annual audited consolidated balance sheet; disposing of all or substantially all of our assets; entering into mergers and consolidations; declaring or making dividends or other distributions; repurchasing our equity; and entering into transactions with our affiliates.

In addition, the note requires us to prepay it in full upon a change of control. The note defines a change of control to occur when Clear Channel Communications ceases to control (i) directly or indirectly, more than 50% of the aggregate voting equity interests of us, our operating subsidiary or our respective successors or assigns, or (ii) the ability to elect a majority of our Board of Directors, our operating subsidiary or our respective successors or assigns. Upon our issuances of equity and incurrences of debt, subject to certain exceptions, we are also required to prepay the note in the amount of the net proceeds received by us from such events.

The significant covenant contained in the Clear Channel Communications \$2.0 billion revolving credit facility relates to a maximum consolidated senior secured net debt to adjusted EBITDA ratio (as defined in the credit facility).

There are no significant covenants or events of default contained in the cash management note issued by Clear Channel Communications to us or the cash management note issued by us to Clear Channel Communications.

At September 30, 2008, we and Clear Channel Communications were in compliance with all debt covenants.

## **USES OF CAPITAL**

### **Acquisitions**

During the nine months ended September 30, 2008, our Americas segment paid \$53.2 million for the acquisition of advertising structures and the final earnout payments for Interspace Airport Advertising, which we acquired in July 2006. Our International segment paid \$51.6 million primarily related to the acquisition of additional equity interests in outdoor companies and the acquisition of advertising structures.

During the first quarter of 2008, we exchanged assets in one of our Americas markets for assets located in a different market and recognized a gain of \$2.6 million in "Gain on disposition of assets – net." In addition, we sold our 50% interest in Clear Channel Independent and recognized a gain of \$75.6 million in "Equity in earnings of nonconsolidated affiliates" based on the fair value of the equity securities received.

## Table of Contents

### Capital Expenditures

Our capital expenditures have consisted of the following:

<i>(In millions)</i>	<u>Nine Months Ended September 30,</u>	
	<u>2008</u>	<u>2007</u>
Non-revenue producing	\$ 59.2	\$ 53.7
Revenue producing	178.7	111.5
<b>Total capital expenditures</b>	<b>\$ 237.9</b>	<b>\$ 165.2</b>

### Commitments, Contingencies and Guarantees

From time to time, we are involved in legal proceedings arising in the ordinary course of business. Under our agreements with Clear Channel Communications, we have assumed and will indemnify Clear Channel Communications for liabilities related to our business. Other than as described in our Annual Report on Form 10-K for the year ended December 31, 2007 and Note 3 of the Notes to the Consolidated Financial Statements, we do not believe there is any litigation pending that would have, individually or in the aggregate, a material adverse effect on our financial position, results of operations or cash flow.

Certain agreements relating to acquisitions provide for purchase price adjustments and other future contingent payments based on the financial performance of the acquired company generally over a one to five year period. We will continue to accrue additional amounts related to such contingent payments if and when it is determinable that the applicable financial performance targets will be met. The aggregate of these contingent payments, if performance targets are met, would not significantly impact our financial position, results of operations or cash flow.

In addition to our scheduled maturities on our debt, we have future cash obligations under various types of contracts. We lease office space, certain equipment and the majority of the land occupied by our advertising structures under long-term operating leases. Some of our lease agreements contain renewal options and annual rental escalation clauses (generally tied to the consumer price index), as well as provisions for our payment of utilities and maintenance.

We have minimum franchise payments associated with non-cancelable contracts that enable us to display advertising on such media as buses, taxis, trains, bus shelters and terminals. The majority of these contracts contain rent provisions calculated as the greater of a percentage of the relevant advertising revenue or a specified guaranteed minimum annual payment.

The scheduled maturities of our credit facility, our \$2.5 billion note to Clear Channel Communications, other long-term debt outstanding, future minimum rental commitments under non-cancelable lease agreements, minimum payments under other non-cancelable contracts, capital expenditure commitments, and other long-term obligations as of September 30, 2008 are as follows:

<i>(In thousands)</i>	<u>Payments Due by Period</u>				
	<u>Total</u>	<u>2008</u>	<u>2009-2010</u>	<u>2011-2012</u>	<u>2013 and Thereafter</u>
<b>Long-term Debt</b>					
Revolving credit facility	\$ —	\$ —	\$ —	\$ —	\$ —
Debt with Clear Channel Communications	2,500,000	—	2,500,000	—	—
Other long-term debt	75,711	60,311	13,709	849	842
Interest payments on long-term debt <sup>(1)</sup>	493,893	185,853	308,038	1	1
Noncancelable contracts	2,231,308	121,818	738,998	563,041	807,451
Noncancelable operating leases	2,025,800	72,052	505,117	363,926	1,084,705
Capital expenditure commitments	226,082	113,073	90,317	22,599	93
Employment contracts	14,218	6,810	6,940	468	—
Other long-term obligations <sup>(2)</sup>	100,712	—	847	1,888	97,977
<b>Total <sup>(3)</sup></b>	<b>\$ 7,667,724</b>	<b>\$ 559,917</b>	<b>\$ 4,163,966</b>	<b>\$ 952,772</b>	<b>\$ 1,991,069</b>

