Securities registered pursuant to Section 12(b) of the Act:

Title of Each Class
Class A Common Stock, \$.01 par value per share

Name of Exchange on Which Registered
New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act: None.

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. YES NO

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Exchange Act. YES NO

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. YES NO

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). YES NO

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). YES
NO

As of June 30, 2012, the aggregate market value of the common stock beneficially held by non-affiliates of the registrant was approximately \$252.0 million based on the closing sales price of the Class A common stock as reported on the New York Stock Exchange.

On January 31, 2013, there were 42,271,985 outstanding shares of Class A common stock (excluding 110,005 shares held in treasury) and 315,000,000 outstanding shares of Class B common stock.

DOCUMENTS INCORPORATED BY REFERENCE

Portions of our Definitive Proxy Statement for the 2013 Annual Meeting, expected to be filed within 120 days of our fiscal year end, are incorporated by reference into Part III.

ITEM 1. BUSINESS

The Company

Clear Channel Outdoor Holdings, Inc. (“the Company”), a Delaware corporation, provides clients with advertising opportunities through billboards, street furniture displays, transit displays and other out-of-home advertising displays, such as wallsapes, spectaculars and mall displays, which we own or operate in key markets worldwide. Our business consists of two reportable operating segments: Americas and International. As of December 31, 2012, we owned or operated more than 750,000 advertising displays worldwide. For the year ended December 31, 2012, we generated consolidated revenue of approximately \$2.9 billion, with \$1.3 billion and \$1.6 billion from our Americas and International segments, respectively.

Our History

We were incorporated in August 1995 under the name “Eller Media Company.” In 1997, Clear Channel Communications, Inc. (“Clear Channel Communications”), our parent company, entered the outdoor advertising industry with its acquisition of Eller Media Company. We changed our name to Clear Channel Outdoor Holdings, Inc. in August 2005.

On November 11, 2005, we became a publicly traded company through an initial public offering, or IPO, in which we sold 10%, or 35.0 million shares, of our Class A common stock. Prior to our IPO, we were an indirect wholly-owned subsidiary of Clear Channel Communications. As of December 31, 2012, Clear Channel Communications owned all of our outstanding shares of Class B common stock and 1,553,971 shares of our Class A common stock, collectively representing approximately 89% of the outstanding shares of our common stock and approximately 99% of the total voting power of our common stock.

Prior to or at the time of our IPO, we entered into agreements with Clear Channel Communications that govern the relationship between Clear Channel Communications and us and provide for, among other things, the provision of services by Clear Channel Communications to us and the allocation of employee benefit, tax and other liabilities and obligations attributable to our operations. These agreements include the Master Agreement, Corporate Services Agreement, Employee Matters Agreement and Tax Matters Agreement. All of the agreements relating to our ongoing relationship with Clear Channel Communications were made in the context of a parent-subsidiary relationship and the terms of these agreements may be more or less favorable to us than if they had been negotiated with unaffiliated third parties.

Clear Channel Communications has the right to terminate these agreements in various circumstances. As of the date of the filing of this report, no notice of termination of any of these agreements has been received from Clear Channel Communications.

As long as Clear Channel Communications continues to own shares of our common stock representing more than 50% of the total voting power of our common stock, it will have the ability to direct the election of all members of our Board of Directors and, therefore, to exercise a controlling influence over our business and affairs, including any determinations with respect to mergers or other business combinations, our acquisition or disposition of assets, our incurrence of indebtedness, our issuance of any additional common stock or other equity securities, our repurchase or redemption of common stock or any preferred stock, if applicable, and our payment of dividends. Similarly, Clear Channel Communications will have the power to determine the outcome of matters submitted to a vote of our stockholders, including the power to prevent an acquisition or any other change in control, and to take other actions that might be favorable to Clear Channel Communications.

On July 30, 2008, Clear Channel Communications completed its merger with a subsidiary of CC Media Holdings, Inc. (“CC Media Holdings”), a company formed by a group of private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. Clear Channel Communications is now owned indirectly by CC Media Holdings.

You can find more information about us at our Internet website located at www.clearchanneloutdoor.com. Our Annual Report on Form 10-K, our Quarterly Reports on Form 10-Q, our Current Reports on Form 8-K and any amendments to those reports are available free of charge through our Internet website as soon as reasonably practicable after we electronically file such material with, or furnish such material to, the Securities and Exchange Commission (“SEC”). The contents of our website are not deemed to be part of this Annual Report on Form 10-K or any of our other filings with the SEC.

Our principal executive offices are located at 200 East Basse Road, San Antonio, Texas 78209 (telephone: 210-832-3700).

During the first quarter of 2012, and in connection with the appointment of our new chief executive officer, we reevaluated our segment reporting and determined that our Latin American operations were more appropriately aligned within the operations of

our International outdoor advertising segment. As a result, the operations of Latin America are no longer reflected within our Americas outdoor advertising segment and are currently included in the results of our International outdoor advertising segment. Accordingly, we have recast the corresponding segment disclosures for prior periods.

Our Business Segments

We have two reportable business segments, Americas outdoor advertising (“Americas”) and International outdoor advertising (“International”), which represented 43% and 57% of our 2012 revenue, respectively.

We are a leading global outdoor advertising company providing clients with advertising opportunities through billboards, street furniture displays, transit displays and other out-of-home advertising displays. Through our extensive display inventory, we have the ability to deliver innovative, effective marketing campaigns for advertisers and marketing, creative and strategic partners in communities across the Americas and internationally.

We focus on building the leadership position of our diverse global assets and maximizing our financial performance while serving our local communities. We intend to continue to execute upon our long-standing outdoor advertising strategies, while closely managing expenses and focusing on achieving operating efficiencies throughout our businesses. Part of our long-term strategy is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as alternatives to traditional methods of displaying our clients’ advertisements. We are currently installing these technologies in certain markets, both domestically and internationally.

For more information about our revenue, gross profit and assets by segment and our revenue and long-lived assets by geographic area, see Note 13 to our Consolidated Financial Statements located in Item 8 of Part II of this Annual Report on Form 10-K.

Americas Outdoor Advertising

We are the largest outdoor advertising company in North America (based on revenues), which includes the United States and Canada. Approximately 95% of our revenue in our Americas outdoor advertising segment was derived from the United States in each of the years ended December 31, 2012, 2011 and 2010. We own or operate approximately 108,000 display structures in our Americas outdoor segment with operations in 48 of the 50 largest markets in the United States, including all of the 20 largest markets.

Our Americas assets consist of traditional and digital billboards, street furniture and transit displays, airport displays, mall displays, and wallscape and other spectacles which we own or operate under lease management agreements. Our Americas outdoor advertising business is focused on metropolitan areas with dense populations.

Strategy

We seek to capitalize on our Americas outdoor network and diversified product mix to maximize revenue. In addition, by sharing best practices among our business segments we believe we can quickly and effectively replicate our successes in our other markets. Our outdoor strategy focuses on leveraging our diversified product mix and long-standing presence in many of our existing markets, which provides us with the ability to launch new products and test new initiatives in a reliable and cost-effective manner.

Promote Outdoor Media Spending. Given the attractive industry fundamentals of outdoor media and our depth and breadth of relationships with both local and national advertisers, we believe we can drive outdoor advertising’s share of total media spending by using our dedicated national sales team to highlight the value of outdoor advertising relative to other media. Outdoor advertising only represented 3% of total dollars spent on advertising in the United States in 2011. We have made and continue to make significant investments in research tools that enable our clients to better understand how our displays can successfully reach their target audiences and promote their advertising campaigns. Also, we are working closely with clients, advertising agencies and other diversified media companies to develop more sophisticated systems that will provide improved audience metrics for outdoor advertising. For example, we have implemented the TAB Out of Home Ratings audience measurement system which: (1) separately reports audiences for billboards, posters, junior posters, transit shelters and phone kiosks, (2) reports for geographically sensitive reach and frequency, (3) provides granular detail, reporting individual out of home units in over 200 designated market areas, (4) provides detailed demographic data comparable to other media, and (5) provides true commercial ratings based on people who see the advertising.

Continue to Deploy Digital Displays. Digital outdoor advertising provides significant advantages over traditional outdoor media. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy on a large number of displays, allowing us to sell more advertising opportunities to advertisers. The ability to change copy by time of day and quickly change messaging based on advertisers’ needs creates additional flexibility for our customers. Although digital displays require more capital to construct compared to traditional bulletins, the advantages of digital allow us to

penetrate new accounts and categories of advertisers, as well as serve a broader set of needs for existing advertisers. Digital displays allow for high-frequency, 24-hour advertising changes in high-traffic locations and allow us to offer our clients optimal flexibility, distribution, circulation and visibility. We expect this trend to continue as we increase our quantity of digital inventory. As of December 31, 2012, we have deployed more than 1,000 digital billboards in 37 markets in the United States.

Sources of Revenue

Americas generated 43%, 42% and 43% of our revenue in 2012, 2011 and 2010, respectively. Americas revenue is derived from the sale of advertising copy placed on our traditional and digital displays. Our display inventory consists primarily of billboards, street furniture displays and transit displays. The margins on our billboard contracts, including those related to digital billboards, tend to be higher than those on contracts for other displays, due to their greater size, impact and location along major roadways that are highly trafficked. Billboards comprise approximately two-thirds of our display revenues. The following table shows the approximate percentage of revenue derived from each category for our Americas outdoor inventory:

	Year Ended December 31,		
	2012	2011	2010
Billboards:			
Bulletins	56%	56%	55%
Posters	13%	13%	14%
Street furniture displays	4%	4%	3%
Transit displays	17%	16%	16%
Other displays ⁽¹⁾	10%	11%	12%
Total	100%	100%	100%

(1) Includes spectaculars, mall displays and wallscapes.

Our Americas segment generates revenues from local and national sales. Our advertising rates are based on a number of different factors including location, competition, size of display, illumination, market and gross ratings points. Gross ratings points are the total number of impressions delivered, expressed as a percentage of a market population, of a display or group of displays. The number of impressions delivered by a display is measured by the number of people passing the site during a defined period of time. For all of our billboards in the United States, we use independent, third-party auditing companies to verify the number of impressions delivered by a display. “Reach” is the percent of a target audience exposed to an advertising message at least once during a specified period of time, typically during a period of four weeks. “Frequency” is the average number of exposures an individual has to an advertising message during a specified period of time. Out-of-home frequency is typically measured over a four-week period.

While location, price and availability of displays are important competitive factors, we believe that providing quality customer service and establishing strong client relationships are also critical components of sales. In addition, we have long-standing relationships with a diversified group of advertising brands and agencies that allow us to diversify client account and establish continuing revenue streams.

Billboards

Our billboard inventory primarily includes bulletins and posters.

Bulletins. Bulletins vary in size, with the most common size being 14 feet high by 48 feet wide. Digital bulletins display static messages that resemble standard printed bulletins when viewed, but also allow advertisers to change messages throughout the course of a day, and may display advertisements for multiple customers. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy as needed. Because of their greater size, impact, high-frequency and 24-hour advertising changes, we typically receive our highest rates for digital bulletins. Almost all of the advertising copy displayed on traditional bulletins is computer printed on vinyl and transported to the bulletin where it is secured to the display surface. Bulletins generally are located along major expressways, primary commuting routes and main intersections that are highly visible and heavily trafficked. Our clients may contract for individual bulletins or a network of bulletins, meaning the clients’ advertisements are rotated

among bulletins to increase the reach of the campaign. Our client contracts for bulletins, either traditional or digital, generally have terms ranging from four weeks to one year.

Posters. Digital posters are available in addition to the traditional 30-sheet or 8-sheet displays. Similar to digital bulletins, digital posters display static messages that resemble standard printed posters when viewed, and are linked through centralized computer systems to instantaneously and simultaneously change messages throughout the course of a day. The traditional 30-sheet posters are approximately 11 feet high by 23 feet wide, and the traditional 8-sheet posters are approximately 5 feet high by 11 feet wide. Advertising copy for traditional 30-sheet posters is digitally printed on a single piece of polyethylene material that is then transported and secured to the poster surfaces. Advertising copy for traditional 8-sheet posters is printed using silk screen, lithographic or digital process to transfer the designs onto paper that is then transported and secured to the poster surfaces. Posters generally are located in commercial areas on primary and secondary routes near point-of-purchase locations, facilitating advertising campaigns with greater demographic targeting than those displayed on bulletins. Our poster rates typically are less than our bulletin rates, and our client contracts for posters generally have terms ranging from four weeks to one year. Premiere displays, which consist of premiere panels and squares, are innovative hybrids between bulletins and posters that we developed to provide our clients with an alternative for their targeted marketing campaigns. The premiere displays use one or more poster panels, but with vinyl advertising stretched over the panels similar to bulletins. Our intent is to combine the creative impact of bulletins with the additional reach and frequency of posters.

Street Furniture Displays

Our street furniture displays include advertising surfaces on bus shelters, information kiosks, freestanding units and other public structures, are available in both traditional and digital formats, and are primarily located in major metropolitan areas and along major commuting routes. Generally, we own the street furniture structures and are responsible for their construction and maintenance. Contracts for the right to place our street furniture displays in the public domain and sell advertising space on them are awarded by municipal and transit authorities in competitive bidding processes governed by local law. Generally, these contracts have terms ranging from 10 to 20 years. As compensation for the right to sell advertising space on our street furniture structures, we pay the municipality or transit authority a fee or revenue share that is either a fixed amount or a percentage of the revenue derived from the street furniture displays. Typically, these revenue sharing arrangements include payments by us of minimum guaranteed amounts. Client contracts for street furniture displays typically have terms ranging from four weeks to one year, and are typically for network packages of multiple street furniture displays.

Transit Displays

Our transit displays are advertising surfaces on various types of vehicles or within transit systems, including on the interior and exterior sides of buses, trains, trams, and within the common areas of rail stations and airports, and are available in both traditional and digital formats. Similar to street furniture, contracts for the right to place our displays on such vehicles or within such transit systems and to sell advertising space on them generally are awarded by public transit authorities in competitive bidding processes or are negotiated with private transit operators. Generally, these contracts have terms ranging up to nine years. Our client contracts for transit displays generally have terms ranging from four weeks to one year.

Other Displays

The balance of our display inventory consists of spectacles, wallscapes and mall displays. Spectacles are customized display structures that often incorporate video, multidimensional lettering and figures, mechanical devices and moving parts and other embellishments to create special effects. The majority of our spectacles are located in Times Square in New York City, the Gardiner Expressway in Toronto, and the Fashion Show Mall and Miracle Mile Shops in Las Vegas. Client contracts for spectacles typically have terms of one year or longer. A wallscape is a display that drapes over or is suspended from the sides of buildings or other structures. Generally, wallscapes are located in high-profile areas where other types of outdoor advertising displays are limited or unavailable. Clients typically contract for individual wallscapes for extended terms. We also own displays located within the common areas of malls on which our clients run advertising campaigns for periods ranging from four weeks to one year.

Advertising Inventory and Markets

As of December 31, 2012, we owned or operated approximately 108,000 display structures in our Americas advertising segment with operations in 48 of the 50 largest markets in the United States, including all of the 20 largest markets. Therefore, no one property is material to our overall operations. We believe that our properties are in good condition and suitable for our operations.

Our displays are located on owned land, leased land or land for which we have acquired permanent easements. The majority of the advertising structures on which our displays are mounted require permits. Permits are granted for the right to operate an

advertising structure as long the structure is used in compliance with the laws and regulations of the applicable jurisdiction.

Production

In a majority of our markets, our local production staff performs the full range of activities required to create and install advertising copy. Production work includes creating the advertising copy design and layout, coordinating its printing and installing the copy on displays. We provide creative services to smaller advertisers and to advertisers not represented by advertising agencies. National advertisers often use preprinted designs that require only installation. Our creative and production personnel typically develop new designs or adopt copy from other media for use on our inventory. Our creative staff also can assist in the development of marketing presentations, demonstrations and strategies to attract new clients.

Construction and Operation

We typically own the physical structures on which our clients' advertising copy is displayed. We build some of the structures at our billboard fabrication business in Illinois and erect them on sites we either lease or own or for which we have acquired permanent easements. The site lease terms generally range from one to 20 years. In addition to the site lease, we must obtain a permit to build the sign. Permits are typically issued in perpetuity by the state or local government and typically are transferable or renewable for a minimal, or no, fee. Traditional bulletin and poster advertising copy is either printed with computer generated graphics on a single sheet of vinyl or placed on lithographed or silk-screened paper sheets supplied by the advertiser. These advertisements are then transported to the site and in the case of vinyl, wrapped around the face of the site, and in the case of paper, pasted and applied like wallpaper to the site. The operational process also includes conducting visual inspections of the inventory for display defects and taking the necessary corrective action within a reasonable period of time.

Client Categories

In 2012, the top five client categories in our Americas segment were retail, business services, media, banking and financial services, and healthcare.

Competition

The outdoor advertising industry in the Americas is fragmented, consisting of several larger companies involved in outdoor advertising, such as CBS and Lamar Advertising Company, as well as numerous smaller and local companies operating a limited number of displays in a single market or a few local markets. We also compete with other advertising media in our respective markets, including broadcast and cable television, radio, print media, direct mail, the Internet and other forms of advertisement.

Outdoor advertising companies compete primarily based on ability to reach consumers, which is driven by location of the display.

International Outdoor Advertising

Our International business segment includes our operations in Asia, Australia, Europe and Latin America, with approximately 33%, 33% and 36% of our revenue in this segment derived from France and the United Kingdom for the years ended December 31, 2012, 2011 and 2010, respectively. As of December 31, 2012, we owned or operated more than 650,000 displays across 28 countries.

Our International assets consist of street furniture and transit displays, billboards, mall displays, Smartbike programs, wallscape and other spectacles, which we own or operate under lease agreements. Our International business is focused on metropolitan areas with dense populations.

Strategy

Similar to our Americas business, we believe our International business has attractive industry fundamentals including a broad audience reach and a highly cost effective media for advertisers as measured by cost per thousand persons reached compared to other traditional media. Our International business focuses on the following strategies:

Promote Overall Outdoor Media Spending. Our strategy is to promote growth in outdoor advertising's share of total media spending by leveraging our international scale and local reach. We are focusing on developing and implementing better and improved outdoor audience delivery measurement systems to provide advertisers with tools to determine how effectively their message is reaching the desired audience.

Capitalize on Product and Geographic Opportunities. We are also focused on growing our business internationally by working closely with our advertising customers and agencies in meeting their needs, and through new product offerings, optimization of our current display portfolio and selective investments targeting promising growth markets. We have continued to innovate and introduce new products in international markets based on local demands. Our core business is our street furniture business and that is where we plan to focus much of our investment. We plan to continue to evaluate municipal contracts that may come up for bid and will make prudent investments where we believe we can receive attractive returns. We will also continue to invest in markets such as China and Latin America where we believe there is high growth potential.

Continue to Deploy Digital Display Networks. Internationally, digital out-of-home displays are a dynamic medium which enables our customers to engage in real-time, tactical topical and flexible advertising. We will continue our focused and dedicated digital strategy as we remain committed to the digital development of out-of-home communication solution internationally. Through our international digital brand, Clear Channel Play, we are able to offer networks of digital displays in multiple formats and multiple environments including bus shelters, airports, transit, malls and flagship locations. We seek to achieve greater consumer engagement and flexibility by delivering powerful, flexible and interactive campaigns that open up new possibilities for advertisers to engage with their target audiences. We had more than 3,400 digital displays in 13 countries across Europe, Asia and Latin America as of December 31, 2012.

Sources of Revenue

Our International segment generated 57%, 58% and 57% of our revenue in 2012, 2011 and 2010, respectively. International revenue is derived from the sale of traditional advertising copy placed on our display inventory and electronic displays which are part of our network of digital displays. Our International display inventory consists primarily of street furniture displays, billboards, transit displays and other out-of-home advertising displays. The following table shows the approximate percentage of revenue derived from each inventory category of our International segment:

	Year Ended December 31,		
	2012	2011	2010
Street furniture displays	46%	43%	42%
Billboards ⁽¹⁾	26%	28%	30%
Transit displays	8%	9%	8%
Other ⁽²⁾	20%	20%	20%
Total	100%	100%	100%

(1) Includes revenue from posters and neon displays. We sold our neon business during the third quarter of 2012.

(2) Includes advertising revenue from mall displays, other small displays, and non-advertising revenue from sales of street furniture equipment, cleaning and maintenance services, operation of Smartbike programs and production revenue.

Our International segment generates revenues worldwide from local, regional and national sales. Similar to our Americas business, advertising rates generally are based on the gross ratings points of a display or group of displays. The number of impressions delivered by a display, in some countries, is weighted to account for such factors as illumination, proximity to other displays and the speed and viewing angle of approaching traffic.

While location, price and availability of displays are important competitive factors, we believe that providing quality customer service and establishing strong client relationships are also critical components of sales. Our entrepreneurial culture allows local management to operate their markets as separate profit centers, encouraging customer cultivation and service.

Street Furniture Displays

Our International street furniture displays, available in traditional and digital formats, are substantially similar to their Americas street furniture counterparts, and include bus shelters, freestanding units, various types of kiosks, benches and other public structures. Internationally, contracts with municipal and transit authorities for the right to place our street furniture in the public domain and sell advertising on such street furniture typically provide for terms ranging from 10 to 15 years. The major difference between our International and Americas street furniture businesses is in the nature of the municipal contracts. In our International business, these contracts typically require us to provide the municipality with a broader range of metropolitan amenities such as bus shelters with or without advertising panels, information kiosks and public wastebaskets, as well as space for the municipality to

display maps or other public information. In exchange for providing such metropolitan amenities and display space, we are authorized to sell advertising space on certain sections of the structures we erect in the public domain. Our International street furniture is typically sold to clients as network packages of multiple street furniture displays, with contract terms ranging from one to two weeks. Client contracts are also available with terms of up to one year.

Billboards

The sizes of our International billboards are not standardized. The billboards vary in both format and size across our networks, with the majority of our International billboards being similar in size to our posters used in our Americas business. Our International billboards are sold to clients as network packages with contract terms typically ranging from one to two weeks. Long-term client contracts are also available and typically have terms of up to one year. We lease the majority of our billboard sites from private landowners. Billboards include posters and are available in traditional and digital formats.

Transit Displays

Our International transit display contracts are substantially similar to their Americas transit display counterparts, and typically require us to make only a minimal initial investment and few ongoing maintenance expenditures. Contracts with public transit authorities or private transit operators typically have terms ranging from three to seven years. Our client contracts for transit displays, either traditional or digital, generally have terms ranging from one week to one year, or longer.

Other International Displays and Services

The balance of our revenue from our International outdoor segment consists primarily of advertising revenue from mall displays, other small displays and non-advertising revenue from sales of street furniture equipment, cleaning and maintenance services and production revenue. Internationally, our contracts with mall operators generally have terms ranging from five to ten years and client contracts for mall displays generally have terms ranging from one to two weeks, but are available for periods up to six months. Our International inventory includes other small displays that are counted as separate displays since they form a substantial part of our network and International revenue. We also have a Smartbike bicycle rental program which provides bicycles for rent to the general public in several municipalities. In exchange for providing the bike rental program, we generally derive revenue from advertising rights to the bikes, bike stations, additional street furniture displays, or fees from the local municipalities. In several of our International markets, we sell equipment or provide cleaning and maintenance services as part of a billboard or street furniture contract with a municipality.

Advertising Inventory and Markets

As of December 31, 2012, we owned or operated more than 650,000 displays in our International segment, with operations across 28 countries. Our International display count includes display faces, which may include multiple faces on a single structure, as well as small, individual displays. As a result, our International display count is not comparable to our Americas outdoor display count, which includes only unique displays. No one property is material to our overall operations. We believe that our properties are in good condition and suitable for our operations.

Production

The majority of our International clients are advertisers targeting national audiences whose business generally is placed with us through advertising agencies. These agencies often provide our International clients creative services to design and produce both the advertising copy and the physical printed advertisement. Traditional advertising copy, both paper and vinyl, is shipped to centralized warehouses operated by us. The copy is then sorted and delivered to sites where it is installed on our displays.

Construction and Operation

The International manufacturing process largely consists of two elements: the manufacture and installation of advertising structures and the weekly preparation of advertising posters for distribution throughout our networks. Generally, we outsource the manufacturing of advertising structures to third parties and regularly seek competitive bids. We use a wide range of suppliers, located in each of our markets. The design of street furniture structures (such as bus shelters, bicycle racks and kiosks) is typically done in conjunction with a third party design or architectural firm. These street furniture designs then form the basis of a competitive bidding process to select a manufacturer. Our street furniture sites are posted by our own employees or subcontractors who also clean and maintain the sites. The decision to use our own employees or subcontractors is made on a market-by-market basis taking into consideration the mix of products in the market and local labor costs.

Client Categories

In 2012, the top five client categories in our International segment, based on International revenue derived from these categories, were retail, food and food products, telecommunications, automotive, and media.

Competition

The international outdoor advertising industry is fragmented, consisting of several larger companies involved in outdoor advertising, such as JCDecaux and CBS, as well as numerous smaller and local companies operating a limited number of displays in a single market or a few local markets. We also compete with other advertising media in our respective markets, including broadcast and cable television, radio, print media, direct mail, the Internet and other forms of advertisement.

Outdoor companies compete primarily based on ability to reach consumers, which is driven by location of the display.

Employees

As of December 31, 2012, we had approximately 1,900 domestic employees and approximately 5,800 international employees, of which approximately 4,300 were employed in corporate and administrative related activities. Approximately 140 of our employees in the United States and approximately 260 of our employees outside the United States are subject to collective bargaining agreements in their respective countries. We are a party to numerous collective bargaining agreements, none of which represent a significant number of employees. We believe that our relationship with our employees is good.

Seasonality

Required information is located within Item 7 of Part II of this Annual Report on Form 10-K.

Regulation of our Business

The outdoor advertising industry in the United States is subject to governmental regulation at the federal, state and local levels. These regulations may include, among others, restrictions on the construction, repair, maintenance, lighting, upgrading, height, size, spacing and location of and, in some instances, content of advertising copy being displayed on outdoor advertising structures. In addition, international regulations have a significant impact on the outdoor advertising industry. International regulation of the outdoor advertising industry can vary by municipality, region and country, but generally limits the size, placement, nature and density of out-of-home displays. Other regulations may limit the subject matter and language of out-of-home displays.

From time to time, legislation has been introduced in both the United States and foreign jurisdictions attempting to impose taxes on revenue from outdoor advertising or for the right to use outdoor advertising assets. Several jurisdictions have already imposed such taxes as a percentage of our outdoor advertising revenue in that jurisdiction. In addition, some jurisdictions have taxed our personal property and leasehold interests in advertising locations using various valuation methodologies. We expect U.S. and foreign jurisdictions to continue to try to impose such taxes as a way of increasing revenue. In recent years, outdoor advertising also has become the subject of targeted taxes and fees. These laws may affect prevailing competitive conditions in our markets in a variety of ways. Such laws may reduce our expansion opportunities or may increase or reduce competitive pressure from other members of the outdoor advertising industry. No assurance can be given that existing or future laws or regulations, and the enforcement thereof, will not materially and adversely affect the outdoor advertising industry. However, we contest laws and regulations that we believe unlawfully restrict our constitutional or other legal rights and may adversely impact the growth of our outdoor advertising business.

In the United States, federal law, principally the Highway Beautification Act ("HBA"), regulates outdoor advertising on Federal-Aid Primary, Interstate and National Highway Systems roads within the United States ("controlled roads"). The HBA regulates the size and placement of billboards, requires the development of state standards, mandates a state's compliance program, promotes the expeditious removal of illegal signs and requires just compensation for takings.

To satisfy the HBA's requirements, all states have passed billboard control statutes and regulations that regulate, among other things, construction, repair, maintenance, lighting, height, size, spacing and the placement and permitting of outdoor advertising structures. We are not aware of any state that has passed control statutes and regulations less restrictive than the prevailing federal requirements on the federal highway system, including the requirement that an owner remove any non-grandfathered, non-compliant signs along the controlled roads, at the owner's expense and without compensation. Local governments generally also include billboard control as part of their zoning laws and building codes regulating those items described above and include similar provisions regarding the removal of non-grandfathered structures that do not comply with certain of the local requirements. Some local governments have initiated code enforcement and permit reviews of billboards within their jurisdiction challenging billboards located within their jurisdiction, and in some instances we have had to remove billboards as a result of such reviews.

As part of their billboard control laws, state and local governments regulate the construction of new signs. Some jurisdictions prohibit new construction, some jurisdictions allow new construction only to replace existing structures and some jurisdictions allow new construction subject to the various restrictions discussed above. In certain jurisdictions, restrictive regulations also limit our ability to relocate, rebuild, repair, maintain, upgrade, modify or replace existing legal non-conforming billboards.

U.S. federal law neither requires nor prohibits the removal of existing lawful billboards, but it does mandate the payment of compensation if a state or political subdivision compels the removal of a lawful billboard along the controlled roads. In the past, state governments have purchased and removed existing lawful billboards for beautification purposes using federal funding for transportation enhancement programs, and these jurisdictions may continue to do so in the future. From time to time, state and local government authorities use the power of eminent domain and amortization to remove billboards. Thus far, we have been able to obtain satisfactory compensation for our billboards purchased or removed as a result of these types of governmental action, including relocation, although there is no assurance that this will continue to be the case in the future.

We have introduced and intend to expand the deployment of digital billboards that display static digital advertising copy from various advertisers that change up to several times per minute. We have encountered some existing regulations in the U.S. and across some international jurisdictions that restrict or prohibit these types of digital displays. However, since digital technology for changing static copy has only recently been developed and introduced into the market on a large scale, and is in the process of being introduced more broadly in other international markets, existing regulations that currently do not apply to digital technology by their terms could be revised to impose greater restrictions. These regulations, or actions by third parties, may impose greater restrictions on digital billboards due to alleged concerns over aesthetics or driver safety.

ITEM 1A. RISK FACTORS

Risks Related to Our Business

Our results have been in the past, and could be in the future, adversely affected by economic uncertainty or deteriorations in economic conditions

Expenditures by advertisers tend to be cyclical, reflecting economic conditions and budgeting and buying patterns. Periods of a slowing economy or recession, or periods of economic uncertainty, may be accompanied by a decrease in advertising. For example, the global economic downturn that began in 2008 resulted in a decline in advertising and marketing by our customers, which resulted in a decline in advertising revenues across our businesses. This reduction in advertising revenues had an adverse effect on our revenue, profit margins, cash flow and liquidity. Global economic conditions have been slow to recover and remain uncertain. If economic conditions do not continue to improve, economic uncertainty increases or economic conditions deteriorate again, global economic conditions may once again adversely impact our revenue, profit margins, cash flow and liquidity. Furthermore, because a significant portion of our revenue is derived from local advertisers, our ability to generate revenues in specific markets is directly affected by local and regional conditions, and unfavorable regional economic conditions also may adversely impact our results. In addition, even in the absence of a downturn in general economic conditions, an individual business sector or market may experience a downturn, causing it to reduce its advertising expenditures, which also may adversely impact our results.

We performed impairment tests on our goodwill and other intangible assets during the fourth quarter of 2012, 2011 and 2010 and recorded non-cash impairment charges of \$37.7 million, \$7.6 million and \$11.5 million, respectively. Although we believe we have made reasonable estimates and used appropriate assumptions to calculate the fair value of our billboard permits and reporting units, it is possible a material change could occur. If actual market conditions and operational performance for the respective reporting units underlying the intangible assets were to deteriorate, or if facts and circumstances change that would more likely than not reduce the estimated fair value of the indefinite-lived assets or goodwill for these reporting units below their adjusted carrying amounts, we may also be required to recognize additional impairment charges in future periods, which could have a material impact on our financial condition and results of operations.

To service our debt obligations and to fund capital expenditures, we will require a significant amount of cash to meet our needs, which depends on many factors beyond our control

Our ability to service our debt obligations and to fund capital expenditures for display construction or renovation will require a significant amount of cash. Our primary source of liquidity is cash on hand, cash flow from operations and the revolving promissory note with Clear Channel Communications. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flow from operations and borrowing capacity under or repayment of amounts outstanding under the revolving promissory note with Clear Channel Communications will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next twelve months. However, our ability to fund our working capital needs

and debt service and other obligations depends on our future operating performance and cash flow, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. If our future operating performance does not meet our expectation or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. In addition, the purchase price of possible acquisitions, capital expenditures for deployment of digital billboards and/or other strategic initiatives could require additional indebtedness or equity financing on our part. Adverse securities and credit market conditions could significantly affect the availability of equity or debt financing. Consequently, there can be no assurance that such financing, if permitted under the terms of our financing agreements, will be available on terms acceptable to us or at all. The inability to obtain additional financing in such circumstances could have a material adverse effect on our financial condition and on our ability to meet our obligations or pursue strategic initiatives. Additional indebtedness could increase our leverage and make us more vulnerable to economic downturns and may limit our ability to withstand competitive pressures.

Our financial performance may be adversely affected by many factors beyond our control

Certain factors that could adversely affect our financial performance by, among other things, decreasing overall revenues, the numbers of advertising customers, advertising fee or profit margins include:

- unfavorable economic conditions, which may cause companies to reduce their expenditures on advertising;
- an increased level of competition for advertising dollars, which may lead to lower advertising rates as we attempt to retain customers or which may cause us to lose customers to our competitors who offer lower rates that we are unable or unwilling to match;
- unfavorable fluctuations in operating costs, which we may be unwilling or unable to pass through to our customers;
- technological changes and innovations that we are unable to successfully adopt or are late in adopting that offer more attractive advertising alternatives than what we offer which may lead to a loss of advertising customers or to lower advertising rates;
- changes in governmental regulations and policies and actions of regulatory bodies, including changes to restrictions on rebuilding non-conforming structures, which could increase our taxes or other costs, restrict the advertising media that we employ or restrict some or all of our customers that operate in regulated areas from using certain advertising media or from advertising at all;
- unfavorable shifts in population and other demographics, which may cause us to lose advertising customers as people migrate to markets where we have a smaller presence or which may cause advertisers to be willing to pay less in advertising fees if the general population shifts into a less desirable age or geographical demographic from an advertising perspective; and
- unfavorable changes in labor conditions, which may impair our ability to operate or require us to spend more to retain and attract key employees.

We face intense competition in the outdoor advertising business

We operate in a highly competitive industry, and we may not be able to maintain or increase our current advertising and sales revenues. We compete for advertising revenue with other outdoor advertising businesses, as well as with other media, such as radio, newspapers, magazines, television, direct mail, mobile devices, satellite radio and Internet-based services, within their respective markets. Market shares are subject to change, which could have the effect of reducing our revenue in that market. Our competitors may develop service or advertising media that are equal or superior to those we provide or that achieve greater market acceptance and brand recognition than we achieve. It also is possible that new competitors may emerge and rapidly acquire significant market share in any of our business segments. An increased level of competition for advertising dollars may lead to lower advertising rates as we attempt to retain customers or may cause us to lose customers to our competitors who offer lower rates that we are unable or unwilling to match.

Our business is dependent on our management team and other key individuals

Our business is dependent upon the performance of our management team and other key individuals. A number of key individuals have joined us or assumed increased responsibilities over the past several years, including Robert W. Pittman, who became our Executive Chairman on October 2, 2011, C. William Eccleshare, who was promoted to be our Chief Executive Officer in January 2012, and Suzanne M. Grimes, who became our President & Chief Operating Officer—United States and Canada in January 2013. Although we have entered into agreements with some members of our management team and certain other key individuals, we can give no assurance that all or any of our management team and other key individuals will remain with us. Competition for these individuals is intense and many of our key employees are at-will employees who are under no legal obligation to remain with us, and may decide to leave for a variety of personal or other reasons beyond our control. If members of our

management or key individuals decide to leave us in the future, or if we are not successful in attracting, motivating and retaining other key employees, our business could be adversely affected.

Government regulation of outdoor advertising may restrict our outdoor advertising operations

U.S. federal, state and local regulations have a significant impact on the outdoor advertising industry and our business. One of the seminal laws is the HBA, which regulates outdoor advertising on Federal-Aid Primary, Interstate and National Highway Systems' roads in the United States. The HBA regulates the size and location of billboards, mandates a state compliance program, requires the development of state standards, promotes the expeditious removal of illegal signs and requires just compensation for takings. Construction, repair, maintenance, lighting, upgrading, height, size, spacing, the location and permitting of billboards and the use of new technologies for changing displays, such as digital displays, are regulated by federal, state and local governments. From time to time, states and municipalities have prohibited or significantly limited the construction of new outdoor advertising structures. Changes in laws and regulations affecting outdoor advertising, or changes in the interpretation of those laws and regulations, at any level of government, including the foreign jurisdictions in which we operate, could have a significant financial impact on us by requiring us to make significant expenditures or otherwise limiting or restricting some of our operations. Due to such regulations, it has become increasingly difficult to develop new outdoor advertising locations.

