CLEAR CHANNEL OUTDOOR HOLDINGS, INC. REPORTS RESULTS FOR 2017 SECOND QUARTER

San Antonio, TX, August 3, 2017 - Clear Channel Outdoor Holdings, Inc. (NYSE: CCO) today reported financial results for the second quarter ended June 30, 2017.

"With the technology-fueled transformation of our Outdoor businesses enhancing our ability to monetize digital inventory, we are focused more than ever on strengthening our innovative data analytics and automated ad-buying offerings to maximize the value of our out-of-home digital reach," said Bob Pittman, Chairman and Chief Executive Officer of Clear Channel Outdoor Holdings, Inc. "In the quarter, we continued to expand our digital networks around the world and extend our footprint across airports, street furniture and shopping centers, among other valuable venues."

Rich Bressler, Chief Financial Officer of Clear Channel Outdoor Holding, Inc. said: "In the second quarter, our consolidated results declined. However, adjusting for the impact of certain businesses we sold in 2016 and foreign exchange, we delivered growth in revenues at International outdoor. We remain committed to balancing financial discipline with investments to grow our businesses."

Key Financial Highlights

The Company's key financial highlights for the second quarter of 2017 include:

- Consolidated revenue decreased 5.1%. Consolidated revenue increased 2.3%, after adjusting for a \$15.5 million impact from movements in foreign exchange rates and the \$36.1 million impact of the sale of non-strategic businesses.
 - Americas revenues decreased \$1.6 million, or 0.5%. Revenues decreased \$2.1 million, or 0.6%, after adjusting for a \$0.5 million impact from movements in foreign exchange rates.
 - International revenues decreased \$34.2 million, or 8.9%. Revenues increased \$17.8 million, or 5.1%, after adjusting for a \$16.0 million impact from movements in foreign exchange rates and a \$36.1 million impact from the sale of our businesses in Australia and Turkey.
- Operating income increased 162.3% to \$90.4 million, primarily due to 2016 net losses on the sale of operating assets including the sale of our Turkey outdoor market.
- OIBDAN decreased 11.5%. OIBDAN decreased 6.7%, excluding the impact from movements in foreign exchange rates and the impact of the sale ofton-strategic businesses.

Key Non-Financial Highlights

The Company's recent key non-financial highlights include:

- Installed over 200 new digital displays in the second quarter in our North American and International outdoor markets for arend-of-quarter total of 1,175 across Americas outdoor's markets and more than 12,800 across International outdoor's markets as of June 30, 2017.
- Enhanced Clear Channel Outdoor (CCO) RADAR's Out-of-home advanced advertising platform with the addition of Cuebiq's location intelligence and attribution solutions. This will enable CCO RADAR to tap into Cuebiq's location insights and footfall attribution analysis based on aggregated and anonymized mobile location data to identify audiences exposed to their billboards.

- · Announced new five-year contracts to provide Corpus Christi International Airport and Des Moines International Airport with cutting-edge digital media programs.
- Agreed to a new five-year partnership with Aeropuertos Dominicanos Siglo XXI, S.A. to provide an expanded digital network with marquee digital assets to four airports in the Dominican Republic.
- Collaborated with Unibail-Rodamco for Clear Channel France to take exclusive control of Unibail-Rodamco's new giant rotating DOOH screens suspended in three of its leading shopping malls.
- Renewed the partnership with Klépierre Brand Ventures through 2027 to expand Clear Channel France's operating control through its Play brand to 500 digital totems in 46 shopping centers in France.
- Finalized a 10-year renewal with Carrefour for Clear Channel Spain covering more than 130 shopping sites across major Spanish cities, including Madrid, Barcelona,
 Zaragoza and Valencia and installing 285 modernized, digital screens.
- Awarded contracts in Zurich that strengthen Clear Channel Switzerland's position in Zurich'sout-of-home advertising market for another five years, complementing the existing Zurich transit offering.
- · Launching its first digital out of home proposition in Latvia, with a digital shopping malls network in the capital city of Riga.

Second Quarter 2017 Results

Consolidated

Consolidated revenue decreased \$35.8 million, or 5.1%, during the second quarter of 2017 as compared to the second quarter of 2016. Consolidated revenue increased \$15.7 million, or 2.3%, after adjusting for a \$15.5 million impact from movements in foreign exchange rates and the \$36.1 million impact from the sale of non-strategic businesses.

Consolidated direct operating and SG&A expenses decreased \$21.5 million, or 4.3%, during the second quarter of 2017 as compared to the second quarter of 2016. Consolidated direct operating and SG&A expenses increased \$19.9 million, or 4.3%, in the second quarter, after adjusting for a \$12.4 million impact from movements in foreign exchange rates and the \$29.1 million impact from the sale of non-strategic businesses.

Consolidated operating income increased 162.3% to \$90.4 million, during the second quarter of 2017 as compared to the second quarter of 2016, primarily due to 2016 net losses on the sale of operating assets including the sale of our Turkey outdoor market.

The Company's OIBDAN decreased 11.5% to \$162.8 million, during the second quarter of 2017 as compared to the second quarter of 2016. The Company's OIBDAN decreased 6.7% in the second quarter 2017 compared to the same period of 2016, after adjusting for movements in foreign exchange rates and the impact from the sale of non-strategic businesses.

Included in the 2017 second quarter operating income and OIBDANwere \$1.4 million of direct operating and SG&A expenses associated with the Company's strategic revenue and efficiency initiatives, an increase of \$0.1 million compared to such expenses in the prior year.

Americas

Americas outdoor revenues decreased \$1.6 million, or 0.5%, during the second quarter of 2017 as compared to the second quarter of 2016. Revenues decreased \$2.1 million, or 0.6%, after adjusting for a \$0.5 million impact from movements in foreign exchange rates. The decrease in revenue is primarily due to a \$2.9 million decrease in revenue resulting from the exchange of outdoor markets and a decrease in print display revenues. This was partially offset by increased revenue from digital billboards, as well as higher revenue from new print wall displays.

Direct operating and SG&A expenses increased \$2.0 million, or 1.0%, during the second quarter of 2017 as compared to the second quarter of 2016. Direct operating and SG&A expenses increased \$1.7 million, or 0.8%, after adjusting for a \$0.3 million impact from movements in foreign exchange rates. Direct operating and SG&A expenses increased primarily from the impact of a \$2.9 million early termination lease payment received in 2016 and higher fixed site lease expenses, partially offset by lower marketing, bad debt and bonus expenses.

Operating income decreased 1.7% to \$78.7 million during the second quarter of 2017 as compared to the second quarter of 2016. OIBDAN decreased \$3.6 million, or 2.8%. OIBDAN decreased \$3.7 million, or 2.9%, during the second quarter of 2017, after adjusting for a \$0.2 million impact from movements in foreign exchange rates. Operating income and OIBDAN in the second quarter of 2017 each included \$0.3 million in expenses related to investments in strategic revenue and efficiency initiatives compared to \$0.6 million in the 2016 period.