- (1) Interest payments on long-term debt consist primarily of interest on our \$2.5 billion variable rate note to Clear Channel Communications which is estimated using the interest rate as of September 30, 2008, of 7.4%. The debt with Clear Channel Communications accrues interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel

---

## Table of Contents

Communications, calculated on a monthly basis, which increased as a result of Clear Channel Communications' merger. Each 50 basis point increase or decrease in the interest rate would increase or decrease our interest expense and cash outlay for each year by approximately \$12.5 million. This potential increase or decrease is based on the simplified assumption that the level of floating rate debt remains constant with an immediate across-the-board increase or decrease as of September 30, 2008, with no subsequent change in rates for the remainder of the period.

- (2) Other long-term obligations consist of \$57.9 million related to asset retirement obligations recorded pursuant to Financial Accounting Standards No. 143, *Accounting for Asset Retirement Obligations*, which assumes the underlying assets will be removed at some period over the next 50 years. Also included in the table is \$35.4 million related to retirement plans and \$7.4 million related to other long-term obligations with a specific maturity.
- (3) Excluded from the table is \$109.2 million related to various obligations with no specific contractual commitment or maturity, \$69.1 million of which relates to unrecognized tax benefits recorded pursuant to Financial Accounting Standards Board Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*.

### Seasonality

Typically, both our Americas and International segments experience their lowest financial performance in the first quarter of the calendar year, with International typically experiencing a loss from operations in this period. Our Americas segment typically experiences consistent performance in the remainder of our calendar year. Our International segment typically experiences its strongest performance in the second and fourth quarters of our calendar year. We expect this trend to continue in the future.

## **MARKET RISK**

### Interest Rate Risk

We had approximately \$2.6 billion total debt outstanding as of September 30, 2008, of which \$2.5 billion is debt with Clear Channel Communications. The debt with Clear Channel Communications accrues interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel Communications, calculated on a monthly basis. As a result of Clear Channel Communications' merger, Clear Channel Communications' weighted average cost of debt increased from 5.9% as of June 30, 2008 to 7.4% as of September 30, 2008. Assuming an interest rate of 7.4% on our \$2.5 billion debt with Clear Channel Communications for the nine months ended September 30, 2008, our interest expense would have increased by approximately \$23.7 million. Each 50 basis point increase or decrease in the interest rate would have increased or decreased our interest expense and cash outlay for the nine months ended September 30, 2008, by approximately \$9.4 million. This potential increase or decrease is based on the simplified assumption that the level of floating rate debt remains constant with an immediate across-the-board increase or decrease as of September 30, 2008, with no subsequent change in rates for the remainder of the period.

### Equity Price Risk

The carrying value of our available-for-sale equity securities is affected by changes in their quoted market prices. It is estimated that a 20% change in the market prices of these securities would change their carrying value at September 30, 2008 by \$12.7 million and would change comprehensive income by \$7.5 million. For a further discussion of our available-for-sale equity securities, see the Notes to the Consolidated Financial Statements.

### Foreign Currency Risk

We have operations in countries throughout the world. The financial results of our foreign operations are measured in their local currencies, except in the hyperinflationary countries in which we operate. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we operate. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net income of approximately \$100.9 million for the nine months ended September 30, 2008. We estimate a 10% change in the value of the U.S. dollar relative to foreign currencies would have changed our net income for the nine months ended September 30, 2008, by approximately \$10.1 million.

Our earnings are also affected by fluctuations in the value of the U.S. dollar as compared to foreign currencies as a result of our equity method investments in various countries. It is estimated that the result of a 10% fluctuation in the value of the dollar relative to these foreign currencies at September 30, 2008 would change our equity in earnings of nonconsolidated affiliates by \$7.0 million and would change our net income by approximately \$4.1 million for the nine months ended September 30, 2008.

This analysis does not consider the implication such currency fluctuations could have on the overall economic activity that could exist in such an environment in the United States or the foreign countries or on the results of operations of these foreign entities.

---

## Table of Contents

### Recent Accounting Pronouncement

In April 2008, the Financial Accounting Standards Board (“FASB”) issued FASB Staff Position No. FAS 142-3, *Determination of the Useful Life of Intangible Assets* (“FSP FAS 142-3”). FSP FAS 142-3 amends the factors an entity should consider in developing renewal or extension assumptions used in determining the useful life of recognized intangible assets under FASB Statement No. 142, *Goodwill and Other Intangible Assets* (“Statement 142”). FSP FAS 142-3 removes an entity’s requirement under paragraph 11 of Statement 142 to consider whether an intangible asset can be renewed without substantial cost or material modifications to the existing terms and conditions. It is effective for financial statements issued for fiscal years and interim periods beginning after December 15, 2008, and early adoption is prohibited. We will adopt FSP FAS 142-3 on January 1, 2009. We are unable to estimate the impact of adoption at this time due to the fact that FSP FAS 142-3 is dependent upon acquisitions that may or may not happen in the future.