From time to time, certain state and local governments and third parties have attempted to force the removal of our displays under various state and local laws, including zoning ordinances, permit enforcement, condemnation and amortization. Similar risks also arise in certain of our international jurisdictions. Amortization is the attempted forced removal of legal non-conforming billboards (billboards which conformed with applicable laws and regulations when built, but which do not conform to current laws and regulations) or the commercial advertising placed on such billboards after a period of years. Pursuant to this concept, the governmental body asserts that just compensation is earned by continued operation of the billboard over time. Although amortization is prohibited along all controlled roads and generally prohibited along non-controlled roads, amortization has been upheld along non-controlled roads in limited instances where provided by state and local law. Other regulations limit our ability to rebuild, replace, repair, maintain and upgrade non-conforming displays. In addition, from time to time third parties or local governments assert that we own or operate displays that either are not properly permitted or otherwise are not in strict compliance with applicable law. For example, courts in New York City upheld local municipal enforcement efforts to restrict advertising on arterial roadways and require registration of billboard structures, requiring us to remove certain existing advertising displays. In addition, we are appealing a recent California court ruling in favor of a competitor who challenged the validity of our digital display permits in the City of Los Angeles, in which the court ruled that our permits should be invalidated and our digital displays removed. Such regulations and allegations have not had a material impact on our results of operations to date, but if we are increasingly unable to resolve such allegations or obtain acceptable arrangements in circumstances in which our displays are subject to removal, modification or amortization, or if there occurs an increase in such regulations or their enforcement, our operating results could suffer.

A number of state and local governments have implemented or initiated taxes, fees and registration requirements in an effort to decrease or restrict the number of outdoor signs and/or to raise revenue. From time to time, legislation also has been introduced in international jurisdictions attempting to impose taxes on revenue from outdoor advertising or for the right to use outdoor advertising assets. In addition, a number of jurisdictions, including the City of Los Angeles, have implemented legislation or interpreted existing legislation to restrict or prohibit the installation of new digital billboards. While these measures have not had a material impact on our business and financial results to date, we expect these efforts to continue. The increased imposition of these measures, and our inability to overcome any such measures, could reduce our operating income if those outcomes require removal or restrictions on the use of preexisting displays. In addition, if we are unable to pass on the cost of these items to our clients, our operating income could be adversely affected.

International regulation of the outdoor advertising industry can vary by municipality, region and country, but generally limits the size, placement, nature and density of out-of-home displays. Other regulations limit the subject matter and language of out-of-home displays. Our failure to comply with these or any future international regulations could have an adverse impact on the effectiveness of our displays or their attractiveness to clients as an advertising medium and may require us to make significant expenditures to ensure compliance. As a result, we may experience a significant impact on our operations, revenue, international client base and overall financial condition.

Additional restrictions on outdoor advertising of tobacco, alcohol and other products may further restrict the categories of clients that can advertise using our products

Out-of-court settlements between the major U.S. tobacco companies and all 50 states, the District of Columbia, the Commonwealth of Puerto Rico and four other U.S. territories include a ban on the outdoor advertising of tobacco products. Other products and services may be targeted in the U.S. in the future, including alcohol products. Most European Union countries, among

other nations, also have banned outdoor advertisements for tobacco products and regulate alcohol advertising. Regulations vary across the countries in which we conduct business. Any significant reduction in alcohol-related advertising or advertising of other products due to content-related restrictions could cause a reduction in our direct revenues from such advertisements and an increase in the available space on the existing inventory of billboards in the outdoor advertising industry.

Regulations and consumer concerns regarding privacy and data protection, or any failure to comply with these regulations, could hinder our operations

We collect and utilize demographic and other information, including personally identifiable information, from and about our consumers, business partners and advertisers. We are subject to numerous federal, state and foreign laws and regulations relating to consumer protection, information security, data protection and privacy, among other things. Many of these laws are still evolving, new laws may be enacted and any of these laws could be amended or interpreted in ways that could harm our business. In addition, changes in consumer expectations and demands regarding privacy and data protection could restrict our ability to collect, use, disclose and derive economic value from demographic and other information related to our consumers, business partners and advertisers. Such restrictions could limit our ability to offer targeted advertising opportunities to our business partners and advertisers. Although we have implemented policies and procedures designed to comply with these laws and regulations, any failure or perceived failure by us to comply with our policies or applicable regulatory requirements related to consumer protection, information security, data protection and privacy could result in a loss of confidence in us, damage to our brands, the loss of consumers, business partners and advertisers, as well as proceedings against us by governmental authorities or others, which could hinder our operations and adversely affect our business.

If our security measures are breached, we may face liability and public perception of our services could be diminished, which would negatively impact our ability to attract business partners and advertisers

Although we have implemented physical and electronic security measures to protect against the loss, misuse and alteration of our websites, digital assets and proprietary business information as well as consumer, business partner and advertiser personally identifiable information, no security measures are perfect and impenetrable and we may be unable to anticipate or prevent unauthorized access. A security breach could occur due to the actions of outside parties, employee error, malfeasance or a combination of these or other actions. If an actual or perceived breach of our security occurs, we could lose competitively sensitive business information or suffer disruptions to our business operations. In addition, the public perception of the effectiveness of our security measures or services could be harmed, we could lose consumers, business partners and advertisers and we could suffer financial exposure in connection with remediation efforts, investigations and legal proceedings and changes in our security and system protection measures.

Environmental, health, safety and land use laws and regulations may limit or restrict some of our operations

As the owner or operator of various real properties and facilities, we must comply with various foreign, federal, state and local environmental, health, safety and land use laws and regulations. We and our properties are subject to such laws and regulations relating to the use, storage, disposal, emission and release of hazardous and non-hazardous substances and employee health and safety as well as zoning restrictions. Historically, we have not incurred significant expenditures to comply with these laws. However, additional laws which may be passed in the future, or a finding of a violation of or liability under existing laws, could require us to make significant expenditures and otherwise limit or restrict some of our operations.

Doing business in foreign countries exposes us to certain risks not found when doing business in the United States

Doing business in foreign countries carries with it certain risks that are not found when doing business in the United States. These risks could result in losses against which we are not insured. Examples of these risks include:

- potential adverse changes in the diplomatic relations of foreign countries with the United States;
- hostility from local populations;
- the adverse effect of foreign exchange controls;
- government policies against businesses owned by foreigners;
- investment restrictions or requirements;
- expropriations of property without adequate compensation;
- the potential instability of foreign governments;
- the risk of insurrections;
- risks of renegotiation or modification of existing agreements with governmental authorities;
- difficulties collecting receivables and otherwise enforcing contracts with governmental agencies and others in some foreign legal systems;
- withholding and other taxes on remittances and other payments by subsidiaries;

- changes in tax structure and level; and
- changes in laws or regulations or the interpretation or application of laws or regulations.

In addition, because we own assets in foreign countries and derive revenues from our International operations, we may incur currency translation losses due to changes in the values of foreign currencies and in the value of the U.S. dollar. We cannot predict the effect of exchange rate fluctuations upon future operating results.

Our International operations involve contracts with, and regulation by, foreign governments. We operate in many parts of the world that experience corruption to some degree. Although we have policies and procedures in place that are designed to promote legal and regulatory compliance (including with respect to the U.S. Foreign Corrupt Practices Act and the United Kingdom Bribery Act), our employees, subcontractors and agents could take actions that violate applicable anticorruption laws or regulations. Violations of these laws, or allegations of such violations, could have a material adverse effect on our business, financial position and results of operations.

The success of our street furniture and transit products businesses is dependent on our obtaining key municipal concessions, which we may not be able to obtain on favorable terms

Our street furniture and transit products businesses require us to obtain and renew contracts with municipalities and other governmental entities. Many of these contracts, which require us to participate in competitive bidding processes at each renewal, typically have terms ranging from three to 20 years and have revenue share and/or fixed payment components. Our inability to successfully negotiate, renew or complete these contracts due to governmental demands and delay and the highly competitive bidding processes for these contracts could affect our ability to offer these products to our clients, or to offer them to our clients at rates that are competitive to other forms of advertising, without adversely affecting our financial results.

Future acquisitions and other strategic transactions could pose risks

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material. Our acquisition strategy involves numerous risks, including:

- our acquisitions may prove unprofitable and fail to generate anticipated cash flows;
- to successfully manage our large portfolio of outdoor advertising and other properties, we may need to:
 - recruit additional senior management as we cannot be assured that senior management of acquired businesses will continue to work for us and we cannot be certain that our recruiting efforts will succeed, and
 - expand corporate infrastructure to facilitate the integration of our operations with those of acquired businesses, because failure to do so may cause us to lose the benefits of any expansion that we decide to undertake by leading to disruptions in our ongoing businesses or by distracting our management;
- we may enter into markets and geographic areas where we have limited or no experience;
- we may encounter difficulties in the integration of operations and systems; and
- our management's attention may be diverted from other business concerns.

Additional acquisitions by us may require antitrust review by U.S. federal antitrust agencies and may require review by foreign antitrust agencies under the antitrust laws of foreign jurisdictions. We can give no assurances that the U.S. Department of Justice, the U.S. Federal Trade Commission or foreign antitrust agencies will not seek to bar us from acquiring additional outdoor advertising businesses in any market where we already have a significant position.

Risks Related to Our Relationship with Clear Channel Communications

Because Clear Channel Communications controls substantially all of the total voting power of our common stock, investors will not be able to affect the outcome of any stockholder vote

As of December 31, 2012, Clear Channel Communications indirectly owned (1) all of our outstanding shares of Class B common stock and (2) 1,553,971 shares of our Class A common stock, collectively representing approximately 89% of the outstanding shares of our common stock. Each share of our Class B common stock entitles its holder to 20 votes and each share of our Class A common stock entitles its holder to one vote on all matters on which stockholders are entitled to vote. As a result, as of December 31, 2012, Clear Channel Communications controlled approximately 99% of the total voting power of our common stock.

As long as Clear Channel Communications continues to own shares of our common stock representing more than 50% of the total voting power of our common stock, it will have the ability to direct the election of all members of our Board of Directors and,

therefore, to exercise a controlling influence over our business and affairs, including any determinations with respect to mergers or other business combinations, our acquisition or disposition of assets, our incurrence of indebtedness, our issuance of any additional common stock or other equity securities, our repurchase or redemption of common stock or preferred stock, if applicable, and our payment of dividends. Similarly, Clear Channel Communications will have the power to determine the outcome of matters submitted to a vote of our stockholders, including the power to prevent an acquisition or any other change in control. Because Clear Channel Communications' interests as our controlling stockholder may differ from other stockholders' interests, actions taken by Clear Channel Communications with respect to us may not be favorable to all stockholders.

Our agreements with Clear Channel Communications impose obligations on, and Clear Channel Communications' financing agreements effectively impose restrictions on, our ability to finance operations and capital needs, make acquisitions and engage in other business activities

We have entered into a Master Agreement, a Corporate Services Agreement, a Tax Matters Agreement, a Trademark License Agreement and a number of other agreements with Clear Channel Communications setting forth various matters governing our relationship with Clear Channel Communications while it remains a significant stockholder in us. These agreements allow Clear Channel Communications to retain control over many aspects of our operations. We are not able to terminate these agreements or amend them in a manner we deem more favorable so long as Clear Channel Communications continues to own shares of our common stock representing more than 50% of the total voting power of our common stock. Clear Channel Communications' financing agreements also impose a number of restrictions on us.

Pursuant to the Corporate Services Agreement, we are obligated to use various corporate services provided by Clear Channel Communications and its affiliates, including treasury, payroll and other financial services, certain executive officer services, human resources and employee benefit services, legal services, information systems and network services and procurement and sourcing support. Also pursuant to the Corporate Services Agreement, substantially all of the cash generated from our domestic Americas operations is transferred daily into accounts of Clear Channel Communications (after satisfying our controlled disbursement accounts and the funding requirements of the trustee accounts under the senior notes and the senior subordinated notes issued by Clear Channel Worldwide Holdings, Inc., an indirect, wholly-owned subsidiary of ours), where funds of ours and of Clear Channel Communications are commingled, and recorded as "Due from/to Clear Channel Communications" on the consolidated balance sheet. Net amounts owed between us and Clear Channel Communications are evidenced by revolving promissory notes. We do not have any material committed external sources of capital independent from Clear Channel Communications, and Clear Channel Communications is not required to provide us with funds to finance our working capital or other cash requirements. In addition, we have no access to the cash transferred from us to Clear Channel Communications other than our right to demand payment by Clear Channel Communications' of the amounts owed to us under the revolving promissory note. If Clear Channel Communications were to become insolvent, we would be an unsecured creditor of Clear Channel Communications. In such event, we would be treated the same as other unsecured creditors of Clear Channel Communications and, if we were not entitled to amounts outstanding under such note, or could not obtain such cash on a timely basis, we could experience a liquidity shortfall. At December 31, 2012 and 2011, the asset recorded in "Due from Clear Channel Communications" on the consolidated balance sheet was \$729.2 million and \$656.0 million, respectively. The asset recorded currently is expected to increase and could exceed \$1.0 billion in the next several years.

In addition, the Master Agreement and, in some cases, Clear Channel Communications' financing agreements, include restrictive covenants that, among other things, restrict our ability to:

- issue any shares of capital stock or securities convertible into capital stock;
- incur additional indebtedness;
- make certain acquisitions and investments;
- repurchase our stock;
- dispose of certain assets; and
- merge or consolidate.

The rights of Clear Channel Communications under these agreements may allow Clear Channel Communications to delay or prevent an acquisition of us that our other stockholders may consider favorable. In addition, the restrictions contained in these agreements limit our ability to finance operations and capital needs, make acquisitions or engage in other business activities, including our ability to grow and increase our revenue or respond to competitive changes.

The terms of our arrangements with Clear Channel Communications may be more favorable than we would be able to obtain from an unaffiliated third party, and we may be unable to replace the services Clear Channel Communications provides us in a timely manner or on comparable terms

We negotiated our arrangements with Clear Channel Communications in the context of a parent-subsidary relationship prior to the initial public offering of our Class A common stock. Although Clear Channel Communications is contractually obligated to provide us with services during the term of the Corporate Services Agreement, we cannot assure you these services will be sustained at an appropriate level, or that we will be able to replace these services in a timely manner or on comparable terms. In addition, we cannot provide assurance that the amount we pay Clear Channel Communications for the services will be as favorable to us as that which may be available for comparable services provided by unrelated third parties. Other agreements with Clear Channel Communications also govern our relationship with Clear Channel Communications and provide for the allocation of employee benefit, tax and other liabilities and obligations attributable to our operations. The agreements also contain terms and provisions that may be more favorable than terms and provisions we might have obtained in arm's length negotiations with unaffiliated third parties. If Clear Channel Communications ceases to provide services to us pursuant to those agreements, our costs of procuring those services from third parties may increase.

Conflicts of interest may arise between Clear Channel Communications and us that could be resolved in a manner unfavorable to us

Questions relating to conflicts of interest may arise between Clear Channel Communications and us in a number of areas relating to our past and ongoing relationships. Clear Channel Communications is owned indirectly by CC Media Holdings. Two of our directors serve as directors of CC Media Holdings. Three of our other directors are affiliated with CC Media Holdings and its stockholders. In addition, five of our executive officers serve as executive officers of CC Media Holdings.

Areas in which conflicts of interest between Clear Channel Communications and us could arise include, but are not limited to, the following:

- *Cross officerships, directorships and stock ownership.* The ownership interests of our directors or executive officers in the common stock of CC Media Holdings or service as a director or officer of both CC Media Holdings and us could create, or appear to create, conflicts of interest when directors and executive officers are faced with decisions that could have different implications for the two companies. For example, these decisions could relate to: (1) the nature, quality and cost of services rendered to us by Clear Channel Communications; (2) disagreement over the desirability of a potential acquisition opportunity; (3) employee retention or recruiting; or (4) our capital structure, including our level of indebtedness and our dividend policy.
- *Intercompany transactions.* From time to time, Clear Channel Communications or its affiliates may enter into transactions with us or our subsidiaries or other affiliates. Although the terms of any such transactions will be established based upon negotiations between employees of Clear Channel Communications and us and, when appropriate, subject to the approval of the independent directors on our Board or a committee of disinterested directors, there can be no assurance the terms of any such transactions will be as favorable to us or our subsidiaries or affiliates as may otherwise be obtained in arm's length negotiations.
- *Intercompany agreements.* We have entered into certain agreements with Clear Channel Communications pursuant to which it provides us certain management, administrative, accounting, tax, legal and other services, for which we reimburse Clear Channel Communications on a cost basis. In addition, we entered into a number of intercompany agreements covering matters such as tax sharing and our responsibility for certain liabilities previously undertaken by Clear Channel Communications for certain of our businesses. Pursuant to the Corporate Services Agreement between Clear Channel Communications and us, we are contractually obligated to utilize the services of certain executive officers of Clear Channel Communications as our executive officers until Clear Channel Communications owns shares of our common stock representing less than 50% of the total voting power of our common stock, or we provide Clear Channel Communications with six months prior written notice of termination. The terms of these agreements were established while we were a wholly owned subsidiary of Clear Channel Communications and were not the result of arm's length negotiations. In addition, conflicts could arise in the interpretation or any extension or renegotiation of these existing agreements.

If Clear Channel Communications engages in the same type of business we conduct or takes advantage of business opportunities that might be attractive to us, our ability to successfully operate and expand our business may be hampered

Our amended and restated certificate of incorporation provides that, subject to any contractual provision to the contrary, Clear Channel Communications will have no obligation to refrain from:

- engaging in the same or similar business activities or lines of business as us; or
- doing business with any of our clients, customers or vendors.

In addition, the corporate opportunity policy set forth in our amended and restated certificate of incorporation addresses potential conflicts of interest between our company, on the one hand, and Clear Channel Communications or CC Media Holdings and its officers and directors who are officers or directors of our company, on the other hand. The policy provides that if Clear Channel Communications or CC Media Holdings acquires knowledge of a potential transaction or matter which may be a corporate opportunity for both Clear Channel Communications and us, we will have renounced our interest in the corporate opportunity. It also provides that if one of our directors or officers who is also a director or officer of Clear Channel Communications or CC Media Holdings learns of a potential transaction or matter that may be a corporate opportunity for both Clear Channel Communications and us, we will have renounced our interest in the corporate opportunity, unless that opportunity is expressly offered to that person in writing solely in his or her capacity as our director or officer.

If one of our directors or officers, who also serves as a director or officer of Clear Channel Communications or CC Media Holdings, learns of a potential transaction or matter that may be a corporate opportunity for both Clear Channel Communications and us, our amended and restated certificate of incorporation provides that the director or officer will have a duty to communicate or present that corporate opportunity to us and will not be liable to us or our stockholders for breach of fiduciary duty by reason of Clear Channel Communications actions with respect to that corporate opportunity.

This policy could result in Clear Channel Communications having rights to corporate opportunities in which both we and Clear Channel Communications have an interest.

We are a “controlled company” within the meaning of the New York Stock Exchange (“NYSE”) rules and, as a result, qualify for, and intend to rely on, exemptions from certain corporate governance requirements that may not provide as many protections as those afforded to stockholders of other companies

Clear Channel Communications owns shares of our common stock representing more than 50% of the total voting power of our common stock and, as a result, we have elected to be treated as a “controlled company” under the NYSE corporate governance standards. As a controlled company, we are exempt from the provisions of the NYSE’s corporate governance standards requiring that: (1) a majority of our Board consists of independent directors; (2) we have a nominating and governance committee composed entirely of independent directors and governed by a written charter addressing the nominating and governance committee’s purpose and responsibilities; and (3) we have a compensation committee composed entirely of independent directors with a written charter addressing the compensation committee’s purpose and responsibilities. Although we currently have a compensation committee composed entirely of independent directors with a written charter addressing the compensation committee’s purpose and responsibilities, we currently do not have a nominating and governance committee and a majority of our Board of Directors currently does not consist of independent directors. We intend to continue using certain of these exemptions and, as a result: (1) we may not create or maintain a nominating and governance committee; (2) the nominating and governance committee (if one is created) and the compensation committee may not consist entirely of independent directors; and (3) our Board of Directors may not consist of a majority of independent directors. Accordingly, you may not have the same protections afforded to stockholders of companies that are subject to all of the NYSE corporate governance requirements.

We do not have control over our tax decisions and could be liable for income taxes owed by Clear Channel Communications

As long as Clear Channel Communications continues to own shares of our common stock representing at least 80% of the total voting power and value of our common stock, we and certain of our subsidiaries will be included in Clear Channel Communications’ consolidated group for U.S. federal income tax purposes for all pre-merger periods and CC Media Holdings’ consolidated group for post-merger periods. In addition, we or one or more of our subsidiaries may be included in the combined, consolidated or unitary tax returns of Clear Channel Communications for pre-merger periods and CC Media Holdings for post-merger periods or one or more of its subsidiaries for foreign, state and local income tax purposes. Under the Tax Matters Agreement, we pay to Clear Channel Communications the amount of federal, foreign, state and local income taxes that we would be required to pay to the relevant taxing authorities if we and our subsidiaries filed combined, consolidated or unitary tax returns and were not included in the combined, consolidated or unitary tax returns of Clear Channel Communications or its subsidiaries. In addition, by virtue of its controlling ownership and the Tax Matters Agreement, Clear Channel Communications effectively controls all of our tax decisions. The Tax Matters Agreement provides that Clear Channel Communications has the sole authority to respond to and conduct all tax proceedings (including tax audits) relating to us, to file all income tax returns on our behalf and to determine the amount of our liability to (or entitlement to payment from) Clear Channel Communications under the Tax Matters Agreement. This arrangement may result in conflicts of interest between Clear Channel Communications and us. For example, under the Tax Matters Agreement,

Clear Channel Communications is able to choose to contest, compromise, or settle any adjustment or deficiency proposed by the relevant taxing authority in a manner that may be beneficial to Clear Channel Communications and detrimental to us.

Moreover, notwithstanding the Tax Matters Agreement, federal law provides that each member of a consolidated group is liable for the group's entire tax obligation. Thus, to the extent Clear Channel Communications or other members of the group fail to make any United States federal income tax payments required by law, we would be liable for the shortfall. Similar principles may apply for foreign, state and local income tax purposes where we file combined, consolidated or unitary returns with Clear Channel Communications or its subsidiaries for federal, foreign, state and local income tax purposes.

If Clear Channel Communications spins off our Class B common stock to the CC Media Holdings stockholders, we have agreed in the Tax Matters Agreement to indemnify Clear Channel Communications for its tax-related liabilities in certain circumstances

If Clear Channel Communications spins off our Class B common stock to the CC Media Holdings stockholders in a distribution intended to be tax-free under Section 355 of the Internal Revenue Code of 1986, as amended, which we refer to herein as the Code, we have agreed in the Tax Matters Agreement to indemnify Clear Channel Communications and its affiliates against any and all tax-related liabilities if such a spin-off fails to qualify as a tax-free distribution (including as a result of Section 355(e) of the Code) due to actions, events or transactions relating to our stock, assets or business, or a breach of the relevant representations or covenants made by us in the Tax Matters Agreement. If neither we nor Clear Channel Communications is responsible under the Tax Matters Agreement for any such spin-off not being tax-free under Section 355 of the Code, we and Clear Channel Communications have agreed to each be responsible for 50% of the tax-related liabilities arising from the failure of such a spin-off to so qualify.

Risks Related to Our Class A Common Stock

Our stock ownership by Clear Channel Communications, provisions in our agreements with Clear Channel Communications and our corporate governance documents and Delaware law may delay or prevent an acquisition of us that our other stockholders may consider favorable, which could decrease the value of your shares of Class A common stock

As long as Clear Channel Communications continues to own shares of our common stock representing more than 50% of the total voting power of our common stock, it will have the ability to control decisions regarding an acquisition of us by a third party. As a controlled company, we are exempt from some of the corporate governance requirements of the NYSE, including the requirement that our Board of Directors be comprised of a majority of independent directors. In addition, our amended and restated certificate of incorporation, bylaws and Delaware law contain provisions that could make it more difficult for a third party to acquire us without the consent of our Board of Directors. These provisions include restrictions on the ability of our stockholders to remove directors, supermajority voting requirements for stockholders to amend our organizational documents, restrictions on a classified board of directors and limitations on action by our stockholders by written consent. Some of these provisions, such as the limitation on stockholder action by written consent, only become effective once Clear Channel Communications no longer controls us. In addition, our Board of Directors has the right to issue preferred stock without stockholder approval, which could be used to dilute the stock ownership of a potential hostile acquirer. Delaware law also imposes certain restrictions on mergers and other business combinations between us and any holder of 15% or more of our outstanding voting stock. These restrictions under Delaware law do not apply to Clear Channel Communications while it retains at least 15% or more of our Class B common stock. Although we believe these provisions protect our stockholders from coercive or otherwise unfair takeover tactics and thereby provide for an opportunity to receive a higher bid by requiring potential acquirers to negotiate with our Board of Directors, these provisions apply even if the offer may be considered beneficial by some stockholders.

If Clear Channel Communications spins off our Class B common stock to the CC Media Holdings stockholders and such shares do not convert into Class A common stock upon a sale or other transfer subsequent to such distribution, the voting rights of our Class A common stock will continue to be disproportionately lower than the voting rights of our Class common stock

In connection with any distribution of shares of our Class B common stock to CC Media Holdings' common stockholders in a spin-off, Clear Channel Communications may elect in its sole discretion whether our Class B common stock so distributed will automatically convert into shares of Class A common stock upon a transfer or sale by the recipient subsequent to the spin-off or whether the Class B common stock will continue as Class B common stock after the distribution. In the event the Class B common stock does not convert into Class A common stock upon a sale or transfer subsequent to a spin-off, the voting rights of Class A common stock will continue to be disproportionately lower than the voting rights of our Class B common stock. Therefore, the holders of our Class B common stock will continue to be able to direct the election of all the members of our Board of Directors and exercise a controlling influence over our business and affairs.

An increase in the concentration of our stock ownership by Clear Channel Communications could depress the market price for shares of our Class A common stock

As a result of the significant concentration of our stock ownership, we have a relatively small public float compared to the number of our shares outstanding, which may adversely affect the trading price for our Class A common stock because investors may perceive disadvantages in owning stock in companies with controlling stockholders. On August 1, 2010, Clear Channel Communications, our indirect parent entity, announced a stock purchase program under which Clear Channel Communications or its subsidiaries may purchase up to an aggregate of \$100 million of our Class A common stock and/or the Class A common stock of CC Media Holdings, Inc. As of December 31, 2012, a subsidiary of Clear Channel Communications purchased 1,553,971 shares of our Class A common stock through open market purchases. Future stock purchases under this program would result in additional concentration of our stock ownership and further reduce our public float.

Future sales or distributions of our shares by Clear Channel Communications could depress the market price for shares of our Class A common stock

Clear Channel Communications may sell all or part of the shares of our common stock it owns or distribute those shares to the CC Media Holdings stockholders, including pursuant to demand registration rights described in the Registration Rights Agreement between us and Clear Channel Communications. Sales or distributions by Clear Channel Communications of substantial amounts of our common stock in the public market or to the CC Media Holdings stockholders could adversely affect prevailing market prices for our Class A common stock. Clear Channel Communications has advised us it currently intends to continue to hold all of our common stock it owns. However, Clear Channel Communications is not subject to any contractual obligation that would prohibit it from selling, spinning off, splitting off or otherwise disposing of any shares of our common stock. Consequently, we cannot assure you Clear Channel Communications will maintain its ownership of our common stock.

We currently do not pay regular dividends on our Class A common stock

Other than a special dividend paid by us on March 15, 2012, we have never paid dividends on our Class A common stock and are subject to restrictions on our ability to pay dividends should we seek to do so in the future. We are a holding company with no independent operations and no significant assets other than the stock of our subsidiaries. We therefore are dependent upon the receipt of dividends or other distributions from our subsidiaries to pay dividends. In addition, Clear Channel Worldwide Holdings, Inc.'s ("CCWH") senior note and CCWH's senior subordinated notes contain restrictions on our ability to pay dividends. If we elect not to pay dividends in the future or are prevented from doing so, the price of our Class A common stock must appreciate in order to realize a gain on your investment. This appreciation may not occur.

Risks Related to Our Indebtedness

We may not be able to generate sufficient cash to service all of our indebtedness and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful

We have a substantial amount of indebtedness. At December 31, 2012, we had \$4.9 billion of total indebtedness outstanding, including: (1) \$2.725 billion aggregate principal amount of CCWH's senior notes, which mature in November 2022; (2) \$2.2 billion aggregate principal amount of CCWH's senior subordinated notes, which mature in March 2020; and (3) \$27.1 million of other debt. This large amount of indebtedness could have negative consequences for us, including, without limitation:

- requiring us to dedicate a substantial portion of our cash flow to the payment of principal and interest on indebtedness, thereby reducing cash available for other purposes, including to fund operations and capital expenditures, invest in new technology and pursue other business opportunities;
- limiting our liquidity and operational flexibility and limiting our ability to obtain additional financing for working capital, capital expenditures, debt service requirements, acquisitions and general corporate or other purposes;
- limiting our ability to adjust to changing economic, business and competitive conditions;
- requiring us to defer planned capital expenditures, reduce discretionary spending, sell assets, restructure existing indebtedness or defer acquisitions or other strategic opportunities;
- limiting our ability to refinance any of our indebtedness or increasing the cost of any such financing in any downturn in our operating performance or decline in general economic conditions;
- making us more vulnerable to a downturn in our operating performance or a decline in general economic or industry conditions; and
- making us more susceptible to changes in credit ratings, which could impact our ability to obtain financing in the future and increase the cost of such financing.

If compliance with our debt obligations materially hinders our ability to operate our business and adapt to changing industry conditions, we may lose market share, our revenue may decline and our operating results may suffer.

Our ability to make scheduled payments on our debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay capital expenditures, sell assets or operations, seek additional capital or restructure or refinance our indebtedness. We may not be able to take any of these actions, and these actions may not be successful or permit us to meet our scheduled debt service obligations. Furthermore, these actions may not be permitted under the terms of our existing or future debt agreements.

Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and increase our debt service obligations and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. If we cannot make scheduled payments on our indebtedness we will be in default under one or more of our debt agreements and, as a result we could be forced into bankruptcy or liquidation.

Because we derive a substantial portion of operating income from our subsidiaries, our ability to repay our debt depends upon the performance of our subsidiaries and their ability to pay a dividend or distribute funds to us

We derive a substantial portion of operating income from our subsidiaries. As a result, our cash flow and the ability to service our indebtedness depend on the performance of our subsidiaries and the ability of those entities to distribute funds to us. We cannot assure you that our subsidiaries will be able to, or be permitted to, pay to us the amounts necessary to service our debt.

The documents governing our indebtedness and Clear Channel Communications' indebtedness contain restrictions that limit our flexibility in operating our business

Our material financing agreements and Clear Channel Communications' material financing agreements contain various covenants restricting, among other things, our ability to:

- make acquisitions or investments;
- make loans or otherwise extend credit to others;
- incur indebtedness or issue shares or guarantees;
- redeem, repurchase or retire our subordinated debt;
- create liens;
- enter into transactions with affiliates;
- sell, lease, transfer or dispose of assets;
- merge or consolidate with other companies; and
- make a substantial change to the general nature of our business.

These restrictions could affect our ability to operate our business and may limit our ability to react to market conditions or take advantage of potential business opportunities as they arise. For example, such restrictions could adversely affect our ability to finance our operations, make strategic acquisitions, investments or alliances, restructure our organization or finance our capital needs. Additionally, our ability to comply with these covenants and restrictions may be affected by events beyond our control. These include prevailing economic, financial and industry conditions. If we breach any of these covenants or restrictions, we could be in default under the agreements governing our indebtedness and, as a result, we would be forced into bankruptcy or liquidation.

Downgrades in our and Clear Channel Communications' credit ratings may adversely affect our borrowing costs, limit our financing options, reduce our flexibility under future financings and adversely affect our liquidity, and also may adversely impact our business operations

Our and Clear Channel Communications' corporate credit ratings by Standard & Poor's Ratings Services and Moody's Investors Service are speculative-grade and have been downgraded and upgraded at various times during the past several years. Any reductions in our and Clear Channel Communications' credit ratings could increase our borrowing costs, reduce the availability of financing to us or increase the cost of doing business or otherwise negatively impact our business operations.

Cautionary Statement Concerning Forward-Looking Statements

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements which represent our expectations or beliefs concerning future events, including, without limitation, our future operating and financial performance, our ability to comply with the covenants in the agreements governing our indebtedness and the availability of capital and the terms thereof. Statements expressing expectations and projections with respect to future matters are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We caution that these forward-looking statements involve a number of risks and uncertainties and are subject to many variables which could impact our future performance. These statements are made on the basis of management's views and assumptions, as of the time the statements are made, regarding future events and performance. There can be no assurance, however, that management's expectations will necessarily come to pass. Actual future events and performance may differ materially from the expectations reflected in our forward-looking statements. We do not intend, nor do we undertake any duty, to update any forward-looking statements.

A wide range of factors could materially affect future developments and performance, including but not limited to:

- risks associated with weak or uncertain global economic conditions and their impact on the capital markets;
- other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;
- industry conditions, including competition;
- the level of expenditures on advertising;
- legislative or regulatory requirements;
- fluctuations in operating costs;
- technological changes and innovations;
- changes in labor conditions and management;
- capital expenditure requirements;
- risks of doing business in foreign countries;
- fluctuations in exchange rates and currency values;
- the outcome of pending and future litigation;
- taxes and tax disputes;
- changes in interest rates;
- shifts in population and other demographics;
- access to capital markets and borrowed indebtedness;
- our ability to implement our business strategies;
- the risk that we may not be able to integrate the operations of acquired businesses successfully;
- the risk that our cost savings initiatives may not be entirely successful or that any cost savings achieved from those initiatives may not persist;
- the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;
- the need to allocate significant amounts of our cash flow to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;
- our relationship with Clear Channel Communications, including its ability to elect all of the members of our Board of Directors and its ability as our controlling stockholder to determine the outcome of matters submitted to our stockholders and certain additional matters governed by intercompany agreements between us;
- the impact of the above and similar factors on Clear Channel Communications, our primary direct or indirect external source of capital, which could have a significant need for capital in the future; and
- certain other factors set forth in our other filings with the Securities and Exchange Commission.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative and is not intended to be exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Our worldwide corporate headquarters is in San Antonio, Texas, where Clear Channel Communications owns an approximately 55,000 square foot executive office building and an approximately 123,000 square foot data and administrative service center. The headquarters of our Americas operations is in Phoenix, Arizona, and the headquarters of our International operations is in London, England. The types of properties required to support each of our outdoor advertising branches include offices, production facilities and structure sites. An outdoor branch and production facility is generally located in an industrial or warehouse district. In addition, certain of our executive offices are located in New York, New York.

With respect to each of the Americas and International segments, we primarily lease our outdoor display sites and own or have acquired permanent easements for relatively few parcels of real property that serve as the sites for our outdoor displays. Our leases generally range from month-to-month to year-to-year and can be for terms of 10 years or longer, and many provide for renewal options.

There is no significant concentration of displays under any one lease or subject to negotiation with any one landlord. We believe that an important part of our management activity is to negotiate suitable lease renewals and extensions. For additional information regarding our properties, see "Item 1. Business."

ITEM 3. LEGAL PROCEEDINGS

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of operations.

Although we are involved in a variety of legal proceedings in the ordinary course of business, a large portion of our litigation arises in the following contexts: commercial disputes; employment and benefits related claims; governmental fines; and tax disputes.

Brazil Litigation

On or about July 12, 2006 and April 12, 2007, two of our operating businesses (L&C Outdoor Ltda. ("L&C") and Publicidad Klimes São Paulo Ltda. ("Klimes"), respectively) in the São Paulo, Brazil market received notices of infraction from the state taxing authority, seeking to impose a value added tax ("VAT") on such businesses, retroactively for the period from December 31, 2001 through January 31, 2006. The taxing authority contends that these businesses fall within the definition of "communication services" and as such are subject to the VAT. L&C and Klimes filed separate petitions to challenge the imposition of this tax.

On August 8, 2011, Brazil's National Council of Fiscal Policy (CONFAZ) published a convenio authorizing sixteen states, including the State of São Paulo, to issue an amnesty that would reduce the principal amount of VAT allegedly owed and reduce or waive related interest and penalties. The State of São Paulo ratified the amnesty in late August 2011. On May 10, 2012, the State of São Paulo published an amnesty decree that mirrors the convenio. Klimes and L&C accepted the amnesty on May 24, 2012 by making the aggregate required payment of \$10.9 million, which was recorded as an expense in the second quarter of 2012. On that same day, Klimes and L&C filed petitions to discontinue the tax litigation based on the amnesty payments. We were notified in January 2013 that the petitions to discontinue the litigation were granted and the lawsuits filed by Klimes and L&C were dismissed effective June 1, 2012 and July 11, 2012, respectively.

Stockholder Litigation

Two derivative lawsuits were filed in March 2012 in Delaware Chancery Court by stockholders of the Company. The consolidated lawsuits are captioned *In re Clear Channel Outdoor Holdings, Inc. Derivative Litigation*, Consolidated Case No. 7315-CS. The complaints name as defendants certain of Clear Channel Communications' and the Company's current and former directors and Clear Channel Communications, as well as Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. The Company also is named as a nominal defendant. The complaints allege, among other things, that in December 2009 Clear Channel Communications breached fiduciary duties to the Company and its stockholders by allegedly requiring the Company to agree to amend the terms of a revolving promissory note payable by Clear Channel Communications to the Company to extend the maturity date of the note and to amend the interest rate payable on the note. According to the complaints, the terms of the amended promissory note were unfair to the Company because, among other things, the interest rate was below market. The complaints further allege that Clear Channel

Communications was unjustly enriched as a result of that transaction. The complaints also allege that the director defendants breached fiduciary duties to the Company in connection with that transaction and that the transaction constituted corporate waste. On April 4, 2012, the board of directors of the Company formed a special litigation committee consisting of independent directors (the "SLC") to review and investigate plaintiffs' claims and determine the course of action that serves the best interests of the Company and its stockholders. On June 20, 2012, the SLC filed a motion to stay the lawsuits for six months while it completes its review and investigation. In response, on June 27, 2012, plaintiffs filed a motion for an expedited trial, asking the Court to schedule a trial on the merits in October 2012. On July 23, 2012, the Court issued an order granting the motion to stay and denying the motion for an expedited trial. On January 23, 2013, the SLC filed a motion to extend the stay for thirty days, and on January 24, 2013, the Court granted that motion, extending the stay for thirty days from the date of the order.