International

International outdoor revenues decreased \$34.2 million, or 8.9%, during the second quarter of 2017 as compared to the second quarter of 2016. Revenues increased \$17.8 million, or 5.1%, after adjusting for a \$16.0 million impact from movements in foreign exchange rates and the \$36.1 million impact from the sale of our businesses in Australia and Turkey. The increase is primarily due to growth across several markets including Spain, Switzerland, the United Kingdom and China, primarily from new contracts and digital expansion.

Direct operating and SG&A expenses decreased \$23.5 million, or 7.8%, during the second quarter of 2017 as compared to the second quarter of 2016. Direct operating and SG&A expenses increased \$18.3 million, or 6.8%, after adjusting for a \$12.7 million impact from movements in foreign exchange rates and the \$29.1 million impact from the sale of our businesses in Australia and Turkey. Direct operating and SG&A expenses increased primarily due to higher site lease expense in countries experiencing revenue growth.

Operating income decreased 9.2% to \$40.6 million during the second quarter of 2017 as compared to the second quarter of 2016. OIBDAN decreased \$10.7 million, or 12.9%. OIBDAN decreased \$0.5 million, or 0.6%, during the second quarter of 2017, after adjusting for a \$3.3 million impact from movements in foreign exchange rates and the \$7.0 million impact from the sale of our businesses in Australia and Turkey in 2016. Operating income and OIBDAN in the second quarter of 2017 each include \$1.1 million in expenses related to investments in strategic revenue and efficiency initiatives compared to \$0.6 million in the 2016 period.

Clear Channel International B.V. ("CCIBV")

CCIBV's consolidated revenues decreased \$36.3 million to \$278.8 million in the second quarter of 2017 compared to the same period in 2016. This decrease includes a \$12.4 million impact from movements in foreign exchange rates. Excluding the impact from movements in foreign exchange rates and a \$36.1 million decrease resulting from the sale of our Australia and Turkey businesses in 2016, CCIBV revenues increased \$12.2 million during the second quarter of 2017 as compared to the same period in 2016.

CCIBV's operating income was \$17.1 million in the second quarter of 2017 compared to operating loss of \$39.1 million in the same period in 2016.

Liquidity and Financial Position

As of June 30, 2017, we had \$163.1 million of cash on our balance sheet, including \$139.1 million of cash held outside the U.S. by our subsidiaries. For the six months ended June 30, 2017, cash used for operating activities was \$20.2 million, cash used for investing activities was \$41.0 million, cash used for financing activities was \$324.0 million, and there was \$6.2 million impact from movements in foreign exchange rates on cash. The net decrease in cash from December 31, 2016 was \$378.9 million.

Capital expenditures for the six months ended June 30, 2017 were \$103.1 million compared to \$97.1 million for the same period in 2016.

On February 23, 2017, we paid a special dividend of \$282.5 million to our stockholders using a portion of the proceeds from the sales of certaimon-strategic U.S. markets and of our Australia business.

Supplemental Disclosure Regarding Non-GAAP Financial Information

The following tables set forth the Company's OIBDAN for the three and six months ended June 30, 2017 and 2016. The Company defines OIBDAN as consolidated operating income adjusted to exclude non-cash compensation expenses, included within corporate expenses, as well as the following line items presented in its Statement of Operations: Depreciation and amortization; Impairment charges; and Other operating income (expense), net.

The Company uses OIBDAN, among other measures, to evaluate the Company's operating performance. This measure is among the primary measures used by management for the planning and forecasting of future periods, as well as for measuring performance for compensation of executives and other members of management. We believe this measure is an important indicator of the Company's operational strength and performance of its business because it provides a link between operational performance and operating income. It is also a primary measure used by management in evaluating companies as potential acquisition targets.

The Company believes the presentation of this measure is relevant and useful for investors because it allows investors to view performance in a manner similar to the method used by the Company's management. The Company believes it helps improve investors' ability to understand the Company's operating performance and makes it easier to compare the Company's results with other companies that have different capital structures or tax rates. In addition, the Company believes this measure is also among the primary measures used externally by the Company's investors, analysts and peers in its industry for purposes of valuation and comparing the operating performance of the Company to other companies in its industry.

Since OIBDAN is not a measure calculated in accordance with GAAP, it should not be considered in isolation of, or as a substitute for, operating income as an indicator of operating performance and may not be comparable to similarly titled measures employed by other companies. OIBDAN is not necessarily a measure of the Company's ability to fund its cash needs. As it excludes certain financial information compared with operating income, the most directly comparable GAAP financial measure, users of this financial information should consider the types of events and transactions which are excluded.

The other non-GAAP financial measures presented in the tables below are: (i) revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates; (ii) revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates and the results from markets and businesses sold and (iii) corporate expenses, excluding non-cash compensation expenses and the effects of foreign exchange rates.

The Company presents revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates, because management believes that viewing certain financial results without the impact of fluctuations in foreign currency rates facilitates period to period comparisons of business performance and provides useful information to investors. A significant portion of the Company's advertising operations are conducted in foreign markets, principally Europe, the U.K. and China, and management reviews the results from its foreign operations on a constant dollar basis. Revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates, are calculated by converting the current period's amounts in local currency to U.S. dollars using average foreign exchange rates for the prior period.

In the first quarter of 2016, the Company sold nine non-strategic Americas markets. The Company sold its businesses in Australia and Turkey in the second and fourth quarters of 2016, respectively. In the first quarter of 2017, the Company sold its Indianapolis market. The Company presents revenues, direct operating and SG&A expenses and OIBDAN, each excluding the effects of foreign exchange rates and the results from markets and businesses sold, for the consolidated Company and the Company's segments, in order to facilitate investors' understanding of operational trends without the impact of fluctuations in foreign currency rates and without the results from the markets and businesses that were sold, as these results will not be included in the Company's results in current and future periods.

Corporate expenses excluding the effects of non-cash compensation expenses is presented as OIBDAN excludes non-cash compensation expenses.

Since these non-GAAP financial measures are not calculated in accordance with GAAP, they should not be considered in isolation of, or as a substitute for, the most directly comparable GAAP financial measures as an indicator of operating performance.

As required by the SEC rules, the Company provides reconciliations below to the most directly comparable amounts reported under GAAP, including (i) OIBDAN, excluding effects of foreign exchange rates and OIBDAN for each segment, to consolidated and segment operating income (loss); (ii) revenues, excluding effects of foreign exchange rates, to revenues; (iii) direct operating and SG&A expenses, excluding effects of foreign exchange rates, to direct operating and SG&A expenses; (iv) corporate expenses, excluding non-cash compensation expenses and effects of foreign exchange rates, to corporate expenses; (v) Consolidated and segment revenues, excluding effects of foreign exchange rates and results from markets and businesses sold, to Consolidated and segment direct operating and SG&A expenses, excluding effects of foreign exchange rates and results from markets and businesses sold, to Consolidated and segment direct operating and SG&A expenses; and (vii) Consolidated and segment OIBDAN, excluding effects of foreign exchange rates and results from markets and businesses sold, to Consolidated and segment operating income.