### Risks Regarding Forward-Looking Statements

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements which represent our expectations or beliefs concerning future events, including without limitation, the future levels of cash flow from operations and availability of capital resources and the terms thereof. Use of the words “may,” “should,” “continue,” “plan,” “potential,” “anticipate,” “believe,” “estimate,” “expect” and “intend” and words or phrases of similar import, as they relate to us or our subsidiaries or our management, are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. Management believes all statements expressing expectations and projections with respect to future matters are forward-looking statements within the meaning of the Private Securities Litigation Reform Act. We caution that these forward-looking statements involve a number of risks and uncertainties and are subject to many variables which could impact our financial performance. These statements are made on the basis of management’s views and assumptions, as of the time the statements are made, regarding future events and business performance. There can be no assurance, however, that management’s expectations will necessarily come to pass. We undertake no duty to update any forward-looking statements.

A wide range of factors could materially affect future developments and performance, including:

- the adverse effects of the global economic slowdown on advertising revenues in recent months. We will perform our annual impairment test in the fourth quarter of 2008 and it is possible that a continued deterioration in advertising revenues could result in our recognizing an impairment charge on the acquired assets or goodwill;
- risks associated with the current global economic crisis and its impact on capital markets and liquidity;
- the impact of other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;
- the impact of the geopolitical environment;
- our ability to integrate the operations of recently acquired companies;
- shifts in population and other demographics;
- industry conditions, including competition;
- fluctuations in operating costs;
- technological changes and innovations;
- changes in labor conditions;
- fluctuations in exchange rates and currency values;
- capital expenditure requirements;
- the outcome of pending and future litigation settlements;
- legislative or regulatory requirements;
- interest rates;
- the effect of leverage on our financial position and earnings;
- taxes;
- access to capital markets; and
- certain other factors set forth in our filings with the SEC, including our Annual Report on Form 10-K for the year ended December 31, 2007.

---

[Table of Contents](#)

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative, but by no means exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

**Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Required information is presented under “MARKET RISK” within Item 2 of this Part I.

**Item 4. CONTROLS AND PROCEDURES**

Our principal executive and financial officers have concluded, based on their evaluation as of the end of the period covered by this Form 10-Q, that our disclosure controls and procedures, as defined under Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), are effective to ensure that information we are required to disclose in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and include controls and procedures designed to ensure that information we are required to disclose in such reports is accumulated and communicated to management, including our principal executive and financial officers, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting that occurred during the most recent three months ended September 30, 2008 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## [Table of Contents](#)

### Part II — OTHER INFORMATION

#### Item 1. Legal Proceedings

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of these claims. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings.

#### Item 1A. Risk Factors

For information regarding our risk factors, please refer to Item 1A in our Annual Report on Form 10-K for the year ended December 31, 2007. There have not been any material changes in the risk factors disclosed in the 2007 Annual Report on Form 10-K.

Additional information relating to risk factors is described in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” under “Risks Regarding Forward-Looking Statements.”

#### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

##### (c) Purchases of Equity Securities by the Issuer and Affiliated Purchases

The following table sets forth the Company’s purchases of our Class A common stock registered pursuant to Section 12 of the Exchange Act that occurred during the quarter ended September 30, 2008:

<u>Period</u>	<u>Total Number of Shares Purchased (1)</u>	<u>Average Price Paid per Share (2)</u>	<u>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs</u>	<u>Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs</u>
July 1 through July 31	136	\$ 15.99	—	—
August 1 through August 31	—	—	—	—
September 1 through September 30	—	—	—	—
Total	136		—	

- (1) The shares indicated consist of shares tendered by employees to the Company during the three months ended September 30, 2008, to satisfy the employees’ tax withholding obligations in connection with the vesting and release of restricted shares, which are repurchased by the Company based on their fair market value on the date the relevant transaction occurs.
- (2) The calculation of the average price paid per share does not give effect to any fees, commissions or other costs associated with the repurchase of such shares.

## EXHIBIT 31.1 - CERTIFICATION OF CHIEF EXECUTIVE OFFICER PURSUANT TO RULES 13A-14(A) AND 15D-14(A) UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Mark P. Mays, Chief Executive Officer of Clear Channel Outdoor Holdings, Inc., certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Clear Channel Outdoor Holdings, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected or is reasonably likely to materially affect the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

## EXHIBIT 31.2 - CERTIFICATION OF CHIEF FINANCIAL OFFICER PURSUANT TO RULES 13A-14(A) AND 15D-14(A) UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Randall T. Mays, Chief Financial Officer of Clear Channel Outdoor Holdings, Inc., certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Clear Channel Outdoor Holdings, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected or is reasonably likely to materially affect the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
