NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

NOTE 1 – BASIS OF PRESENTATION

Preparation of Interim Financial Statements

The accompanying consolidated financial statements were prepared by Clear Channel Outdoor Holdings, Inc. (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”) and, in the opinion of management, include all normal and recurring adjustments necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods may not be indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s 2015 Annual Report on Form 10-K. All references in this Quarterly Report on Form 10-Q to “we,” “us” and “our” refer to the Company and its consolidated subsidiaries. Our reportable segments are Americas outdoor advertising (“Americas”) and International outdoor advertising (“International”).

The consolidated financial statements include the accounts of the Company and its subsidiaries and give effect to allocations of expenses from the Company’s indirect parent entity, iHeartCommunications, Inc. (“iHeartCommunications”). These allocations were made on a specifically identifiable basis or using relative percentages of headcount or other methods management considered to be a reasonable reflection of the utilization of services provided. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20% to 50% of the voting common stock or otherwise exercises significant influence over operating and financial policies of the company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process. Certain prior-period amounts have been reclassified to conform to the 2016 presentation.

New Accounting Pronouncements

During the first quarter of 2015, the FASB issued ASU No. 2015-02, *Consolidation (Topic 810), Amendments to the Consolidation Analysis*. This new standard eliminates the deferral of FAS 167, which has allowed entities with interest in certain investment funds to follow the previous consolidation guidance in FIN 46(R) and makes other changes to both the variable interest model and the voting model. The standard is effective for annual periods, and for interim periods within those annual periods, beginning after December 15, 2015. The adoption of this guidance did not have a material effect on the Company’s consolidated financial statements.

During the second quarter of 2015, the FASB issued ASU No. 2015-03, *Interest-Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*. This update simplifies the presentation of debt issuance costs as a deduction from the carrying value of the outstanding debt balance rather than showing the debt issuance costs as an asset. The standard is effective for annual periods, and for interim periods within those annual periods, beginning after December 15, 2015. The retrospective adoption of this guidance resulted in the reclassification of debt issuance costs of \$48.2 million and \$50.4 million as of March 31, 2016 and December 31, 2015, respectively, which are now reflected as “Long-term debt fees” in Note 3.

During the third quarter of 2015, the FASB issued ASU 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*. This update provides a one-year deferral of the effective date for ASU No. 2014-09, *Revenue from Contracts with Customers*. ASU No. 2014-09 provides guidance for the recognition, measurement and disclosure of revenue resulting from contracts with customers and will supersede virtually all of the current revenue recognition guidance under U.S. GAAP. The standard is effective for the first interim period within annual reporting periods beginning after December 15, 2017. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

During the third quarter of 2015, the FASB issued ASU No. 2015-16, *Business Combinations (Topic 805): Simplifying the Accounting for Measurement-Period Adjustments*. This update eliminates the requirement for an acquirer in a business combination to account for measurement-period adjustments retrospectively. Instead, acquirers must recognize measurement-period adjustments during the period in which they determine the amounts, including the effect on earnings of any amounts they would have recorded in previous periods if the accounting had been completed at the acquisition date. The standard is effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. The adoption of this guidance did not have a material effect on the Company’s consolidated financial statements.

During the first quarter of 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The new leasing standard presents significant changes to the balance sheets of lessees. Lessor accounting is updated to align with certain changes in the lessee model and the new revenue recognition standard which was issued in the third quarter of 2015. The standard is effective for annual periods, and

(UNAUDITED)

for interim periods within those annual periods, beginning after December 15, 2018. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

NOTE 2 – PROPERTY, PLANT AND EQUIPMENT, INTANGIBLE ASSETS AND GOODWILL

Dispositions

During the first quarter of 2016, Americas outdoor sold nine non-strategic outdoor markets including Cleveland and Columbus, Ohio, Des Moines, Iowa, Ft. Smith, Arkansas, Memphis, Tennessee, Portland, Oregon, Reno, Nevada, Seattle, Washington and Wichita, Kansas for net proceeds, including cash and certain advertising assets in Florida, of \$596.6 million. The Company recognized a net gain of \$281.7 million related to the sale, which is included within Other operating income (expense), net.