Certain statements in this press release constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forwardlooking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Clear Channel Outdoor Holdings, Inc. and its subsidiary Clear Channel International B.V. to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The words or phrases "guidance," "believe," "expect," "anticipate," "estimates," "forecast" and similar words or expressions are intended to identify such forward-looking statements. In addition, any statements that refer to expectations or other characterizations of future events or circumstances, such as statements about our business plans, strategies and initiatives and our expectations about certain markets, are forward-looking statements. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and other factors, some of which are beyond our control and are difficult to predict. Various risks that could cause future results to differ from those expressed by the forward-looking statements included in this press release include, but are not limited to: weak or uncertain global economic conditions; changes in general economic and political conditions in the United States and in other countries in which the Company currently does business; industry conditions, including competition; the level of expenditures on advertising; legislative or regulatory requirements; fluctuations in operating costs; technological changes and innovations; changes in labor conditions; capital expenditure requirements; risks of doing business in foreign countries; fluctuations in exchange rates and currency values; the outcome of pending and future litigation; taxes and tax disputes; changes in interest rates; shifts in population and other demographics; access to capital markets and borrowed indebtedness; the Company's ability to implement its business strategies; risks relating to the successful integration of the operations of acquired businesses; risks that the anticipated cost savings from the Company's strategic revenue and efficiency initiatives may not persist; the impact of the Company's substantial indebtedness, including the effect of the Company's leverage on its financial position and earnings; the Company's ability to generate sufficient cash from operations or liquidity-generating transactions to make payments on its indebtedness; the Company's relationship with iHeartCommunications, including its ability to elect all of the members of the Company's Board of Directors and its ability, as controlling stockholder, to determine the outcome of matters submitted to the stockholders and certain additional matters governed by intercompany agreements between the Company and iHeartCommunications; and the impact of these and additional factors on iHeartCommunications, which has a significant need for capital. Other unknown or unpredictable factors also could have material adverse effects on the Company's future results, performance or achievements. In light of these risks, uncertainties, assumptions and factors, the forwardlooking events discussed in this press release may not occur. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date stated, or if no date is stated, as of the date of this press release. Other key risks are described in the Company's reports filed with the U.S. Securities and Exchange Commission, including the section entitled "Item 1A. Risk Factors" of Clear Channel Outdoor Holdings, Inc.'s Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q. Except as otherwise stated in this press release, the Company does not undertake any obligation to publicly update or revise any forward-looking statements because of new information, future events or otherwise.

NOTE 1 – NATURE OF BUSINESS AND BASIS OF PRESENTATION

Nature of Business

Clear Channel Outdoor Holdings, Inc. ("CCOH" or the "Parent Company") is an outdoor advertising company, which owns and operates advertising display faces in the United States and internationally. CCOH has two reportable business segments: Americas and International. CCOH's International segment ("CCI") operates across 18 countries in Europe and Asia and provides advertising on street furniture and transit displays, billboards, mall displays, Smartbike programs, wallscapes and other displays, which are owned or operated under lease agreements. Clear Channel International B.V. ("CCIBV" or the "Company") is a subsidiary within the CCI business and consists of CCI operations primarily in Europe and Singapore. These consolidated financial statements represent the consolidated results of operations, financial position and cash flows of CCIBV.

History

On November 11, 2005, CCOH became a publicly traded company through an initial public offering ("IPO"), in which 10%, or 35.0 million shares, of CCOH's Class A common stock was sold. Prior to the IPO, CCOH was an indirect wholly-owned subsidiary of iHeartCommunications, Inc. ("iHeartCommunications"), a diversified media and entertainment company. On July 30, 2008, iHeartCommunications completed its merger (the "Merger") with a subsidiary of iHeartMedia, Inc. ("iHeartMedia"), a company formed by a group of private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the "Sponsors"). iHeartCommunications is now owned indirectly by iHeartMedia.

Agreements with iHeartCommunications

There are several agreements which govern the Company's relationship with CCOH and CCI and the CCOH relationship with iHeartCommunications related to corporate, employee, tax and other services. Certain of these costs, as applicable, are allocated to the Company from CCOH. iHeartCommunications has the right to terminate these agreements in various circumstances. As of the date of the issuance of these consolidated financial statements, no notice of termination of any of these agreements has been received from iHeartCommunications.

Basis of Presentation

These consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and have been derived from the accounting records of CCOH using the historical results of operations and historical bases of assets and liabilities of the Company. Assets and liabilities, revenues and expenses that pertain to the Company have been included in these consolidated financial statements. These consolidated financial statements include the results of operations in the following markets: Belgium, Denmark, Estonia, Finland, France, Holland, Ireland, Italy, Latvia, Lithuania, Norway, Poland, Singapore, Spain, Sweden, Switzerland and the United Kingdom.

The consolidated financial statements include the accounts of the Company and its subsidiaries. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of a company are accounted for using the equity method of accounting. All significant intercompany accounts have been eliminated.

The Company utilizes the services of CCOH and CCI for certain functions, such as legal, finance, internal audit, financial reporting, tax advisory, insurance, global information technology, environmental matters and human resources services, including various employee benefit programs. The cost of these services has been allocated to the Company and included in these consolidated financial statements. The Company's management considers these allocations to have been made on a reasonable basis. A complete discussion of the relationship with CCOH, including a description of the costs that have been allocated to the Company, is included in Note 6, *Related Party Transactions* to the consolidated financial statements.

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates, judgments, and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes including, but not limited to, legal, tax and insurance accruals. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates.

The consolidated financial statements included herein may not be indicative of the financial position, results of operations or cash flows had CCIBV operated as a separate entity during the periods presented or for future periods. As these consolidated financial statements present a portion of the businesses of CCOH, the net assets of CCIBV have been presented as CCOH's net investment in CCIBV. CCOH's investment in CCIBV includes the accumulated deficit of CCIBV net of cash transfers related to cash management functions performed by CCOH.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES AND NEW ACCOUNTING PRONOUNCEMENTS

During the third quarter of 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date This update provides a one-year deferral of the effective date for ASU No. 2014-09, Revenue from Contracts with Customers. ASU No. 2014-09 provides guidance for the recognition, measurement and disclosure of revenue resulting from contracts with customers and will supersede virtually all of the current revenue recognition guidance under U.S. GAAP. The standard is effective for the first interim period within annual reporting periods beginning after December 15, 2017. The two permitted transition methods under the new standard are the full retrospective method, in which case the standard would be applied to each prior reporting period presented and the cumulative effect of applying the standard would be recognized at the earliest period shown, or the modified retrospective method, in which case the cumulative effect of applying the standard would be recognized at the date of initial application. The Company expects to utilize the full retrospective method. The Company has substantially completed its evaluation of the potential changes from adopting the new standard on its future financial reporting and disclosures, which included reviews of contractual terms for all of the Company's significant revenue streams and the development of an implementation plan. The Company continues to execute on its implementation plan, including detailed policy drafting and training of segment personnel. Based on its evaluation, the Company does not expect material changes to its 2016 or 2017 consolidated revenues, operating income or balance sheets as a result of the implementation of this standard.