Los Angeles Litigation

In 2008, Summit Media, LLC, one of our competitors, sued the City of Los Angeles, Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a Stipulated Judgment that had been entered into in November 2006 among the parties. Pursuant to the Stipulated Judgment, Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays pursuant to modernization permits issued through an administrative process of the City. The Los Angeles Superior Court ruled in January 2010 that the Stipulated Judgment constituted an ultra vires act of the City and nullified its existence but did not invalidate the modernization permits issued to Clear Channel Outdoor, Inc. and CBS. All parties appealed the ruling by the Los Angeles Superior Court to Court of Appeal of the State of California, Second Appellate District, Division 8. At an October 30, 2012 oral argument by the parties, the California Court of Appeal read a preliminary ruling from the bench prior to the argument indicating it would uphold the Los Angeles Superior Court's finding that the Stipulated Judgment was ultra vires and would remand the case to the Los Angeles Superior Court for the purpose of invalidating the permits issued to Clear Channel Outdoor, Inc. and CBS for the digital displays that were the subject of the Stipulated Judgment. The Court of Appeal issued its written ruling in this matter on December 10, 2012, consistent with its October 30, 2012 preliminary ruling. Clear Channel Outdoor, Inc. filed a motion for rehearing on December 26, 2012. The Court of Appeal denied the motion for rehearing. On January 22, 2013, Clear Channel Outdoor, Inc. filed a petition with the California Supreme Court requesting its review of the matter.

ITEM 4. MINE SAFETY DISCLOSURES

Not Applicable.

EXECUTIVE OFFICERS OF THE REGISTRANT

The following information with respect to our executive officers is presented as of February 19, 2013:

Name	Age	Position
Robert W. Pittman	59	Executive Chairman and Director
C. William Eccleshare	57	Chief Executive Officer
Jonathan D. Bevan	41	Managing Director and Chief Operating Officer—Clear Channel International
Thomas W. Casey	50	Executive Vice President and Chief Financial Officer
Suzanne M. Grimes	54	President and Chief Operating Officer—United States and Canada
Scott D. Hamilton	43	Senior Vice President, Chief Accounting Officer and Assistant Secretary
Franklin G. Sisson, Jr.	60	Chief Revenue Officer
Robert H. Walls, Jr.	52	Executive Vice President, General Counsel and Secretary

The officers named above serve until their respective successors are elected and qualified, in each case unless the officer sooner dies, resigns or is removed.

Robert W. Pittman was appointed as Chief Executive Officer and a director of CC Media Holdings, Inc. and Clear Channel Communications, Inc. and as Executive Chairman and a director of Clear Channel Outdoor Holdings, Inc. on October 2, 2011. Prior thereto, Mr. Pittman served as Chairman of Media and Entertainment Platforms for CC Media Holdings, Inc. and Clear Channel Communications, Inc. since November 2010. He has been a member of, and an investor in, Pilot Group, a private equity investment company, since April 2003. Mr. Pittman was formerly Chief Operating Officer of AOL Time Warner, Inc. from May 2002 to July 2002. He also served as Co-Chief Operating Officer of AOL Time Warner, Inc. from January 2001 to May 2002, and earlier, as President and Chief Operating Officer of America Online, Inc. from February 1998 to January 2001. Mr. Pittman serves on the boards of numerous charitable organizations, including the Alliance for Lupus Research, the New York City Ballet, the Rock and Roll Hall of Fame Foundation and the Robin Hood Foundation, where he has served as past Chairman.

C. William Eccleshare was appointed as our Chief Executive Officer and as Chief Executive Officer—Outdoor of CC Media Holdings, Inc. and Clear Channel Communication Inc. on January 24, 2012. Prior thereto, he served as our Chief Executive Officer—International since September 1, 2009. He also served as Chief Executive Officer—Clear Channel Outdoor—International of CC Media Holdings, Inc. and Clear Channel Communications, Inc. from February 17, 2011 until January 24, 2012. Previously, he was Chairman and CEO of BBDO EMEA from 2005 to 2009. Prior thereto, he was Chairman and CEO of Young & Rubicam EMEA since 2002.

Jonathan D. Bevan was appointed as our Managing Director and Chief Operating Officer — Clear Channel International on February 1, 2012. Prior thereto, he served as our Chief Operating Officer — International since October 2009. He served as our Chief Financial Officer — International and Director of Corporate Development from November 2006 to November 2009. Prior thereto, he served as our Chief Financial Officer — International from January 2006 to November 2006.

Thomas W. Casey was appointed as our Executive Vice President and Chief Financial Officer, and as Executive Vice President and Chief Financial Officer of CC Media Holdings, Inc. and Clear Channel Communications, Inc., effective as of January 4, 2010. On March 31, 2011, Mr. Casey was appointed to serve in the newly-created Office of the Chief Executive Officer of Clear Channel Outdoor Holdings, Inc., Clear Channel Communications, Inc. and CC Media Holdings, Inc., in addition to his existing offices. Mr. Casey served in the Office of the Chief Executive Officer of Clear Channel Communications, Inc. and CC Media Holdings, Inc. until October 2, 2011, and served in the Office of the Chief Executive Office of Clear Channel Outdoor Holdings, Inc. until January 24, 2012. Prior to January 4, 2010, Mr. Casey served as Executive Vice President and Chief Financial Officer of Washington Mutual, Inc. from November 2002 until September 2008. Washington Mutual, Inc. filed for protection under Chapter 11 of the United States Bankruptcy Code in September 2008. Prior to November 2002, Mr. Casey served as Vice President of General Electric Company and Senior Vice President and Chief Financial Officer of GE Financial Assurance since 1999.

Suzanne M. Grimes was appointed as our President and Chief Operating Officer—United States and Canada, effective January 1, 2013. Prior to her appointment as our President and Chief Operating Officer—United States and Canada, Ms. Grimes served as President, U.S. Lifestyle Communities, Canada and India for Reader's Digest Association from 2007 until June 2011. Earlier, at Conde Nast, Ms. Grimes was Senior Vice President, Corporate Sales from 2004 until 2007, and served as publisher of Women's Sports & Fitness, Allure and Glamour magazines between 1997 and 2004.

Scott D. Hamilton was appointed as our Senior Vice President, Chief Accounting Officer and Assistant Secretary, and as Senior Vice President, Chief Accounting Officer and Assistant Secretary of CC Media Holdings, Inc. and Clear Channel Communications, Inc., on April 26, 2010. Previously, Mr. Hamilton served as Controller and Chief Accounting Officer of Avaya Inc. ("Avaya"), a multinational telecommunications company, from October 2008 to April 2010. Prior thereto, Mr. Hamilton served in various accounting and finance positions at Avaya, beginning in October 2004. Prior thereto, Mr. Hamilton was employed by PricewaterhouseCoopers from September 1992 until September 2004.

Franklin G. Sisson, Jr. was appointed Chief Revenue Officer on February 1, 2012. Prior thereto, he served as our Executive Vice President — Sales and Marketing since 2001.

Robert H. Walls, Jr. was appointed as our Executive Vice President, General Counsel and Secretary, and as Executive Vice President, General Counsel and Secretary of CC Media Holdings, Inc. and Clear Channel Communications, Inc., on January 1, 2010. On March 31, 2011, Mr. Walls was appointed to serve in the newly-created Office of the Chief Executive Officer of Clear Channel Outdoor Holdings, Inc., Clear Channel Communications, Inc. and CC Media Holdings, Inc., in addition to his existing offices. Mr. Walls served in the Office of the Chief Executive Officer of Clear Channel Communications, Inc. and CC Media Holdings, Inc. until October 2, 2011, and served in the Office of the Chief Executive Office of Clear Channel Outdoor Holdings, Inc. until January 24, 2012. Mr. Walls was a founding partner of Post Oak Energy Capital, LP and served as Managing Director through December 31, 2009, and remains an advisor to and a partner of Post Oak Energy Capital, LP.

PART II

ITEM 5. MARKET FOR REGISTRANT’S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information

Our Class A common stock trades on the New York Stock Exchange (“NYSE”) under the symbol “CCO.” There were 79 shareholders of record as of January 31, 2013. This figure does not include an estimate of the indeterminate number of beneficial holders whose shares may be held of record by brokerage firms and clearing agencies. The following table sets forth, for the calendar quarters indicated, the reported high and low sales prices of our Class A common stock as reported on the NYSE:

	Class A Common Stock Market Price			Class A Common Stock Market Price	
	High	Low		High	Low
2012			2011		
First Quarter.....	14.88	7.76	First Quarter.....	\$15.47	\$12.80
Second Quarter.....	8.41	5.90	Second Quarter.....	15.38	12.70
Third Quarter.....	6.16	4.48	Third Quarter.....	13.67	9.31
Fourth Quarter.....	7.21	5.61	Fourth Quarter.....	12.60	8.66

There is no established public trading market for our Class B common Stock. There were 315,000,000 Class B common shares outstanding on January 31, 2013. Clear Channel Communications indirectly holds all of the shares of Class B common stock outstanding, representing approximately 89% of the shares outstanding and approximately 99% of the voting power. The holders of our Class A common stock and Class B common stock have identical rights, except holders of our Class A common stock are entitled to one vote per share while holders of Class B common stock are entitled to 20 votes per share. The Class B shares of common stock are convertible, at the option of the holder at any time or upon any transfer, into shares of Class A common stock on a one-for-one basis, subject to certain limited exceptions.

Dividend Policy

On March 15, 2012, we paid a special dividend in an amount equal to \$6.0832 per share to the holders of record of our Class A and Class B common stock at the close of business on March 12, 2012. Other than the special dividend paid by us on March 15, 2012, we have never paid dividends on our common stock and our ability to pay dividends on our common stock is subject to restrictions should we seek to do so in the future. We are a holding company with no independent operations and no significant assets other than the stock of our subsidiaries. We, therefore, are dependent on the receipt of dividends or other distributions from our subsidiaries to pay dividends. In addition, the indentures governing our senior notes and our senior subordinated notes contain restrictions on our ability to pay dividends. If we were to declare and pay cash dividends in the future, holders of our Class A common stock and Class B common stock would share equally, on a per share basis, in any such cash dividend. See “Management’s Discussion and Analysis of Financial Condition and Results Operations—Liquidity and Capital Resources—Sources of Capital” and Note 6 to the Consolidated Financial Statements.

Sales of Unregistered Securities

We did not sell any equity securities during 2012 that were not registered under the Securities Act of 1933.

Purchases of Equity Securities

The following table sets forth the purchases made during the quarter ended December 31, 2012 by us or on our behalf or by or on behalf of an affiliated purchaser of shares of our Class A common stock registered pursuant to Section 12 of the Exchange Act:

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plans or Programs
October 1 through October 31	-	-	-	(1)
November 1 through November 30	-	-	-	(1)
December 1 through December 31	-	-	-	(1)
Total	-	\$ -	-	\$ 82,934,423 (1)

- (1) On August 9, 2010, Clear Channel Communications, the Company's indirect parent entity, announced that its board of directors approved a stock purchase program under which Clear Channel Communications or its subsidiaries may purchase up to an aggregate of \$100 million of the Class A common stock of the Company and/or the Class A common stock of CC Media Holdings, the indirect parent entity of Clear Channel Communications. No shares of the Company's Class A common stock or CC Media Holdings' Class A common stock were purchased under the stock purchase program during the quarter ended December 31, 2012. During 2011, a subsidiary of Clear Channel Communications purchased \$16,372,610 of the Class A common stock of the Company (1,553,971 shares) in open market purchases. During the quarter ended June 30, 2012, a subsidiary of Clear Channel Communications purchased \$692,887 of the Class A common stock of CC Media Holdings (111,291 shares) under the stock purchase program. As a result of these purchases of shares of the Class A common stock of CC Media Holdings and the Class A common stock of the Company, an aggregate of \$82,934,423 remains available under the stock purchase program to purchase the Class A common stock of CC Media Holdings and/or the Class A common stock of the Company. The stock purchase program does not have a fixed expiration date and may be modified, suspended or terminated at any time at Clear Channel Communications' discretion.

ITEM 6. SELECTED FINANCIAL DATA

The following tables set forth our summary historical consolidated financial and other data as of the dates and for the periods indicated. The summary historical financial data are derived from our audited consolidated financial statements. Certain prior period amounts have been reclassified to conform to the 2012 presentation. Historical results are not necessarily indicative of the results to be expected for future periods. Acquisitions and dispositions impact the comparability of the historical consolidated financial data reflected in this schedule of Selected Financial Data.

The summary historical consolidated financial and other data should be read in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and our consolidated financial statements and the related notes thereto located within Item 8 of Part II of this Annual Report on Form 10-K. The statement of operations for the year ended December 31, 2008 is comprised of two periods: post-merger and pre-merger. We applied purchase accounting adjustments to the opening balance sheet on July 31, 2008 as the merger occurred at the close of business on July 30, 2008. The merger resulted in a new basis of accounting beginning on July 31, 2008.

- (1) We recorded non-cash impairment charges of \$37.7 million, \$7.6 million and \$11.5 million during 2012, 2011 and 2010, respectively. We also recorded non-cash impairment charges of \$890.7 million in 2009 and \$3.2 billion in 2008 as a result of the global economic downturn which adversely affected advertising revenues across our businesses. Our impairment charges are discussed more fully in Item 8 of Part II of this Annual Report on Form 10-K.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

Clear Channel Communications' Merger

On July 30, 2008, Clear Channel Communications, Inc. ("Clear Channel Communications"), our parent company, completed its merger with a subsidiary of CC Media Holding Inc. ("CC Media Holdings"), a company formed by a group of private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the "Sponsors"). Clear Channel Communications is now owned indirectly by CC Media Holdings. The merger was accounted for as a purchase business combination in conformity with Statement of Financial Accounting Standards No. 141, Business Combinations, and Emerging Issues Task Force Issue 88-16, Basis in Leveraged Buyout Transactions. ASC 805-50-S99-1 requires the application of push down accounting in situations where the ownership of an entity has changed. As a result, the post-merger financial statements reflect a new basis of accounting. A portion of the consideration paid was allocated to the assets and liabilities acquired at their respective fair values at July 30, 2008. The remaining portion was recorded at the continuing shareholders basis, due to the fact that certain shares of Clear Channel Communications were exchanged for shares of CC Media Holdings' Class A common stock. Excess consideration after this allocation was recorded as goodwill.

Format of Presentation

Management's discussion and analysis of our financial condition and results of operations ("MD&A") should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. Our reportable operating segments are Americas outdoor advertising ("Americas") and International outdoor advertising ("International"). Our Americas and International segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types.

During the first quarter of 2012, and in connection with the appointment of our new chief executive officer, we reevaluated our segment reporting and determined that our Latin American operations were more appropriately aligned within the operations of our International segment. As a result, the operations of Latin America are no longer reflected within our Americas segment and are currently included in the results of our International segment. Accordingly, we have recast the corresponding segment disclosures for prior periods.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Impairment charges, Other operating income (expense) - net, Interest expense, Interest income on Due from Clear Channel Communications, Loss on marketable securities, Equity in earnings (loss) of nonconsolidated affiliates, Loss on extinguishment of debt, Other income (expense) - net and Income tax benefit (expense) are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Certain prior period amounts have been reclassified to conform to the 2012 presentation.

Description of Our Business

Our revenue is derived from selling advertising space on the displays we own or operate in key markets worldwide, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as alternatives to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets, both domestically and internationally.

We own the majority of our advertising displays, which typically are located on sites that we either lease or own or for which we have acquired permanent easements. Our advertising contracts with clients typically outline the number of displays reserved, the duration of the advertising campaign and the unit price per display.

Management typically monitors our business by reviewing the average rates, average revenue per display, or yield, occupancy, and inventory levels of each of our display types by market.

The significant expenses associated with our operations include (i) direct production, maintenance and installation expenses, (ii) site lease expenses for land under our displays and (iii) revenue-sharing or minimum guaranteed amounts payable under our billboard, street furniture and transit display contracts. Our direct production, maintenance and installation expenses include costs for printing, transporting and changing the advertising copy on our displays, the related labor costs, the vinyl and paper costs, electricity costs and the costs for cleaning and maintaining our displays. Vinyl and paper costs vary according to the complexity of the

advertising copy and the quantity of displays. Our site lease expenses include lease payments for use of the land under our displays, as well as any revenue-sharing arrangements or minimum guaranteed amounts payable that we may have with the landlords. The terms of our site leases and revenue-sharing or minimum guaranteed contracts generally range from one to 20 years.

Americas

Our advertising rates are based on a number of different factors including location, competition, type and size of display, illumination, market and gross ratings points. Gross ratings points are the total number of impressions delivered by a display or group of displays, expressed as a percentage of a market population. The number of impressions delivered by display is measured by the number of people passing the site during a defined period of time. For all of our billboards in the United States, we use independent, third-party auditing companies to verify the number of impressions delivered by a display.

Client contract terms typically range from four weeks to one year for the majority of our display inventory in the United States. Generally, we own the street furniture structure and are responsible for their construction and maintenance. Contracts for the right to place our street furniture and transit displays and sell advertising space on them are awarded by municipal and transit authorities in competitive bidding processes governed by local law or are negotiated with private transit operators. Generally, these contracts have terms ranging from 10 to 20 years.

International

Similar to our Americas business, advertising rates generally are based on the gross ratings points of a display or group of displays. The number of impressions delivered by a display, in some countries, is weighted to account for such factors as illumination, proximity to other displays and the speed and viewing angle of approaching traffic. In addition, because our International outdoor advertising operations are conducted in foreign markets, including Europe, Asia and Latin America, management reviews the operating results from our foreign operations on a constant dollar basis. A constant dollar basis allows for comparison of operations independent of foreign exchange movements.

Our International display inventory is typically sold to clients through network packages, with client contract terms typically ranging from one to two weeks with terms of up to one year available as well. Internationally, contracts with municipal and transit authorities for the right to place our street furniture and transit displays typically provide for terms ranging from three to 15 years. The major difference between our International and Americas street furniture businesses is in the nature of the municipal contracts. In our International outdoor business, these contracts typically require us to provide the municipality with a broader range of metropolitan amenities in exchange for which we are authorized to sell advertising space on certain sections of the structures we erect in the public domain. A different regulatory environment for billboards and competitive bidding for street furniture and transit display contracts, which constitute a larger portion of our business internationally, may result in higher site lease costs in our International business. As a result, our margins are typically lower in our International business than in our Americas outdoor business.

Macroeconomic Indicators

Our advertising revenue for our Americas and International segments is highly correlated to changes in gross domestic product ("GDP") as advertising spending has historically trended in line with GDP. According to the U.S. Department of Commerce, estimated U.S. GDP growth for 2012 was 2.2%. Internationally, our results are impacted by fluctuations in foreign currency exchange rates as well as the economic conditions in the foreign markets in which we have operations.

Executive Summary

The key highlights of our business for the year ended December 31, 2012 are summarized below:

- Consolidated revenue for 2012 decreased \$56.9 million including the impact of negative foreign exchange movements of \$79.3 million during 2012 compared to 2011. Excluding foreign exchange impacts, consolidated revenue increased \$22.4 million compared to 2011.
- Americas revenue for 2012 increased \$26.5 million compared to 2011 due to continued deployment of digital bulletins. During 2012, we deployed 178 digital displays in the United States bringing the total number of digital bulletins in the United States above 1,000.
- International revenue for 2012 decreased \$83.5 million including the impact of negative foreign exchange movements of \$78.9 million compared to 2011. Excluding foreign exchange impacts, revenue decreased \$4.6 million over the prior year. The strengthening of the dollar significantly contributed to the revenue decline in our International business. Growth in Asia and Latin America was offset by the weakened macroeconomic conditions in Europe, which had a negative impact on our operations.

- During 2012, we spent \$44.0 million on strategic revenue and cost-saving initiatives to realign and improve our on-going business operations. This represented an increase of \$27.1 million over 2011.
- During 2012, our wholly-owned subsidiary, Clear Channel Worldwide Holdings, Inc. (“CCWH”), issued \$275.0 million aggregate principal amount of 7.625% Series A Senior Subordinated Notes due 2020 (the “Series A CCWH Subordinated Notes”) and \$1,925.0 million aggregate principal amount of 7.625% Series B Senior Subordinated Notes due 2020 (the “Series B CCWH Subordinated Notes”) and, together with the Series A CCWH Subordinated Notes, the “CCWH Subordinated Notes”) and in connection therewith, we declared a special cash dividend equal to \$2,170.4 million. Please refer to the “CCWH Senior Subordinated Notes” section within this MD&A for further discussion of the CCWH Subordinated Notes offering, including the use of the proceeds.
- During 2012, CCWH issued \$735.75 million aggregate principal amount of 6.50% Series A Senior Notes due 2022 (the “Series A CCWH Senior Notes”), which were issued at an issue price of 99.0% of par, and \$1,989.25 million aggregate principal amount of 6.50% Series B Senior Notes due 2022, which were issued at par (the “Series B CCWH Senior Notes”) and, together with the Series A CCWH Senior Notes, the “CCWH Senior Notes”). CCWH used the net proceeds from the offering of the CCWH Senior Notes, together with cash on hand, to fund the tender offer for and redemption of CCWH’s existing 9.25% Series A Senior Notes due 2017 and its existing 9.25% Series B Senior Notes due 2017 (together, the “Existing CCWH Senior Notes”). A tender premium of \$128.3 million and a call premium of \$53.8 million were recognized as expense in the fourth quarter of 2012 resulting from the repurchase of the Existing CCWH Senior Notes.

The key highlights of our business for the year ended December 31, 2011 are summarized below:

- Consolidated revenue increased \$205.9 million during 2011 including positive foreign exchange movements of \$87.1 million compared to 2010.
- Americas revenue increased \$35.8 million during 2011 compared to 2010, driven by revenue growth across our bulletin, airport and shelter displays, particularly digital displays. During 2011, we deployed 242 digital displays in the United States, compared to 158 during 2010.
- International revenue increased \$170.1 million during 2011 compared to 2010, primarily as a result of increased street furniture revenues and the effects of movements in foreign exchange. The weakening of the U.S. Dollar throughout 2011 significantly contributed to revenue growth in our International business. The revenue increase attributable to movements in foreign exchange was \$84.5 million for 2011.

Relationship with Clear Channel Communications

There are several agreements which govern our relationship with Clear Channel Communications including the Master Agreement, Corporate Services Agreement, Employee Matters Agreement and Tax Matters Agreement. Clear Channel Communications has the right to terminate these agreements in various circumstances. As of the date of the filing of this Annual Report on Form 10-K, no notice of termination of any of these agreements has been received from Clear Channel Communications. Our agreements with Clear Channel Communications continue under the same terms and conditions subsequent to Clear Channel Communications’ merger.

In accordance with the Master Agreement, our branch managers follow a corporate policy allowing Clear Channel Communications to use, without charge, Americas’ displays they believe would otherwise be unsold. Our sales personnel receive partial revenue credit for that usage for compensation purposes. This partial revenue credit is not included in our reported revenue. Clear Channel Communications bears the cost of producing the advertising and we bear the costs of installing and removing this advertising. In 2012, we estimated that discounted revenue would have been less than 1% of our Americas revenue.

Under the Corporate Services Agreement, Clear Channel Communications provides management services to us. These services are charged to us based on actual direct costs incurred or allocated by Clear Channel Communications based on headcount, revenue or other factors on a pro rata basis. For the years ended December 31, 2012, 2011 and 2010, we recorded approximately \$35.9 million, \$26.4 million, and \$38.1 million, respectively, as a component of corporate expenses for these services.

On August 9, 2010, Clear Channel Communications announced that its board of directors approved a stock purchase program under which Clear Channel Communications or its subsidiaries may purchase up to an aggregate of \$100 million of our Class A common stock and/or the Class A common stock of CC Media Holdings. During 2011, a subsidiary of Clear Channel Communications purchased \$16.4 million of our Class A common stock (1,553,971 shares) through open market purchases. During 2012, a subsidiary of Clear Channel Communications purchased \$692,887 of the Class A common stock of CC Media Holdings, leaving an aggregate of \$82.9 million available under the stock purchase program to purchase the Class A common stock of CC Media

Holdings and/or our Class A common stock. The stock purchase program does not have a fixed expiration date and may be modified, suspended or terminated at any time at Clear Channel Communications' discretion.

RESULTS OF OPERATIONS

Consolidated Results of Operations

The comparison of our historical results of operations for the year ended December 31, 2012 to the year ended December 31, 2011 is as follows:

<i>(In thousands)</i>	Years Ended December 31,		% Change
	2012	2011	
Revenue	\$ 2,946,944	\$ 3,003,874	(2%)
Operating expenses:			
Direct operating expenses (excludes depreciation and amortization)	1,611,262	1,638,801	(2%)
Selling, general and administrative expenses (excludes depreciation and amortization)	577,296	540,872	7%
Corporate expenses (excludes depreciation and amortization)	105,428	90,205	17%
Depreciation and amortization	399,264	432,035	(8%)
Impairment charges	37,651	7,614	394%
Other operating income – net	50,943	8,591	493%
Operating income	266,986	302,938	(12%)
Interest expense	373,876	242,435	
Interest income on Due from Clear Channel Communications	63,761	45,459	
Loss on marketable securities	(2,578)	(4,827)	
Equity in earnings of nonconsolidated affiliates	843	6,029	
Loss on extinguishment of debt	(221,071)	-	
Other expense – net	(364)	(649)	
Income (loss) before income taxes	(266,299)	106,515	
Income tax (expense) benefit	107,089	(43,296)	
Consolidated net income (loss)	(159,210)	63,219	
Less amount attributable to noncontrolling interest	23,902	20,273	
Net income (loss) attributable to the Company	\$ (183,112)	\$ 42,946	

Consolidated Revenue

Our consolidated revenue decreased \$56.9 million including the impact of negative movements in foreign exchange of \$79.3 million compared to 2011. Excluding the impact of foreign exchange movements, revenue increased \$22.4 million. Americas revenue increased \$26.5 million, driven primarily by bulletin revenue growth as a result of our continued deployment of new digital displays during 2012 and 2011 and revenue growth from our airports business. International revenue decreased \$83.5 million including the impact of negative movements in foreign exchange of \$78.9 million compared to 2011. Excluding the impact of foreign exchange movements, International revenue decreased \$4.6 million. Declines in certain countries as a result of weakened macroeconomic conditions and our divestiture of our international neon business during the third quarter of 2012 were partially offset by growth in street furniture and billboard revenue in other countries.

Consolidated Direct Operating Expenses

Direct operating expenses decreased \$27.5 million including a \$49.7 million decline due to the effects of movements in foreign exchange compared to 2011. Americas direct operating expenses increased \$14.9 million, primarily due to increased site lease expense associated with our continued development of digital displays and growth from our airports business. Direct operating expenses in our International segment decreased \$42.4 million including a \$49.4 million decline due to the effects of movements in

foreign exchange. The increase in expense excluding the impact of movements in foreign exchange was primarily driven by higher site lease and other expenses as a result of new contracts. These increases were partially offset by lower variable costs in countries where revenues have declined and the impact of the divestiture of our international neon business.

Consolidated Selling, General and Administrative (“SG&A”) Expenses

SG&A expenses increased \$36.4 million including a decrease of \$21.7 million due to the effects of movements in foreign exchange compared to 2011. Americas increased \$11.7 million primarily due to increased personnel costs resulting from increased revenue in addition to increases in costs associated with strategic revenue and cost initiatives. International SG&A expenses increased \$24.8 million including a \$21.6 million decline due to the effects of movements in foreign exchange. The increase was primarily due to \$22.7 million of expense related to the negative impact of litigation in Latin America discussed further in Item 3 of Part I of this Annual Report on Form 10-K. Also contributing to the increase was a \$1.2 million increase in expenses related to strategic revenue and cost initiatives.

Corporate Expenses

Corporate expenses increased \$15.2 million during 2012 compared to 2011. This increase was primarily driven by \$10.1 million more in corporate strategic revenue and cost initiatives compared to the prior year as well as \$5.3 million in expenses related to the stockholder litigation discussed further in Item 3 of Part I of this Annual Report on Form 10-K.

Revenue and Cost Initiatives

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$44.0 million incurred in connection with our strategic revenue and cost initiatives. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consulting expenses, consolidation of locations and positions, severance related to workforce initiatives and other costs incurred in connection with streamlining our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized. Of these costs, \$6.4 million are reported within direct operating expenses, \$27.5 million are reported within SG&A and \$10.1 million are reported within corporate expenses. In 2011, such costs totaled \$16.9 million for SG&A expenses. There were no such expenses reported in direct operating expenses or corporate expenses in 2011.

Depreciation and Amortization

Depreciation and amortization decreased \$32.8 million during 2012 compared to 2011, primarily due to various assets becoming fully depreciated in 2011. In addition, movements in foreign exchange contributed a decrease of \$9.3 million during 2012.

Impairment Charges

We performed our annual impairment test on October 1, 2012 on our goodwill, billboard permits and other intangible assets and recorded impairment charges of \$37.7 million. We also performed our annual impairment test on October 1, 2011 and recorded impairment charges of \$7.6 million. During 2012, we recognized a \$35.9 million impairment charge in our Americas segment related to declines in estimated fair values of certain markets' billboard permits. Please see Note 2 to the consolidated financial statements included in Item 8 of Part II of this Annual Report on Form 10-K for a further description of the impairment charges.

Other Operating Income – Net

Other operating income of \$50.9 million in 2012 primarily related to the gain on the sale of our international neon business in the third quarter of 2012.

Other operating income of \$8.6 million in 2011 primarily related to proceeds received from condemnations of bulletins.

Interest Expense

Interest expense increased \$131.4 million during 2012 compared to 2011 primarily as a result of the issuance of the CCWH Subordinated Notes during the first quarter of 2012.

Interest Income on Due From Clear Channel Communications

Interest income increased \$18.3 million during 2012 compared to 2011 due to the increase in the Due from Clear Channel Communications during 2012. In connection with the issuance of the CCWH Senior Notes during the fourth quarter of 2012 described elsewhere in this MD&A, the interest rate on the revolving promissory notes with Clear Channel Communications (recorded

as Due from/to Clear Channel Communications account on the consolidated balance sheets) changed automatically to equal the interest rate on the CCWH Senior Notes, which bear interest at a fixed rate of 6.5% per annum.

Loss on Marketable Securities

The loss on marketable securities of \$2.6 million and \$4.8 million during 2012 and 2011, respectively, primarily related to the impairment of our investment in Independent News & Media PLC (“INM”) during 2012 and 2011. The fair value of INM was below cost for an extended period of time. As a result, we considered the guidance in ASC 320-10-S99 and reviewed the length of the time and the extent to which the market value was less than cost, the financial condition and the near-term prospects of the issuer. After this assessment, we concluded that the impairment at each date was other than temporary and recorded non-cash impairment charges to our investment in INM, as noted above.

Equity in Earnings of Nonconsolidated Affiliates

Equity in earnings of nonconsolidated affiliates of \$0.8 million and \$6.0 million for 2012 and 2011, respectively, included earnings from our equity investments in our International segment.

Loss on Extinguishment of Debt

In connection with the refinancing of the Existing CCWH Senior Notes with an interest rate of 9.25% for the CCWH Senior Notes with a stated interest rate of 6.5% during the fourth quarter of 2012, CCWH paid existing note holders a tender premium of 107.4% of face value on the \$1,724.7 million of Existing CCWH Senior Notes that were tendered in the tender offer and a call premium of 106.9% on the \$775.3 million of Existing CCWH Senior Notes that were redeemed following the tender offer. The tender premium of \$128.3 million and the call premium of \$53.8 million are included in the loss on extinguishment of debt. In addition, we recognized a loss of \$39.0 million due to the write-off of deferred loan costs in connection with the call of the Existing CCWH Senior Notes.

Other Expense – Net

Other expense recorded for 2012 and 2011 primarily related to foreign exchange transaction gains/losses on short-term intercompany accounts.

Income Tax (Expense) Benefit

Our operations are included in a consolidated income tax return filed by Clear Channel Communications for pre-merger periods and CC Media Holdings for post-merger periods. However, for our financial statements, our provision for income taxes was computed as if we file separate consolidated Federal income tax returns with our subsidiaries.

The effective tax rate for 2012 was 40.2%, primarily impacted by the disposition of certain foreign subsidiaries that resulted in financial reporting gains that were not taxed in foreign jurisdictions. In addition, we recorded tax benefits in certain foreign jurisdictions for net operating losses that we expect to utilize in future periods.

Our effective tax rate for 2011 was 40.6%, primarily impacted by our inability to benefit losses in certain foreign jurisdictions as well as additional tax expense recorded for interest on uncertain tax positions. The effects of the items mentioned above were partially offset by a reduction in tax expense recorded during 2011 related to the settlement of U.S. Federal and state tax examinations during the year.

Americas Results of Operations

Our Americas operating results were as follows:

<i>(In thousands)</i>	Years Ended December 31,		% Change
	2012	2011	
Revenue	\$ 1,279,257	\$ 1,252,725	2%
Direct operating expenses	586,666	571,779	3%
SG&A expenses	212,794	201,124	6%
Depreciation and amortization	192,023	211,056	(9%)
Operating income	\$ 287,774	\$ 268,766	7%

Americas revenue increased \$26.5 million during 2012 compared to 2011, primarily driven by revenue growth from our digital bulletins and from our airports business. We deployed an additional 178 digital bulletins during 2012 bringing our total to more than 1,000 digital bulletins in service. The revenue growth resulting from our increased digital bulletin capacity was partially offset by declines in our traditional bulletin and poster revenues. Our airport revenues grew primarily as a result of higher average rates and increased occupancy by customers of our largest U.S. airports.

Direct operating expenses increased \$14.9 million due to increased site lease expense as a result of our continued deployment of digital displays and growth of our airport revenue. SG&A expenses increased \$11.7 million, primarily as a result of higher personnel costs of \$6.6 million associated with the increase in revenue generating headcount and commissions and bonuses related to increased revenue, as well as \$3.1 million in connection with legal and other expenses related to billboard permitting issues. In addition, included in our 2012 SG&A expenses are revenue and cost initiatives of \$13.6 million, which represents an increase of \$9.4 million, compared to 2011. These increases are partially offset by a favorable court ruling resulting in a \$7.8 million decrease in expenses.

Depreciation and amortization decreased \$19.0 million, primarily due to increases in 2011 for accelerated depreciation and amortization related to the removal of various structures, including the removal of traditional billboards in connection with the continued deployment of digital billboards.

International Advertising Results of Operations

Our International operating results were as follows:

<i>(In thousands)</i>	Years Ended December 31,		% Change
	2012	2011	
Revenue	\$ 1,667,687	\$ 1,751,149	(5%)
Direct operating expenses	1,024,596	1,067,022	(4%)
SG&A expenses	364,502	339,748	7%
Depreciation and amortization	205,258	219,908	(7%)
Operating income	\$ 73,331	\$ 124,471	(41%)

International revenue decreased \$83.5 million during 2012 compared to 2011, including \$78.9 million of negative movements in foreign exchange. Excluding the impact of movements in foreign exchange, revenues declined in certain geographies as a result of weakened macroeconomic conditions, particularly in France, southern Europe and the Nordic countries, as well as the impact of \$15.1 million due to the divestiture of our international neon business during the third quarter of 2012. These decreases were partially offset by countries including Australia, China and Mexico where economic conditions were stronger, and in the United Kingdom which benefited from the 2012 Summer Olympics in London. These and other countries experienced increased revenues, primarily related to our shelters, street furniture, equipment sales and billboard businesses. New contracts won during 2011 helped drive revenue growth.

Direct operating expenses decreased \$42.4 million, attributable to a \$49.4 million decrease from movements in foreign exchange. The increase in expenses excluding the impact of foreign exchange was primarily due to higher site lease expense of \$12.5 million associated with new contracts, partially offset by lower site lease expenses in those markets where revenue declined as a result of weakened macroeconomic conditions. The divestiture of our international neon business resulted in a \$9.0 million decline in direct operating expenses. SG&A expenses increased \$24.8 million including a \$21.6 million decrease from movements in foreign exchange. The increase was primarily due to \$22.7 million of expense related to the negative impact of litigation in Latin America. Also contributing to the increase were \$13.9 million related to revenue and cost initiatives and \$4.1 million related to increased shelter maintenance in Latin America, partially offset by a \$3.2 million impact from the divestiture of our international neon business.

Depreciation and amortization declined \$14.7 million, including \$9.3 million of negative movements in foreign exchange, primarily as a result of assets that became fully depreciated or amortized during 2011.