During the first quarter of 2016, Americas outdoor also entered into an agreement to sell its Indianapolis, Indiana market in exchange for certain assets in Atlanta, Georgia, plus approximately \$41.2 million in cash. The transaction is subject to regulatory approvals and is expected to close in 2016. This transaction has met the criteria to be classified as held-for-sale and as such, the related assets are separately presented on the face of the Consolidated Balance Sheet.

Property, Plant and Equipment

The Company's property, plant and equipment consisted of the following classes of assets as of March 31, 2016 and December 31, 2015, respectively.

(In thousands)

Less: accumulated depreciation	1,596,974	1,575,294
Property, plant and equipment, net	<u>\$ 1,578,095</u>	<u>\$ 1,627,986</u>

Intangible Assets

The Company's indefinite-lived intangible assets consist primarily of billboard permits. Due to significant differences in both business practices and regulations, billboards in the International segment are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International segment.

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets primarily include transit and street furniture contracts, site-leases and other contractual rights, all of which are amortized over the shorter of either the respective lives of the agreements or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost.

As of March 31, 2016, the Company had \$ 50.1 million and \$ 59.3 million in letters of credit and bank guarantees outstanding, respectively. Additionally, as of March 31, 2016, iHeartCommunications had outstanding commercial standby letters of credit and surety bonds of \$ 1.2 million and \$ 56.5 million, respectively, held on behalf of the Company. These surety bonds, letters of credit and bank guarantees relate to various operational matters, including insurance, bid and performance bonds, as well as other items.

NOTE 4 – COMMITMENTS AND CONTINGENCIES

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of the Company's litigation arises in the following contexts: commercial disputes; misappropriation of likeness and right of publicity claims; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

International Outdoor Investigation

On April 21, 2015, inspections were conducted at the premises of Clear Channel in Denmark and Sweden as part of an investigation by Danish competition authorities. Additionally, on the same day, Clear Channel UK received a communication from the UK competition authorities, also in connection with the investigation by Danish competition authorities. Clear Channel and its affiliates

NOTE 5 — RELATED PARTY TRANSACTIONS

The Company records net amounts due from or to iHeartCommunications as “Due from/to iHeartCommunications” on the consolidated balance sheets. The accounts represent the revolving promissory note issued by the Company to iHeartCommunications and the revolving promissory note issued by iHeartCommunications to the Company in the face amount of \$ 1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand or when they mature on December 15, 2017.

Included in the accounts are the net activities resulting from day-to-day cash management services provided by iHeartCommunications. As a part of these services, the Company maintains collection bank accounts swept daily into accounts of iHeartCommunications (after satisfying the funding requirements of the Trustee Accounts under the CCWH Senior Notes and the CCWH Subordinated Notes). In return, iHeartCommunications funds the Company’s controlled disbursement accounts as checks or electronic payments are presented for payment. The Company’s claim in relation to cash transferred from its concentration account is on an unsecured basis and is limited to the balance of the “Due from iHeartCommunications” account.

As of March 31, 2016 and December 31, 2015, the asset recorded in “Due from iHeartCommunications” on the consolidated balance sheet was \$640.1 million and \$930.8 million, respectively. As of March 31, 2016, the fixed interest rate on the “Due from iHeartCommunications” account was 6.5%, which is equal to the fixed interest rate on the CCWH Senior Notes. The net interest income for the three months ended March 31, 2016 and 2015 was \$12.7 million and \$15.3 million, respectively. On February 4, the Company demanded the repayment of \$300.0 million outstanding under the Due from iHeartCommunications note and used the repayment to partially fund a special cash dividend of \$540.0 million, which was paid on February 4, 2016.

The Company provides advertising space on its billboards for radio stations owned by iHeartCommunications. For the three months ended March 31, 2016 and 2015, the Company recorded \$0.3 million and \$1.1 million, respectively, in revenue for these advertisements.