During the first quarter of 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842). The new leasing standard presents significant changes to the balance sheets of lessees. Lessor accounting is updated to align with certain changes in the lessee model and the new revenue recognition standard which was issued in the third quarter of 2015. The standard is effective for annual periods, and for interim periods within those annual periods, beginning after December 15, 2018. The Company is currently evaluating the impact of the provisions of this new standard on its consolidated financial statements.

During the first quarter of 2017, the FASB issued ASU 2017-04, Intangibles—Goodwill and Other (Topic 350). This update eliminates the requirement to calculate the implied fair value of goodwill to measure a goodwill impairment charge. Entities will record an impairment charge based on the excess of a reporting unit's carrying amount over its fair value. The standard is effective for annual and any interim impairment tests performed for periods beginning after December 15, 2019. The Company is currently evaluating the impact of the provisions of this new standard on its consolidated financial statements.

During the first quarter of 2017, the FASB issued ASU 2017-07, Compensation—Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost. This update requires bifurcation of the net benefit cost, with the service cost component being presented with other employee compensation costs in operating income and the other components being reported separately outside of operations. The standard is effective for annual and any interim periods beginning after December 15, 2017. The Company is currently evaluating the impact of the provisions of this new standard on its consolidated financial statements.

NOTE 3 - PROPERTY, PLANT AND EQUIPMENT, INTANGIBLE ASSETS AND GOODWILL

Dispositions

During the second quarter of 2017, the Company sold its ownership interest in a joint venture in Belgium. As a result, the Company recognized a net gain on sale of \$6.8 million, which is included within Other operating income, net.

The aggregate market value of the Company's debt based on market prices for which quotes were available was approximately \$241.2 million and \$242.9 million at June 30, 2017 and December 31, 2016, respectively. Under the fair value hierarchy established by ASC 820-10-35, the market value of the Company's debt is classified as Level 1.

NOTE 5 - COMMITMENTS, CONTINGENCIES AND GUARANTEES

Legal Proceedings

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of the Company's litigation arises in the following contexts: commercial disputes; employment and benefits related claims; governmental fines; and tax disputes.

International Outdoor Investigation

On April 21, 2015, inspections were conducted at the premises of Clear Channel in Denmark and Sweden as part of an investigation by Danish competition authorities. Additionally, on the same day, Clear Channel UK received a communication from the UK competition authorities, also in connection with the investigation by Danish competition authorities. Clear Channel and its affiliates are cooperating with the national competition authorities.

Guarantees

As of June 30, 2017, the Company had outstanding bank guarantees of \$30.6 million, of which \$11.9 million were backed by cash collateral. Additionally, as of June 30, 2017, Parent Company had outstanding commercial standby letters of credit of \$29.9 million held on behalf of the Company and its subsidiaries.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Company has unsecured subordinated notes payable to and receivables from other wholly-owned subsidiaries of CCOH.

Related Party Subordinated Notes Payable

The Company is the borrower of subordinated notes, which are payable to other wholly-owned subsidiaries of CCOH. These notes are subordinated and unsecured and bear interest at 3.40% plus three-month EUR or GBP LIBOR.

Related party subordinated notes payable at each of June 30, 2017 and December 31, 2016, respectively, and consisted of:

	June 30,	December 31,
(In thousands)	2017	2016

Notes due to CCO International Holdings B.V.	671,135	621,174
Total Related Party Notes Payable	\$1,045,868	\$ 963,706

During the six months ended June 30, 2017, the Company capitalized \$16.2 million in interest payable, which had been accrued in relation to related party subordinated notes payable. During the six months ended June 30, 2016, the Company capitalized \$53.3 million in interest payable, which had been accrued in relation to related party subordinated notes payable. Of the amount capitalized, \$17.8 million related to interest accrued during the six months ended June 30, 2016.

Related Party Notes Receivable

The Company, as lender, had four outstanding notes receivable balances with four related parties, Clear Channel KNR Neth Antilles N.V., Clear Channel C.V., CCO International Holdings B.V. and Clear Channel Worldwide Holdings, Inc. at June 30, 2017. The balances are unsecured and repayable on demand. The Clear Channel C.V. and CCO International Holdings B.V. notes bear interest at fixed rates of 9.66% and 0.28%, respectively. The Clear Channel Worldwide Holdings, Inc. and Clear Channel KNR Neth Antilles N.V. notes bear interest at 3.65% plus three-month USD LIBOR and 0.88% plus three-month HKD LIBOR, respectively.

The balances outstanding at June 30, 2017 and December 31, 2016 on these Related Party Notes Receivable are as follows:

Cash Management Arrangement

iHeartCommunications provides cash management services to the Company and Parent Company. It is iHeartCommunications' policy to permanently reinvest the earnings of its non-U.S. subsidiaries as these earnings are generally redeployed in those jurisdictions for operating needs and continued functioning of their businesses. The amount of any cash that is transferred is determined on a basis mutually agreeable to the Company and iHeartCommunications and not on a pre-determined basis. If excess cash from our operations is transferred to iHeartCommunications, it may either be applied against principal or accrued interest on the notes payable to subsidiaries of Parent Company, including Clear Channel C.V., or distributed as cash dividends to subsidiaries of Parent prior to transfer to iHeartCommunications. See "Related Party Notes Payable" above.

Management Services

iHeartCommunications and CCOH provide management services to the Company, which include, among other things: (i) treasury and other financial related services; (ii) certain executive officer services; (iii) legal and related services; (iv) licensing of intellectual property, copyrights, trademarks and other intangible assets and (v) other general corporate services. These services are charged to the Company based on actual direct costs incurred or allocated by iHeartCommunications and CCOH based on headcount, revenue or other factors on a pro rata basis. For the three months ended June 30, 2017 and 2016, the Company recorded \$7.8 million and \$5.4 million, respectively, and \$16.4 million and \$10.2 million for the six months ended June 30, 2017 and 2016, respectively, for these services, which are included in Corporate expenses in the Statement of Comprehensive Loss. The increases for the three month and six month periods ended June 30, 2016 are primarily due to charges of \$3.9 million and \$8.2 million management service expense related to an agreement between CCOH and its indirect parent company, iHeartMedia, Inc., that CCOH will pay a license fee to iHeartMedia, Inc. in 2017 based on revenues by entities using the Clear Channel name. The agreement, entered into in February 2017, related to the potential purchase of the Clear Channel registered trademarks and domain names.

Stewardship Fee

As described in Note 1, the Company is a subsidiary of CCOH, a publicly traded company. As a result, the Company incurs certain costs related to quarterly and annual reporting in order for Parent Company to comply with the Securities and Exchange Commission ("SEC") reporting requirements. In addition, the Company incurs costs related to the preparation of budgets,

forecasts and other strategic initiatives of Parent Company. Such costs are charged back to CCOH on a quarterly basis ("Stewardship Fees") based on the time incurred by employees of the Company to perform the work. Stewardship fees charged to CCOH during the three months ended June 30, 2017 and 2016 were \$2.3 million and \$3.6 million, respectively, and \$6.6 million and \$9.1 million for the six months ended June 30, 2017 and 2016, respectively. Such costs are included as a reduction in Corporate expenses in the Statement of Comprehensive Loss.

