Item 2.05 Costs Associated with Exit or Disposal Activities

In September 2020, Clear Channel Outdoor Holdings, Inc. (the “Company”) committed to a restructuring plan for the Company’s international division to reduce headcount in Europe and Latin America. The Company previously disclosed an estimate of total charges for the restructuring plan in the range of approximately \$21 million to \$24 million and annualized pre-tax cost savings in excess of \$20 million. The Latin America portion of the plan included charges of \$0.5 million and was completed as of December 31, 2020. As of December 31, 2020, the Company had incurred approximately \$8.9 million in charges related to the international restructuring plan.

On April 6, 2021, the Company revised the international restructuring plan to reflect delays in implementing the Europe portion of the plan and additional headcount reductions in Europe. As revised, the Company estimates that total charges for the Europe portion of the international restructuring plan, which includes charges already incurred, will be in a range of approximately \$51 million to \$56 million, all of which is expected to result in cash expenditures. It is anticipated that the international restructuring plan will be substantially complete by the end of the first quarter of 2023. The restructuring charges will consist primarily of termination benefits (including severance) and other associated costs. As revised, the Company expects the Europe portion of the international restructuring plan to result in pre-tax annual cost savings in excess of \$28 million.

The restructuring charges described above are preliminary estimates and actual amounts may be materially different from these estimates. There is no guarantee that the Company will achieve the cost savings that it expects. The Company may also incur additional charges or future cash expenditures not currently contemplated due to events that may occur as a result of, or that are associated with, the international restructuring plan or related activities to address the impact of the COVID-19 pandemic on the Company’s business.