Consolidated Results of Operations

The comparison of our historical results of operations for the year ended December 31, 2011 to the year ended December 31, 2010 is as follows:

<i>(In thousands)</i>	Years Ended December 31,		% Change
	2011	2010	
Revenue	\$ 3,003,874	\$ 2,797,994	7%
Operating expenses:			
Direct operating expenses (excludes depreciation and amortization)	1,638,801	1,559,972	5%
Selling, general and administrative expenses (excludes depreciation and amortization)	540,872	494,656	9%
Corporate expenses (excludes depreciation and amortization)	90,205	107,596	(16%)
Depreciation and amortization	432,035	413,588	4%
Impairment charges	7,614	11,493	(34%)
Other operating income (expense) – net	8,591	(23,753)	(136%)
Operating income	302,938	186,936	62%
Interest expense	242,435	239,453	
Interest income on Due from Clear Channel Communications	45,459	19,460	
Loss on marketable securities	(4,827)	(6,490)	
Equity in earnings (loss) of nonconsolidated affiliates	6,029	(9,936)	
Other expense – net	(649)	(5,335)	
Income (loss) before income taxes	106,515	(54,818)	
Income tax expense	(43,296)	(21,599)	
Consolidated net income (loss)	63,219	(76,417)	
Less amount attributable to noncontrolling interest	20,273	11,106	
Net income (loss) attributable to the Company	\$ 42,946	\$ (87,523)	

Consolidated Revenue

Our consolidated revenue increased \$205.9 million during 2011 including the impact of positive movements in foreign exchange of \$87.1 million compared to 2010. Excluding the impact of foreign exchange movements, revenue increased \$118.8 million. Americas revenue increased \$35.8 million, driven by increases in revenue across bulletin, airport and shelter displays, particularly digital displays, as a result of our continued deployment of new digital displays and increased rates. Our International revenue increased \$170.1 million, primarily from increased street furniture revenue across our markets and an \$84.5 million increase from the impact of movements in foreign exchange.

Consolidated Direct Operating Expenses

Direct operating expenses increased \$78.8 million during 2011 including a \$52.9 million increase due to the effects of movements in foreign exchange compared to 2010. Americas direct operating expenses increased \$11.4 million, primarily due to increased site lease expense associated with higher airport and bulletin revenue, particularly digital displays and the increased deployment of digital displays. Direct operating expenses in our International segment increased \$67.4 million, primarily from a \$52.9 million increase from movements in foreign exchange.

Consolidated Selling, General and Administrative (“SG&A”) Expenses

SG&A expenses increased \$46.2 million during 2011 compared to 2010. SG&A expenses increased \$1.1 million in our Americas segment, which was primarily as a result of increased commission expense associated with the increase in revenue. Our International SG&A expenses increased \$45.1 million primarily due to a \$16.6 million increase from movements in foreign exchange,

a \$6.5 million increase related to the unfavorable impact of litigation and increased selling and marketing expenses associated with the increase in revenue.

Corporate Expenses

Corporate expenses decreased by \$17.4 million during 2011 compared to 2010, primarily due to a decrease in bonus expense related to our variable compensation plans and general corporate infrastructure support services being offset by an increase in divisional corporate expenses.

Depreciation and Amortization

Depreciation and amortization increased \$18.4 million during 2011 compared to 2010, primarily due to increases in accelerated depreciation and amortization related to the removal of various structures, including the removal of traditional billboards in connection with the continued deployment of digital billboards. In addition, the impact of movements in foreign exchange contributed an increase of \$7.4 million during 2011.

Impairment Charges

We performed our annual impairment test on October 1, 2011 on our goodwill, billboard permits and other intangible assets and recorded impairment charges of \$7.6 million. We also performed our annual impairment test on October 1, 2010 and recorded impairment charges of \$11.5 million. Please see Note 2 to the consolidated financial statements included in Item 8 of Part II of this Annual Report on Form 10-K for a further description of the impairment charges.

Other Operating Income (Expense) – Net

Other operating income of \$8.6 million in 2011 primarily related to proceeds received from condemnations of bulletins.

Other operating expense of \$23.8 million for 2010 primarily related to a \$25.3 million loss recorded as a result of the transfer of our interest in our Branded Cities business.

Interest Income on Due From Clear Channel Communications

Interest income increased \$26.0 million during 2011 compared to 2010 due to the increase in the Due from Clear Channel Communications during 2011.

Loss on Marketable Securities

The loss on marketable securities of \$4.8 million and \$6.5 million during 2011 and 2010, respectively, primarily related to the impairment of our investment in INM. The fair value of INM was below cost for an extended period of time. As a result, we considered the guidance in ASC 320-10-S99 and reviewed the length of the time and the extent to which the market value was less than cost, the financial condition and the near-term prospects of the issuer. After this assessment, we concluded that the impairment at each date was other than temporary and recorded non-cash impairment charges to our investment in INM, as noted above.

Equity in Earnings (Loss) of Nonconsolidated Affiliates

Equity in earnings of nonconsolidated affiliates of \$6.0 million for 2011 included earnings from our equity investment in our International segment.

Equity in loss of nonconsolidated affiliates of \$9.9 million for 2010 included an \$8.3 million impairment related to an equity investment in our International segment.

Other Expense – Net

Other expense recorded for 2011 and 2010 primarily related to foreign exchange transaction gains/losses on short-term intercompany accounts.

Income Tax Expense

Our operations are included in a consolidated income tax return filed by Clear Channel Communications for pre-merger periods and CC Media Holdings for post-merger periods. However, for our financial statements, our provision for income taxes was computed as if we file separate consolidated Federal income tax returns with our subsidiaries.

Our effective tax rate for 2011 was 40.6%, primarily impacted by our inability to benefit losses in certain foreign jurisdictions as well as additional tax expense recorded for interest on uncertain tax positions. The effects of the items mentioned above were partially offset by a reduction in tax expense recorded during 2011 related to the settlement of U.S. Federal and state tax examinations during the year.

Our effective tax rate for 2010 was (39.4%), primarily impacted by our inability to benefit from tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. In addition, we recorded a valuation allowance of \$13.6 million in 2010 against deferred tax assets related to capital allowances in foreign jurisdiction due to the uncertainty of the ability to realize those assets in future periods.

Americas Results of Operations

Our Americas operating results were as follows:

<i>(In thousands)</i>	Years Ended December 31,		% Change
	2011	2010	
Revenue	\$ 1,252,725	\$ 1,216,930	3%
Direct operating expenses	571,779	560,378	2%
SG&A expenses	201,124	199,990	1%
Depreciation and amortization	211,056	198,896	6%
Operating income	\$ 268,766	\$ 257,666	4%

Our Americas revenue increased \$35.8 million during 2011 compared to 2010, driven primarily by revenue increases from bulletin, airport and shelter displays, and particularly digital displays. Bulletin revenues increased primarily due to digital growth driven by the increased number of digital displays, in addition to increased rates. Airport and shelter revenue increased primarily on higher average rates.

Direct operating expenses increased \$11.4 million, primarily due to increased site lease expense associated with higher airport and bulletin revenue, particularly digital displays and the increased deployment of digital displays. SG&A expenses increased \$1.1 million, primarily as a result of increased commission expense associated with the increase in revenue.

Depreciation and amortization increased \$12.2 million, primarily due to increases in accelerated depreciation and amortization related to the removal of various structures, including the removal of traditional billboards in connection with the continued deployment of digital billboards.

International Results of Operations

Our International operating results were as follows:

<i>(In thousands)</i>	Years Ended December 31,		% Change
	2011	2010	
Revenue	\$ 1,751,149	\$ 1,581,064	11%
Direct operating expenses	1,067,022	999,594	7%
SG&A expenses	339,748	294,666	15%
Depreciation and amortization	219,908	214,692	2%
Operating income	\$ 124,471	\$ 72,112	73%

International revenue increased \$170.1 million during 2011 including the impact of positive foreign exchange movements of \$84.5 million compared to 2010. Excluding the impact of movements in foreign exchange, revenues increased primarily as a result of higher street furniture revenue across most of our markets. Improved yields and additional displays contributed to the revenue increase in China, and improved yields in combination with a new contract drove the revenue increase in Sweden. The increases from street furniture were partially offset by declines in billboard revenue across several of our markets, primarily Italy and the United Kingdom.

Direct operating expenses increased \$67.4 million, attributable to a \$52.9 million increase from the impact of movements in foreign exchange. In addition, increased site lease expense of \$15.7 million associated with the increase in revenue was partially offset by an \$8.8 million decline in restructuring expenses. SG&A expenses increased \$45.1 million primarily due to a \$16.6 million increase from movements in foreign exchange, a \$6.5 million increase related to the unfavorable impact of litigation and higher selling expenses associated with the increase in revenue.

Reconciliation of Segment Operating Income (Loss) to Consolidated Operating Income

<i>(In thousands)</i>	Years Ended December 31,		
	2012	2011	2010
Americas	\$ 287,774	\$ 268,766	\$ 257,661
International	73,331	124,471	72,111
Impairment charges	(37,651)	(7,614)	(11,493)
Corporate expenses	(107,411)	(91,276)	(107,596)
Other operating income (expense) – net	50,943	8,591	(23,753)
Consolidated operating income	\$ 266,986	\$ 302,938	\$ 186,931

Share-Based Compensation Expense

As of December 31, 2012, there was \$18.6 million of total unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on service conditions. This cost is expected to be recognized over a weighted average period of approximately three years. In addition, as of December 31, 2012, there was \$0.6 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost will be recognized when it becomes probable that the performance condition will be satisfied.

The following table indicates non-cash compensation costs related to share-based payments for the years ended December 31, 2012, 2011 and 2010, respectively:

<i>(In thousands)</i>	Years Ended December 31,		
	2012	2011	2010
Americas	\$ 5,875	\$ 7,601	\$ 9,201
International	4,529	3,165	2,741
Corporate	185	147	38
Total share-based compensation expense	\$ 10,589	\$ 10,913	\$ 12,337

LIQUIDITY AND CAPITAL RESOURCES

Cash Flows

The following discussion highlights our cash flow activities during the years ended December 31, 2012, 2011, and 2010.

<i>(In thousands)</i>	Years Ended December 31,		
	2012	2011	2010
Cash provided by (used for):			
Operating activities	\$ 355,138	\$ 517,218	\$ 525,211
Investing activities	(233,748)	(298,934)	(198,705)
Financing activities	(105,549)	(298,744)	(314,463)

Operating Activities

2012

The \$162.1 million decrease in cash flows from operations to \$355.1 million in 2012 compared to \$517.2 million in 2011 was primarily driven by higher interest expense. Our consolidated net loss, adjusted for \$481.0 million of non-cash items, provided positive cash flows of \$321.8 million in 2012. Cash paid for interest was \$147.4 million higher during 2012 compared to the prior year.

Non-cash items affecting our net loss include impairment charges, depreciation and amortization, deferred taxes, provision for doubtful accounts, share-based compensation, gain on disposal of operating and fixed assets, loss on marketable securities, amortization of deferred financing charges and note discounts – net, loss on extinguishment of debt, equity in earnings of nonconsolidated affiliates and other reconciling items – net as presented on the face of the statement of cash flows.

2011

The decrease in cash flows from operations in 2011 compared to 2010 was primarily driven by changes in working capital and was partially offset by improved profitability, including a 7% increase in revenue. Our net income, adjusted for \$453.7 million of non-cash items, provided positive cash flows of \$516.9 million in 2011. Cash generated by higher operating income in 2011 compared to 2010 was offset by the decrease in accrued expenses in 2011 as a result of higher variable compensation payments in 2011 associated with our employee incentive programs based on 2010 operating performance. In addition, in 2010 we received \$51.0 million in U.S. Federal income tax refunds that increased cash flow from operations in 2010.

Non-cash items affecting our net income include depreciation and amortization, deferred taxes, gain or loss on disposal of operating assets, provision for doubtful accounts, share-based compensation, equity in earnings of nonconsolidated affiliates, amortization of deferred financing charges - net and other reconciling items – net as presented on the face of the statement of cash flows.

2010

The increase in cash flows from operations in 2010 compared to 2009 was primarily driven by improved profitability, including a 4% increase in revenue and a 3% decrease in direct operating and SG&A expenses. Our cash paid for interest increased \$81.1 million primarily due to the December 2009 issuance of \$2.5 billion aggregate principal amount of senior notes at a higher rate than the \$2.5 billion note to Clear Channel Communications, which was prepaid and retired in December 2009. Partially offsetting the increased interest was the receipt of \$51.0 million of Federal income tax refunds during the third quarter of 2010.

Non-cash items affecting our net income include impairment charges, depreciation and amortization, deferred taxes, provision for doubtful accounts, share-based compensation loss on disposal of operating assets, loss on marketable securities, amortization of deferred financing charges - net and other reconciling items – net as presented on the face of the statement of cash flows.

Investing Activities

2012

Cash used for investing activities of \$233.7 million during 2012 reflected capital expenditures of \$275.6 million. We spent \$117.6 million in our Americas segment primarily related to the installation of new digital displays, \$150.1 million in our International segment primarily related to new billboard, street furniture and mall contracts and renewals of existing contracts, and \$7.8 million by Corporate. Partially offsetting cash used for investing activities were \$56.4 million of proceeds from the divestiture of our international neon business and the sales of other operating assets.

2011

Cash used for investing activities during 2011 primarily reflected capital expenditures of \$291.1 million. We spent \$120.8 million in our Americas segment primarily related to the construction of new digital displays, \$166.0 million in our International segment primarily related to new billboard and street furniture contracts and renewals of existing contracts and \$4.3 million by Corporate.

2010

Cash used for investing activities during 2010 primarily reflected capital expenditures of \$195.3 million, partially offset by proceeds of \$7.8 million from the sale of International and Americas assets. We spent \$92.2 million in our Americas segment primarily related to the construction of new digital displays and \$103.0 million in our International segment primarily related to new billboard and street furniture contracts and renewals of existing contracts.

Financing Activities

2012

Cash used for financing activities of \$105.5 million during 2012 reflected (i) the issuance of \$2.2 billion of the CCWH Subordinated Notes by CCWH using the proceeds to pay the CCOH Dividend (discussed below) and (ii) the issuance by CCWH of \$2.7 billion aggregate principal amount of the CCWH Senior Notes due 2022 using the proceeds used to fund the tender offer for and redemption of the Existing CCWH Senior Notes due 2017.

2011

Cash used for financing activities of \$298.7 million for 2011 primarily reflected payments on credit facilities and long-term debt of \$4.2 million and \$20.1 million, respectively and net transfers to Clear Channel Communications of \$272.3 million. The net transfers of cash to Clear Channel Communications represent the activity in the "Due from/to Clear Channel Communications" account. This activity primarily relates to working capital.

2010

Cash used for financing activities of \$314.5 million for 2010 primarily reflected payments on credit facilities and long-term debt of \$47.1 million and \$13.2 million, respectively and net transfers to Clear Channel Communications of \$260.5 million.

Clear Channel Communications' Merger

Clear Channel Communications' capitalization, liquidity and capital resources substantially changed due to the consummation of its merger on July 30, 2008. Upon the closing of the merger, Clear Channel Communications incurred additional debt and became highly leveraged. We are not borrowers or guarantors under Clear Channel Communications' credit agreements.

We have a revolving promissory note issued by Clear Channel Communications to us in the amount of \$729.2 million as of December 31, 2012 described more fully below under "Liquidity and Capital Resources — Sources of Capital – Promissory Notes with Clear Channel Communications." We are an unsecured creditor of Clear Channel Communications with respect to the revolving promissory note.

Also, so long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, among other limitations, which could adversely affect our ability to meet our liquidity needs.

Anticipated Cash Requirements

Our primary source of liquidity is cash on hand, cash flow from operations and the revolving promissory note with Clear Channel Communications. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flows from operations and borrowing capacity under or repayment of amounts outstanding under the revolving promissory note with Clear Channel Communications will enable us to meet our working capital, capital expenditure, debt service and other funding requirements, including the debt service on the CCWH Senior Notes and the CCWH Subordinated Notes, for at least the next 12 months. In addition, we expect to be in compliance with the covenants governing our indebtedness in 2013. We believe our long-term plans, which include promoting outdoor media spending and capitalizing on our diverse geographic and product opportunities, including the continued deployment of digital displays, will enable us to continue generating cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, our anticipated results are subject to significant uncertainty and there can be no assurance that we will be able to maintain compliance with these covenants. In addition, our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions.

Furthermore, in its Annual Report on Form 10-K filed with the SEC on February 19, 2013, Clear Channel Communications stated that it expects to be in compliance with the covenants in its material financing agreements in 2013. Clear Channel

Communications similarly stated in such Annual Report that its anticipated results are also subject to significant uncertainty and there can be no assurance that actual results will be in compliance with the covenants. Moreover, Clear Channel Communications stated in such Annual Report that its ability to comply with the covenants in its material financing agreement may be affected by events beyond its control, including prevailing economic, financial and industry conditions. As discussed therein, the breach of any covenants set forth in Clear Channel Communications' financing agreements would result in a default thereunder, and an event of default would permit the lenders under a defaulted financing agreement to declare indebtedness thereunder to be due and payable prior to maturity. Moreover, as discussed therein, the lenders under the receivables-based credit facility under Clear Channel Communications' senior secured credit facilities would have the option to terminate their commitments to make further extensions of credit thereunder. In addition, Clear Channel Communications stated in such Annual Report that if Clear Channel Communications is unable to repay its obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. Finally, Clear Channel Communications stated in such Annual Report that a default or acceleration under any of its material financing agreements could cause a default under other obligations that are subject to cross-default and cross-acceleration provisions. If Clear Channel Communications were to become insolvent, we would be an unsecured creditor of Clear Channel Communications. In such event, we would be treated the same as other unsecured creditors of Clear Channel Communications and, if we were not entitled to the cash previously transferred to Clear Channel Communications, or could not obtain such cash on a timely basis, we could experience a liquidity shortfall.

For so long as Clear Channel Communications maintains significant control over us, a deterioration in the financial condition of Clear Channel Communications could have the effect of increasing our borrowing costs or impairing our access to capital markets. As of December 31, 2012, Clear Channel Communications had \$1,225.0 million recorded as "Cash and cash equivalents" on its condensed consolidated balance sheets.

Our ability to fund our working capital needs, debt service and other obligations depends on our future operating performance and cash flow. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. We may not be able to secure any such additional financing on terms favorable to us or at all.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material.

Sources of Capital

As of December 31, 2012 and 2011, we had the following debt outstanding, cash and cash equivalents and amounts due from Clear Channel Communications:

<i>(In millions)</i>	December 31, 2012	December 31, 2011
Clear Channel Worldwide Holdings Senior Notes due 2022	\$ 2,725.0	\$ -
Clear Channel Worldwide Holdings Senior Notes due 2017	-	2,500.0
Clear Channel Worldwide Holdings Senior Subordinated Notes due 2020	2,200.0	-
Other debt	27.1	45.1
Original issue discount	(7.3)	-
Total debt	4,944.8	2,545.1
Less: Cash and cash equivalents	562.0	542.1
Less: Due from Clear Channel Communications	729.2	656.0
	\$ 3,653.6	\$ 1,347.0

We may from time to time repay our outstanding debt or seek to purchase our outstanding equity securities. Such transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors.

Promissory Notes with Clear Channel Communications

We maintain accounts that represent net amounts due to or from Clear Channel Communications, which is recorded as "Due from/to Clear Channel Communications" on the consolidated balance sheets. The accounts represent our revolving promissory note issued by us to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to

us in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand or when they mature on December 15, 2017. Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. At December 31, 2012 and 2011, the asset recorded in "Due from Clear Channel Communications" on the consolidated balance sheet was \$729.2 million and \$656.0 million, respectively, and we had no borrowings under the cash management note to Clear Channel Communications. The net interest income for the years ended December 31, 2012, 2011 and 2010 was \$63.8 million, \$45.5 million and \$19.5 million, respectively. At December 31, 2012, the fixed interest rate on the "Due from Clear Channel Communications" account was 6.5%.

Unlike the management of cash from our U.S. based operations, the amount of cash, if any, which is transferred from our foreign operations to Clear Channel Communications is determined on a basis mutually agreeable to us and Clear Channel Communications, and not on a pre-determined basis. In arriving at such mutual agreement, the reasonably foreseeable cash needs of our foreign operations are evaluated before a cash amount is considered as an excess or surplus amount for transfer to Clear Channel Communications.

Our working capital requirements and capital for general corporate purposes, including acquisitions and capital expenditures, may be provided to us by Clear Channel Communications, in its sole discretion, pursuant to a revolving promissory note issued by us to Clear Channel Communications. Without the opportunity to obtain financing from Clear Channel Communications, we may need to obtain additional financing from banks or other lenders, or through public offerings or private placements of debt or equity, strategic relationships or other arrangements at some future date. As stated above, we may be unable to successfully obtain additional debt or equity financing on satisfactory terms or at all.

As long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, among other limitations, which could adversely affect our ability to meet our liquidity needs. Under the Master Agreement, we are limited in our borrowing from third parties to no more than \$400.0 million at any one time outstanding, without the prior written consent of Clear Channel Communications.

CCWH Senior Notes

During the fourth quarter of 2012, CCWH issued the CCWH Senior Notes, which consisted of \$735.8 million aggregate principal amount of Series A CCWH Senior Notes and \$1,989.25 million aggregate principal amount of Series B CCWH Senior Notes. The CCWH Senior Notes are guaranteed by us, Clear Channel Outdoor, Inc. ("CCOI") and certain of our direct and indirect subsidiaries. The proceeds from the issuance of the CCWH Senior Notes were used to fund the repurchase of the Existing CCWH Senior Notes.

We capitalized \$30.0 million in fees and expenses associated with the CCWH Senior Notes offering and an original issue discount of \$7.4 million. We are amortizing the capitalized fees and discount through interest expense over the life of the CCWH Senior Notes.

The CCWH Senior Notes are senior obligations that rank *pari passu* in right of payment to all unsubordinated indebtedness of CCWH and the guarantees of the CCWH Senior Notes rank *pari passu* in right of payment to all unsubordinated indebtedness of the guarantors. Interest on the CCWH Senior Notes is payable to the trustee weekly in arrears and to the noteholders on May 15 and November 15 of each year, beginning on May 15, 2013.

At any time prior to November 15, 2017, CCWH may redeem the CCWH Senior Notes, in whole or in part, at a price equal to 100% of the principal amount of the CCWH Senior Notes plus a "make-whole" premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the CCWH Senior Notes, in whole or in part, on or after November 15, 2017, at the redemption prices set forth in the applicable indenture governing the CCWH Senior Notes plus accrued and unpaid interest to the redemption date. At any time on or before November 15, 2015, CCWH may elect to redeem up to 40% of the then outstanding aggregate principal amount of the CCWH Senior Notes at a redemption price equal to 106.500% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings, subject to certain restrictions. Notwithstanding the foregoing, neither we nor any of our subsidiaries is permitted to make any purchase of, or otherwise effectively cancel or retire any Series A CCWH Senior Notes or Series B CCWH Senior Notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other addition with respect to any Series B CCWH Senior Notes or Series A CCWH Senior Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A CCWH Senior Notes to (b) the outstanding aggregate principal amount of the Series B CCWH Senior Notes shall be greater than 0.25, subject to certain exceptions.

The indenture governing the Series A CCWH Senior Notes contains covenants that limit us and our restricted subsidiaries ability to, among other things:

- incur or guarantee additional debt to persons other than Clear Channel Communications and its subsidiaries (other than us) or issue certain preferred stock;
- create liens on our restricted subsidiaries assets to secure such debt;
- create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries that are not guarantors of the CCWH Senior Notes;
- enter into certain transactions with affiliates;
- merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of our assets; and
- sell certain assets, including capital stock of our subsidiaries, to persons other than Clear Channel Communications and its subsidiaries (other than us).

In addition, the indenture governing the Series A CCWH Senior Notes provides that if CCWH (i) makes an optional redemption of the Series B CCWH Senior Notes or purchases or makes an offer to purchase the Series B CCWH Senior Notes at or above 100% of the principal amount thereof, then CCWH shall apply a pro rata amount to make an optional redemption or purchase a pro rata amount of the Series A CCWH Senior Notes or (ii) makes an asset sale offer under the indenture governing the Series B CCWH Senior Notes then CCWH shall apply a pro rata amount to make an offer to purchase a pro rata amount of Series A CCWH Senior Notes.

The indenture governing the Series A CCWH Senior Notes does not include limitations on dividends, distributions, investments or asset sales.

The indenture governing the Series B CCWH Senior Notes contains covenants that limit us and our restricted subsidiaries ability to, among other things:

- incur or guarantee additional debt or issue certain preferred stock;
- redeem, repurchase or retire our subordinated debt;
- make certain investments;
- create liens on its or its restricted subsidiaries' assets to secure debt;
- create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries that are not guarantors of the CCWH Senior Notes;
- enter into certain transactions with affiliates;
- merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of our assets;
- sell certain assets, including capital stock of our subsidiaries;
- designate our subsidiaries as unrestricted subsidiaries; and
- pay dividends, redeem or repurchase capital stock or make other restricted payments.

The Series A CCWH Senior Notes indenture and Series B CCWH Senior Notes indenture restrict our ability to incur additional indebtedness but permit us to incur additional indebtedness based on an incurrence test. In order to incur (i) additional indebtedness under this test, our debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively, and (ii) additional indebtedness that is subordinated to the CCWH Senior Notes under this test, our debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1 for total debt. The indentures contain certain other exceptions that allow us to incur additional indebtedness. The Series B CCWH Senior Notes indenture also permits us to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if our debt to adjusted EBITDA ratios (as defined by the indentures) are lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively. The Series A CCWH Senior Notes indenture does not limit our ability to pay dividends. The Series B CCWH Senior Notes indenture contains certain exceptions that allow us to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by us of amounts outstanding under the revolving promissory note issued by Clear Channel Communications to us.

Consolidated leverage, defined as total debt divided by EBITDA for the preceding four quarters was 6.3:1 at December 31, 2012, and senior leverage, defined as senior debt divided by EBITDA for the preceding four quarters was 3.5:1 at December 31, 2012. Our adjusted EBITDA of \$788.3 million is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense) – net, plus non-cash compensation, and is further adjusted for the following: (i) an increase of \$48.0 million related to costs incurred in connection with the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) an increase of \$36.4 million for non-recurring or unusual gains or losses; (iii) an

increase of \$34.4 million for non-cash items; and (iv) an increase of \$6.0 million for various other items.

CCWH Senior Subordinated Notes

During the first quarter of 2012, CCWH issued the CCWH Subordinated Notes, which consisted of \$275.0 million aggregate principal amount of Series A CCWH Subordinated Notes and \$1,925.0 million aggregate principal amount of Series B CCWH Subordinated Notes. Interest on the CCWH Subordinated Notes is payable to the trustee weekly in arrears on to the noteholders on March 15 and September 15 of each year, beginning on September 15, 2012.

The CCWH Subordinated Notes are CCWH's senior subordinated obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior subordinated basis by us, CCOI, and certain of our other domestic subsidiaries. The CCWH Subordinated Notes are unsecured senior subordinated obligations that rank junior to all of CCWH's existing and future senior debt, including the CCWH Senior Notes, equally with any of CCWH's existing and future senior subordinated debt and ahead of all of CCWH's existing and future debt that expressly provides that it is subordinated to the CCWH Subordinated Notes. The guarantees of the CCWH Subordinated Notes rank junior to each guarantor's existing and future senior debt, including the CCWH Senior Notes, equally with each guarantor's existing and future senior subordinated debt and ahead of each guarantor's existing and future debt that expressly provides that it is subordinated to the guarantees of the CCWH Subordinated Notes.

At any time prior to March 15, 2015, CCWH may redeem the CCWH Subordinated Notes, in whole or in part, at a price equal to 100% of the principal amount of the CCWH Subordinated Notes plus a "make-whole" premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the CCWH Subordinated Notes, in whole or in part, on or after March 15, 2015, at the redemption prices set forth in the applicable indenture governing the CCWH Subordinated Notes plus accrued and unpaid interest to the redemption date. At any time on or before March 15, 2015, CCWH may elect to redeem up to 40% of the then outstanding aggregate principal amount of the CCWH Subordinated Notes at a redemption price equal to 107.625% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings, subject to certain restrictions. Notwithstanding the foregoing, neither we nor any of our subsidiaries is permitted to make any purchase of, or otherwise effectively cancel or retire any Series A CCWH Subordinated Notes or Series B CCWH Subordinated Notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other addition with respect to any Series B CCWH Subordinated Notes or Series A CCWH Subordinated Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A CCWH Subordinated Notes to (b) the outstanding aggregate principal amount of the Series B CCWH Subordinated Notes shall be greater than 0.25, subject to certain exceptions.

We capitalized \$40.0 million in fees and expenses associated with the CCWH Subordinated Notes offering and are amortizing them through interest expense over the life of the CCWH Subordinated Notes.

The indenture governing the Series A CCWH Subordinated Notes contains covenants that limit the ability of us and our restricted subsidiaries to, among other things:

- incur or guarantee additional debt to persons other than Clear Channel and its subsidiaries (other than us) or issue certain preferred stock;
- create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries that are not guarantors of the notes;
- enter into certain transactions with affiliates;
- merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of our assets; and
- sell certain assets, including capital stock of our subsidiaries, to persons other than Clear Channel and its subsidiaries (other than us).

In addition, the indenture governing the Series A CCWH Subordinated Notes provides that if CCWH (i) makes an optional redemption of the Series B CCWH Subordinated Notes or purchases or makes an offer to purchase the Series B CCWH Subordinated Notes at or above 100% of the principal amount thereof, then CCWH shall apply a pro rata amount to make an optional redemption or purchase a pro rata amount of the Series A CCWH Subordinated Notes or (ii) makes an asset sale offer under the indenture governing the Series B CCWH Subordinated Notes, then CCWH shall apply a pro rata amount to make an offer to purchase a pro rata amount of Series A CCWH Subordinated Notes.

The indenture governing the Series A CCWH Subordinated Notes does not include limitations on dividends, distributions, investments or asset sales.

The indenture governing the Series B CCWH Subordinated Notes contains covenants that limit us and our restricted subsidiaries ability to, among other things:

- incur or guarantee additional debt or issue certain preferred stock;
- make certain investments;
- create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries that are not guarantors of the notes;
- enter into certain transactions with affiliates;
- merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of our assets;
- sell certain assets, including capital stock of our subsidiaries;
- designate our subsidiaries as unrestricted subsidiaries; and
- pay dividends, redeem or repurchase capital stock or make other restricted payments.

The Series A CCWH Subordinated Notes indenture and Series B CCWH Subordinated Notes indenture restrict our ability to incur additional indebtedness but permit us to incur additional indebtedness based on an incurrence test. In order to incur additional indebtedness under this test, our debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow us to incur additional indebtedness. The Series B CCWH Subordinated Notes indenture also permits us to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if its debt to adjusted EBITDA ratios (as defined by the indentures) is lower than 7.0:1. The Series A CCWH Senior Subordinated Notes indenture does not limit our ability to pay dividends. The Series B CCWH Subordinated Notes indenture contains certain exceptions that allow us to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets, and (ii) dividends made using proceeds received upon a demand by us of amounts outstanding under the revolving promissory note issued by Clear Channel Communications to us.

With the proceeds of the CCWH Subordinated Notes (net of the initial purchasers' discount of \$33.0 million), CCWH loaned an aggregate amount equal to \$2,167.0 million to CCOI. CCOI paid all other fees and expenses of the offering using cash on hand and, with the proceeds of the loans, distributed a special cash dividend to us, and we in turn distributed a special cash dividend (the "CCOH Dividend") on March 15, 2012 in an amount equal to \$6.0832 per share to our Class A and Class B stockholders of record at the close of business on March 12, 2012, including Clear Channel Holdings, Inc. ("Clear Channel Holdings") and CC Finco, LLC ("CC Finco"), both wholly-owned subsidiaries of Clear Channel Communications.

Other Debt

Other debt consists primarily of loans with international banks. At December 31, 2012, approximately \$27.1 million was outstanding as other debt.

Clear Channel Communications' Debt Covenants

The Clear Channel Communications' senior secured credit facility contains a significant financial covenant which requires Clear Channel Communications to comply on a quarterly basis with a financial covenant limiting the ratio of its consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA for the preceding four quarters (maximum of 9.5:1). The financial covenant becomes more restrictive over time beginning in the second quarter of 2013. In its Annual Report on Form 10-K filed with the SEC on February 19, 2013, Clear Channel Communications stated that it was in compliance with this covenant as of December 31, 2012.

Dispositions and Other

During 2012, our International segment sold its international neon business and its outdoor advertising business in Romania, resulting in an aggregate gain of \$39.7 million included in "Other operating income (expense) – net."

During 2010, we transferred our interest in our Branded Cities operations to our joint venture partner, The Ellman Companies. We recognized a loss of \$25.3 million in "Other operating income (expense) – net" related to this transfer. In addition, our International segment sold its outdoor advertising business in India, resulting in a loss of \$3.7 million included in "Other operating income (expense) – net."

Uses of Capital

Debt Repurchases

During November 2012, CCWH repurchased \$1,724.7 million aggregate principal amount of the Existing CCWH Senior Notes in a tender offer for the Existing CCWH Senior Notes. Simultaneously with the early settlement of the tender offer, CCWH called for redemption all of the remaining \$775.3 million aggregate principal amount of Existing CCWH Senior Notes that were not purchased on the early settlement date of the tender offer. In connection with the redemption, CCWH satisfied and discharged its obligations under the Existing CCWH Senior Notes indentures by depositing with the trustee sufficient funds to pay the redemption price, plus accrued and unpaid interest on the remaining outstanding Existing CCWH Senior Notes to, but not including, the December 19, 2012 redemption date.

Capital Expenditures

Our capital expenditures for the years ended December 31, 2012, 2011, and 2010 were as follows:

(In millions)	Years Ended December 31,		
	2012	2011	2010
Americas outdoor advertising	\$ 117.7	\$ 120.8	\$ 92.2
International outdoor advertising	150.1	166.0	103.1
Corporate	7.8	4.3	1.9
Total capital expenditures	\$ 275.6	\$ 291.1	\$ 195.2

Our capital expenditures are not of significant size individually and primarily relate to the ongoing deployment of digital displays and recurring maintenance in our Americas outdoor segment as well as new billboard and street furniture contracts and renewals of existing contracts in our International outdoor segment.

Part of our long-term strategy is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as alternatives to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets. We believe cash flow from operations will be sufficient to fund these expenditures because we expect enhanced margins through: (i) lower cost of production as the advertisements will be digital and controlled by a central computer network, (ii) decreased down time on displays because the advertisements will be digitally changed rather than manually posted paper or vinyl on the face of the display, and (iii) incremental revenue through more targeted and time specific advertisements.

Acquisitions

During 2011, our International segment acquired Brouwer & Partners, a street furniture business in Holland, for \$12.5 million.

Commitments, Contingencies and Guarantees

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. We are currently appealing a recent California court ruling relating to our digital display permits in the City of Los Angeles. If we are unsuccessful in our appeal or are unable to otherwise successfully resolve our rights to these permits, we may be forced to remove some or all of our digital displays in this market, which could have a significant impact on our operations in this market. Please see Item 3. Legal Proceedings within Part I of this Annual Report on Form 10-K.

Our short and long term cash requirements include minimum annual guarantees for our street furniture contracts and operating leases. Noncancelable contracts and operating lease requirements are included in our direct operating expenses, which historically have been satisfied by cash flows from operations. For 2013, we are committed to \$397.6 million and \$281.6 million for minimum annual guarantees and operating leases, respectively. Our long-term commitments for minimum annual guarantees, operating leases and capital expenditure requirements are included in the table below.

Certain agreements relating to acquisitions provide for purchase price adjustments and other future contingent payments based on the financial performance of the acquired companies generally over a one to five year period. The aggregate of these contingent payments, if performance targets are met, would not significantly impact our financial position or results of operations.

In addition to the scheduled maturities on debt issued by CCWH, we have future cash obligations under various types of contracts. We lease office space, certain equipment and the majority of the land occupied by our advertising structures under long-term operating leases. Some of our lease agreements contain renewal options and annual rental escalation clauses (generally tied to the consumer price index), as well as provisions for our payment of utilities and maintenance.

We have minimum franchise payments associated with non-cancelable contracts that enable us to display advertising on such media as buses, trains, bus shelters and terminals. The majority of these contracts contain rent provisions that are calculated as the greater of a percentage of the relevant advertising revenue or a specified guaranteed minimum annual payment.

The scheduled maturities of the CCWH Senior Notes, CCWH Subordinated Notes and other debt outstanding, and our future minimum rental commitments under non-cancelable lease agreements, minimum payments under other non-cancelable contracts, capital expenditure commitments and other long-term obligations as of December 31, 2012, are as follows:

<i>(In thousands)</i>	Contractual Obligations	Payments due by Period								
		Total	2013	2014-2015	2016-2017	Thereafter				
Long-term Debt:										
CCWH Senior Notes	\$	2,200,000	\$	-	\$	-	\$	-	\$	2,200,000
CCWH Senior Subordinated Notes		2,725,000		-		-		-		2,725,000
Other Long-term Debt		27,093		9,408		16,608		138		93
Interest payments on long-term debt ⁽¹⁾		2,946,306		345,879		690,661		689,902		1,219,866
Non-cancelable operating leases		2,055,566		281,629		477,688		328,623		967,629
Non-cancelable contracts		1,823,873		397,646		629,836		346,798		449,599
Employment contracts		10,057		6,595		3,425		37		
Capital expenditures		146,574		80,143		46,699		18,800		93
Unrecognized tax benefits ⁽²⁾		45,769		-		-		-		45,769
Other long-term obligations ⁽³⁾		81,260		175		1,095		510		79,480
Total⁽⁴⁾	\$	12,061,498	\$	1,121,475	\$	1,866,012	\$	1,384,808	\$	7,689,200

(1) Interest payments on long-term debt consist primarily of interest on the CCWH Senior Notes and the CCWH Senior Subordinated Notes.