Tax Services Agreement

Pursuant to the tax services agreement CCOH entered into with iHeartCommunications, the operations of the Company are included in a consolidated federal income tax return filed by iHeartMedia. The Company's provision for income taxes has been computed on the basis that the operations of the Company are subject to current income taxes at the local country statutory rate where the income is being earned and in accordance with the rules established by the applicable jurisdiction taxation authorities.

iHeartCommunications

In its Quarterly Report on Form 10-Q filed with the SEC on August 3, 2017, iHeartCommunications stated that its forecast of future cash flows indicates that such cash flows would not be sufficient for it to meet its obligations, as they become due in the ordinary course of business for a period of 12 months following August 3, 2017, including interest payments on its outstanding debt and payment of the outstanding receivables based credit facility balance at maturity on December 24, 2017, payment of the 10% Senior Notes due January 15, 2018 and the payment of the \$175.0 million 6.875% Senior Notes due June 15, 2018. iHeartCommunications further stated that management has determined that there is substantial doubt as to iHeartCommunications' ability to continue as a going concern for a period of 12 months following August 3, 2017.

If iHeartCommunications were to become insolvent or file for bankruptcy, the Company would be an unsecured creditor of iHeartCommunications. In such event, the Company would be treated the same as other unsecured creditors of iHeartCommunications and, if the Company were not entitled to amounts outstanding under the receivable from iHeartCommunications, or could not obtain such cash on a timely basis or return cash previously received from iHeartCommunications, the Company could experience a liquidity shortfall.

NOTE 7 – INCOME TAXES

Significant components of the provision for income tax expense are as follows:

	Three Months E	Ended June 30,	Six Months I	Ended June 30,

Income tax (benefit) expense	\$ 7,987	\$ 7,539	\$ 4,717	\$ 11,005

The effective tax rates for the three months ended June 30, 2017 and 2016 were 110.2% and (13.9)%, respectively. The effective tax rates for the six months ended June 30, 2017 and 2016 were (20.8)% and (13.4)%, respectively. The effective rates were primarily impacted by certain nondeductible interest and other intercompany charges and the Company's inability to benefit from losses in certain jurisdictions. In addition, the effective tax rates were impacted by the timing and mix of earnings in the jurisdictions in which the Company operates.

NOTE 8 — POSTRETIREMENT BENEFIT PLANS

Certain of the Company's subsidiaries participate in defined benefit or defined contribution plans that cover substantially all regular employees. The Company deposits funds under various fiduciary-type arrangements or provides reserves for these plans. Benefits under the defined benefit plans are typically based either on years of service and the employee's compensation (generally during a fixed number of years immediately before retirement) or on annual credits. The range of assumptions that are used for the defined benefit plans reflect the different economic environments within the various countries.

Plan Contributions

It is the Company's general practice to fund amounts for pensions sufficient to meet the minimum requirements set forth in applicable employee benefits laws and local tax laws. From time to time, the Company contributes additional amounts as it deems appropriate. The Company contributed \$0.5 million and \$0.4 million to defined benefit pension plans during the three months ended June 30, 2017 and 2016, respectively. The Company contributed \$0.7 million and \$0.9 million to defined benefit pension plans during the six months ended June 30, 2017 and 2016, respectively.

Defined Contribution Retirement Plans

The Company's employees participate in retirement plans administered as a service by third-party administrators. Contributions to these plans totaled \$3.0 million and \$3.9 million for the three months ended June 30, 2017 and 2016, respectively. Contributions to these plans totaled \$6.5 million and \$7.8 million for the six months ended June 30, 2017 and 2016, respectively.

NOTE 10 — SUBSEQUENT EVENTS

In connection with the preparation of the financial statements and in accordance with Accounting Standards Codification 855-10, Subsequent Events – Overall, management has evaluated and reviewed the affairs of the Company for subsequent events that would impact the financial statements for the three and six months ended June 30, 2017 through August 9, 2017, the date the financial statements were available to be issued.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our results of operations and financial condition together with the consolidated financial statements and related notes included elsewhere in this document. This discussion contains forward-looking statements and involves numerous risks and uncertainties, including, but not limited to, those described under "Forward-Looking Statements." Actual results may differ materially from those contained in any forward-looking statements.

Format of Presentation

Management's discussion and analysis of our financial condition and results of operations ("MD&A") should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on a consolidated basis. In this MD&A, references to (i) "we," "us" or "our" are to Clear Channel International B.V. together with its consolidated subsidiaries, (ii) "Issuer" are to Clear Channel International B.V. without any of its subsidiaries, (iii) "Parent Company" are to Clear Channel Outdoor Holdings, Inc., our indirect parent company and (iv) "iHeartCommunications" are to iHeartCommunications, Inc., the indirect parent of Parent Company. We provide outdoor advertising services in geographic regions using various digital and traditional display types. Certain prior period amounts have been reclassified to conform to the 2017 presentation.

Management typically monitors our businesses by reviewing the average rates, average revenue per display, occupancy and inventory levels of each of our display types by market. Our advertising revenue is derived from selling advertising space on the displays we own or operate in key markets, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as additions to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets.

Advertising revenue is highly correlated to changes in gross domestic product ("GDP") as advertising spending has historically trended in line with GDP within each market. Our results are also impacted by fluctuations in foreign currency exchange rates as well as economic conditions in the markets in which we have operations.

Relationship with iHeartCommunications

There are several agreements which govern our relationship with Parent Company and Parent Company's relationship with iHeartCommunications including a Master Agreement, Corporate Services Agreement, Intellectual Property Licensing Agreements, Employee Matters Agreement and Tax Matters Agreement, which relate to corporate, employee, tax and other services provided by iHeartCommunications. iHeartCommunications has the right to terminate these agreements in various circumstances. As of August 9, 2017, no notice of termination of any of these agreements has been received from iHeartCommunications.

Under the Corporate Services and Intellectual Property Licensing Agreements, iHeartCommunications provides management services to Parent Company and its subsidiaries, including us and licenses intellectual property, copyrights, trademarks and other intangible assets to us. The costs of these services and licenses are allocated to us based on actual direct costs incurred or allocated by iHeartCommunications based on headcount, revenue or other factors on a pro rata basis. For the three months ended June 30, 2017 and 2016, we recorded approximately \$7.8 million and \$5.4 million, respectively, and \$16.4 million and \$10.2 million for the six months ended June 30, 2017 and 2016, respectively, for these services, which are reflected as a component of corporate expenses. The increase is primarily due to an agreement entered into in February 2017 between CCOH and its indirect parent company, iHeartMedia, Inc., related to the potential purchase of the Clear Channel registered trademarks and domain names. The agreement provides that CCOH will pay a license fee to iHeartMedia, Inc. in 2017 based on revenues by entities using the Clear Channel name. For the three and six months ended June 30, 2017, we recognized \$3.9 million and \$8.2 million, respectively, in relation to this license.