Under the Corporate Services Agreement between iHeartCommunications and the Company, iHeartCommunications provides management services to the Company, which include, among other things: (i) treasury, payroll and other financial related services; (ii) certain executive officer services; (iii) human resources and employee benefits services; (iv) legal and related services; (v) information systems, network and related services; (vi) investment services; (vii) procurement and sourcing support services; and (viii) other general corporate services. These services are charged to the Company based on actual direct costs incurred or allocated by iHeartCommunications based on headcount, revenue or other factors on a pro rata basis. For the three months ended March 31, 2016 and 2015, the Company recorded \$9.3 million and \$7.9 million, respectively, as a component of corporate expenses for these services.

Pursuant to the Tax Matters Agreement between iHeartCommunications and the Company, the operations of the Company are included in a consolidated federal income tax return filed by iHeartCommunications. The Company’s provision for income taxes has been computed on the basis that the Company files separate consolidated federal income tax returns with its subsidiaries. Tax payments are made to iHeartCommunications on the basis of the Company’s separate taxable income. Tax benefits recognized on the Company’s employee stock option exercises are retained by the Company.

The Company computes its deferred income tax provision using the liability method in accordance with the provisions of ASC 740-10, as if the Company was a separate taxpayer. Deferred tax assets and liabilities are determined based on differences between financial reporting basis and tax basis of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not some portion or all of the asset will not be realized.

Pursuant to the Employee Matters Agreement, the Company’s employees participate in iHeartCommunications’ employee benefit plans, including employee medical insurance and a 401(k) retirement benefit plan. For the three months ended March 31, 2016 and 2015, the Company recorded \$2.3 million and \$2.7 million, respectively, as a component of selling, general and administrative expenses for these services.

NOTE 6 – INCOME TAXES

Income Tax Benefit (Expense)

The Company's income tax benefit (expense) for the three months ended March 31, 2016 and 2015, respectively, consisted of the following components:

(In thousands)

	Three Months Ended March 31,	
	2016	2015
Current tax benefit (expense)	\$ (10,263)	\$ 28,836
Deferred tax expense	(52,649)	(4,737)
Income tax benefit (expense)	<u>\$ (62,912)</u>	<u>\$ 24,099</u>

The effective tax rate for the three months ended March 31, 2016 was 30.8 %. The effective rate was primarily impacted by the reversal of the valuation allowance recorded in 2015 against net operating losses in U.S. federal and state jurisdictions due to taxable gains from the dispositions of nine outdoor markets during the period. Additionally, we were unable to benefit from losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future periods.

The effective tax rate for the three months ended March 31, 2015 was 42.2 %. The effective rate was primarily impacted by the uncertainty of the ability to recognize the future benefit of certain deferred tax assets that consists of current period net operating losses in U.S. federal, state and certain foreign jurisdictions. The Company has recorded a valuation allowance against these deferred tax assets as the reversing deferred tax liabilities and other sources of taxable income that may be available to realize the deferred tax assets were exceeded by deferred tax assets recognized on the additional net operating losses incurred in the current period.

ITEM 2 . MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Format of Presentation

Management's discussion and analysis of our financial condition and results of operations ("MD&A") should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. All references in this Quarterly Report on Form 10-Q to "we," "us" and "our" refer to Clear Channel Outdoor Holdings, Inc. and its consolidated subsidiaries. Our reportable segments are Americas outdoor advertising ("Americas") and International outdoor advertising ("International"). Our Americas and International segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types. Certain prior period amounts have been reclassified to conform to the 2016 presentation.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Other operating income (expense), net, Interest expense, Interest income on the Revolving Promissory Note issued by iHeartCommunications to the Company (the "Due from iHeartCommunications Note"), Equity in earnings (loss) of nonconsolidated affiliates, Other income, net and Income tax benefit (expense) are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Management typically monitors our businesses by reviewing the average rates, average revenue per display, occupancy and inventory levels of each of our display types by market. Our advertising revenue is derived from selling advertising space on the displays we own or operate in key markets worldwide, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as additions to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets, both domestically and internationally.

Advertising revenue for our segments is highly correlated to changes in gross domestic product ("GDP") as advertising spending has historically trended in line with GDP, both domestically and internationally. Internationally, our results are impacted by fluctuations in foreign currency exchange rates as well as economic conditions in the foreign markets in which we have operations.