(2) The non-current portion of the unrecognized tax benefits is included in the "Thereafter" column as we cannot reasonably estimate the timing or amounts of additional cash payments, if any, at this time. For additional information, see Note 9 included in Item 8 of Part II of this Annual Report on Form 10-K.

(3) Other long-term obligations consist of \$52.6 million related to asset retirement obligations recorded pursuant to ASC 410-20, which assumes the underlying assets will be removed at some period over the next 50 years. Also included in the table is \$24.3 million related to retirement plans and \$4.4 million related to other long-term obligations with specific maturity.

(4) Excluded from the table is \$112.7 million related to various obligations with no specific contractual commitment or maturity.

SEASONALITY

Typically, both our Americas and International segments experience their lowest financial performance in the first quarter of the calendar year, with International historically experiencing a loss from operations in that period. Our International segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future.

MARKET RISK

We are exposed to market risks arising from changes in market rates and prices, including movements in equity security prices and foreign currency exchange rates.

Equity Price Risk

The carrying value of our available-for-sale equity securities is affected by changes in their quoted market prices. It is estimated that a 20% change in the market prices of these securities would change their carrying value and our comprehensive income at December 31, 2012 by \$0.1 million.

Foreign Currency Exchange Rate Risk

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net income of \$73.8 million for the year ended December 31, 2012. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have decreased our net income for the year ended December 31, 2012 by \$7.4 million. A 10% decrease in the value of the U.S. dollar relative to foreign currencies during year ended December 31, 2012 would have increased our net income by a corresponding amount.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

Inflation

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our outdoor display faces.

NEW ACCOUNTING PRONOUNCEMENTS

In December 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-11, *Disclosures about Offsetting Assets and Liabilities (ASC 210)*. Under the ASU, new disclosures will be required for recognized financial instruments and derivative instruments that are either offset on the balance sheet in accordance with the offsetting guidance in ASC 210-20-45 or ASC 815-10-45, or are subject to an enforceable master netting arrangement or similar agreement, regardless of whether they are offset in accordance with the offsetting guidance. The disclosure requirements will be effective for periods beginning on or after January 1, 2013, and are to be applied retrospectively. We do not expect the provisions of ASU 2011-11 to have a material effect on our financial position or results of operations.

In July 2012, the FASB issued ASU No. 2012-02, *Intangibles – Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment*. The ASU gives entities the option to first perform a qualitative assessment to determine whether the existence of events and circumstances indicate that it is more likely than not (a likelihood of more than 50%) that an indefinite-lived intangible asset is impaired. If an entity determines that it is more likely than not that the fair value of such an asset exceeds its carrying amount, it would not need to calculate the fair value of the asset in that year. However, if an entity concludes otherwise, it must calculate the fair value of the asset, compare that value with its carrying amount and record an impairment charge, if any. The guidance is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012. Early adoption is permitted. We did not early adopt the provisions of this ASU during 2012 in connection with our annual impairment test for indefinite-lived intangibles. We do not expect the provisions of ASU 2012-02 to have a material effect on our financial position or results of operations.

In September 2011, the FASB issued ASU No. 2011-08 *Intangibles-Goodwill and Other (Topic 350): Testing Goodwill for Impairment*. Under the revised guidance, entities testing goodwill for impairment have the option of performing a qualitative assessment before calculating the fair value of the reporting unit (i.e., step 1 of the goodwill impairment test). If entities determine, on the basis of qualitative factors, that the fair value of the reporting unit is more likely than not less than the carrying amount, the two-step impairment test would be required. The ASU does not change how goodwill is calculated or assigned to reporting units, nor does it revise the requirement to test goodwill annually for impairment. The amendments are effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. Early adoption is permitted. We early adopted the

provisions of this ASU as of October 1, 2011 with no material impact to our financial position or results of operations. However, for our annual impairment test as of October 1, 2012, we elected to perform a quantitative assessment and applied the two-step impairment test.

CRITICAL ACCOUNTING ESTIMATES

The preparation of our financial statements in conformity with U.S. GAAP requires management to make estimates, judgments and assumptions that affect the reported amount of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of expenses during the reporting period. On an ongoing basis, we evaluate our estimates that are based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. The result of these evaluations forms the basis for making judgments about the carrying values of assets and liabilities and the reported amount of expenses that are not readily apparent from other sources. Because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such difference could be material. Our significant accounting policies are discussed in the notes to our consolidated financial statements included in Item 8 of Part II of this Annual Report on Form 10-K.

Management believes that the following accounting estimates are the most critical to aid in fully understanding and evaluating our reported financial results, and they require management's most difficult, subjective or complex judgments, resulting from the need to make estimates about the effect of matters that are inherently uncertain. The following narrative describes these critical accounting estimates, the judgments and assumptions and the effect if actual results differ from these assumptions.

Allowance for Doubtful Accounts

We evaluate the collectability of our accounts receivable based on a combination of factors. In circumstances where we are aware of a specific customer's inability to meet its financial obligations, we record a specific reserve to reduce the amounts recorded to what we believe will be collected. For all other customers, we recognize reserves for bad debt based on historical experience for each business unit, adjusted for relative improvements or deteriorations in the agings and changes in current economic conditions.

If our agings were to improve or deteriorate resulting in a 10% change in our allowance, we estimated that our bad debt expense for the year ended December 31, 2012 would have changed by approximately \$3.7 million and our net income for the same period would have changed by approximately \$2.3 million.

Long-lived Assets

Long-lived assets, including structures and other property, plant and equipment and definite-lived intangibles, are reported at historical cost less accumulated depreciation. We estimate the useful lives for various types of advertising structures and other long-lived assets based on our historical experience and our plans regarding how we intend to use those assets. Advertising structures have different lives depending on their nature, with large format bulletins generally having longer depreciable lives and posters and other displays having shorter depreciable lives. Street furniture and transit displays are depreciated over their estimated useful lives or appropriate contractual periods, whichever is shorter. Our experience indicates that the estimated useful lives applied to our portfolio of assets have been reasonable, and we do not expect significant changes to the estimated useful lives of our long-lived assets in the future. When we determine that structures or other long-lived assets will be disposed of prior to the end of their useful lives, we estimate the revised useful lives and depreciate the assets over the revised period. We also review long-lived assets for impairment when events and circumstances indicate that depreciable and amortizable long-lived assets might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. When specific assets are determined to be unrecoverable, the cost basis of the asset is reduced to reflect the current fair market value.

We use various assumptions in determining the remaining useful lives of assets to be disposed of prior to the end of their useful lives and in determining the current fair market value of long-lived assets that are determined to be unrecoverable. Estimated useful lives and fair values are sensitive to factors including contractual commitments, regulatory requirements, future expected cash flows, industry growth rates and discount rates, as well as future salvage values. Our impairment loss calculations require management to apply judgment in estimating future cash flows, including forecasting useful lives of the assets and selecting the discount rate that reflects the risk inherent in future cash flows.

If actual results are not consistent with our assumptions and judgments used in estimating future cash flows and asset fair values, we may be exposed to future impairment losses that could be material to our results of operations.

Indefinite-lived Intangible Assets

Indefinite-lived intangible assets, such as our billboard permits, are reviewed annually for possible impairment using the direct valuation method as prescribed in ASC 805-20-S99. Under the direct valuation method, the estimated fair value of the indefinite-lived intangible assets was calculated at the market level as prescribed by ASC 350-30-35. Under the direct valuation method, it is assumed that rather than acquiring indefinite-lived intangible assets as a part of a going concern business, the buyer hypothetically obtains indefinite-lived intangible assets and builds a new operation with similar attributes from scratch. Thus, the buyer incurs start-up costs during the build-up phase which are normally associated with going concern value. Initial capital costs are deducted from the discounted cash flows model which results in value that is directly attributable to the indefinite-lived intangible assets.

Our key assumptions using the direct valuation method are market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start up capital costs and losses incurred during the build-up period, the risk-adjusted discount rate and terminal values. This data is populated using industry normalized information representing an average asset within a market.

On October 1, 2012, we performed our annual impairment test in accordance with ASC 350-30-35 and recognized aggregate impairment charges of \$35.9 million related to permits in certain markets in our Americas business.

In determining the fair value of our billboard permits, the following key assumptions were used:

- § Industry revenue growth forecast at 3.9% was used for the initial four-year period;
- § 3% revenue growth was assumed beyond the initial four-year period;
- § Revenue was grown over a build-up period, reaching maturity by year 2;
- § Operating margins gradually climb to the industry average margin of up to 51%, depending on market size, by year 3; and
- § Assumed discount rate of 9.5%.

While we believe we have made reasonable estimates and utilized appropriate assumptions to calculate the fair value of our indefinite-lived intangible assets, it is possible a material change could occur. If future results are not consistent with our assumptions and estimates, we may be exposed to impairment charges in the future. The following table shows the decline in the fair value of our indefinite-lived intangible assets that would result from a 100 basis point decline in our discrete and terminal period revenue growth rate and profit margin assumptions and a 100 basis point increase in our discount rate assumption:

(In thousands)

Description	Revenue growth rate	Profit margin	Discount rates
Billboard permits	\$ (556,800)	\$ (109,500)	\$ (559,600)

The estimated fair value of our billboard permits at October 1, 2012 was \$1.7 billion while the carrying value was \$1.1 billion.

Goodwill

Goodwill represents the excess of the purchase price over the fair value of identifiable net assets acquired in business combinations. We test goodwill at interim dates if events changes in circumstances indicate that goodwill might be impaired. The fair value of our reporting units is used to apply value to the net assets of each reporting unit. To the extent that the carrying amount of net assets would exceed the fair value, an impairment charge may be required to be recorded.

The discounted cash flow approach we use for valuing goodwill as part of the two-step impairment testing approach involves estimating future cash flows expected to be generated from the related assets, discounted to their present value using a risk-adjusted discount rate. Terminal values are also estimated and discounted to their present value.

On October 1, 2012, we performed our annual impairment test in accordance with ASC 350-30-35, resulting in no impairment charges. In determining the fair value of our reporting units, we used the following assumptions:

- § Expected cash flows underlying our business plans for the periods 2013 through 2017. Our cash flow assumptions are based on detailed, multi-year forecasts performed by each of our operating segments, and reflect the advertising outlook across our businesses.
- § Cash flows beyond 2017 are projected to grow at a perpetual growth rate, which we estimated at 3%.

§ In order to risk adjust the cash flow projections in determining fair value, we utilized a discount rate of approximately 10.0% to 12.5% for each of our reporting units.

Based on our annual assessment using the assumptions described above, a hypothetical 25% reduction in the estimated fair value in each of our reporting units would not result a material impairment condition.

While we believe we have made reasonable estimates and utilized appropriate assumptions to calculate the estimated fair value of our reporting units, it is possible a material change could occur. If future results are not consistent with our assumptions and estimates, we may be exposed to impairment charges in the future. The following table shows the decline in the fair value of each of our reportable segments that would result from a 100 basis point decline in our discrete and terminal period revenue growth rate and profit margin assumption and a 100 basis point increase in our discount rate assumption:

(In thousands)

Description	Revenue growth rate	Profit margin	Discount rates
Americas	\$ (610,000)	\$ (130,000)	\$ (490,000)
International	\$ (340,000)	\$ (170,000)	\$ (260,000)

Tax Accruals

Our estimates of income taxes and the significant items giving rise to the deferred tax assets and liabilities are shown in the notes to our consolidated financial statements and reflect our assessment of actual future taxes to be paid on items reflected in the financial statements, giving consideration to both timing and probability of these estimates. Actual income taxes could vary from these estimates due to future changes in income tax law or results from the final review of our tax returns by Federal, state or foreign tax authorities.

We use our judgment to determine whether it is more likely than not that we will sustain positions that we have taken on tax returns and, if so, the amount of benefit to initially recognize within our financial statements. We regularly review our uncertain tax positions and adjust our unrecognized tax benefits (UTBs) in light of changes in facts and circumstance such as changes in tax law, interactions with taxing authorities and developments in case law. These adjustments to our UTBs may affect our income tax expense. Settlement of uncertain tax positions may require use of our cash.

Litigation Accruals

We are currently involved in certain legal proceedings. Based on current assumptions, we have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. Future results of operations could be materially affected by changes in these assumptions or the effectiveness of our strategies related to these proceedings.

Management's estimates used have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies.

Asset Retirement Obligations

ASC 410-20 requires us to estimate our obligation upon the termination or nonrenewal of a lease, to dismantle and remove our billboard structures from the leased land and to reclaim the site to its original condition.

Due to the high rate of lease renewals over a long period of time, our calculation assumes all related assets will be removed at some period over the next 50 years. An estimate of third-party cost information is used with respect to the dismantling of the structures and the reclamation of the site. The interest rate used to calculate the present value of such costs over the retirement period is based on an estimated risk-adjusted credit rate for the same period. If our assumption of the risk-adjusted credit rate used to discount current year additions the asset retirement obligation decreased approximately 1%, our liability as of December 31, 2012 would not be materially impacted. Similarly, if our assumption of the risk-adjusted credit rate increased approximately 1%, our liability would not be materially impacted.

Share-Based Compensation

Under the fair value recognition provisions of ASC 718-10, share-based compensation cost is measured at the grant date based on the fair value of the award. Determining the fair value of share-based awards at the grant date requires assumptions and

judgments about expected volatility and forfeiture rates, among other factors. If actual results differ significantly from these estimates, our results of operations could be materially impacted.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Required information is located within Item 7 of Part II of this Annual Report on Form 10-K.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

MANAGEMENT'S REPORT ON FINANCIAL STATEMENTS

The consolidated financial statements and notes related thereto were prepared by and are the responsibility of management. The financial statements and related notes were prepared in conformity with U.S. generally accepted accounting principles and include amounts based upon management's best estimates and judgments.

It is management's objective to ensure the integrity and objectivity of its financial data through systems of internal controls designed to provide reasonable assurance that all transactions are properly recorded in our books and records, that assets are safeguarded from unauthorized use and that financial records are reliable to serve as a basis for preparation of financial statements.

The financial statements have been audited by our independent registered public accounting firm, Ernst & Young LLP, to the extent required by auditing standards of the Public Company Accounting Oversight Board (United States) and, accordingly, they have expressed their professional opinion on the financial statements in their report included herein.

The Board of Directors meets with the independent registered public accounting firm and management periodically to satisfy itself that they are properly discharging their responsibilities. The independent registered public accounting firm has unrestricted access to the Board, without management present, to discuss the results of their audit and the quality of financial reporting and internal accounting controls.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders
Clear Channel Outdoor Holdings, Inc.

We have audited the accompanying consolidated balance sheets of Clear Channel Outdoor Holdings, Inc. and subsidiaries (the Company) as of December 31, 2012 and 2011, and the related consolidated statements of comprehensive income(loss), changes in shareholders' equity and cash flows for each of the three years in the period ended December 31, 2012. Our audits also included the financial statement schedule listed in the index at Item 15(a)2. These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Clear Channel Outdoor Holdings, Inc. and subsidiaries at December 31, 2012 and 2011, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2012, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2012, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 19, 2013 expressed an unqualified opinion thereon.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Clear Channel Outdoor Holdings, Inc. (the “Company”) is an outdoor advertising company which owns or operates advertising display faces domestically and internationally. On November 11, 2005, the Company became a publicly traded company through an initial public offering (“IPO”), in which 10%, or 35.0 million shares, of the Company’s Class A common stock was sold. Prior to the IPO, the Company was an indirect wholly-owned subsidiary of Clear Channel Communications, Inc. (“Clear Channel Communications”), a diversified media and entertainment company. As of December 31, 2012, Clear Channel Communications indirectly holds all of the 315.0 million shares of Class B common stock outstanding and 1,553,971 shares of Class A common stock, collectively representing approximately 89% of the shares outstanding and approximately 99% of the voting power. The holders of Class A common stock and Class B common stock have identical rights, except holders of Class A common stock are entitled to one vote per share while holders of Class B common stock are entitled to 20 votes per share. The Class B shares of common stock are convertible, at the option of the holder at any time or upon any transfer, into shares of Class A common stock on a one-for-one basis, subject to certain limited exceptions.

The Company operates in the outdoor advertising industry by selling advertising on billboards, street furniture displays, transit displays and other advertising displays. The Company has two reportable business segments: Americas and International. During the first quarter of 2012, and in connection with the appointment of the Company’s new chief executive officer, the Company reevaluated its segment reporting and determined that its Latin American operations were more appropriately aligned with the operations of its International segment. As a result, the operations of Latin America are no longer reflected within the Company’s Americas segment and are currently included in the results of its International segment. Accordingly, the Company has recast the corresponding segment disclosures for prior periods. The Americas segment primarily includes operations in the United States and Canada; the International segment primarily includes operations in Europe, Asia, Latin America and Australia.

Clear Channel Communications’ Merger

On July 30, 2008, Clear Channel Communications completed its merger with a subsidiary of CC Media Holdings, Inc. (“CC Media Holdings”), a company formed by a group of private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the “Sponsors”). Clear Channel Communications is now owned indirectly by CC Media Holdings. The purchase price was approximately \$23.0 billion, including \$94.0 million in capitalized transaction costs. The merger was accounted for as a purchase business combination in conformity with Statement of Financial Accounting Standards No. 141, *Business Combinations*, and Emerging Issues Task Force Issue 88-16, *Basis in Leveraged Buyout Transactions*. ASC 805-50-S99-1 requires the application of push down accounting in situations where the ownership of an entity has changed. As a result, the post-merger financial statements of the Company reflect the new basis of accounting.

Agreements with Clear Channel Communications

There are several agreements which govern the Company’s relationship with Clear Channel Communications including the Master Agreement, Corporate Services Agreement, Employee Matters Agreement and Tax Matters Agreement. Clear Channel Communications has the right to terminate these agreements in various circumstances. As of the date of the filing of this report, no notice of termination of any of these agreements has been received from Clear Channel Communications.

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles (“GAAP”) requires management to make estimates, judgments and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes including, but not limited to, legal, tax and insurance accruals. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the Company are accounted for using the equity method of accounting. All significant intercompany accounts have been eliminated in consolidation.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Certain prior period amounts have been reclassified to conform to the 2012 presentation.

Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid investments with an original maturity of three months or less.

Allowance for Doubtful Accounts

The Company evaluates the collectability of its accounts receivable based on a combination of factors. In circumstances where it is aware of a specific customer's inability to meet its financial obligations, it records a specific reserve to reduce the amounts recorded to what it believes will be collected. For all other customers, it recognizes reserves for bad debt based on historical experience of bad debts as a percent of revenue for each business unit, adjusted for relative improvements or deteriorations in the agings and changes in current economic conditions. The Company believes its concentration of credit risk is limited due to the large number and the geographic diversification of its customers.

Purchase Accounting

The Company accounts for its business combinations under the acquisition method of accounting. The total cost of an acquisition is allocated to the underlying identifiable net assets, based on their respective estimated fair values. The excess of the purchase price over the estimated fair values of the net assets acquired is recorded as goodwill. Determining the fair value of assets acquired and liabilities assumed requires management's judgment and often involves the use of significant estimates and assumptions, including assumptions with respect to future cash inflows and outflows, discount rates, asset lives and market multiples, among other items. Various acquisition agreements may include contingent purchase consideration based on performance requirements of the investee. The Company accounts for these payments in conformity with the provisions of ASC 805-20-30, which establish the requirements related to recognition of certain assets and liabilities arising from contingencies.

Property, Plant and Equipment

Property, plant and equipment are stated at cost. Depreciation is computed using the straight-line method at rates that, in the opinion of management, are adequate to allocate the cost of such assets over their estimated useful lives, which are as follows:

Buildings and improvements	— 10 to 39 years
Structures	— 5 to 15 years
Furniture and other equipment	— 3 to 20 years
Leasehold improvements	— shorter of economic life or lease term assuming renewal periods, if appropriate

For assets associated with a lease or contract, the assets are depreciated at the shorter of the economic life or the lease or contract term, assuming renewal periods, if appropriate. Expenditures for maintenance and repairs are charged to operations as incurred, whereas expenditures for renewal and betterments are capitalized.

The Company tests for possible impairment of property, plant, and equipment whenever events and circumstances indicate that depreciable assets might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. When specific assets are determined to be unrecoverable, the cost basis of the asset is reduced to reflect the current fair market value.

Land Leases and Other Structure Licenses

Most of the Company's advertising structures are located on leased land. Americas land leases are typically paid in advance for periods ranging from one to 12 months. International land leases are paid both in advance and in arrears, for periods ranging from one to 12 months. Most international street furniture display faces are operated through contracts with municipalities for up to 20 years. The leased land and street furniture contracts often include a percent of revenue to be paid along with a base rent payment. Prepaid land leases are recorded as an asset and expensed ratably over the related rental term and license and rent payments in arrears are recorded as an accrued liability.

Intangible Assets

The Company's indefinite-lived intangible assets include billboard permits in its Americas segment. The Company's indefinite-lived intangible assets are not subject to amortization, but are tested for impairment at least annually. The Company tests for possible impairment of indefinite-lived intangible assets whenever events or changes in circumstances, such as a significant reduction in

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

operating cash flow or a dramatic change in the manner for which the asset is intended to be used indicate that the carrying amount of the asset may not be recoverable.

The Company performs its annual impairment test for its permits using a direct valuation technique as prescribed in ASC 805-20-S99. The Company engages Mesirow Financial Consulting, LLC ("Mesirow Financial"), a third party valuation firm, to assist the Company in the development of these assumptions and the Company's determination of the fair value of its permits.

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets include primarily transit and street furniture contracts, site leases and other contractual rights, all of which are amortized over the shorter of either the respective lives of the agreements or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company.

The Company tests for possible impairment of other intangible assets whenever events and circumstances indicate that they might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. When specific assets are determined to be unrecoverable, the cost basis of the asset is reduced to reflect the current fair market value.

Goodwill

At least annually, the Company performs its impairment test for each reporting unit's goodwill. In 2012, the Company used a discounted cash flow model to determine if the carrying value of the reporting unit, including goodwill, is less than the fair value of the reporting unit. The Company identified its reporting units in accordance with ASC 350-20-55. The Company's U.S. outdoor advertising markets are aggregated into a single reporting unit for purposes of the goodwill impairment test. The Company also determined that within its Americas segment, Canada constitutes a separate reporting unit and each country in its International outdoor segment constitutes a separate reporting unit. The Company had no impairment of goodwill for 2012.

In 2011, the Company utilized the option to assess qualitative factors under ASC 350-20-35 to determine whether it was more likely than not that the fair value of its reporting units was less than their carrying amounts, including goodwill. If, after the qualitative approach, further testing is required, the Company used a discounted cash flow model to determine if the carrying value of the reporting unit, including goodwill, was less than the fair value of the reporting unit. The Company recognized a non-cash impairment charge of \$1.1 million to reduce goodwill in one country within its International outdoor segment for 2011. The Company performed its annual goodwill impairment test during 2010, and recognized a non-cash impairment charge of \$2.1 million related to a specific reporting unit in its International outdoor segment. See Note 2 for further discussion.

Nonconsolidated Affiliates

In general, investments in which the Company owns 20 percent to 50 percent of the common stock or otherwise exercises significant influence over the investee are accounted for under the equity method. The Company does not recognize gains or losses upon the issuance of securities by any of its equity method investees. The Company reviews the value of equity method investments and records impairment charges in the statement of operations as a component of "Equity in earnings (loss) of nonconsolidated affiliates" for any decline in value that is determined to be other-than-temporary.

For 2010, the Company recorded non-cash impairment charges of \$8.3 million related to certain equity investments in its International segment.

Other Investments

Other investments are composed primarily of equity securities. These securities are classified as available-for-sale or trading and are carried at fair value based on quoted market prices. Securities are carried at historical value when quoted market prices are unavailable. The net unrealized gains or losses on the available-for-sale securities, net of tax, are reported in accumulated other comprehensive loss as a component of shareholders' deficit. In addition, the Company holds investments that do not have quoted market prices. The Company periodically assesses the value of available-for-sale and non-marketable securities and records impairment charges in the statement of comprehensive loss for any decline in value that is determined to be other-than-temporary. The average cost method is used to compute the realized gains and losses on sales of equity securities.

The Company periodically assesses the value of its available-for-sale securities. Based on these assessments, the Company concluded that other-than-temporary impairments existed at December 31, 2012, 2011 and 2010 and recorded non-cash impairment charges of

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

\$2.6 million, \$4.8 million and \$6.5 million, respectively, during each of these years. Such charges are recorded on the statement of operations in "Loss on marketable securities".

Financial Instruments

Due to their short maturity, the carrying amounts of accounts and notes receivable, accounts payable, accrued liabilities and short-term borrowings approximated their fair values at December 31, 2012 and 2011.

Asset Retirement Obligation

ASC 410-20 requires the Company to estimate its obligation upon the termination or non-renewal of a lease to dismantle and remove its advertising structures from the leased land and to reclaim the site to its original condition. The Company's asset retirement obligation is reported in "Other long-term liabilities." The Company records the present value of obligations associated with the retirement of its advertising structures in the period in which the obligation is incurred. When the liability is recorded, the cost is capitalized as part of the related advertising structures carrying amount. Over time, accretion of the liability is recognized as an operating expense and the capitalized cost is depreciated over the expected useful life of the related asset.

Income Taxes

The Company accounts for income taxes using the liability method. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not that some portion or the entire asset will not be realized. As all earnings from the Company's foreign operations are permanently reinvested and not distributed, the Company's income tax provision does not include additional U.S. taxes on foreign operations. It is not practical to determine the amount of Federal income taxes, if any, that might become due in the event that the earnings were distributed.

The operations of the Company are included in a consolidated U.S. Federal income tax return filed by CC Media Holdings. However, for financial reporting purposes, the Company's provision for income taxes has been computed on the basis that the Company files separate consolidated U.S. Federal income tax returns with its subsidiaries.

Revenue Recognition

The Company's advertising contracts cover periods of a few weeks up to one year, and are generally billed monthly. Revenue for advertising space rental is recognized ratably over the term of the contract. Advertising revenue is reported net of agency commissions. Agency commissions are calculated based on a stated percentage applied to gross billing revenue for the Company's operations. Payments received in advance of being earned are recorded as deferred income. Revenue arrangements typically contain multiple products and services and revenues are allocated based on the relative fair value of each delivered item and recognized in accordance with the applicable revenue recognition criteria for the specific unit of accounting.

Advertising Expense

The Company records advertising expense as it is incurred. Advertising expenses were \$17.2 million, \$14.7 million and \$12.0 million for the years ended December 31, 2012, 2011 and 2010, respectively.

Share-Based Compensation

Under the fair value recognition provisions of ASC 718-10, share-based compensation cost is measured at the grant date based on the fair value of the award. For awards that vest based on service conditions, this cost is recognized as expense on a straight-line basis over the vesting period. For awards that will vest based on market or performance conditions, this cost will be recognized when it becomes probable that the performance conditions will be satisfied. Determining the fair value of share-based awards at the grant date requires assumptions and judgments about expected volatility and forfeiture rates, among other factors.

Foreign Currency

Results of operations for foreign subsidiaries and foreign equity investees are translated into U.S. dollars using the average exchange rates during the year. The assets and liabilities of those subsidiaries and investees are translated into U.S. dollars using the exchange rates at the balance sheet date. The related translation adjustments are recorded in a separate component of shareholders' equity, "Accumulated other comprehensive income (loss)". Foreign currency transaction gains and losses are included in operations.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

New Accounting Pronouncements

In September 2011, the FASB issued ASU No. 2011-08 *Intangibles-Goodwill and Other (Topic 350): Testing Goodwill for Impairment*. Under the revised guidance, entities testing goodwill for impairment have the option of performing a qualitative assessment before calculating the fair value of the reporting unit (i.e., step 1 of the goodwill impairment test). If entities determine, on the basis of qualitative factors, that the fair value of the reporting unit is more likely than not less than the carrying amount, the two-step impairment test would be required. The ASU does not change how goodwill is calculated or assigned to reporting units, nor does it revise the requirement to test goodwill annually for impairment. The amendments are effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. Early adoption is permitted. The Company early adopted the provisions of this ASU as of October 1, 2011 with no material impact to its financial position or results of operations. However, for its annual impairment test as of October 1, 2012, the Company elected to perform a quantitative assessment and applied the two-step impairment test.

In December 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-11, *Disclosures about Offsetting Assets and Liabilities (ASC 210)*. Under the ASU, new disclosures will be required for recognized financial instruments and derivative instruments that are either offset on the balance sheet in accordance with the offsetting guidance in ASC 210-20-45 or ASC 815-10-45, or are subject to an enforceable master netting arrangement or similar agreement, regardless of whether they are offset in accordance with the offsetting guidance. The disclosure requirements will be effective for periods beginning on or after January 1, 2013, and are to be applied retrospectively. The Company does not expect the provisions of ASU 2011-11 to have a material effect on its financial position or results of operations.

In July 2012, the FASB issued ASU No. 2012-02, *Intangibles – Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment*. The ASU gives entities the option to first perform a qualitative assessment to determine whether the existence of events and circumstances indicate that it is more likely than not (a likelihood of more than 50%) that an indefinite-lived intangible asset is impaired. If an entity determines that it is more likely than not that the fair value of such an asset exceeds its carrying amount, it would not need to calculate the fair value of the asset in that year. However, if an entity concludes otherwise, it must calculate the fair value of the asset, compare that value with its carrying amount and record an impairment charge, if any. The guidance is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012. Early adoption is permitted. The Company did not early adopt the provisions of this ASU during 2012 in connection with its annual impairment test for indefinite-lived intangibles. The Company does not expect the provisions of ASU 2012-02 to have a material effect on its financial position or results of operations.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 – PROPERTY, PLANT AND EQUIPMENT, INTANGIBLE ASSETS AND GOODWILL

Property, Plant and Equipment

The Company's property, plant and equipment consisted of the following classes of assets at December 31, 2012 and 2011, respectively:

(In thousands)

	December 31, 2012	December 31, 2011
Land, buildings and improvements	\$ 210,382	\$ 204,541
Structures	2,949,458	2,783,431
Furniture and other equipment	134,389	111,481
Construction in progress	76,299	57,501
	<u>3,370,528</u>	<u>3,156,961</u>
Less: accumulated depreciation	1,162,784	910,251
Property, plant and equipment, net	<u>\$ 2,207,744</u>	<u>\$ 2,246,710</u>

The Company impaired outdoor advertising structures in its Americas segment by \$1.7 million and \$4.0 million during 2012 and 2010, respectively.

Indefinite-lived Intangible Assets

The Company's indefinite-lived intangible assets consist primarily of billboard permits in its Americas segment. The Company's billboard permits are granted for the right to operate an advertising structure at the specified location as long as the structure is in compliance with the laws and regulations of each jurisdiction. The Company's permits are located on owned land, leased land or land for which we have acquired permanent easements. In cases where the Company's permits are located on leased land, the leases typically have initial terms of between 10 and 20 years and renew indefinitely, with rental payments generally escalating at an inflation-based index. If the Company loses its lease, the Company will typically obtain permission to relocate the permit or bank it with the municipality for future use. Due to significant differences in both business practices and regulations, billboards in the International segment are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International segment.

The impairment tests for indefinite-lived intangible assets consist of a comparison between the fair value of the indefinite-lived intangible asset at the market level with its carrying amount. If the carrying amount of the indefinite-lived intangible asset exceeds its fair value, an impairment loss is recognized equal to that excess. After an impairment loss is recognized, the adjusted carrying amount of the indefinite-lived asset is its new accounting basis. The fair value of the indefinite-lived asset is determined using the direct valuation method as prescribed in ASC 805-20-S99. Under the direct valuation method, the fair value of the indefinite-lived assets is calculated at the market level as prescribed by ASC 350-30-35. The Company engaged Mesirow Financial, a third-party valuation firm, to assist it in the development of the assumptions and the Company's determination of the fair value of its indefinite-lived intangible assets.

The application of the direct valuation method attempts to isolate the income that is properly attributable to the indefinite-lived intangible asset alone (that is, apart from tangible and identified intangible assets and goodwill). It is based upon modeling a hypothetical "greenfield" build-up to a "normalized" enterprise that, by design, lacks inherent goodwill and whose only other assets have essentially been paid for (or added) as part of the build-up process. The Company forecasts revenue, expenses, and cash flows over a ten-year period for each of its markets in its application of the direct valuation method. The Company also calculates a "normalized" residual year which represents the perpetual cash flows of each market. The residual year cash flow was capitalized to arrive at the terminal value of the permits in each market.

Under the direct valuation method, it is assumed that rather than acquiring indefinite-lived intangible assets as part of a going concern business, the buyer hypothetically develops indefinite-lived intangible assets and builds a new operation with similar attributes from scratch. Thus, the buyer incurs start-up costs during the build-up phase which are normally associated with going concern value.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Initial capital costs are deducted from the discounted cash flow model which results in value that is directly attributable to the indefinite-lived intangible assets.

The key assumptions using the direct valuation method are market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up capital costs and losses incurred during the build-up period, the risk-adjusted discount rate and terminal values. This data is populated using industry normalized information representing an average billboard permit within a market.

Annual Impairment Test to Billboard Permits

The Company performs its annual impairment test on October 1 of each year.

During 2012, the Company recognized a \$35.9 million impairment charge related to billboard permits in certain markets due to a change in the Company's forecast of revenue growth within the markets. During 2011, the Company recognized a \$6.5 million impairment charge related to billboard permits in one market due to significant declines in permit value resulting from flat revenues, a slight decline in margin and increased capital expenditures within the market. During 2010, although the aggregate fair value of billboard permits increased, certain markets experienced continuing declines. As a result, impairment charges were recorded in 2010 for billboard permits of \$4.8 million.

Other Intangible Assets

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets include primarily transit and street furniture contracts, talent and representation contracts, customer and advertiser relationships, and site-leases, all of which are amortized over the respective lives of the agreements, or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. No impairments of other intangible assets were recognized during 2012 or 2011. The Company impaired certain definite-lived intangible assets related to one airport contract in its Americas segment by \$0.5 million during 2010.

The following table presents the gross carrying amount and accumulated amortization for each major class of other intangible assets at December 31, 2012 and 2011, respectively:

(In thousands)

	December 31, 2012		December 31, 2011	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
Transit, street furniture and other contractual rights	\$ 785,303	\$ (403,955)	\$ 773,238	\$ (329,563)
Permanent easements	173,374	-	171,918	
Other	4,283	(1,527)	4,861	(1,928)
Total	\$ 962,960	\$ (405,482)	\$ 950,017	\$ (331,491)

Total amortization expense related to other intangible assets was \$75.2 million, \$101.7 million and \$ 104.8 million for the years ended December 31, 2012, 2011 and 2010, respectively.

As acquisitions and dispositions occur in the future, amortization expense may vary. The following table presents the Company's estimate of amortization expense for each of the five succeeding fiscal years for definite-lived intangible assets:

(in thousands)

2013	\$	73,302
2014		68,654
2015		52,650
2016		43,878
2017		32,523

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Annual Impairment Test to Goodwill

The Company performs its annual impairment test on October 1 of each year. Each of the Company's advertising markets are components. The U.S. advertising markets are aggregated into a single reporting unit for purposes of the goodwill impairment test using the guidance in ASC 350-20-55. The Company also determined that within its Americas segment, Canada constitutes a separate reporting unit and each country in its International segment constitutes a separate reporting unit.

The goodwill impairment test is a two-step process. The first step, used to screen for potential impairment, compares the fair value of the reporting unit with its carrying amount, including goodwill. If applicable, the second step, used to measure the amount of the impairment loss, compares the implied fair value of the reporting unit goodwill with the carrying amount of that goodwill.

Each of the Company's reporting units is valued using a discounted cash flow model which requires estimating future cash flows expected to be generated from the reporting unit, discounted to their present value using a risk-adjusted discount rate. Terminal values were also estimated and discounted to their present value. Assessing the recoverability of goodwill requires the Company to make estimates and assumptions about sales, operating margins, growth rates and discount rates based on its budgets, business plans, economic projections, anticipated future cash flows and marketplace data. There are inherent uncertainties related to these factors and management's judgment in applying these factors. The Company recognized no goodwill impairment for the year ended December 31, 2012.

In 2011, the Company utilized the option to assess qualitative factors under ASC 350-20-35 to determine whether it was more likely than not that the fair value of its reporting units was less than their carrying amounts, including goodwill. Based on a qualitative assessment, the Company concluded that no further testing of goodwill for impairment was required for all of the reporting units within its Americas segment. Further testing was required for four of the countries within its International segment.

If further testing of goodwill for impairment is required after assessing qualitative factors, the Company follows the two-step impairment testing approach in accordance with ASC 350-20-35. The first step, used to screen for potential impairment, compares the fair value of the reporting unit with its carrying amount, including goodwill. If applicable, the second step, used to measure the amount of the impairment loss, compares the implied fair value of the reporting unit goodwill with the carrying amount of that goodwill. For the year ended December 31, 2011, the Company recognized a non-cash impairment charge to goodwill of \$1.1 million due to a decline in the fair value of one country within the Company's International segment.

For the year ended December 31, 2010, the Company performed a quantitative assessment as of October 1, 2010 and recognized a non-cash impairment charge to goodwill of \$2.1 million due to a decline in fair value in one country within the Company's International segment.

The following table presents the changes in the carrying amount of goodwill in each of the Company's reportable segments. The provisions of ASC 350-20-50-1 require the disclosure of cumulative impairment. As a result of the merger, a new basis in goodwill was recorded in accordance with ASC 805-10. All impairments shown in the table below have been recorded subsequent to the merger and, therefore, do not include any pre-merger impairment.