Other Related Party Agreements

We are a subsidiary of Parent Company, a publicly traded company. As a result, we incur certain costs related to quarterly and annual reporting in order for Parent Company to comply with SEC reporting requirements. In addition, we incur costs related to the preparation of budgets, forecasts and other strategic initiatives of Parent Company. Such costs are charged back to Parent Company on a quarterly basis based on the time incurred by our employees to perform the work. The fees that were charged to Parent Company in relation to these services during the three months ended June 30, 2017 and 2016 were \$2.3 million and \$3.6 million, respectively, and \$6.6 million and \$9.1 million for the six months ended June 30, 2017 and 2016, respectively. Such costs are included as a reduction in corporate expenses.

Consolidated Results of Operations

The comparison of our results of operations for the three months ended June 30, 2017 and 2016 is as follows:

Consolidated Revenue

For the three months ended June 30, 2017, revenue decreased \$36.3 million compared to the same period of 2016. Excluding the \$12.4 million impact from movements in foreign exchange rates, revenues decreased \$23.9 million compared to the same period of 2016. The decrease in revenue is due to a \$36.1 million decrease in revenue resulting from the sale of our businesses in Australia and Turkey in 2016. This was partially offset by growth across other markets including Spain, Switzerland and the United Kingdom, primarily from new contracts and digital expansion.

For the six months ended June 30, 2017, revenue decreased \$71.8 million compared to the same period of 2016. Excluding the \$24.4 million impact from movements in foreign exchange rates, revenues decreased \$47.4 million compared to the same period of 2016. The decrease in revenue is due to a \$71.4 million decrease in revenue resulting from the sale of our businesses in Australia and Turkey in 2016. This was partially offset by growth across other markets including Spain, the United Kingdom and Switzerland, primarily from new contracts and digital expansion.

Consolidated Direct Operating Expenses

For the three months ended June 30, 2017, direct operating expenses decreased \$16.7 million compared to the same period of 2016. Excluding the \$8.3 million impact from movements in foreign exchange rates, direct operating expenses decreased \$8.4 million compared to the same period of 2016. The decrease was driven by a \$21.9 million decrease in direct operating expenses resulting from the 2016 sales of our businesses in Australia and Turkey, partially offset by higher site lease expense in countries experiencing revenue growth.

For the six months ended June 30, 2017, direct operating expenses decreased \$30.8 million compared to the same period of 2016. Excluding the \$17.1 million impact from movements in foreign exchange rates, direct operating expenses decreased \$13.7 million compared to the same period of 2016. The decrease was driven by a \$44.4 million decrease in direct operating expenses resulting from the 2016 sales of our businesses in Australia and Turkey, partially offset by higher site lease and production expenses in countries experiencing revenue growth.

Consolidated Selling, General and Administrative ("SG&A") Expenses

For the three months ended June 30, 2017, SG&A expenses decreased \$7.9 million compared to the same period of 2016. Excluding the \$2.6 million impact from movements in foreign exchange rates, SG&A expenses decreased \$5.3 million compared to the same period of 2016. The decrease in SG&A expenses was primarily due to a \$7.1 million decrease resulting from the sale of our businesses in Australia and Turkey, partially offset by increases incurred in countries experiencing revenue growth.

For the six months ended June 30, 2017, SG&A expenses decreased \$18.6 million compared to the same period of 2016. Excluding the \$5.2 million impact from movements in foreign exchange rates, SG&A expenses decreased \$13.4 million compared to the same period of 2016. The decrease in SG&A expenses was primarily due to a \$13.8 million decrease resulting from the sale of our businesses in Australia and Turkey.

Corporate Expenses

For the three months ended June 30, 2017, corporate expenses increased \$2.0 million compared to the same period of 2016. Excluding the \$0.9 million impact from movements in foreign exchange rates, corporate expenses increased \$2.9 million compared to the same period of 2016. The increase in corporate expenses was primarily due to the \$3.9 million new license fee for the Clear Channel registered trademarks and domain names.

For the six months ended June 30, 2017, corporate expenses increased \$4.6 million compared to the same period of 2016. Excluding the \$1.9 million impact from movements in foreign exchange rates, corporate expenses increased \$6.5 million compared to the same period of 2016. The increase in corporate expenses was primarily due to the \$8.2 million new license fee for the Clear Channel registered trademarks and domain names.

Strategic Revenue and Efficiency Initiatives

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses incurred in connection with our strategic revenue and efficiency initiatives. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consolidation of locations and positions, severance related to workforce initiatives, consulting expenses and other costs incurred in connection with improving our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized.

Strategic revenue and efficiency costs were \$1.2 million and \$0.9 million during the three months ended June 30, 2017 and 2016, respectively. Of these costs, \$0.1 million are reported within direct operating expenses, \$1.1 million are reported within SG&A for the three months ended June 30, 2017 compared to \$0.6 million within SG&A and \$0.3 million within corporate expense for the three months ended June 30, 2016.

Strategic revenue and efficiency costs were \$4.4 million and \$1.8 million during the six months ended June 30, 2017 and 2016, respectively. Of these costs, \$0.5 million are reported within direct operating expenses, \$3.5 million are reported within SG&A and \$0.4 million are reported within corporate expense for the six months ended June 30, 2017 compared to \$0.4 million within direct operating expenses, \$1.1 million within SG&A and \$0.3 million within corporate expense for the six months ended June 30, 2016.

Depreciation and Amortization

Depreciation and amortization decreased \$6.5 million and \$13.3 million during the three and six months ended June 30, 2017 compared to the same periods of 2016 primarily due to the disposal of assets related to the sale of our businesses in Australia and Turkey in 2016 and assets becoming fully depreciated or fully amortized.

Other Operating Income, Net

Other operating income, net was \$7.4 million and \$7.9 million for the three and six months ended June 30, 2017, respectively, primarily due to the \$6.8 million gain on the sale of our joint venture in Belgium.

Other operating loss, net of \$56.1 million and \$55.9 million for the three and six months ended June 30, 2016, respectively, primarily due to the \$56.6 million loss on the sale of our business in Turkey.

Interest Expense, Net

Interest expense, net decreased \$1.2 million and \$3.3 million during the three and six months ended June 30, 2017, respectively, compared to the same periods of 2016. The decreases in interest expense primarily related to lower average outstanding balances and weighted average interest rates, as well as the impact of changes in foreign currency rates.

Equity in Income (Loss) of Nonconsolidated Affiliates

Equity in income of nonconsolidated affiliates of \$0.1 million for the three months ended June 30, 2017 and equity in loss of nonconsolidated affiliates of \$0.6 million for the three months ended June 30, 2016, included the income and and from our equity investments.

Equity in loss of nonconsolidated affiliates of \$0.8 million and \$1.3 million for the six months ended June 30, 2017 and 2016, respectively, included the loss from our equity investments.

Other expense, net

Other expense, net of \$0.6 million and \$1.4 million recognized in the three and six months ended June 30, 2017 related primarily to net foreign exchange losses recognized in connection with intercompany notes denominated in foreign currencies.

Other expense, net of \$3.9 million and \$6.8 million recognized in the three and six months ended June 30, 2016 related primarily to net foreign exchange losses recognized in connection with intercompany notes denominated in foreign currencies, particularly euro denominated notes payable by one of our United Kingdom subsidiaries.

Income Tax Benefit (Expense)

Our operations are included in a consolidated income tax return filed by iHeartMedia. However, for purposes of our financial statements, our provision for income taxes was computed assuming that we filed separate consolidated income tax returns together with our subsidiaries.

The effective tax rates for the three months ended June 30, 2017 and 2016 were 110.2% and (13.9)%, respectively. The effective tax rates for the six months ended June 30, 2017 and 2016 were (20.8)% and (13.4)%, respectively. The effective rates were primarily impacted by certain nondeductible interest and other intercompany charges and the Company's inability to benefit from losses in certain jurisdictions. In addition, the effective tax rates were impacted by the timing and mix of earnings in the jurisdictions in which the Company operates.

LIQUIDITY AND CAPITAL RESOURCES

Cash Flows

The following discussion highlights our cash flow activities during the six months ended June 30, 2017 and 2016:

	Six Months En	nded June 30,			
(U.S. dollars in thousands)	2017	2016			
Cash provided by (used for):		'			
Operating activities	\$ (9,356)	\$ 23,476			
Investing activities	(32,052)	(39,854)			
Financing activities	3,072	(1,352)			

Operating Activities

Cash used for operating activities was \$9.4 million during the six months ended June 30, 2017 compared to cash provided by operating activities of \$23.5 million during the six months ended June 30, 2016. The decrease in cash provided by operating activities is primarily attributed to changes in working capital balances, particularly accounts receivable, which was driven primarily by the timing of payments and increased receivables for countries experiencing revenue growth.

Investing Activities

Cash used for investing activities of \$32.1 million during the six months ended June 30, 2017, primarily reflected capital expenditures of \$43.7 million related to new advertising structures such as billboards and street furniture and renewals of existing contracts, and a \$4.9 million increase in related party notes receivables, partially offset by proceeds of \$8.0 million from the sale of assets, primarily our joint venture in Belgium, and \$6.1 million from the sale of an investment in Brazil, as well as a \$4.4 million reduction in unrestricted cash.

Cash used for investing activities of \$39.9 million during the six months ended June 30, 2016 primarily reflected capital expenditures of \$39.8 million primarily related to new advertising structures such as billboards and street furniture and renewals of existing contracts.

Financing Activities

Cash provided by financing activities of \$3.1 million during the six months ended June 30, 2017 primarily reflects net proceeds from related party notes receivable of \$4.9 million and draws on credit facilities of \$3.1 million, partially offset by net transfers to related parties of \$4.5 million and payments on long-term debt of \$0.4 million.

Cash used for financing activities of \$1.4 million during the six months ended June 30, 2016 primarily reflected the net payments of related parties notes payable of \$4.4 million and payments of long-term debt of \$1.1 million, partially offset by net transfers from related parties of \$4.6 million.

Anticipated Cash Requirements

Our primary sources of liquidity are cash on hand and cash flow from operations. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand and cash flows from operations will enable us to meet our working capital, capital expenditure and other funding requirements. We believe our long-term plans, which include promoting outdoor media spending and capitalizing on our diverse geographic and product opportunities, including the continued deployment of digital displays, will enable us to continue to generate cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, significant assumptions underlie this belief, including, among other things, that we will continue to be successful in implementing our business strategy and that there will be no material adverse developments in our business, liquidity or capital requirements. Our anticipated results are subject to significant uncertainty and may be affected by events beyond our control, including prevailing economic, financial and industry conditions. At June 30, 2017, we had \$29.3 million of cash on our balance sheet, a portion of which is held by non-wholly owned subsidiaries or is otherwise subject to certain restrictions and not readily accessible to us.

Our policy is to permanently reinvest the earnings of our subsidiaries as these earnings generally remain in those jurisdictions for operating needs and continued functioning of their businesses. However, if any excess cash held by us and our subsidiaries were needed to fund operations in the United States, Parent Company has the ability to cause us to make distributions and repatriate available funds.

As Parent Company's controlling stockholder, iHeartCommunications may request and may exert pressure on Parent Company and us to engage in transactions for the purpose of supporting its liquidity needs, such as financings or asset sales, which may negatively affect our business operations or our capital structure. In its Quarterly Report on Form 10-Q filed with the SEC on August 3, 2017, iHeartCommunications stated that if it is unable to refinance or extend its receivables based credit facility, the 10% Senior Notes due January 15, 2018, and/or the 6.875% Senior Notes due June 15, 2018 and take other steps to create additional liquidity, forecasted cash flows would not be sufficient to enable it to meet its obligations, including upcoming interest payments and maturities, as they become due in the ordinary course of business for a period of 12 months following August 3, 2017. iHeartCommunications further stated that management has determined that there is substantial doubt as to its ability to continue as a going concern for a period of 12 months following August 3, 2017.

iHeartCommunications provides the day-to-day cash management services for Parent Company's cash activities and balances in the U.S. Parent Company does not have any material committed external sources of capital other than iHeartCommunications, and iHeartCommunications is not required to provide Parent Company with funds to finance its working capital or other cash requirements. Parent Company has no access to the cash transferred from it to iHeartCommunications under the cash management arrangement other than its right to demand payment by iHeartCommunications of the amounts owed to Parent Company under the Due from iHeartCommunications note. Financial distress at iHeartCommunications could result in its inability to repay amounts due to Parent Company under the Due from iHeartCommunications note when demanded or at maturity, and could also have the effect of increasing Parent' Company's borrowing costs or impairing its access to capital markets. If iHeartCommunications were to become insolvent or file for bankruptcy, Parent Company would be an unsecured creditor of iHeartCommunications. In that event, Parent Company would be treated the same as other unsecured creditors of iHeartCommunications and, if Parent Company were not repaid or otherwise entitled to amounts outstanding or previously paid under the revolving promissory note, could not obtain cash previously transferred to iHeartCommunications on a timely basis or retain cash previously received from iHeartCommunications, it could experience a liquidity shortfall.

Our ability to fund our working capital, capital expenditures and other obligations depends on our future operating performance and cash flow from operations. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. We may not be able to secure any such additional financing on terms favorable to us or at all.

We were in compliance with the covenants contained in our financing agreements as of June 30, 2017.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material.

Cash Management Arrangement

iHeartCommunications provides cash management services to us and Parent Company. It is iHeartCommunications' policy to permanently reinvest the earnings of its non-U.S. subsidiaries as these earnings are generally redeployed in those jurisdictions for operating needs and to maintain the continued functioning of such subsidiaries' businesses. The amount of any cash that is distributed is determined on a basis mutually agreeable to us and iHeartCommunications, and not on a predetermined basis. Excess cash from our operations which is distributed to iHeartCommunications is applied against principal or accrued interest on the subordinated notes payable to subsidiaries of Parent Company, including Clear Channel C.V.