<i>(In thousands)</i>	Americas	International	Total
Balance as of December 31, 2010	\$ 571,932	\$ 290,310	\$ 862,242
Foreign currency	-	(6,898)	(6,898)
Impairment	-	(1,146)	(1,146)
Acquisitions	-	2,995	2,995
Balance as of December 31, 2011	571,932	285,261	857,193
Foreign currency	-	7,784	7,784
Dispositions	-	(2,729)	(2,729)
Balance as of December 31, 2012	\$ 571,932	\$ 290,316	\$ 862,248

The balance at December 31, 2010 is net of cumulative impairments of \$2.6 billion and \$314.8 million in the Company's Americas and International segments, respectively.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3 — BUSINESS ACQUISITIONS

On October 14, 2011, the Company's International segment acquired Brouwer & Partners, a street furniture business in Holland, for \$12.5 million.

NOTE 4 — INVESTMENTS

The Company's most significant investments in nonconsolidated affiliates are listed below:

Alessi

The Company owns a 36.75% interest in Alessi, an Italian outdoor advertising company.

Buspak

The Company owns a 50% interest in Buspak, an outdoor advertising company in Hong Kong.

Summarized Financial Information

The following table summarizes the Company's investments in nonconsolidated affiliates:

<i>(In thousands)</i>	Buspak	All Others	Total
Balance as of December 31, 2010	\$ 7,719	\$ 6,076	\$ 13,795
Equity in net earnings (loss)	1,884	4,145	6,029
Dispositions of investments, net	-	(6,316)	(6,316)
Other, net	(1,701)	(929)	(2,630)
Foreign currency translation adjustments	9	281	290
Balance as of December 31, 2011	\$ 7,911	\$ 3,257	\$ 11,168
Equity in net earnings (loss)	1,558	(715)	843
Acquisitions of investments, net	-	1,082	1,082
Other, net	1,209	1,831	3,040
Foreign currency translation adjustments	(35)	25	(10)
Balance as of December 31, 2012	\$ 10,643	\$ 5,480	\$ 16,123

The investments in the table above are not consolidated, but are accounted for under the equity method of accounting, whereby the Company records its investments in these entities in its balance sheet as "Other assets." The Company's interests in their operations are recorded in the statement of operations as "Equity in earnings (loss) of nonconsolidated affiliates."

Other Investments

ASC 820-10-35 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Other investments of \$0.8 million and \$ 3.3 million at December 31, 2012 and 2011, respectively, primarily represent marketable equity securities and other cost investments. The marketable equity securities are measured at fair value using quoted prices in active markets. Due to the fact that the inputs used to measure the marketable equity securities at fair value are observable, the Company has categorized the fair value measurements of the securities as Level 1. Other cost investments include various investments in companies for which there is no readily determinable market value.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The cost, unrealized holding gains or losses, and fair value of the Company's other investments at December 31, 2012 and 2011 are as follows:

(In thousands)

Investments	December 31, 2012				December 31, 2011			
	Cost	Gross Unrealized Losses	Gross Unrealized Gains	Fair Value	Cost	Gross Unrealized Losses	Gross Unrealized Gains	Fair Value
Available-for sale	\$ 609	-	81	\$ 690	\$ 3,188	-	74	\$ 3,262
Other cost investments	\$ 73	-	-	\$ 73	\$ 70	-	-	\$ 70

The Company's available-for-sale security, Independent News & Media PLC ("INM"), was in an unrealized loss position for an extended period of time. As a result, the Company considered the guidance in ASC 320-10-S99 and reviewed the length of the time and the extent to which the market value was less than cost and the financial condition and near-term prospects of the issuer. After this assessment, the Company concluded that the impairment was other than temporary and recorded a non-cash impairment charge of \$2.6 million, \$4.8 million and \$6.5 million in "Loss on marketable securities" for the years ended December 31, 2012, 2011 and 2010, respectively.

NOTE 5 — ASSET RETIREMENT OBLIGATION

The Company's asset retirement obligation is reported in "Other long-term liabilities" with the current portion recorded in "Accrued liabilities" and relates to its obligation to dismantle and remove its advertising displays from leased land and to reclaim the site to its original condition upon the termination or non-renewal of a lease. When the liability is recorded, the cost is capitalized as part of the related long-lived assets' carrying value. Due to the high rate of lease renewals over a long period of time, the calculation assumes that all related assets will be removed at some period over the next 50 years. An estimate of third-party cost information is used with respect to the dismantling of the structures and the reclamation of the site. The interest rate used to calculate the present value of such costs over the retirement period is based on an estimated risk adjusted credit rate for the same period.

The following table presents the activity related to the Company's asset retirement obligation:

(In thousands)

	Years Ended December 31	
	2012	2011
Beginning balance	\$ 47,534	\$ 48,261
Adjustment due to change in estimate of related costs	3,172	(2,851)
Accretion of liability	4,490	4,531
Liabilities settled	(2,625)	(2,414)
Ending balance	\$ 52,571	\$ 47,531

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 6 – LONG-TERM DEBT

Long-term debt at December 31, 2012 and 2011, respectively, consisted of the following:

(In thousands)

	December 31, 2012	December 31, 2011
Clear Channel Worldwide Holdings Senior Notes:		
6.5% Series A Senior Notes Due 2022	\$ 735,750	\$ -
6.5% Series B Senior Notes Due 2022	1,989,250	-
9.25% Series A Senior Notes Due 2017	-	500,000
9.25% Series B Senior Notes Due 2017	-	2,000,000
Clear Channel Worldwide Holdings Senior Subordinated Notes:		
7.625% Series A Senior Subordinated Notes Due 2020	275,000	-
7.625% Series B Senior Subordinated Notes Due 2020	1,925,000	-
Other debt	27,093	45,900
Original issue discount	(7,298)	-
Total debt	4,944,795	2,545,900
Less: current portion	9,407	23,800
Total long-term debt	\$ 4,935,388	\$ 2,522,100

The aggregate market value of the Company's debt based on market prices for which quotes were available was approximately \$5.1 billion and \$2.7 billion at December 31, 2012 and 2011, respectively. Under the fair value hierarchy established by ASC 820-10-35, the market value of the Company's debt is classified as Level 1.

CCWH Senior Notes

During the fourth quarter of 2012, CCWH issued \$2.7 billion aggregate principal amount of senior notes, which consisted of \$735.8 million aggregate principal amount of Series A Senior Notes due 2022 (the "Series A CCWH Senior Notes") and \$1,989.25 million aggregate principal amount of Series B CCWH Senior Notes due 2022 (the "Series B CCWH Senior Notes" and, together with the Series A CCWH Senior Notes, the "CCWH Senior Notes"). The CCWH Senior Notes are guaranteed by the Company, Clear Channel Outdoor, Inc. ("CCOI") and certain of the Company's direct and indirect subsidiaries. The proceeds from the issuance of the CCWH Senior Notes were used to fund the repurchase of CCWH's Series A Senior Notes due 2017 and CCWH's Series B Senior Notes due 2017 (collectively, the "Existing CCWH Senior Notes").

The Company capitalized \$30.0 million in fees and expenses associated with the CCWH Senior Notes offering and an original issue discount of \$7.4 million. The Company is amortizing the capitalized fees and discount through interest expense over the life of the CCWH Senior Notes.

The CCWH Senior Notes are senior obligations that rank pari passu in right of payment to all unsubordinated indebtedness of CCWH and the guarantees of the CCWH Senior Notes rank pari passu in right of payment to all unsubordinated indebtedness of the guarantors. Interest on the CCWH Senior Notes is payable to the trustee weekly in arrears and to the noteholders on May 15 and November 15 of each year, beginning on May 15, 2013.

At any time prior to November 15, 2017, CCWH may redeem the CCWH Senior Notes, in whole or in part, at a price equal to 100% of the principal amount of the CCWH Senior Notes plus a "make-whole" premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the CCWH Senior Notes, in whole or in part, on or after November 15, 2017, at the redemption prices set forth in the applicable indenture governing the CCWH Senior Notes plus accrued and unpaid interest to the redemption date. At any time on or before November 15, 2015, CCWH may elect to redeem up to 40% of the then outstanding aggregate principal amount of the CCWH Senior Notes at a redemption price equal to 106.500% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings, subject to certain restrictions. Notwithstanding the foregoing, neither the Company nor any of its subsidiaries is permitted to make any purchase of, or otherwise effectively cancel or retire any Series A CCWH Senior Notes or Series B CCWH Senior Notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other addition with respect to any Series B CCWH Senior Notes or Series A CCWH Senior Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A CCWH Senior Notes to (b) the outstanding aggregate principal amount of the Series B CCWH Senior Notes shall be greater than 0.25, subject to certain exceptions.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The indenture governing the Series A CCWH Senior Notes contains covenants that limit the Company and its restricted subsidiaries ability to, among other things:

- incur or guarantee additional debt to persons other than Clear Channel Communications and its subsidiaries (other than the Company) or issue certain preferred stock;
- create liens on its restricted subsidiaries' assets to secure such debt;
- create restrictions on the payment of dividends or other amounts to the Company from its restricted subsidiaries that are not guarantors of the CCWH Senior Notes;
- enter into certain transactions with affiliates;
- merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of its assets; and
- sell certain assets, including capital stock of its subsidiaries, to persons other than Clear Channel Communications and its subsidiaries (other than Company).

In addition, the indenture governing the Series A CCWH Senior Notes provides that if CCWH (i) makes an optional redemption of the Series B CCWH Senior Notes or purchases or makes an offer to purchase the Series B CCWH Senior Notes at or above 100% of the principal amount thereof, then CCWH shall apply a pro rata amount to make an optional redemption or purchase a pro rata amount of the Series A CCWH Senior Notes or (ii) makes an asset sale offer under the indenture governing the Series B CCWH Senior Notes, then CCWH shall apply a pro rata amount to make an offer to purchase a pro rata amount of Series A CCWH Senior Notes.

The indenture governing the Series A CCWH Senior Notes does not include limitations on dividends, distributions, investments or asset sales.

The indenture governing the Series B CCWH Senior Notes contains covenants that limit the Company and its restricted subsidiaries ability to, among other things:

- incur or guarantee additional debt or issue certain preferred stock;
- redeem, repurchase or retire the Company's subordinated debt;
- make certain investments;
- create liens on its or its restricted subsidiaries' assets to secure debt;
- create restrictions on the payment of dividends or other amounts to it from its restricted subsidiaries that are not guarantors of the CCWH Senior Notes;
- enter into certain transactions with affiliates;
- merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of its assets;
- sell certain assets, including capital stock of its subsidiaries;
- designate its subsidiaries as unrestricted subsidiaries; and
- pay dividends, redeem or repurchase capital stock or make other restricted payments.

The Series A CCWH Senior Notes indenture and Series B CCWH Senior Notes indenture restrict the Company's ability to incur additional indebtedness but permit the Company to incur additional indebtedness based on an incurrence test. In order to incur (i) additional indebtedness under this test, the Company's debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively, and (ii) additional indebtedness that is subordinated to the CCWH Senior Notes under this test the Company's debt to adjusted EBITDA ratios (as defined by the indentures) must not be lower than 7.0:1 for total debt. The indentures contain certain other exceptions that allow the Company to incur additional indebtedness. The Series B CCWH Senior Notes indenture also permits the Company to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if its debt to adjusted EBITDA ratios (as defined by the indentures) are lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively. The Series A CCWH Senior Notes indenture does not limit the Company's ability to pay dividends. The Series B CCWH Senior Notes indenture contains certain exceptions that allow the Company to pay dividend including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by the Company of amount outstanding under the revolving promissory note issued by Clear Channel Communications to the Company.

CCWH Senior Subordinated Notes

During the first quarter of 2012, the Company's wholly owned subsidiary, CCWH issued \$275.0 million aggregate principal amount of 7.625% Series A Senior Subordinated Notes due 2020 (the "Series A CCWH Subordinated Notes") and \$1,925.0 million aggregate

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

principal amount of 7.625% Series B Senior Subordinated Notes due 2020 (the Series B CCWH Subordinated Notes” and, together with the Series A CCWH Subordinated Notes, the “CCWH Subordinated Notes”). Interest on the CCWH Subordinated Notes is payable to the trustee weekly in arrears and to the noteholders on March 15 and September 15 of each year beginning on September 15, 2012.

The CCWH Subordinated Notes are CCWH’s senior subordinated obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior subordinated basis by the Company, CCOI and certain of the Company’s other domestic subsidiaries. The CCWH Subordinated Notes are unsecured senior subordinated obligations that rank junior to all of CCWH’s existing and future senior debt, including the CCWH Senior Notes, equally with any of CCWH’s existing and future senior subordinated debt and ahead of all of CCWH’s existing and future debt that expressly provides that it is subordinated to the CCWH Subordinated Notes. The guarantees of the CCWH Subordinated Notes rank junior to each guarantor existing and future senior debt, including the CCWH Senior Notes, equally with each guarantor’s existing and future senior subordinated debt and ahead of each guarantor’s existing and future debt that expressly provides that it is subordinated to the guarantees of the CCWH Subordinated Notes.

At any time prior to March 15, 2015, CCWH may redeem the CCWH Subordinated Notes, in whole or in part, at a price equal to 100% of the principal amount of the CCWH Subordinated Notes plus a “make-whole” premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the CCWH Subordinated Notes, in whole or in part, on or after March 15, 2015, at the redemption prices set forth in the applicable indenture governing the CCWH Subordinated Notes plus accrued and unpaid interest to the redemption date. At any time on or before March 15, 2015, CCWH may elect to redeem up to 40% of the then outstanding aggregate principal amount of the CCWH Subordinated Notes at a redemption price equal to 107.625% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings, subject to certain restrictions. Notwithstanding the foregoing, neither the Company nor any of its subsidiaries is permitted to make any purchase of, or otherwise effectively cancel or retire any Series A CCWH Subordinated Notes or Series B CCWH Subordinated Notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other addition with respect to any Series B CCWH Subordinated Notes or Series A CCWH Subordinated Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A CCWH Subordinated Notes to (b) the outstanding aggregate principal amount of the Series B CCWH Subordinated Notes shall be greater than 0.25, subject to certain exceptions.

The Company capitalized \$40.0 million in fees and expenses associated with the CCWH Subordinated Notes offering and are amortizing them through interest expense over the life of the CCWH Subordinated Notes.

The indenture governing the Series A CCWH Subordinated Notes contains covenants that limit the ability of the Company and its restricted subsidiaries to, among other things:

- incur or guarantee additional debt to persons other than Clear Channel and its subsidiaries (other than the Company) or issue certain preferred stock;
- create restrictions on the payment of dividends or other amounts to the Company from its restricted subsidiaries that are not guarantors of the notes;
- enter into certain transactions with affiliates;
- merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of the Company’s assets; and
- sell certain assets, including capital stock of the Company’s subsidiaries, to persons other than Clear Channel and its subsidiaries (other than the Company).

In addition, the indenture governing the Series A CCWH Subordinated Notes provides that if CCWH (i) makes an optional redemption of the Series B CCWH Subordinated Notes or purchases or makes an offer to purchase the Series B CCWH Subordinated Notes at or above 100% of the principal amount thereof, then CCWH shall apply a pro rata amount to make an optional redemption or purchase a pro rata amount of the Series A CCWH Subordinated Notes or (ii) makes an asset sale offer under the indenture governing the Series B CCWH Subordinated Notes, then CCWH shall apply a pro rata amount to make an offer to purchase a pro rata amount of Series A CCWH Subordinated Notes.

The indenture governing the Series A CCWH Subordinated Notes does not include limitations on dividends, distributions, investments or asset sales.

The indenture governing the Series B CCWH Subordinated Notes contains covenants that limit the ability of the Company and its restricted subsidiaries ability to, among other things:

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

- incur or guarantee additional debt or issue certain preferred stock;
- make certain investments;
- create restrictions on the payment of dividends or other amounts to the Company from its restricted subsidiaries that are not guarantors of the notes;
- enter into certain transactions with affiliates;
- merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of the Company's assets;
- sell certain assets, including capital stock of the Company's subsidiaries;
- designate the Company's subsidiaries as unrestricted subsidiaries; and
- pay dividends, redeem or repurchase capital stock or make other restricted payments.

The Series A CCWH Subordinated Notes indenture and Series B CCWH Subordinated Notes indenture restrict the Company's ability to incur additional indebtedness but permit the Company to incur additional indebtedness based on an incurrence test. In order to incur additional indebtedness under this test, the Company's debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow the Company to incur additional indebtedness. The Series B CCWH Subordinated Notes indenture also permits the Company to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if its debt to adjusted EBITDA ratios (as defined by the indentures) is lower than 7.0:1. The Series A CCWH Senior Subordinated Notes indenture does not limit the Company's ability to pay dividends. The Series B CCWH Subordinated Notes indenture contains certain exceptions that allow the Company to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by the Company of amounts outstanding under the revolving promissory note issued by Clear Channel Communications to the Company.

With the proceeds of the CCWH Subordinated Notes (net of the initial purchasers' discount of \$33.0 million), CCWH loaned an aggregate amount equal to \$2,167.0 million to CCOI. CCOI paid all other fees and expenses of the offering using cash on hand and, with the proceeds of the loans, made a special cash dividend to the Company, which in turn made a special cash dividend on March 15, 2012 in an amount equal to \$6.0832 per share to its Class A and Class B stockholders of record at the close of business on March 12, 2012, including Clear Channel Holdings, Inc. ("CC Holdings") and CC Finco, LLC ("CC Finco"), both wholly-owned subsidiaries of the Company. Of the \$2,170.4 million special cash dividend paid by the Company, an aggregate of \$1,925.7 million was distributed to CC Holdings and CC Finco, with the remaining \$244.7 million distributed to other stockholders. As a result, the Company recorded a reduction of \$244.7 million in "Noncontrolling interest" on the consolidated balance sheet.

Clear Channel Communications' Debt Repayments

On March 15, 2012, using proceeds of the CCOH Dividend distributed to Clear Channel Holdings and CC Finco, together with cash on hand, Clear Channel Communications repaid indebtedness under its senior secured credit facilities in an aggregate amount equal to \$1,925.7 million. As a result of the prepayment, the revolving credit commitments under Clear Channel Communications' revolving credit facility were permanently reduced from \$1.9 billion to \$10.0 million and the sub-limit under which certain of the Company's international subsidiaries may borrow (to the extent that Clear Channel Communications' has not already borrowed against this capacity) was reduced from \$145.0 million to \$750 thousand. On October 31, 2012, Clear Channel Communications permanently repaid the \$10.0 million revolving credit facility, which included the \$750 thousand sub-limit facility, and all remaining commitments related to the revolving credit facility were cancelled.

In connection with the CCWH Subordinated Notes issuance, Clear Channel Communications used cash on hand to prepay \$170.5 million of additional indebtedness under its senior secured credit facilities in order to remain in compliance with its debt covenants.

Other Debt

Other debt includes various borrowings and capital leases utilized for general operating purposes. Included in the \$27.1 million balance at December 31, 2012 is \$9.4 million that matures in less than one year.

Debt Covenants

The Company was in compliance with the covenants contained in the Senior Notes indentures and the Subordinated Notes indentures as of December 31, 2012.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

There are no significant covenants or events of default contained in the revolving promissory note issued by Clear Channel Communications to the Company or the revolving promissory note issued by the Company to Clear Channel Communications.

Future maturities of long-term debt as of December 31, 2012 are as follows:

<i>(in thousands)</i>		
2013	\$	9,407
2014		16,552
2015		56
2016		64
2017		74
Thereafter		4,925,940
Total ⁽¹⁾	\$	4,952,093

(1) Excludes original issue discount of \$7.3 million, which is amortized through interest expense over the life of the underlying debt obligations.

NOTE 7 — COMMITMENTS, CONTINGENCIES AND GUARANTEES

Commitments and Contingencies

The Company accounts for its rentals that include renewal options, annual rent escalation clauses, minimum franchise payments and maintenance related to displays under the guidance in ASC 840.

The Company considers its non-cancelable contracts that enable it to display advertising on buses, bus shelters, trains, etc. to be leases in accordance with the guidance in ASC 840-10. These contracts may contain minimum annual franchise payments which generally escalate each year. The Company accounts for these minimum franchise payments on a straight-line basis. If the rental increases are not scheduled in the lease, such as an increase based on subsequent changes in the index or rate, those rents are considered contingent rentals and are recorded as expense when accruable. Other contracts may contain a variable rent component based on revenue. The Company accounts for these variable components as contingent rentals and records these payments as expense when accruable.

The Company accounts for annual rent escalation clauses included in the lease term on a straight-line basis under the guidance in ASC 840-20-25. The Company considers renewal periods in determining its lease terms if at inception of the lease there is reasonable assurance the lease will be renewed. Expenditures for maintenance are charged to operations as incurred, whereas expenditures for renewal and betterments are capitalized.

The Company leases office space, equipment and the majority of the land occupied by its advertising structures under long-term operating leases. The Company accounts for these leases in accordance with the policies described above.

The Company's contracts with municipal bodies or private companies relating to street furniture, billboards, transit and malls generally require the Company to build bus stops, kiosks and other public amenities or advertising structures during the term of the contract. The Company owns these structures and is generally allowed to advertise on them for the remaining term of the contract. Once the Company has built the structure, the cost is capitalized and expensed over the shorter of the economic life of the asset or the remaining life of the contract.

In addition, the Company has commitments relating to required purchases of property, plant, and equipment under certain street furniture contracts. Certain of the Company's contracts contain penalties for not fulfilling its commitments related to its obligations to build bus stops, kiosks and other public amenities or advertising structures. Historically, any such penalties have not materially impacted the Company's financial position or results of operations.

Certain acquisition agreements include deferred consideration payments based on performance requirements by the seller, typically involving the completion of a development or obtaining appropriate permits that enable the Company to construct additional advertising displays. At December 31, 2012, the Company believes its maximum aggregate contingency, which is subject to performance requirements by the seller, is approximately \$30.0 million. As the contingencies have not been met or resolved as of December 31, 2012, these amounts are not recorded.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

As of December 31, 2012, the Company's future minimum rental commitments under non-cancelable operating lease agreements with terms in excess of one year, minimum payments under non-cancelable contracts in excess of one year, capital expenditure commitments and employment contracts consist of the following:

(In thousands)

	Non-Cancelable Operating Leases		Non-Cancelable Contracts		Capital Expenditure Commitments		Employment Contracts	
2013	\$	281,629	\$	397,646	\$	80,143	\$	6,590
2014		241,845		335,744		25,426		2,720
2015		235,843		294,092		21,273		70
2016		178,911		197,912		7,688		3
2017		149,712		148,886		11,112		
Thereafter		967,625		449,593		932		
Total	\$	2,055,565	\$	1,823,873	\$	146,574	\$	10,050

Rent expense charged to operations for the years ended December 31, 2012, 2011 and 2010 was \$1,011.2 million, \$1,029.3 million and \$967.5 million, respectively.

In various areas in which the Company operates, outdoor advertising is the object of restrictive and, in some cases, prohibitive zoning and other regulatory provisions, either enacted or proposed. The impact to the Company of loss of displays due to governmental action has been somewhat mitigated by Federal and state laws mandating compensation for such loss and constitutional restraints.

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsels and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of its litigation arises in the following contexts: commercial disputes; employment and benefits related claims; governmental fines; and tax disputes.

Brazil Litigation

On or about July 12, 2006 and April 12, 2007, two of the Company's operating businesses (L&C Outdoor Ltda. ("L&C") and Publicidad Klimes São Paulo Ltda. ("Klimes")), respectively in the São Paulo, Brazil market received notices of infraction from the state taxing authority, seeking to impose a value added tax ("VAT") on such businesses, retroactively for the period from December 31, 2001 through January 31, 2006. The taxing authority contends that these businesses fall within the definition of "communication services" and as such are subject to the VAT. L&C and Klimes filed separate petitions to challenge the imposition of this tax.

On August 8, 2011, Brazil's National Council of Fiscal Policy (CONFAZ) published a convenio authorizing sixteen states, including the State of São Paulo, to issue an amnesty that would reduce the principal amount of VAT allegedly owed and reduce or waive related interest and penalties. The State of São Paulo ratified the amnesty in late August 2011. On May 10, 2012, the State of São Paulo published an amnesty decree that mirrors the convenio. Klimes and L&C accepted the amnesty on May 24, 2012 by making the aggregate required payment of \$10.9 million. On that same day, Klimes and L&C filed petitions to discontinue the tax litigation based on the amnesty payments. The Company was notified in January 2012 that the petitions to discontinue the litigation were granted and the lawsuits filed by Klimes and L&C were dismissed effective June 1, 2012 and July 11, 2012, respectively.

Stockholder Litigation

Two derivative lawsuits were filed in March 2012 in Delaware Chancery Court by stockholders of the Company, which is an indirect non-wholly owned subsidiary of Clear Channel Communications, Inc., which is, in turn, an indirect wholly owned subsidiary of

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

CC Media Holdings, Inc. The consolidated lawsuits are captioned In re Clear Channel Outdoor Holdings, Inc. Derivative Litigation, Consolidated Case No. 7315-CS. The complaints name as defendants certain of Clear Channel Communications, Inc.'s and the Company's current and former directors and Clear Channel Communications, Inc., as well as Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. The Company also is named as a nominal defendant. The complaints allege, among other things, that in December 2009 Clear Channel Communications, Inc. breached fiduciary duties to the Company and its stockholders by allegedly requiring the Company to agree to amend the terms of a revolving promissory note payable by Clear Channel Communications, Inc. to the Company to extend the maturity date of the note and to amend the interest rate payable on the note. According to the complaints, the terms of the amended promissory note were unfair to the Company because, among other things, the interest rate was below market. The complaints further allege that Clear Channel Communications, Inc. was unjustly enriched as a result of that transaction. The complaints also allege that the director defendants breached fiduciary duties to the Company in connection with that transaction and that the transaction constituted corporate waste. On April 4, 2012, the board of directors of the Company formed a special litigation committee consisting of independent directors (the "SLC") to review and investigate plaintiffs' claims and determine the course of action that serves the best interests of the Company and its stockholders. On June 20, 2012, the SLC filed a motion to stay the lawsuits for six months while it completes its review and investigation. In response, on June 27, 2012, plaintiffs filed a motion for an expedited trial, asking the Court to schedule a trial on the merits in October 2012. On July 23, 2012, the Court issued an order granting the motion to stay and denying the motion for an expedited trial. On January 23, 2013, the SLC filed a motion to extend the stay for thirty days, and on January 24, 2013, the Court granted that motion, extending the stay for thirty days from the date of the order.

Los Angeles Litigation

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles, Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a Stipulated Judgment that had been entered into in November 2006 among the parties. Pursuant to the Stipulated Judgment, Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays pursuant to modernization permits issued through an administrative process of the City. The Los Angeles Superior Court ruled in January 2010 that the Stipulated Judgment constituted an ultra vires act of the City and nullified its existence but did not invalidate the modernization permits issued to Clear Channel Outdoor, Inc. and CBS. All parties appealed the ruling by the Los Angeles Superior Court to Court of Appeal of the State of California, Second Appellate District, Division 8. At an October 30, 2012 oral argument by the parties, the California Court of Appeal read a preliminary ruling from the bench prior to the argument indicating it would uphold the Los Angeles Superior Court's finding that the Stipulated Judgment was ultra vires and would remand the case to the Los Angeles Superior Court for the purpose of invalidating the permits issued to Clear Channel Outdoor, Inc. and CBS for the digital displays that were the subject of the Stipulated Judgment. The Court of Appeal issued its written ruling in this matter on December 10, 2012, consistent with its October 30, 2012 preliminary ruling. Clear Channel Outdoor, Inc. filed a motion for rehearing on December 26, 2012. The Court of Appeal denied the motion for rehearing. On January 22, 2013, Clear Channel Outdoor, Inc. filed a petition with the California Supreme Court requesting its review of the matter.

Guarantees

As of December 31, 2012, the Company had \$73.1 million in letters of credit outstanding, of which \$70.7 million of letters of credit were cash secured. Additionally, as of December 31, 2012, Clear Channel Communications had outstanding commercial standby letters of credit and surety bonds of \$17.2 million and \$44.5 million, respectively, held on behalf of the Company. These letters of credit and surety bonds relate to various operational matters, including insurance, bid and performance bonds, as well as other items. Letters of credit in the amount of \$5.0 million are collateral in support of surety bonds and these amounts would only be drawn under the letter of credit in the event the associated surety bonds were funded and the Company did not honor its reimbursement obligation to the issuers.

In addition, as of December 31, 2012, the Company had outstanding bank guarantees of \$ 51.8 million related to international subsidiaries, of which \$4.6 million were backed by cash collateral.

NOTE 8 — RELATED PARTY TRANSACTIONS

The Company records net amounts due to or from Clear Channel Communications as "Due from/to Clear Channel Communications" on the consolidated balance sheets. The accounts represent the revolving promissory note issued by the Company to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to the Company in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand or when they mature on December 15, 2017.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. As a part of these services, the Company maintains collection bank accounts swept daily into accounts of Clear Channel Communications (after satisfying the funding requirements of the Trustee Accounts under the CCWH senior notes and the CCWH Subordinated Notes). In return, Clear Channel Communications funds the Company's controlled disbursement accounts as checks or electronic payments as presented for payment. The Company's claim in relation to cash transferred from its concentration account is on an unsecured basis and is limited to the balance of the "Due from Clear Channel Communications" account.

At December 31, 2012 and 2011, the asset recorded in "Due from Clear Channel Communications" on the consolidated balance sheet was \$729.2 million and \$656.0 million, respectively. At December 31, 2012, the fixed interest rate on the "Due from Clear Channel Communications" account was 6.5%, which is equal to the fixed interest rate on the CCWH Senior Notes. The net interest income for the years ended December 31, 2012, 2011 and 2010 was \$63.8 million, \$45.5 million and \$19.5 million, respectively. For so long as Clear Channel Communications maintains significant control over the Company, a deterioration in the financial condition of Clear Channel Communications could have the effect of increasing the Company's borrowing costs or impairing the Company's access to capital markets. As of December 31, 2012, Clear Channel Communications had \$1.2 billion recorded as "Cash and cash equivalents" on its consolidated balance sheets.

The Company provides advertising space on its billboards for radio stations owned by Clear Channel Communications. For the years ended December 31, 2012, 2011 and 2010, the Company recorded \$1.2 million, \$4.1 million and \$4.2 million in revenue for these advertisements, respectively.

Under the Corporate Services Agreement between Clear Channel Communications and the Company, Clear Channel Communications provides management services to the Company, which include, among other things: (i) treasury, payroll and other financial related services; (ii) certain executive officer services; (iii) human resources and employee benefits services; (iv) legal and related services; (v) information systems, network and related services; (vi) investment services; (vii) procurement and sourcing support services; and (viii) other general corporate services. These services are charged to the Company based on actual direct costs incurred or allocated by Clear Channel Communications based on headcount, revenue or other factors on a pro rata basis. For the years ended December 31, 2012, 2011 and 2010, the Company recorded \$35.9 million, \$26.4 million and \$38.1 million as a component of corporate expense for these services, respectively.

Pursuant to the Tax Matters Agreement between Clear Channel Communications and the Company, the operations of the Company are included in a consolidated federal income tax return filed by Clear Channel Communications. The Company's provision for income taxes has been computed on the basis that the Company files separate consolidated federal income tax returns with its subsidiaries. Tax payments are made to Clear Channel Communications on the basis of the Company's separate taxable income. Tax benefits recognized on the Company's employee stock option exercises are retained by the Company.

The Company computes its deferred income tax provision using the liability method in accordance with the provisions of ASC 740-10, as if the Company was a separate taxpayer. Deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rate expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowance if the Company believes it is more likely than not some portion or all of the asset will not be realized. The Company's provision for income taxes is further disclosed in Note 9.

Pursuant to the Employee Matters Agreement, the Company's employees participate in Clear Channel Communications' employee benefit plans, including employee medical insurance and a 401(k) retirement benefit plan. These costs are recorded as a component of selling, general and administrative expenses and were approximately \$11.5 million, \$12.1 million and \$10.3 million for the years ended December 31, 2012, 2011 and 2010, respectively.

Stock Purchases

On August 9, 2010, Clear Channel Communications announced that its board of directors approved a stock purchase program under which Clear Channel Communications or its subsidiaries may purchase up to an aggregate of \$100 million of the Company's Class A common stock. The stock purchase program does not have a fixed expiration date and may be modified, suspended or terminated at any time at Clear Channel Communications' discretion. During 2011, CC Finco, a subsidiary of Clear Channel Communications, purchased 1,553,971 shares of the Company's Class A common stock through open market purchases for approximately \$16.4 million.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 9 — INCOME TAXES

The operations of the Company are included in a consolidated U.S. Federal income tax return filed by Clear Channel Communications for pre-merger periods and CC Media Holdings for the post-merger periods. However, for financial reporting purposes, the Company's provision for income taxes has been computed on the basis that the Company files separate consolidated U.S. Federal income tax returns with its subsidiaries.

Significant components of the provision for income tax benefit (expense) are as follows:

<i>(In thousands)</i>	Years Ended December 31,		
	2012	2011	2010
Current — Federal	\$ (465)	\$ (340)	\$ 6,600
Current — foreign	(47,632)	(50,285)	(40,720)
Current — state	(2,129)	5,936	(1,841)
Total current	(50,226)	(44,689)	(35,961)
Deferred — Federal	119,195	(8,986)	21,130
Deferred — foreign	28,502	13,708	(3,859)
Deferred — state	9,618	(3,329)	(2,913)
Total deferred	157,315	1,393	14,360
Income tax benefit (expense)	\$ 107,089	\$ (43,296)	\$ (21,599)

For the year ended December 31, 2012 the Company recorded current tax expense of \$50.2 million as compared to \$44.7 million for the 2011 year. The change in current tax was due primarily to reductions in state current tax in 2011 as a result of the settlement of various examinations during the period.

For the year ended December 31, 2011 the Company recorded current tax expense of \$44.7 million as compared to \$36.0 million for the 2010 year. The change in current tax was due primarily to an increase in income before income taxes for the Company. This was partially offset by the effects of the settlement of U.S. Federal and state tax examinations that resulted in a net reduction of current tax expense during the year.

Deferred tax benefits increased \$155.9 million for the year ended December 31, 2012 compared to 2011, primarily due to an increase in Federal and state tax losses in 2012. In addition, in 2012 the Company recorded tax benefits in certain foreign jurisdictions for net operating losses that it expects to utilize in future periods.

Deferred tax benefits decreased \$13.0 million for the year ended December 31, 2011 compared to 2010, primarily due to a decrease in Federal tax losses in 2011. In addition, in 2010 a valuation allowance of \$13.6 million was recorded against deferred tax assets related to capital allowances in foreign jurisdictions due to the uncertainty of the ability to realize those assets in future periods.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Significant components of the Company's deferred tax liabilities and assets as of December 31, 2012 and 2011 are as follows:

<i>(In thousands)</i>	2012	2011
Deferred tax liabilities:		
Intangibles and fixed assets	\$ 919,092	\$ 904,871
Foreign	18,928	40,400
Equity in earnings	481	13
Investments in nonconsolidated affiliates	156	
Other investments	2,853	4,741
Total deferred tax liabilities	941,510	950,144
Deferred tax assets:		
Accrued expenses	8,599	3,641
Investments in nonconsolidated affiliates	-	14
Deferred income	34	14
Net operating loss carryforwards	251,172	113,300
Bad debt reserves	1,116	1,881
Other	16,412	16,161
Total deferred tax assets	277,333	135,147
Less: Valuation allowance	8,433	10,321
Net deferred tax assets	268,900	124,826
Net deferred tax liabilities	672,610	825,318
Less: current portion of deferred tax asset (liability)	458	(2,389)
Long-term net deferred tax liabilities	\$ 673,068	\$ 822,933

At December 31, 2012, the Company had recorded net operating loss carryforwards (tax effected) for federal and state income tax purposes of \$251.2 million, expiring in various amounts through 2032. The Company expects to realize the benefits of the majority of net operating losses based on its expectations as to future taxable income from deferred tax liabilities that reverse in the relevant carryforward period and therefore the Company has not recorded a valuation allowance against those losses.

At December 31, 2012 and 2011, net deferred tax assets include a deferred tax asset of \$17.0 million and \$15.9 million, respectively, relating to stock-based compensation expense under ASC 718-10, *Compensation—Stock Compensation*. Full realization of this deferred tax asset requires stock options to be exercised at a price equaling or exceeding the sum of the grant price plus the fair value of the option at the grant date and restricted stock to vest at a price equaling or exceeding the fair market value at the grant date. Accordingly, there can be no assurance that the stock price of the Company's Common Stock will rise to levels sufficient to realize the entire deferred tax benefit currently reflected in our balance sheet. See Note 10 for additional discussion of ASC 718-10.

The deferred tax liabilities associated with intangibles and fixed assets primarily relates to the difference in book and tax basis of acquired permits and tax deductible goodwill created from the Company's various stock acquisitions. In accordance with ASC 350-10, *Intangibles—Goodwill and Other*, the Company does not amortize its book basis in permits. As a result, this deferred tax liability will not reverse over time unless the Company recognizes future impairment charges related to its permits and tax deductible goodwill or sells its permits. As the Company continues to amortize its tax basis in its permits and tax deductible goodwill, the deferred tax liability will increase over time.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The reconciliation of income tax computed at the U.S. Federal statutory tax rates to income tax benefit (expense) is:

(In thousands)

	Years Ended December 31,		
	2012	2011	2010
Income tax benefit (expense) at statutory rates	\$ 93,205	\$ (37,280)	\$ 19,18
State income taxes, net of Federal tax benefit	7,489	2,607	(4,754)
Foreign taxes	9,938	(3,617)	(31,098)
Nondeductible items	(679)	(550)	(500)
Tax contingencies	522	(2,360)	1,14
Other, net	(3,386)	(2,096)	(5,576)
Income tax benefit (expense)	\$ 107,089	\$ (43,296)	\$ (21,599)

During 2012, the Company recorded tax benefit of approximately \$107.1 million. The 2012 income tax benefit and 40.2% effective tax rate were impacted primarily by the disposition of certain foreign subsidiaries that resulted in financial reporting gains that were not taxed in the foreign jurisdictions. In addition, the Company recorded tax benefits in certain foreign jurisdictions for net operating losses that it expects to utilize in future periods. Foreign income before income taxes was approximately \$84.6 million for 2012.