Senior Notes

As of June 30, 2017, we had \$225.0 million aggregate principal amount outstanding of 8.75% Senior Notes due 2020.

The Senior Notes mature on December 15, 2020 and bear interest at a rate of 8.75% per annum, payable semi-annually in arrears on June 15 and December 15 of each year. The Senior Notes are guaranteed by certain of our existing and future subsidiaries. The Senior Notes are senior unsecured obligations that rank pari passu in right of payment to all of our unsubordinated indebtedness, and the guarantees of the Senior Notes are senior unsecured obligations that rank pari passu in right of payment to all unsubordinated indebtedness of the guarantors of the Senior Notes.

We may redeem the Senior Notes at our option, in whole or in part, at any time prior to December 15, 2017, at a price equal to 100% of the principal amount of the notes redeemed, plus a make-whole premium, plus accrued and unpaid interest to the redemption date. We may redeem the Senior Notes, in whole or in part, on or after December 15, 2017, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date. At any time on or before December 15, 2017, we may elect to redeem up to 40% of the aggregate principal amount of the Senior Notes at a redemption price equal to 108.75% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings.

The indenture governing the Senior Notes contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) create liens on assets; (v) engage in certain transactions with affiliates; (vi) create restrictions on dividends or other payments by the restricted subsidiaries; and (vii) merge, consolidate or sell substantially all of our assets.

Related Party Subordinated Notes Payable

As of June 30, 2017 and December 31, 2016, we had related party subordinated notes payable balances outstanding of \$1.0 billion and \$1.0 billion, respectively. The unsecured subordinated notes payable are owed to other wholly-owned subsidiaries of Parent Company and bear interest at a rate of 3.4% plus three-month EUR or GBP LIBOR

Subsidiary Credit Facilities

Certain of our subsidiaries are the primary borrowers under various credit and overdraft facilities with European banks. These facilities are denominated primarily in Euros. As of June 30, 2017, there was \$2.6 million outstanding under these facilities and there was approximately \$3.1 million available for borrowings.

Commitments, Contingencies and Guarantees

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

SEASONALITY

Typically, we experience our lowest financial performance in the first quarter of the calendar year, resulting in a loss from operations in that period. We typically experience our strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future. Due to this seasonality and certain other factors, the results for the interim periods may not be indicative of results for the full year.

MARKET RISK

We are exposed to market risks arising from changes in market rates and prices, including movements in foreign currency exchange rates and inflation.

On June 23, 2016, the United Kingdom (the "U.K.") held a referendum in which voters approved an exit from the European Union (the "E.U."), commonly referred to as "Brexit," and on March 29, 2017, the U.K. delivered formal notification of its intention to withdraw from the E.U. Our International segment is currently headquartered in the U.K. and transacts business in many key European markets including the U.K. The announcement of Brexit caused the British pound currency rate to weaken against the U.S. dollar. Further, Brexit may cause our U.K. customers to closely monitor their costs and reduce the amount they spend on advertising. These effects of Brexit, among others, could adversely affect our business, financial condition, operating results and cash flows.

Foreign Currency Exchange Rate Risk

We have operations in several countries in Europe and in Singapore. Operations in these countries are measured in their local currencies, and our consolidated financial statements are presented in U.S. dollars. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. We estimate a 10% increase in the value of the

U.S. dollar relative to foreign currencies would have decreased our net loss for the three and six months ended June 30, 2017 by \$0.1 million and \$2.9 million, respectively. We estimate a 10% decrease in the value of the U.S. dollar relative to foreign currencies during the three and six months ended June 30, 2017 would have increased our net loss for the three and six months ended June 30, 2017 by a corresponding amounts.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the United States or the foreign countries or on the results of operations of these foreign entities.

Inflation

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our outdoor display faces.

SELECTED ISSUER, GUARANTOR AND NON-GUARANTOR FINANCIAL DATA

Certain of our subsidiaries organized under the laws of Belgium, England and Wales, the Netherlands, Sweden and Switzerland guarantee the Senior Notes. Certain of our subsidiaries organized under the other jurisdictions where we conduct operations do not guarantee the notes. The following tables set forth unaudited selected separate historical financial data for us, the guarantors and non-guarantor subsidiaries for the three and six months ended June 30, 2017 and 2016 and at June 30, 2017 and December 31, 2016. The selected historical financial data for the three and six months ended June 30, 2017 and 2016 and at June 30, 2017 and December 31, 2016 are derived from our unaudited consolidated financial statements and related notes included herein. Historical results are not necessarily indicative of the results to be expected for future periods.

We are not subject to the reporting requirements of the SEC. The financial information included herein is not intended to comply with the requirements of Regulation S-X under the Securities Act of 1933, as amended, and the rules and regulations of the SEC promulgated thereunder. Specifically, we have not included any separate financial statements for the guarantors or a footnote to our consolidated financial statements showing financial information for the guarantors and the non-guarantor subsidiaries as would be required if we had registered the Senior Notes with the SEC. The information set forth below will be the only information presenting separate financial data for us, the guarantors and the non-guarantors that you will receive.

You should read the information presented below in conjunction with our historical consolidated financial statements and related notes herein, as well as the section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations."

FORWARD LOOKING STATEMENTS

This document includes "forward-looking statements." Forward-looking statements include statements concerning future events or our future financial performance that is not historical information. Words such as "estimates," "expects," "anticipates," "projects," "plans," "intends," "believes," "forecasts" and variations of such words or similar expressions that predict or indicate future events or trends, or that do not relate to historical matters, identify forward-looking statements. All forward-looking statements attributable to us apply only as of the date hereof. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them. However, there can be no assurance that management's expectations, beliefs and projections will result or be achieved. Uncertainties and other factors that could cause actual results to differ materially from our expectations include, but are not limited to:

- · risks associated with weak or uncertain global economic conditions and their impact on the capital markets, including any impact as a result of Brexit;
- industry conditions, including competition;
- · legislative or regulatory requirements;
- restrictions on outdoor advertising of certain products;
- · our dependence on Clear Channel Outdoor Holdings, Inc.'s management team and key individuals;
- · regulations and consumer concerns regarding privacy and data protection;
- · the possibility of a breach of our security measures;
- · environmental, health, safety and land use legislation and regulations;
- risks of doing business in multiple jurisdictions;
- · fluctuations in exchange rates and currency values;
- · our ability to obtain or retain key concessions and contracts;
- · risks associated with many factors, including technological, general economic and political conditions in the countries in which we currently do business;
- the risk that we may not be able to integrate the operations of acquired businesses successfully;
- · the restrictions imposed by the financing agreements of iHeartCommunications, Inc. and Clear Channel Outdoor Holdings, Inc.; and
- · the restrictions imposed by other operating agreements between iHeartCommunications, Inc. and Clear Channel Outdoor Holdings, Inc.

The foregoing factors are not exhaustive and new factors may emerge or changes to the foregoing factors may occur that could impact our business. Except to the extent required by law, we undertake no obligation to publicly update or revise any forward-looking statements whether as a result of new information, future events, or otherwise.