During 2011, the Company recorded tax expense of approximately \$43.3 million. The 2011 income tax expense and 40.6% effective tax rate were impacted primarily by the Company's inability to benefit losses in certain foreign jurisdictions as well as additional tax expense recorded for interest on uncertain tax positions. The effects of the items mentioned above were partially offset by a reduction in tax expense recorded during 2011 related to the settlement of U.S. Federal and state tax examinations during the year. Foreign income before income taxes was approximately \$94.2 million for 2011.

During 2010, the Company recorded tax expense of approximately \$21.6 million. Foreign income before income taxes was approximately \$38.5 million for 2010. The 2010 income tax expense and (39.4%) effective tax rate were impacted primarily due to the fact that the Company was unable to benefit tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. In addition, the Company recorded a valuation allowance of \$13.6 million in 2010 against deferred tax assets related to capital allowance in foreign jurisdictions due to the uncertainty of the ability to realize those assets in future periods.

All tax liabilities owed by the Company are paid by the Company or on behalf of the Company by Clear Channel Communications through an operating account that represents net amounts due to or from Clear Channel Communications.

The Company continues to record interest and penalties related to unrecognized tax benefits in current income tax expense. The total amount of interest accrued at December 31, 2012 and 2011, was \$8.0 million and \$8.8 million, respectively. The total amount of unrecognized tax benefits and accrued interest and penalties at December 31, 2012 and 2011, was \$53.8 million and \$48.9 million, respectively, of which \$45.8 million and \$42.1 million is included in "Other long-term liabilities." Additionally, \$1.6 million is included in "Accrued expenses" on the Company's consolidated balance sheet at December 31, 2011. In addition, \$8.1 million and \$5.2 million of unrecognized tax benefits are recorded net with the Company's deferred tax assets for its net operating losses as opposed to being recorded in "Other long-term liabilities" at December 31, 2012 and 2011, respectively. The total amount of unrecognized tax benefits at December 31, 2012 and 2011 that, if recognized, would impact the effective income tax rate is \$38.4 million and \$36.7 million, respectively.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows:

(In thousands)

	Years Ended December 31,	
	2012	2011
Balance at beginning of period	\$ 40,078	\$ 42,807
Increases due to tax positions taken in the current year	8,349	3,307
Increases due to tax positions taken in previous years	8,051	3,411
Decreases due to tax positions taken in previous years	(4,368)	(7,833)
Decreases due to settlements with taxing authorities	(6,271)	(1,559)
Decreases due to lapse of statute of limitations	-	(55)
Balance at end of period	\$ 45,839	\$ 40,077

Pursuant to the Tax Matters Agreement between Clear Channel Communications and the Company, the operations of the Company are included in a consolidated U.S. Federal income tax return filed by Clear Channel Communications. In addition, the Company and its subsidiaries file income tax returns in various state and foreign jurisdictions. During 2012, The Company settled an examination in the United Kingdom and as a result of the settlement paid approximately \$7.2 million in tax and interest. During 2011, the Company settled several state tax examinations. As a result of the settlements, the Company paid \$1.6 million in additional tax and reversed the liabilities related to the settled tax years. The IRS is currently auditing the Company's 2009 and 2010 periods and the Company is awaiting an appeals conference meeting for its 2007 and 2008 pre and post-merger periods. Substantially all material state, local, and foreign income tax matters have been concluded for years through 2005.

NOTE 10 — SHAREHOLDERS' EQUITY

Stock Options

The Company has granted options to purchase shares of its Class A common stock to employees and directors of the Company and its affiliates under its equity incentive plan at no less than the fair value of the underlying stock on the date of grant. These options are granted for a term not exceeding ten years and are forfeited, except in certain circumstances, in the event the employee or director terminates his or her employment or relationship with the Company or one of its affiliates. These options vest solely on continued service over a period of up to five years. The equity incentive plan contains anti-dilutive provisions that permit an adjustment of the number of shares of the Company's common stock represented by each option for any change in capitalization. The Company determined that the CCOH Dividend discussed in Note 6 was considered a change in capitalization and therefore adjusted outstanding options as of March 15, 2012. No incremental compensation cost was recognized in connection with the adjustment.

The Company accounts for its share-based payments using the fair value recognition provisions of ASC 718-10. The fair value of the options is estimated using a Black-Scholes option-pricing model and amortized straight-line to expense over the vesting period. ASC 718-10 requires the cash flows from the tax benefits resulting from tax deductions in excess of the compensation cost recognized for those options (excess tax benefits) to be classified as financing cash flows. The excess tax benefit that is required to be classified as a financing cash inflow after application of ASC 718-10 is not material.

The fair value of each option awarded is estimated on the date of grant using a Black-Scholes option-pricing model. Expected volatilities are based on historical volatility of the Company's stock over the expected life of the options. The expected life of options granted represents the period of time that options granted are expected to be outstanding. The Company uses historical data to estimate option exercise and employee terminations within the valuation model. The Company includes estimated forfeitures in its compensation cost and updates the estimated forfeiture rate through the final vesting date of awards. The risk free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant for periods equal to the expected life of the option. The following assumptions were used to calculate the fair value of the Company's options on the date of grant:

	Years Ended December 31,		
	2012	2011	2010
Expected volatility	54% – 56%	57%	58%
Expected life in years	6.3	6.3	5.5 – 7.0
Risk-free interest rate	0.92% – 1.48%	1.26% – 2.75%	1.38% – 3.31%
Dividend yield	0%	0%	0%

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The following table presents a summary of the Company's stock options outstanding at and stock option activity during the year ended December 31, 2012 ("Price" reflects the weighted average exercise price per share):

(In thousands, except per share data)

	Options	Price	Weighted Average Remaining Contractual Term	Aggregate Intrinsic Value
Outstanding, January 1, 2012	8,991	\$ 15.10		
Granted ^(a)	2,812	6.64		
Exercised ^(b)	(1,029)	4.06		
Forfeited	(884)	7.87		
Expired	(1,509)	12.23		
Outstanding, December 31, 2012	<u>8,381</u>	9.22	6.2 years	\$ 8,811
Exercisable	4,548	11.26	4.5 years	\$ 4,791
Expected to Vest	3,574	9.53	8.3 years	\$ 1,180

- (a) The weighted average grant date fair value of the Company's options granted during the years ended December 31, 2012, 2011 and 2010 was \$4.43, \$8.30 and \$5.65 per share, respectively.
- (b) Cash received from option exercises during the years ended December 31, 2012, 2011 and 2010 was \$6.4 million, \$1.4 million and \$0.9 million, respectively. The total intrinsic value of the options exercised during the years ended December 31, 2012, 2011 and 2010 was \$7.9 million, \$1.5 million and \$1.1 million, respectively.

A summary of the Company's unvested options at and changes during the year ended December 31, 2012 is presented below:

(In thousands, except per share data)

	Options	Weighted Average Grant Date Fair Value
Unvested, January 1, 2012	3,993	\$ 6.4
Granted	2,812	4.4
Vested ^(a)	(2,088)	5.4
Forfeited	(884)	5.8
Unvested, December 31, 2012	<u>3,833</u>	5.1

- (a) The total fair value of the options vested during the years ended December 31, 2012, 2011 and 2010 was \$11.5 million, \$8.2 million and \$15.9 million, respectively.

Restricted Stock Awards

The Company has also granted both restricted stock and restricted stock unit awards to its employees and affiliates under its equity incentive plan. The restricted stock awards represent shares of Class A common stock that hold a legend which restricts their transferability for a term of up to five years. The restricted stock units represent the right to receive shares upon vesting, which is generally over a period of up to five years. Both restricted stock awards and restricted stock units are forfeited, except in certain circumstances, in the event the employee terminates his or her employment or relationship with the Company prior to the lapse of the restriction.

CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The following table presents a summary of the Company's restricted stock and restricted stock units outstanding at and activity during the year ended December 31, 2012 ("Price" reflect the weighted average share price at the date of grant):

(In thousands, except per share data)

	Awards	Price
Outstanding, January 1, 2012	83	\$ 8.6
Granted	1,267	6.0
Vested (restriction lapsed)	(190)	5.3
Forfeited	(75)	9.0
Outstanding, December 31, 2012	1,085	6.2

Share-Based Compensation Cost

The share based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense on a straight-line basis over the vesting period. The following table presents the amount of share based compensation recorded during the years ended December 31, 2012, 2011 and 2010:

(In thousands)

	Years Ended December 31,		
	2012	2011	2010
Direct operating expenses	\$ 7,770	\$ 7,927	\$ 8,751
Selling, general and administrative expenses	2,633	2,839	3,197
Corporate expenses	186	147	38
Total share-based compensation expense	\$ 10,589	\$ 10,913	\$ 12,333

The tax benefit related to the share-based compensation expense for the years ended December 31, 2012, 2011 and 2010 was \$4.1 million, \$4.3 million and \$4.8 million, respectively.

As of December 31, 2012, there was \$18.6 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on service conditions. The cost is expected to be recognized over a weighted average period of approximately three years. In addition, as of December 31, 2012, there was \$0.6 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost will be recognized when it becomes probable that the performance condition will be satisfied.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Reconciliation of Earnings (Loss) per Share

(In thousands, except per share data)

	Years Ended December 31,		
	2012	2011	2010
NUMERATOR:			
Net income (loss) attributable to the Company – common shares	\$ (183,112)	\$ 42,946	\$ (87,523)
Less: Participating securities dividends	8,456	2,972	5,911
Net income (loss) attributable to the Company per common share – basic and diluted	\$ (191,568)	\$ 39,974	\$ (93,439)
DENOMINATOR:			
Weighted average common shares outstanding – basic	356,915	355,907	355,561
Effect of dilutive securities:			
Stock options and restricted stock awards ⁽¹⁾	-	621	
Weighted average common shares outstanding – diluted	356,915	356,528	355,561
Net income (loss) attributable to the Company per common share:			
Basic	\$ (0.54)	\$ 0.11	\$ (0.26)
Diluted	\$ (0.54)	\$ 0.11	\$ (0.26)

(1) 9.5 million, 6.0 million and 5.2 million stock options were outstanding at December 31, 2012, 2011 and 2010, respectively, that were not included in the computation of diluted earnings per share because to do so would have been anti-dilutive.

NOTE 11 — EMPLOYEE STOCK AND SAVINGS PLANS

The Company's U.S. employees are eligible to participate in various 401(k) savings and other plans provided by Clear Channel Communications for the purpose of providing retirement benefits for substantially all employees. Under these plans, a Company employee can make pre-tax contributions and the Company will match 50% of the employee's first 5% of pay contributed to the plan. Employees vest in these Company matching contributions based upon their years of service to the Company. Contributions to these plans of \$ 2.4 million, \$2.3 million and \$1.9 million for the years ended December 31, 2012, 2011 and 2010, respectively, were recorded as a component of operating expenses. The Company suspended the matching contribution as of April 30, 2009 and reinstated the matching contribution effective April 1, 2010 retroactive to January 1, 2010.

In addition, employees in the Company's International segment participate in retirement plans administered by the Company which are not part of the 401(k) savings and other plans sponsored by Clear Channel Communications. Contributions to these plans of \$13.8 million, \$12.1 million and \$15.8 million for the years ended December 31, 2012, 2011 and 2010, respectively, were recorded as a component of operating expenses.

Certain highly compensated executives of the Company are eligible to participate in a non-qualified deferred compensation plan sponsored by Clear Channel Communications, under which such executives were able to make an annual election to defer up to 50% of their annual salary and up to 80% of their bonus before taxes. The Company suspended all salary and bonus deferral and company matching contributions to the deferred compensation plan on January 1, 2010. Matching credits on amounts deferred may be made in the sole discretion of Clear Channel Communications and Clear Channel Communications retains ownership of all assets until distributed. Participants in the plan have the opportunity to allocate their deferrals and any matching credits among different investment options, the performance of which is used to determine the amounts paid to participants under the plan. There is no liability recorded by the Company under this deferred compensation plan as the liability of this plan is that of Clear Channel Communications.

NOTE 13 – SEGMENT DATA

The Company has two reportable segments, which it believes best reflect how the Company is currently managed – Americas and International. The Americas segment consists of operations primarily in the United States and Canada, and the International segment primarily includes operations in Europe, Asia, Australia and Latin America. The Americas and International display inventory consists primarily of billboards, street furniture displays and transit displays. Corporate includes infrastructure and support including information technology, human resources, legal, finance and administrative functions of each of the Company’s reportable segments, as well as overall executive, administrative and support functions. Share-based payments are recorded by each segment in direct operating and selling, general and administrative expenses.

During the first quarter of 2012, the Company recast its segment reporting, as discussed in Note 1. The following table presents the Company’s reportable segment results for the years ended December 31, 2012, 2011 and 2010:

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

Not applicable

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of management, including our Chief Executive Officer and our Chief Financial Officer, we have carried out an evaluation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of December 31, 2012 to ensure that information we are required to disclose in reports that are filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC and is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Management's Report on Internal Control Over Financial Reporting

The management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control over financial reporting is a process designed under the supervision of the Company's Chief Executive Officer and Chief Financial Officer to provide reasonable assurance regarding the reliability of financial reporting and preparation of the Company's financial statements for external purposes in accordance with generally accepted accounting principles.

As of December 31, 2012, management assessed the effectiveness of the Company's internal control over financial reporting based on the criteria for effective internal control over financial reporting established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on the assessment management determined that the Company maintained effective internal control over financial reporting as of December 31, 2012, based on those criteria.

Ernst & Young LLP, the independent registered public accounting firm that audited the consolidated financial statements of the Company included in this Annual Report on Form 10-K, has issued an attestation report on the effectiveness of the Company's internal control over financial reporting as of December 31, 2012. The report, which expresses an unqualified opinion on the effectiveness of the Company's internal control over financial reporting as of December 31, 2012, is included in this Item under the heading "Report of Independent Registered Public Accounting Firm."

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders
Clear Channel Outdoor Holdings, Inc.

We have audited Clear Channel Outdoor Holdings, Inc. and subsidiaries' (the Company) internal control over financial reporting as of December 31, 2012, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). The Company's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2012, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of the Company as of December 31, 2012 and 2011, and the related consolidated statements of comprehensive income(loss), changes in shareholders' equity and cash flows for each of the three years in the period ended December 31, 2012 and our report dated February 19, 2013 expressed an unqualified opinion thereon.

ITEM 9B. OTHER INFORMATION

Not applicable

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The information required by this item with respect to our executive officers is set forth at the end of Part I of this Annual Report on Form 10-K.

We have adopted a Code of Business Conduct and Ethics (the "Code") applicable to our directors and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. The Code is publicly available on our internet website at www.clearchanneloutdoor.com. We intend to satisfy the disclosure requirements of Item 5.05 of Form 8-K regarding any amendment to, or waiver from, a provision of the Code that applies to our principal executive officer, principal financial officer, principal accounting officer or controller and relates to any element of the definition of code of ethics set forth in Item 406(b) of Regulation S-K by posting such information on our website, www.clearchanneloutdoor.com.

All other information required by this item is incorporated by reference to the information set forth in our Definitive Proxy Statement for our 2013 Annual Meeting of Stockholders (the "Definitive Proxy Statement"), which we expect to file with the SEC within 120 days after our fiscal year end.

ITEM 11. EXECUTIVE COMPENSATION

The information required by this item is incorporated by reference to our Definitive Proxy Statement, which we expect to file with the SEC within 120 days after our fiscal year end.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table summarizes information as of December 31, 2012 relating to our equity compensation plans pursuant to which grants of options, restricted stock or other rights to acquire shares may be granted from time to time.

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders ⁽¹⁾	9,454,244	\$8.16	29,629,170
Equity compensation plans not approved by security holders	—	—	—
Total	9,454,244	\$8.16	29,629,170

(1) Represents the 2005 Stock Incentive Plan and the 2012 Stock Incentive Plan. The 2005 Stock Incentive Plan automatically terminated (other than with respect to outstanding awards) upon stockholder approval of the 2012 Stock Incentive Plan at our Annual Stockholder Meeting on May 18, 2012 and, as a result, there are no shares available for grant under the 2005 Stock Incentive Plan.

All other information required by this item is incorporated by reference to our Definitive Proxy Statement, which we expect to file with the SEC within 120 days after our fiscal year end.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

The information required by this item is incorporated by reference to our Definitive Proxy Statement, which we expect to file with the SEC within 120 days after our fiscal year end.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The information required by this item is incorporated by reference to our Definitive Proxy Statement, which we expect to file with the SEC within 120 days after our fiscal year end.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a)1. Financial Statements.

The following consolidated financial statements are included in Item 8:

Consolidated Balance Sheets as of December 31, 2012 and 2011.

Consolidated Statements of Comprehensive Income (Loss) for the Years Ended December 31, 2012, 2011 and 2010.

Consolidated Statements of Changes in Shareholders' Equity for the Years Ended December 31, 2012, 2011 and 2010.

Consolidated Statements of Cash Flows for the Years Ended December 31, 2012, 2011 and 2010.

Notes to Consolidated Financial Statements.

(a)2. Financial Statement Schedule.

The following financial statement schedule for the years ended December 31, 2012, 2011 and 2010 and related report of independent auditors is filed as part of this report and should be read in conjunction with the consolidated financial statements.

Schedule II Valuation and Qualifying Accounts

All other schedules for which provision is made in the applicable accounting regulation of the Securities and Exchange Commission are not required under the related instructions or are inapplicable, and therefore have been omitted.

SCHEDULE II
VALUATION AND QUALIFYING ACCOUNTS

Allowance for Doubtful Accounts

(In thousands)

EMPLOYMENT AGREEMENT

This Employment Agreement (“Agreement”) is between Clear Channel Outdoor, Inc. (“Company”) and Suzanne M. Grimes (“Employee”).

1. TERM OF EMPLOYMENT

Employment under this Agreement commences January 1, 2013 (“Effective Date”), and ends upon termination of Employee’s employment pursuant to Section 8 hereof (the “Employment Period”).

2. TITLE AND EXCLUSIVE SERVICES

- (a) **Title and Duties.** Employee’s title is President & Chief Operating Officer, United States and Canada. Employee will perform job duties and have the authority that is usual and customary for this position, including reporting only to the Chief Executive Officer (the “CEO”) of the Company or Company’s parent, and all employees in the United States and Canada shall report to her or her designee.
- (b) **Exclusive Services.** Employee shall not be employed or render services elsewhere during the Employment Period, provided that Employee may be involved with professional and charitable activities, serve on for profit boards or advisory committees with the consent of the CEO, and manage her present passive investments so long as in the aggregate they do not materially interfere with the performance of her duties or conflict with the Employee Guide or Code of Conduct.
- (c) **Office.** Executive shall be based in New York City, New York, subject to reasonable business travel.

3. COMPENSATION AND BENEFITS

- (a) **Base Salary.** Employee shall be paid an annualized salary of Eight Hundred Fifty Thousand Dollars (\$850,000.00) (which may be increased from time to time in accordance with this Section, “Base Salary”). The Base Salary shall be payable in accordance with the Company’s regular payroll practices and pursuant to Company policy, which may be amended from time to time. Employee is eligible for annual salary increases commensurate with Company policy. Base Salary may not be decreased.
 - (b) **Vacation.** Employee is eligible for vacation days subject to the Employee Guide, but a minimum of four (4) weeks per year.
 - (c) **Annual Bonus.** Eligibility for an Annual Bonus is based on financial and performance criteria established by Company and approved in annual budget, and will be paid no later than March 15 of each calendar year following the year in which the Bonus was earned. The payment of any Bonus shall be within the Short-Term Deferral period under the Section 409A of the Internal Revenue Code of 1986, as amended (“Code”) and applicable regulations. Employee’s Annual Bonus shall be determined by reference to a target bonus amount equal to Employee Base Salary, may be paid for performance above target performance up to two times such target bonus amount, and shall be paid at a reduced level for threshold performance, and, in all events, shall be established and paid in accordance with the terms of the Clear Channel Outdoor Americas (“CCOA”) bonus plan, or other relevant annual incentive or bonus plan maintained by the Company or its affiliate.
-

- (d) **Signing Advance.** As consideration for entering into this Agreement, Company shall pay a one-time lump sum Signing Advance of Two Hundred Thousand Dollars (\$200,000.00), less ordinary payroll, taxes and other deductions, to be paid on the pay period following the completion of execution of this Agreement. In the event Employee resigns without Good Reason or is terminated for Cause during the first year of employment with Company, then Employee shall be obligated to reimburse the full amount of this Signing Advance to Company. Employee agrees and understands that said reimbursement may be deducted from her final wages, to the extent allowed by law and not in violation of Internal Revenue Code Section 409A and that Employee is responsible for any additional amount required to be paid from the Employee's own funds.
- (e) **Equity Based Compensation.**
- (i) The Company shall grant to Employee, as of the Effective Date, a Deferred Share Award, pursuant to the terms of the Clear Channel Outdoor Holdings, Inc. 2012 Stock Incentive Plan (the "Plan"), which award shall be subject to the terms and conditions of the Plan, and shall be granted as soon as practicable upon approval of such grant by the Compensation Committee of the board of directors of Clear Channel Outdoor Holdings, Inc. and shall further be subject to the following: —
- (1) The Deferred Share Award shall represent a right to receive, at the time and in the manner provided for under the Plan, a number of shares of Common Stock (as that term is defined in the Plan) having a value, as of the Effective Date, equal to One Million Five Hundred Thousand Dollars (\$1,500,000.00); and
 - (2) Employee's rights to the Deferred Share Award shall be 0% vested until the fourth anniversary of the Effective Date, at which time Employee's rights to the Deferred Share Award shall be 100% vested, so that in the event Employee resigns without Good Reason or is terminated for Cause prior to such vesting date, Employee shall forfeit any and all rights to such Deferred Share Award; provided, however, that, if the Company terminates Employee's employment without Cause or Employee resigns without Good Reason prior to Employee becoming 100% vested in the Deferred Share Award, Employee shall be treated as having become vested with respect to 25% of such Deferred Share Award for each full year that has elapsed between the Effective Date and the date of such termination of employment. By way of example, if the Company terminates Employee's employment without Cause two years and six months after the Effective Date, Employee shall be treated as having a vested interest in 50% of the Deferred Share Award.
- (ii) The Company shall, during the term of this Agreement, also grant to Employee at the time annual option grants are generally made to other key Company executives, Stock Options, pursuant to the terms of the Plan, which grant shall be subject to the terms and conditions of the Plan, and shall further be subject to the following:
- (1) Each Stock Option grant shall have a per share Exercise Price that is equal to the fair market value of a share of Common Stock as determined as of the date of grant, and shall be for a number of shares such that the value of the Stock Option grant, determined in the reasonable discretion of the Plan's administrative committee, shall not be less than Six Hundred Thousand Dollars (\$600,000.00), which determination shall be consistent with the valuation method commonly known as Black-Scholes Model; a
-

(2) Employee's rights with respect to each such Stock Option grant shall become vested and exercisable with respect to not less than 25% of such Stock Option Grant on each of the four anniversaries of the date of grant of each such Stock Option, so that each Stock Option grant shall be fully exercisable on the fourth anniversary of its date of grant; provided, in all instances, except as provided in the grant or by the Compensation Committee, that such vesting shall be contingent on Employee's remaining continuously employed by the Company through the relevant vesting date or dates.

- (f) **Employee Benefit Plans.** Employee may participate in employee welfare benefit plans and employee pension benefit plans in which other similarly situated employees may participate, according to the terms of applicable policies and as stated in the Employee Guide, and subject in all regards to the specific terms and conditions of each of such plans. Employee acknowledges receipt of the Employee Guide available on the intercompany website and will review and abide by its terms.
- (g) **Expenses.** Company will reimburse Employee for business expenses, consistent with practices pursuant to Company policy. The Company shall promptly pay or reimburse Employee's reasonable legal fees in connection with this Agreement upon submission of redacted invoices, up to Twenty-Five Thousand Dollars (\$25,000.00), subject to applicable taxation. Any reimbursement that would constitute nonqualified deferred compensation shall be paid within the period specified in Section 18 hereof.
- (h) **Taxes.** Compensation pursuant to this section shall in all cases be less applicable payroll taxes and other deductions.
- (i) **Restrictive Covenant Limitation.** No equity grant or benefit plan shall provide for limitations or forfeitures based on any restrictive covenant that broadens those provided in this Agreement.

4. NONDISCLOSURE OF CONFIDENTIAL INFORMATION

- (a) Company has provided and will continue to provide to Employee confidential information and trade secrets including but not limited to Company's permits, customers, landlord and property owner lists and files, non-published pricing information, terms of negotiated leases and advertising contracts, compensation and fee information, strategic business plans, budgets, financial statements, product rates and prices, strategic business plans, budgets, financial statements, and other information Company treats as confidential or proprietary (collectively "Confidential Information"). Employee acknowledges that such Confidential Information is proprietary and agrees not to disclose it to anyone outside Company except to the extent that (i) she in good faith believes reasonably desirable in connection with performing Employee's duties; or (ii) Employee is required by court order to disclose the Confidential Information, provided that Employee shall promptly inform Company, to the extent legally permitted, shall reasonably cooperate with Company at Company's expense to obtain a protective order or otherwise restrict disclosure, and shall only disclose Confidential Information to the minimum extent necessary to comply with the court order. Employee agrees never to use Confidential Information in competing, directly or indirectly, with Company. When employment ends, Employee will immediately return all Confidential Information to Company. The parties acknowledge that the Employee's rolodex and other address books may be retained and utilized provided that they only contain contact information and that Employee's use of same is in compliance with Sections 5 and 6 hereof.
- (b) The terms of this Section 4 shall survive the expiration or termination of this Agreement or Employee's employment for any reason.
-

5. NON-HIRE OF COMPANY EMPLOYEES

- (a) To further preserve the Confidential Information, during employment and for eighteen (18) months after employment ends (“Non-Hire Period”) Employee will not, directly or indirectly, other than in the good faith performance of her duties to the Company, (i) hire or engage any current employee of Company, including anyone employed by or providing services to Company within the 6-month period preceding Employee’s last day of employment or engagement; (ii) solicit or encourage any employee to terminate employment or services with Company or (iii) solicit or encourage any employee to accept employment with or provide services to Employee or any business associated with Employee. The foregoing shall not be violated by general advertising not targeted at the Company’s employees or by serving as a referee upon request.
- (b) The terms of this Section 5 shall survive the expiration or termination of this Agreement or Employee’s employment for any reason.

6. NON-SOLICITATION OF CLIENTS

- (a) To further preserve the Confidential Information, Employee agrees not to solicit Company’s clients for business in competition with that of Company in any market in which Employee has conducted business for eighteen (18) months after employment ends (the “Non-Solicitation Period”).
- (b) The terms of this Section 6 shall survive the expiration or termination of this Agreement or Employee’s employment for any reason.

7. NON-COMPETITION AGREEMENT

- (a) To further preserve the Confidential Information, Employee agrees that during employment and for eighteen (18) months after employment ends (the “Non-Compete Period”), Employee will not perform services similar to the services provided by Employee for Company under this Agreement for any entity engaging in business activity involving the development, marketing, designing, manufacturing, selling and/or providing of out-of-home advertising in any county in which Employee has performed services or had duties under this Agreement (the “Non-Compete Area”) provided that the foregoing shall not prevent Employee from being employed by an entity that places such advertising for its account, working for an advertising agency creating and planning such advertising, or providing services to a conglomerate in a unit involved in out-of-home advertising.
- (b) The terms of this Section 7 shall survive the expiration or termination of this Agreement or Employee’s employment for any reason.

8. TERMINATION

This Agreement and Employee’s employment hereunder may be terminated by mutual agreement. Additional termination provisions include:

- (a) **Death.** The date of Employee’s death shall be the termination date.
- (b) **Disability.** Company may terminate this Agreement and/or Employee’s employment if Employee has been unable to perform, because of some physical or mental incapacity or illness, the essential functions
-

of Employee's full-time position for more than 180 days in any 12 month period , subject to applicable law, by providing Employee with writ notice during the period of time she is unable to perform such functions.

- (c) **Termination by Company.** Company may terminate employment with or without Cause. "Cause" means:
- (i) willful misconduct with regard to the Company or Company's employees, including, without limitation, violation of sexual or of harassment policy, misappropriation of or material misrepresentation regarding property of Company , a significant violation Company's employment and management policies and other than customary and de minimis use of Company property for perso purposes ;
 - (ii) Continued, willful and deliberate non-performance of duties where such non-performance has continued for more than fifteen (business days following written notice of such non-performance ;
 - (iii) failure or refusal to follow lawful and reasonable directives consistent with Employee's job responsibilities where such refusal failure has continued for more than fifteen (15) business days following written notice of such refusal or failure ;
 - (iv) conviction of , or a plea of nolo contendere by , Employee to a felony or other crime that would result in material injury Company's reputation, including conviction of fraud, theft, embezzlement, or a crime involving moral turpitude; or
 - (v) a material breach of this Agreement that is not cured within fifteen (15) days after written notice thereof, except where such breach, its nature, is not curable or the termination is based upon a recurrence of an act previously cured by Employee.
- (d) **Termination by Employee for Good Reason .** Employee may terminate Employee's employment at any time for "Good Reason ," which (i) Company's failure to comply with a material term of this Agreement ; (ii) a material diminution in responsibilities or authority; (iii) change in reporting lines such that Employee is no longer reporting directly to Company's CEO or the CEO of its parent company or a change those reporting to Employee; (iv) a material reduction in Base Salary or target bonus; or (v) a relocation of Employee's offices from the N York City metropolitan area . If Employee elects to terminate Employee's employment for "Good Reason ," Employee must provide Comp written notice within forty-five (45) days after the occurrence of the event , after which Company shall have thirty (30) days to cure. Company has not cured and Employee elects to terminate Employee's employment, Employee must do so within fifteen (15) days after the e of the cure period.
- (e) **Termination by Employee without Good Reason.** Employee may terminate Employee's employment at any time without Good Reason ninety (90) days written notice.

9. COMPENSATION UPON TERMINATION

- (a) **Death.** Company shall, within 30 days, pay to Employee , or to Employee's estate, Employee's accrued and unpaid Base Salary through date of termination, unused vacation, if due in accordance with Company policy, unreimbursed expenses and, any payments required un applicable employee benefit

plans, if any, ("Accrued Amounts") at the time it otherwise would be paid. Employee also shall also receive a Pro-Rata Bonus, if earned, defined in Section 9(d)(ii) below.

- (b) **Disability.** Company shall pay the Accrued Amounts and the Pro-Rata Bonus, if earned, as defined in Section 9(d)(ii) below.
- (c) **Termination by Company for Cause** or Employee's resignation without Good Reason: Company shall pay Employee the Accrued Amounts.
- (d) **Termination with Severance.**
- (i) Termination By Company Without Cause/Termination By Employee for Good Reason – Severance: If Company terminates employment without Cause and not by reason of death or disability, or if Employee terminates for Good Reason, Company will pay Accrued Amounts. In addition, if Employee signs a Severance Agreement and General Release of claims substantially similar to the form attached hereto as Exhibit A, Company will pay Employee, in periodic payments in accordance with ordinary payroll practices and deductions, Employee's current Base Salary for eighteen (18) months plus an amount equal to 1.5 times the amount of Employee's current annual target bonus, also paid over eighteen (18) months at the same times as payments of the Base Salary component severance pay (the "Severance Payments" or "Severance Pay Period").
- (ii) Pro-Rata Bonus: If Company terminates employment without Cause, or if Employee terminates for Good Reason, Employee shall be eligible for a pro-rata portion of the Annual Bonus ("Pro-Rata Bonus"), calculated based upon performance for the calendar year multiplied by days employed during such year compared to 365. Employee is eligible only if a bonus would have been earned for the calendar year. Calculation and payment of the bonus, if any, will be pursuant to the plan in effect during the termination year.
- (iii) Violation of Non-Compete or Re-hire by Company During Severance Pay Period:
- (1) If Employee materially violates the Non-Competition provision in Section 7 hereof and does not cure the same within ten (10) business days of receiving written notice thereof, in Company's discretion, Severance Payments shall cease. The foregoing shall not affect Company's right to enforce the Non-Compete pursuant to Section 7.
 - (2) If Employee is rehired by Company during any Severance Pay Period, Severance Payments shall cease; however, if Employee's new Base Salary is less than Employee's previous Base Salary, Company shall pay Employee the difference between Employee's previous and new Base Salary for the remainder of the Severance Pay Period.
- (iv) No Mitigation or Offset: Except as provided in Section 9(d)(iii) above, Employee shall have no obligation to mitigate the Severance Payments and no amounts earned from other employment or otherwise shall offset the amounts due hereunder.
- (v) Compliance with Code Section 409A. Any payments of severance pursuant to this Section 9(d) that would be payable prior to the date the aforementioned Severance Agreement and General Release has been executed and becomes irrevocable (the "Irrevocability Date") shall be withheld.
-

and paid as soon as practicable following the Irrevocability Date (but in all events within ninety (90) days of the termination date), and payments made thereafter shall be made in accordance with the scheduled payment over eighteen (18) months measured from the date of Employee's termination of employment. For these purposes, the term "termination of employment" shall be interpreted consistent with the definition of "separation from service" as that is used for purposes of Code Section 409A and related Treasury Regulations. The date of any payments within a period shall be determined by Company and not the Employee. In addition, to the extent payments of severance are treated as "nonqualified deferred compensation" that is subject to Code Section 409A, such payments shall, if ninety (90) days after termination overlaps two calendar years, in all events be paid in the later of the two calendar years. The intent of the foregoing sentence is to ensure that Employee does not have the ability to affect the calendar year in which payment of deferred compensation is to be made so as to comply fully with the requirements of Code Section 409A and applicable regulations promulgated thereunder, including specifically, Treasury Regulation Section 1.409A-3(b) (which prohibits an otherwise permissible schedule for payments of nonqualified deferred compensation where the employee effectively has the ability to designate the taxable year in which a payment is to be made).

10. OWNERSHIP OF MATERIALS

Employee agrees that all inventions, improvements, discoveries, designs, technology, and works of authorship (including but not limited to computer software) made, created, conceived, or reduced to practice by Employee, whether alone or in cooperation with others, during employment together with all patent, trademark, copyright, trade secret, and other intellectual property rights related to any of the foregoing throughout the world are among other things works made for hire and belong exclusively to the Company, and Employee hereby assigns all such rights to the Company. Employee agrees to execute any documents, testify in any legal proceedings, and do all things, at Company expense, reasonably necessary or desirable to secure Company's rights to the foregoing, including without limitation executing inventors' declarations and assignment forms.

11. PARTIES BENEFITED; ASSIGNMENTS

This Agreement shall be binding upon Employee, Employee's heirs and Employee's personal representative or representatives, and upon Company and its respective successors and assigns. Neither this Agreement nor any rights or obligations hereunder may be assigned by Employee other than by will or by the laws of descent and distribution. This Agreement may not be assigned by the Company except to an acquirer of all or substantially all of Clear Channel Outdoor, Inc.'s assets who assumes the obligations hereunder in a writing delivered to Employee.

12. GOVERNING LAW

This Agreement shall be governed by the laws of the State of New York and the parties expressly consent to the personal jurisdiction of the New York state and federal courts for any lawsuit relating to this Agreement.

13. DEFINITION OF COMPANY

"Company" shall include Clear Channel Outdoor Holdings, Inc., and its divisions, operating companies and subsidiaries.

14. LITIGATION AND REGULATORY COOPERATION

During and after employment, Employee shall reasonably cooperate in the defense or prosecution of claims, investigations, or other action which relate to events or occurrences during employment (other than disputes between the parties) . Employee's cooperation shall include being available to prepare for discovery or trial and to act as a witness. Company will pay an hourly rate (based on Base Salary as of the last day of employment) for cooperation that occurs after employment, and reimburse for reasonable expenses, including travel expenses, reasonable attorney fees and costs.

15. INDEMNIFICATION

Company shall defend and indemnify Employee (including current payment of legal fees). The Company shall have the right to designate counsel pursuant to this Section unless a conflict exists between Company and Employee for all actions or inactions taken in good faith in the course and scope of employment, as a director or as a fiduciary of any benefit plan to the maximum extent permitted by law. The Company shall also cover Employee under director and officer liability insurance to the same extent as other officers and the directors. This section shall survive any termination of employment while liability continues to exist.

16. DISPUTE RESOLUTION

- (a) **Arbitration:** This Agreement is governed by the Federal Arbitration Act, 9 U.S.C. § 1 *et seq.* and evidences a transaction involving commerce. This Agreement applies to any dispute arising out of or related to Employee's employment with Company or termination of employment. Nothing contained in this Agreement shall be construed to prevent or excuse Employee from using the Company's existing internal procedures for resolution of complaints, and this Agreement is not intended to be a substitute for the use of such procedures. Except as otherwise provides, this Agreement is intended to apply to the resolution of disputes that otherwise would be resolved in a court of law, and therefore this Agreement requires all such disputes to be resolved only by an arbitrator through final and binding arbitration and not by way of court or jury trial. Such disputes include without limitation disputes arising out of or relating to interpretation or application of this Agreement including the enforceability, revocability or validity of the Agreement or any portion of the Agreement. The Agreement also applies, with no limitation, to disputes regarding the employment relationship, trade secrets, unfair competition, compensation, breaks and rest periods, termination, or harassment and claims arising under the Uniform Trade Secrets Act, Civil Rights Act of 1964, Americans With Disabilities Act, Age Discrimination in Employment Act, Family Medical Leave Act, Fair Labor Standards Act, Employee Retirement Income Security Act, and any state statutes, if any, addressing the same or similar subject matters, and all other state statutory and common law claims (excluding work product, compensation, state disability insurance and unemployment insurance claims). Claims may be brought before an administrative agency but only to the extent applicable law permits access to such an agency notwithstanding the existence of an agreement to arbitrate. Such administrative claims include without limitation claims or charges brought before the Equal Employment Opportunity Commission (www.eeoc.gov), the U.S. Department of Labor (www.dol.gov), the National Labor Relations Board (www.nlr.gov), the Office of Federal Contract Compliance Programs (www.dol.gov/esa/ofccp). Nothing in this Agreement shall be deemed to preclude or excuse a party from bringing an administrative claim before any agency in order to fulfill the party's obligation to exhaust administrative remedies before making a claim in arbitration. Disputes that may not be subject to pre-dispute arbitration agreement as provided by the Dodd-Frank Wall Street
-

Reform and Consumer Protection Act (Public Law 111-203) are excluded from the coverage of this Agreement.

- (b) The Arbitrator shall be selected by mutual agreement of the Company and the Employee. Unless the Employee and Company mutually agree otherwise, the Arbitrator shall be an attorney licensed to practice in the location where the arbitration proceeding will be conducted or a retired federal or state judicial officer who presided in the jurisdiction where the arbitration will be conducted. If for any reason the parties cannot agree to an Arbitrator, either party may apply to a court of competent jurisdiction with authority over the location where the arbitration will be conducted for appointment of a neutral Arbitrator. The court shall then appoint an Arbitrator, who shall act under this Agreement with the same force and effect as if the parties had selected the Arbitrator by mutual agreement. The location of the arbitration proceeding shall be no more than 45 miles from the place where the Employee last worked for the Company, unless each party to the arbitration agrees in writing otherwise.
 - (c) A demand for arbitration must be in writing and delivered by hand or first class mail to the other party within the applicable statute limitations period. Any demand for arbitration made to the Company shall be provided to the Company's Legal Department, 200 East Balmorhea Road, San Antonio, Texas 78209. The Arbitrator shall resolve all disputes regarding the timeliness or propriety of the demand for arbitration.
 - (d) In arbitration, the parties will have the right to conduct adequate civil discovery, bring dispositive motions, and present witnesses and evidence as needed to present their cases and defenses, and any disputes in this regard shall be resolved by the Arbitrator. **However, there will be no right or authority for any dispute to be brought, heard or arbitrated as a class, collective or representative action or as a class member in any purported class, collective action or representative proceeding ("Class Action Waiver").** Notwithstanding any other clause contained in this Agreement, the preceding sentence shall not be severable from this Agreement in any case in which the dispute to be arbitrated is brought as a class, collective or representative action. Although an Employee will not be retaliated against, disciplined or threatened with discipline as a result of Employee's exercising his or her rights under Section 7 of the National Labor Relations Act by the filing of or participation in a class, collective or representative action in any forum, the Company may lawfully seek enforcement of this Agreement and the Class Action Waiver under the Federal Arbitration Act and seek dismissal of such class, collective or representative actions or claims. Notwithstanding any other clause contained in this Agreement, any claim that all or part of the Class Action Waiver is unenforceable, unconscionable, void or voidable may be determined only by a court of competent jurisdiction and not by an arbitrator.
 - (e) Each party will pay the fees for his, her or its own attorneys, subject to any remedies to which that party may later be entitled under applicable law. However, in all cases where required by law, the Company will pay the Arbitrator's and arbitration fees. If under applicable law the Company is not required to pay all of the Arbitrator's and/or arbitration fees, such fee(s) will be apportioned between the parties by the Arbitrator in accordance with applicable law.—
 - (f) Within 30 days of the close of the arbitration hearing, any party will have the right to prepare, serve on the other party and file with the Arbitrator a brief. The Arbitrator may award any party any remedy to which that party is entitled under applicable law, but such remedies shall be limited to those that would be available to a party in a court of law for the claims presented to and decided by the Arbitrator. The Arbitrator will issue a decision or award in writing, stating the essential findings of fact and conclusions.
-

of law. Except as may be permitted or required by law, neither a party nor an Arbitrator may disclose the existence, content, or results of an arbitration hereunder without the prior written consent of all parties. A court of competent jurisdiction shall have the authority to enter judgment upon the award made pursuant to the arbitration.

- (g) **Injunctive Relief:** A party may apply to a court of competent jurisdiction for temporary or preliminary injunctive relief in connection with an arbitrable controversy, but only upon the ground that the award to which that party may be entitled may be rendered ineffectual without such provisional relief.
- (h) This Section 16 is the full and complete agreement relating to the formal resolution of employment-related disputes. In the event any portion of this Section 16 is deemed unenforceable and except as set forth in Section 16(d), the remainder of this Agreement will be enforceable.
- (i) This Section 16 shall survive the expiration or termination of this Agreement for any reason.

Employee Initials: _____ Company Initials: _____

17. REPRESENTATIONS AND WARRANTIES OF EMPLOYEE

Employee represents that Employee is under no contractual or other restriction inconsistent with the execution of this Agreement, the performance of Employee’s duties hereunder, or the rights of Company. Employee authorizes the Company to inform any prospective employer of the existence and terms of this Agreement without liability for interference with Employee’s prospective employment. Employee represents that Employee is under no disability that prevents Employee from performing the essential functions of Employee’s position, with or without reasonable accommodation.

18. CODE SECTION 409A COMPLIANCE

Payments under this Agreement (the “Payments”) shall be designed, operated, and interpreted in such a manner that they are either exempt from the application of, or comply with, the requirements of Code Section 409A, the Regulations, applicable case law and administrative guidance. All Payments shall be deemed to come from an unfunded plan. Notwithstanding any provision in this Agreement, all Payments subject to Code Section 409A will not be accelerated in time or schedule as permitted under Code Section 409A. In addition, all Severance Payments that are deferred compensation and subject to Code Section 409A will only be payable upon a “separation from service” (as that term is defined at Section 1.409A-1(f) of the Treasury Regulations) from the Company and from all other corporations and trades or businesses, if any, that would be treated as a single “service recipient” with the Company under Section 1.409A-1(h)(3) and shall be deferred to the extent necessary to comply with the six month waiting period required for payments to certain “specified employees” following such specified employee’s separation from service as set forth in Code Section 409A(a)(2)(B)(i), provided that any amounts deferred to comply with such Section shall be paid in a lump sum within fourteen (14) days after the end of the waiting period. All references in this Agreement to a termination of employment and correlative terms shall be construed to require “separation from service.”

19. CODE SECTION 4999

If it is determined that the Employee is entitled to payments and/or benefits provided by this Agreement or any other plan, arrangement or agreement with the Company or any affiliate (“Payments”) that would be subject to the excise tax imposed by Section 4999 of the Code (the “2800 Excise Tax”), the Company shall

cause to be determined, before any portion of the Payments are paid to the Employee, which of the following two alternative forms of payment would maximize the Employee's after-tax proceeds: (a) payment in full of the entire amount of the Payments; or (b) payment of only a part of the Payments (reduced to the minimum extent necessary) so that the Employee receives the largest payment possible without the imposition of the 280G Excise Tax ("Reduced Payments"). If it is determined that Reduced Payments will maximize Employee's after-tax benefit, then (1) cash compensation subject to the six-month delay rule in Code Section 409A(a)(2)(B)(i) shall be reduced first, payments in respect of whole value equity grants (commencing with the last equity grant to vest) shall be reduced second, payments in respect of stock options and stock appreciation rights (commencing with the last equity grant to vest) shall be reduced third, and lastly, cash payments that are not subject to the six month delay rule in Code Section 409A(a)(2)(B)(i) shall be reduced, (2) the Payments shall be paid only to the extent permitted under the Reduced Payments alternative and (3) the Employee shall have no rights to any additional payments and/or benefits constituting the Payments. To the extent not negating this paragraph under Code Section 280G and not in violation of Code Section 409A, the Employee may direct an alternative order of reduction. Unless the Company and the Employee otherwise agree in writing, any determination required under this Section shall be made in writing by independent public accountants agreed to by the Company and the Employee (the "Accountants"), whose determination shall be conclusive and binding upon the Employee and the Company for all purposes. For purposes of making the calculations required by this Section, the Accountants may rely on reasonable, good faith interpretation concerning the application of Code Sections 280G and 4999. The Company and the Employee shall furnish to the Accountants such information and documents as the Accountants may reasonably request in order to make the required determinations. The Company shall bear all fees and expenses that the Accountants may reasonably charge in connection with the services contemplated by this Section.

20. MISCELLANEOUS

This Agreement is not effective unless fully executed by all parties . This Agreement contains the entire agreement of the parties and supersedes any prior written or oral agreements or understandings between the parties. No modification shall be valid unless in writing and signed by the parties. This Agreement may be executed in counterparts, a counterpart transmitted via electronic means, and all executed counterparts, when taken together, shall constitute sufficient proof of the parties' entry into this Agreement. The parties agree to execute any further or future document which may be necessary to allow the full performance of this Agreement. The failure of a party to require performance of any provision of the Agreement shall not affect the right of such party to later enforce any provision. A waiver of the breach of any term or condition of this Agreement shall not be deemed a waiver of any subsequent breach of the same or any other term or condition. If any provision of this Agreement shall, for any reason, be held unenforceable, such unenforceability shall not affect the remaining provisions hereof, except as specifically noted in this Agreement, and the application of such provisions to other persons or circumstances, all of which shall be enforced to the greatest extent permitted by law. Company and Employee agree that the restrictions contained in Section 4, 5, 6, and 7, are reasonable in scope and duration and are necessary to protect Confidential Information. If any restrictive covenant is held to be unenforceable because of the scope, duration or geographic area, the parties agree that the court or arbitrator may reduce the scope, duration, or geographic area, and in its reduced form, such provision shall be enforceable. Should Employee violate the provisions of Sections 5, 6, or 7, then in addition to all other remedies available to Company, the duration of the violated covenant shall be extended for the period of time when Employee began such violation until Employee ceases such violation. The headings in this Agreement are inserted for convenience of reference only and shall not control the meaning of any provision hereof.

Upon full execution by all parties, this Agreement shall be effective on the Effective Date in Section 1.

Date:

William Eccleshare
Chief Executive Officer of Clear Channel Outdoor Holdings, Inc.

EXHIBIT "A"

SEVERANCE AGREEMENT AND GENERAL RELEASE

This Severance Agreement and General Release ("Agreement") is made and entered into by _____, Employee ID No _____ (hereinafter referred to as "Employee"), and Clear Channel Outdoor, Inc., in full and final settlement of any and all claims Employee may have or hereafter claim to have against Clear Channel Outdoor, Inc., and all of its past, present and future parents, subsidiaries and affiliates and their employees, officers, directors, agents, insurers and legal counsel (hereinafter referred to as "Company").

1. End of Employment.

1.1 Employee's separation date is _____, 20__ ("Separation Date").

1.2 Aside from compensation for work performed during the last pay period prior to the end of employment, Employee has been paid all earned compensation through the Separation Date. In addition, if earned, Employee will receive a pro rata share of the Annual Bonus in accordance with Section 9(d)(ii) of the Employment Agreement. Such pro rata share of the Annual Bonus, if applicable, will be paid before March 15th of the following year.

2. Consideration for Agreement from Company.

2.1 In return for this Agreement and in full and final settlement, compromise, and release of all of Employee's claims (as described in Section 3 below), Company agrees to pay as severance to Employee the following, in accordance with Section 9(d) of the Employment Agreement: the sum of _____ Dollars and _____ Cents (\$ _____), less applicable federal and state withholding and all other ordinary payroll deductions, to be paid in accordance with Company's ordinary payroll practices over a period of approximately eighteen (18) months following expiration of the seven day revocation period noted in Section 4.11 (subject to delay as provided in the Employment Agreement), and only if Employee does not

revoke this Agreement, and shall continue until paid in full (the "Severance Pay Period"). Employee hereby acknowledges the sufficiency of the payment from Company.

2.2 Severance payments shall cease in accordance with Section 9(d)(iii)(1) of the Employment Agreement if the reason therein become applicable. The foregoing shall not affect Company's right to enforce any restrictive covenants previously agreed to by Employee. Additionally, if Employee is rehired by Company during the Severance Pay Period, Section 9(d)(iii)(2) of the Employment Agreement shall apply.

2.3 Each payment under this Agreement is a separate "payment" within the meaning of Treasury Regulation Section 1.409A-2(b)(2)(iii) and Section 9(d)(v) of the Employment Agreement shall apply to the payment hereunder.

2.4 No act or payment of consideration pursuant to this Agreement shall be considered an admission of liability by Company regarding Employee in any way.

3. **Employee's Release of Claims.**

3.1 Employee affirms that Employee has not filed, caused to be filed, and/or is not presently a party to any claim, complaint, or action against Company in any forum or form. As a material term of this Agreement, Employee attests that Employee has given Company written notice of any and all concerns Employee may have regarding suspected ethical or compliance issues or violations on the part of Company or any of Company employees. In addition, Employee affirms that as of the Separation Date, subject to Section 1.2, Employee has reported all hours worked, if applicable, and has been paid for and/or has received all compensation, wages, bonuses, commissions, and/or benefits to which Employee may be entitled. Employee furthermore affirms that Employee has no known workplace injuries or occupational diseases.

3.2 Employee hereby irrevocably and unconditionally releases and forever discharges Company from any and all claims, demands, causes of action, and liabilities of any nature, both past and present, known and unknown, resulting from any act or omission of any kind occurring on or before the date of execution of

this Agreement which arise under contract or common law, or any federal, state or local law, regulation or ordinance. Employee understands and agree that Employee's release of claims includes, but is not limited to, the following: all claims, demands, causes of action and liabilities for past or future loss of pay or benefits, expenses, damages for pain and suffering, punitive damages, compensatory damages, attorney's fees, interest, court cost physical or mental injury, damage to reputation, and any other injury, loss, damage or expense or equitable remedy of any kind whatsoever.

3.3 Employee additionally hereby irrevocably and unconditionally releases and forever discharges Company from any and all claim demands, causes of action and liabilities arising out of or in any way connected with, directly or indirectly, Employee's employment with Company on any incident thereof, including, without limitation, Employee's treatment by Company or any other person, the terms and conditions of Employee's employment, and any and all possible local, state or federal statutory and/or common law claims, including but not limited to:

(a) All claims which Employee might have arising under Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000 *et seq.*; The Civil Rights Act, 42 U.S.C. § 1981 and § 1988; Employee Retirement Income Security Act, as amended, 29 U.S.C. § 1001, *et seq.*; Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101, *et seq.*; The Family and Medical Leave Act of 1993, as amended, U.S.C. § 2601, *et seq.*; The Age Discrimination in Employment Act, 29 U.S.C. § 621 *et seq.*; The Older Worker Benefit Protection Act of 1991; The Immigration Reform and Control Act, as amended; The Worker Adjustment and Retraining Notification Act, 29 U.S.C. 2101 *et seq.*; and The Occupational Safety and Health Act, as amended;

(b) All contractual claims for any wages or other employment benefits owed as a result of Employee's separation from Company;

(c) All claims arising under the Civil Rights Act of 1991, 42 U.S.C. § 1981a; and,

(d) All other claims, whether based on contract, tort (personal injury), or statute, arising from Employee's employment, separation from that employment, or any investigation and/or interview conducted by or on behalf of Company.

3.4 Employee does not waive rights or claims which cannot be waived by law, including, but not limited to the right to file a Charge with the Equal Employment Opportunity Commission ("EEOC"), or its local or state equivalent, or to participate in an agency investigation, although Employee does waive any right to monetary recovery should the EEOC or other local, state or federal administrative or governmental agency pursue claims against the Company on Employee's behalf.

3.5 This release shall not extend to any claims that relate to: (i) claims for indemnification, payment of legal fees, and directors and office liability insurance under Section 15 of the Employment Agreement; (ii) any vested or accrued benefits or rights under any employee benefit plan policy or program maintained by the Company or any incentive plan, award or arrangement of the Company and any other benefit plans, policies or programs granted or modified pursuant to the terms of the Employment Agreement (including, without limitation, any equity compensation awards); (iii) any rights to vested equity; or (iv) any other terms of the Employment Agreement that survive by their terms, organizational documents, plan agreements, or at law.

3.6 Employee does not waive rights or claims that arise following the execution of this Agreement.

4. **Other Understandings, Agreements, and Representations.**

4.1 Employee agrees that this Agreement binds Employee and also binds Employee's spouse, children, heirs, executors, administrators, assigns, agents, partners, successors in interest, and all other persons and entities in privity with Employee.

4.2 Employee agrees to not disclose or use Company's confidential or proprietary information in accordance with Section 4 of the Employment Agreement.

4.3 Employee promises and represents that Employee will not make or cause to be made any derogatory, negative or disparaging statements, either written or verbal, about Company for a period of 2 years after her employment with Company ends. Company promises and represents that the Senior Executives and Directors of Company and its parent will not make or cause to be made any derogatory, negative or disparaging statements, either written or verbal, about Employee for a period of 2 years after her employment with Company ends. For purposes of this Section, both Employee and Company acknowledge and agree that normal competitive statements, truthful testimony in connection with legal proceedings or governmental inquiry, and rebuttal of statements made by Company shall not be considered in violation hereof.

4.4 Employee agrees to reasonably cooperate in the defense of claims, investigations, or other actions in accordance with Section 14 of the Employment Agreement, or as otherwise provided under the Employment Agreement.

4.5 Prior to execution of this Agreement, Employee shall return to Company all property belonging to Company (including the material references in Section 10 of the Employment Agreement) that the Employee possesses or has possessed but has provided to a third party, other than as provided in Section 4(a) of the Employment Agreement, in good faith performance of duties, in accordance with Section 4 of the Employment Agreement.

4.6 This Agreement contains the entire understanding between Employee and Company, except as modified by Section 4.7 below, and supersedes all prior agreements and understandings relating to the subject matter of this Agreement, except to the extent not released under Section 3. of the Employment Agreement. This Agreement shall not be modified, amended, or terminated unless such modification, amendment, or termination is executed in writing by Employee and an authorized representative of Company.

4.7 Notwithstanding anything to the contrary herein, this Agreement shall not alter or terminate any post-employment obligations previously agreed to by Employee (including, without limitation, confidentiality,

non-competition, non-solicitation, and arbitration), which Employee agrees shall survive the termination of Employee's employment.

4.8 Any disputes that relate in any way to the provisions of this Agreement shall be resolved by binding arbitration as provided for under Section 16 of the Employment Agreement.

4.9 Employee may take up to twenty-one (21) days from date of receipt to decide whether to accept this Agreement. Employee may actually accept and sign this Agreement at any time within this 21-day period, but Employee is not required to do so.

4.10 If Employee has not signed this Agreement within the 21-day period noted above and delivered the *signed agreement* to Kimberly Wray, HR Services Director, Clear Channel Management Services, Inc., 200 East Basse Road, San Antonio, Texas 78209, or via fax to (210) 832-3190, this Agreement is deemed revoked by Company.

4.11 Employee may revoke acceptance of this Agreement at any time within seven (7) days after executing the Agreement. Any revocation must be made in writing and delivered to Kimberly Wray, HR Services Director, Clear Channel Management Services, Inc., 200 East Basse Road, San Antonio, Texas 78209, or via fax at (210) 832-3190. Employee understands that, unless revoked as described above, upon expiration of the seven (7) day period, this Agreement automatically shall take effect and become binding upon Employee.

4.12 Notice Regarding Attorney: Employee is hereby advised to consult with an attorney of Employee's choice, at Employee's expense before signing this Agreement.

4.13 Employee understands that nothing in this Agreement is intended to interfere with or deter Employee's right to challenge the waiver of claim under the Age Discrimination in Employment Act (ADEA) or state law age discrimination claim or the filing of an ADEA charge or ADEA complaint or state law age discrimination complaint or charge with the Equal Employment Opportunity Commission or any state

discrimination agency or commission or to participate in any investigation or proceeding conducted by those agencies. Further, Employee understands that nothing in this Agreement would require Employee to tender back the money received under this Agreement if Employee seeks to challenge the validity of the ADEA or state law age discrimination waiver, nor does the Employee agree to ratify any ADEA or state law age discrimination waiver that fails to comply with the Older Workers' Benefit Protection Act by retaining the money received under the Agreement. Further, nothing in this Agreement is intended to require the payment of damages, attorneys' fees or costs to Company should Employee challenge the waiver of an ADEA or state law age discrimination claim or file an ADEA or state law age discrimination suit except as authorized by federal or state law.

Notwithstanding the foregoing paragraph, Employee agrees to waive any right to recover monetary damages in any charge, complaint, or lawsuit against Company filed by Employee or by anyone else on Employee's behalf pertaining to the preceding paragraph.

4.14 Unless otherwise specified or required by statute in a particular jurisdiction which expressly pertains to an employment relationship (e.g., wage payment timing, tax withholding, etc.), all construction and interpretation of this Agreement shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to principles of conflicts of law, and subject to the parties' agreement to arbitrate any and all disputes as previously set forth, Employee expressly consents to the personal jurisdiction and mandatory venue of the New York state and federal courts for any lawsuit relating to this Agreement.

4.15 Should any provision in this Agreement or any provision of any agreement incorporated or referenced herein be declared or determined by any court to be illegal or invalid, the validity of the remaining parts, terms, or provisions shall not be affected, and the illegal or invalid part, term, or provision shall not be a part of this Agreement.

4.16 Counterparts: This Agreement may be executed in counterparts, a counterpart transmitted via electronic means, and all executed counterparts, when taken together, shall constitute sufficient proof of the parties' entry into this Agreement. The parties agree to execute any further future documents which may be necessary to allow the full performance of this Agreement.

4.17 Employee represents and certifies that Employee (1) has received a copy of this Agreement for review and study and has had ample time to review it before signing; (2) has read this Agreement carefully; (3) has been given a fair opportunity to discuss and negotiate the terms of this Agreement; (4) understands its provisions; (5) has been advised to consult with an attorney; (6) has determined that it is in Employee's best interest to enter into this Agreement; (7) has not been influenced to sign this Agreement by any statement or representation by Company not contained in this Agreement; and (8) enters into this Agreement knowingly and voluntarily.

ACCEPTED AND AGREED:

[EMPLOYEE NAME]

Date: _____

CLEAR CHANNEL OUTDOOR, INC.

Date: _____
By: _____
Name: _____
Title: _____

APPROVED BY LEGAL:

Grantee: Suzanne M. Grimes
Grant Date: January 1, 2013

**CLEAR CHANNEL OUTDOOR HOLDINGS, INC.
2012 STOCK INCENTIVE PLAN
RESTRICTED STOCK UNIT AWARD AGREEMENT**

THIS RESTRICTED STOCK UNIT AWARD AGREEMENT (the "Agreement"), made as of this 1st day of January, 2013 (the "Grant Date") by and between Clear Channel Outdoor Holdings, Inc., a Delaware corporation (the "Company"), and Suzanne M. Grimes (the "Grantee"), evidencing the grant by the Company of an award of restricted stock units (the "Award") to the Grantee on such date and the Grantee's acceptance of the Award in accordance with the provisions of the Clear Channel Outdoor Holdings, Inc. 2012 Stock Incentive Plan, as it may be amended from time to time (the "Plan"). All capitalized terms not defined herein shall have the meaning ascribed to them as set forth in the Plan. The Company and the Grantee agree as follows:

1. Grant of Award. Subject to the terms and conditions set forth herein and in the Plan, the Company hereby grants to the Grantee the Award giving the Grantee the conditional right to receive 213,675 shares of Class A Common Stock of the Company (the "Shares").
 2. Vesting. Except as otherwise provided in this Agreement, the Award will vest with respect to 100% of the Shares on the fourth anniversary of the Grant Date (the "Vesting Date"); provided, that, the Grantee is still employed by or providing services to the Company on the Vesting Date.
 3. Payment of Award. The Company shall, as soon as practicable upon the vesting of any portion of the Award (but in no event later than sixty (60) days following the date such vesting occurs), issue (if necessary) and transfer to the Grantee the Shares with respect to such vested portion of the Award, and shall deliver to the Grantee or have deposited in the Grantee's brokerage account with the Administrator such Shares, at the Grantee's election either electronically or represented by a certificate or certificates therefor, registered in the Grantee's name. No Shares will be issued pursuant to this Award unless and until all legal requirements applicable to the issuance or transfer of such Shares have been complied with to the satisfaction of the Company.
 4. Termination of Employment.
 - a. If the Grantee's employment or service is terminated due to death and such death occurs before this Award is vested in full, this Award shall automatically vest in full upon such termination and shall be paid within sixty (60) days following such termination.
 - b. If the Grantee's employment or service is terminated due to Disability (as defined herein) and such Disability occurs prior to the date that the Award is vested in full, the Award will vest in full upon such termination and shall be paid within sixty (60) days following such termination.
 - c. If the Grantee's employment or service with Clear Channel Outdoor, Inc. ("Clear Channel") is terminated by Clear Channel with "Cause" or the Grantee terminates such employment for
-

“Good Reason” (as each such term is defined in that certain Employment Agreement between Clear Channel and the Grantee, dated as [DATE] (the “Employment Agreement”)) and such termination occurs prior to the date this Award is vested in full, the Grantee shall vest upon such termination with respect to 25% of the Shares for each full year that has elapsed between the Grant Date and the date of such termination of employment and such Shares will be paid within sixty (60) days following such termination. By way of example, if Clear Channel terminates the Grantee’s employment without Cause two years and six months after the Grant Date, 50% of the Shares shall vest in full upon such termination pursuant to the terms of this Section 4(c), and would be settled and paid within sixty (60) days following such termination.

“Disability” shall mean (i) if the Grantee’s employment or service with the Company is subject to the terms of an employment or other service agreement between such Grantee and the Company, which agreement includes a definition of “Disability”, the term “Disability” shall have the meaning set forth in such agreement; and (ii) in all other cases, the term “Disability” shall mean a physical or mental infirmity which impairs the Grantee’s ability to perform substantially her duties for a period of one hundred eighty (180) consecutive days.

- d. If the termination of the Grantee’s employment or service is for any other reason, the then unvested portion of the Award shall be immediately forfeited without consideration. The Grantee’s status as an employee or other service-provider shall not be considered terminated in the case of a leave of absence agreed to in writing by the Company (including, but not limited to, military and sick leave) provided, that, such leave is for a period of not more than three months or re-employment or re-engagement upon expiration of such leave is guaranteed by contract or statute.
 - e. Notwithstanding any other provision of this Agreement or the Plan to the contrary:
 - i. If it is determined that the Grantee has violated Section 7 of the Employment Agreement (collectively, “Prohibited Acts”), then upon such determination, the unvested portion of the Award shall be forfeited without consideration.
 - ii. If it is determined that the Grantee engaged in (or is engaging in) any Prohibited Act where such Prohibited Act occurred or is occurring within the one (1) year period immediately following the payment of any portion of the Award, the Grantee agrees that he/she will repay to the Company any gain realized on the payment of such portion of the Award (such gain to be valued as of the relevant payment date(s) based on the Fair Market Value (as defined in Section 5.2 of the Plan) of the Shares vesting on the relevant payment date). Such repayment obligation will be effective as of the date of such determination. Any repayment obligation must be satisfied in cash or, if permitted in the sole discretion of the Committee, in shares of Common Stock having a Fair Market Value equal to the gain realized upon payment of such portion of the Award. The Company is specifically authorized to off-set and deduct from any other payments, if any, including, without limitation, wages, salary or bonus, that it may owe the Grantee to secure the repayment obligations herein contained; provided that in no event shall any payment that constitutes “nonqualified deferred compensation” for purposes of Section 409A of the Code be subject to offset by any other amount unless otherwise permitted by Section 409A of the Code.
-

The determination of whether the Grantee has engaged in a Prohibited Act shall be determined in accordance with the terms of Employment Agreement.

- f. The term “Company” as used in this Agreement with reference to the employment or service of the Grantee shall include the Company and its parent and subsidiaries, as appropriate.
5. Change in Control. Upon the occurrence of a Change in Control (as defined herein) of the Company that occurs prior to the date this Award vests in full, this Award shall become immediately fully vested and paid upon such Change in Control.

For the purposes hereof, the term “Change in Control” of the Company shall mean a transaction or series of transactions that constitutes “Exchange Transaction” within the meaning of the Plan but only to the extent such transaction or series of transactions constitutes a change of control pursuant to Section 409A of the Code and the regulations promulgated thereunder. For the avoidance of doubt, the determination whether a transaction or series of transactions constitutes an Exchange Transaction within the meaning of the Plan shall be determined by the Board, acting in its sole discretion.

6. Withholding. The Grantee agrees that the Grantee shall pay to the Administrator (or at the option of the Company, to the Company) such amount as the Company deems necessary to satisfy its obligation to withhold federal, state or local income or other taxes incurred with respect to the Award; provided, however that any minimum statutorily required withholding obligation with regard to the Grantee shall be satisfied by reducing the amount of Shares otherwise deliverable to the Grantee hereunder, unless otherwise directed by the Grantee, having a Fair Market Value equal to the amount of the withholding tax obligation as determined by the Company.
7. Section 409A.
- a. It is the intent of the Company that the payments and benefits under this Agreement shall comply with, or be exempt from, Section 409A of the Code and applicable regulations and guidance thereunder (collectively, “Section 409A”) and accordingly, to the maximum extent permitted, this Agreement shall be interpreted to be in compliance with, or be exempt from, Section 409A. In no event whatsoever shall the Company be liable for any additional tax, interest or penalty that may be imposed on the Grantee by Section 409A or for any damages for failing to comply with Section 409A.
 - b. For purposes of Section 409A and to the extent Section 409A is applicable to any payment hereunder, Grantee’s right to receive an installment payment pursuant to this Agreement shall be treated as a right to receive a series of separate and distinct payments.
 - c. Whenever a payment under this Agreement specifies a payment period with reference to a number of days (e.g., “payment shall be made within sixty (60) days following the date specified in Section 2”), the actual date of payment within the specified period shall be within the Company’s sole discretion.
 - d. If Grantee is deemed on the date of termination to be a “specified employee” within the meaning of Section 409A(a)(2)(B) of the Code, any amounts to which Grantee is entitled under this Agreement that constitute “non-qualified deferred compensation” payable upon separation from
-

service” under Section 409A and would otherwise be payable prior to the earlier of (i) the 6-month anniversary of the Employee’s date termination and (ii) the date of the Employee’s death (the “Delay Period”) shall instead be paid in a lump sum immediately upon (and before) the expiration of the Delay Period to the extent required under Section 409A.

8. Rights as a Stockholder. No Shares shall be issued under this Award until payment of the applicable tax withholding obligations have been satisfied or provided for to the satisfaction of the Company, and the Grantee shall have no rights as a stockholder with respect to any Shares covered by this Award until such shares are duly and validly issued by the Company to or on behalf of the Grantee.
 9. Non-Transferability. This Award is not assignable or transferable except upon the Grantee's death to a beneficiary designated by the Grantee in a manner prescribed or approved for this purpose by the Committee or, if no designated beneficiary shall survive the Grantee, pursuant to the Grantee's will or by the laws of descent and distribution.
 10. Limitation of Rights. Nothing contained in this Agreement shall confer upon the Grantee any right with respect to the continuation of his employment or service with the Company, or interfere in any way with the right of the Company at any time to terminate such employment or other service or to increase or decrease, or otherwise adjust, the compensation and/or other terms and conditions of the Grantee's employment or other service.
 11. Restrictions on Transfer. The Grantee agrees, by acceptance of this Award, that, upon issuance of any Shares hereunder, that, unless such Shares are then registered under applicable federal and state securities laws, (i) acquisition of such Shares will be for investment and not with a view to the distribution thereof, and (ii) the Company may require an investment letter from the Grantee in such form as may be recommended by Company counsel. The Company shall in no event be obliged to register any securities pursuant to the Securities Act of 1933 (as now in effect and as hereafter amended) or to take any other affirmative action in order to the issuance or transfer of Shares pursuant to this Award to comply with any law or regulation of any governmental authority.
 12. Notice. Any notice to the Company provided for in this Agreement shall be addressed to it in care of its Secretary at its executive offices at Channel Outdoor Holdings, Inc., 200 East Basse Road, San Antonio, Texas 78209-8328, and any notice to the Grantee shall be addressed to the Grantee at the current address shown on the payroll records of the Company. Any notice shall be deemed to be duly given if and when properly addressed and posted by registered or certified mail, postage prepaid.
 13. Incorporation of Plan by Reference. This Award is granted pursuant to the terms of the Plan, the terms of which are incorporated herein by reference, and this Award shall in all respects be interpreted in accordance with the Plan. The Committee shall interpret and construe the Plan and this Agreement and its interpretations and determinations shall be conclusive and binding on the parties hereto and any other person claiming an interest hereunder, with respect to any issue arising hereunder or thereunder. In the event of a conflict or inconsistency between the terms and provisions of the Plan and the provisions of this Agreement, the Plan shall govern and control. This Award sets forth the complete rights with respect to the “Deferred Share Award” described in Section 3(e)(i) of the Employment Agreement and supersedes such provision.
-

14. Governing Law. This Agreement and the rights of all persons claiming under this Agreement shall be governed by the laws of the State of Delaware, without giving effect to conflicts of laws principles thereof.
15. Miscellaneous. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns. This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and may not be modified other than by written instrument executed by the parties.
16. Consent. By signing this Agreement, the Grantee acknowledges and agrees that:
- a. The Company and the Company's affiliates are permitted to hold and process personal (and sensitive) information and data about the Grantee as part of its personnel and other business records and may use such information in the course of such entity's business.
 - b. In the event that disclosure is required for the proper conduct of the business (as determined by the Company and the Company's affiliates) the Company and the Company's affiliates may disclose such information to third parties, including when such entities are situated outside the European Economic Area.
 - c. This Section 16 applies to information held, used or disclosed in any medium.
-

Grantee: Suzanne M. Grimes
Grant Date: January 1, 2013

IN WITNESS WHEREOF, the Company has caused this Award to be executed under its corporate seal by its duly authorized officer. This Award shall take effect as a sealed instrument.

EXHIBIT 11 – COMPUTATION OF INCOME (LOSS) PER SHARE*(In thousands, except per share data)*

	Year Ended December 31,		
	2012	2011	2010
NUMERATOR:			
Net income (loss) attributable to the Company – common shares	\$ (183,112)	\$ 42,946	\$ (87,523)
Less: Participating securities dividends	8,456	2,972	5,911
Net income (loss) attributable to the Company per common share – basic and diluted	<u>\$ (191,568)</u>	<u>\$ 39,974</u>	<u>\$ (93,439)</u>
DENOMINATOR:			
Weighted average common shares outstanding – basic	356,915	355,907	355,561
Effect of dilutive securities:			
Stock options and restricted stock (1)	-	621	
Weighted average common shares outstanding – diluted	<u>356,915</u>	<u>356,528</u>	<u>355,561</u>
Net income (loss) attributable to the Company per common share:			
Basic	\$ (0.54)	\$ 0.11	\$ (0.26)
Diluted	\$ (0.54)	\$ 0.11	\$ (0.26)

- (1) 9.5 million, 6.0 million, and 5.2 million stock options were outstanding at December 31, 2012, 2011 and 2010, respectively, that were not included in the computation of diluted earnings per share because to do so would have been anti-dilutive.

Consent of Independent Registered Public Accounting Firm

We consent to the incorporation by reference in the following Registration Statements:

1. Registration Statement (Form S-8) pertaining to the Clear Channel Outdoor Holdings, Inc. 2012 Stock Incentive Plan (No. 333-181514); and
2. Registration Statement (Form S-8) pertaining to the Clear Channel Outdoor Holdings, Inc. 2005 Stock Incentive Plan (No. 333-130229); and
3. Registration Statements (Form S-8) pertaining to the Clear Channel Communications, Inc. 401(k) Savings Plan (Nos. 333-167468 and 333-132950)

of our reports dated February 19, 2013, with respect to the consolidated financial statements and schedule of Clear Channel Outdoor Holdings, Inc., and the effectiveness of internal control over financial reporting of Clear Channel Outdoor Holdings, Inc., included in this Annual Report (Form 10-K) for the year ended December 31, 2012.

/s/ Ernst & Young LLP

San Antonio, Texas
February 19, 2013

EXHIBIT 31.1 - CERTIFICATION PURSUANT TO RULES 13A-14(A) AND 15D-14(A) UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, C. William Eccleshare, certify that:

1. I have reviewed this Annual Report on Form 10-K of Clear Channel Outdoor Holdings, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors:
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

EXHIBIT 31.2 - CERTIFICATION PURSUANT TO RULES 13A-14(A) AND 15D-14(A) UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Thomas W. Casey, certify that:

1. I have reviewed this Annual Report on Form 10-K of Clear Channel Outdoor Holdings, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's most recent fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors:
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