Executive Summary

The key developments in our business for the three months ended March 31, 2016 are summarized below:

- Consolidated revenue decreased \$24.3 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding a \$15.1 million impact from movements in foreign exchange rates, consolidated revenue decreased \$9.2 million during the three months ended March 31, 2016 compared to the same period of 2015.
- We sold our business in nine non-strategic U.S. outdoor markets for net proceeds of \$596.6 million in cash and certain advertising assets in Florida. These markets generated revenue of \$2.5 million in the three months ended March 31, 2016, and \$22.3 million in the three months ended March 31, 2015. We recognized a net gain of \$281.7 million related to the sales.
- We spent \$2.3 million on strategic revenue and efficiency initiatives during 2016 to realign and improve our on-going business operations—a decrease of \$1.4 million compared to 2015.

Revenues and expenses "excluding the impact of foreign exchange movements" in this Management's Discussion & Analysis of Financial Condition and Results of Operations is presented because management believes that viewing certain financial results without the impact of fluctuations in foreign currency rates facilitates period to period comparisons of business performance and provides useful information to investors. Revenues and expenses "excluding the impact of foreign exchange movements" are calculated by converting the current period's revenues and expenses in local currency to U.S. dollars using average foreign exchange rates for the prior period.

Consolidated Revenue

Consolidated revenue decreased \$24.3 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding a \$15.1 million impact from movements in foreign exchange rates, consolidated revenue decreased \$9.2 million during the three months ended March 31, 2016 compared to the same period of 2015. Primarily due to the \$19.8 million impact of the sale of nine non-strategic U.S. markets in the first quarter of 2016, Americas revenue decreased \$13.3 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$5.0 million impact from movements in foreign exchange rates, Americas revenue decreased \$8.3 million during the three months ended March 31, 2016 compared to the same period of 2015. International revenue decreased \$11.0 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$10.1 million impact from movements in foreign exchange rates, International revenue decreased \$0.9 million during the three months ended March 31, 2016 compared to the same period of 2015. Revenue growth in certain countries including Australia, China and France was offset by decreases in other countries including the United Kingdom and Switzerland.

Consolidated Direct Operating Expenses

Consolidated direct operating expenses decreased \$19.3 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding a \$10.4 million impact from movements in foreign exchange rates, consolidated direct operating expenses decreased \$8.9 million during the three months ended March 31, 2016 compared to the same period of 2015. Americas direct operating expenses decreased \$8.2 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$2.6 million impact from movements in foreign exchange rates, Americas direct operating expenses decreased \$5.6 million during the three months ended March 31, 2016 compared to the same period of 2015 primarily driven by a \$7.7 million decrease in direct expenses resulting from the sale of the nine non-strategic markets at the beginning of the year, partially offset by higher variable site lease expenses related to the increase in revenues from remaining markets. International direct operating expenses decreased \$11.1 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$7.8 million impact from movements in foreign exchange rates, International direct operating expenses decreased \$3.3 million during the three months ended March 31, 2016 compared to the same period of 2015 primarily as a result of lower rent expense due to lower revenue in the United Kingdom, partially offset by higher variable site lease and maintenance expenses in countries experiencing revenue growth.

Consolidated Selling, General and Administrative (“SG&A”) Expenses

Consolidated SG&A expenses decreased \$0.3 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding a \$3.8 million impact from movements in foreign exchange rates, consolidated SG&A expenses increased \$3.5 million during the three months ended March 31, 2016 compared to the same period of 2015. Americas SG&A expenses decreased \$0.3 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$1.3 million impact from movements in foreign exchange rates, Americas SG&A expenses increased \$1.0 million, net of a \$4.5 million decrease in expenses resulting from the sale of the nine non-strategic markets at the beginning of the year, during the three months ended March 31, 2016 compared to the same period of 2015 primarily due to higher variable compensation expense related to higher revenues, and higher expenses in Latin America. International SG&A expenses were flat during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$2.6 million impact from movements in foreign exchange rates, International SG&A expenses increased \$2.6 million during the three months ended March 31, 2016 compared to the same period of 2015 primarily due to increased expenses in the United Kingdom.

Corporate Expenses

Corporate expenses decreased \$0.5 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$0.4 million impact from movements in foreign exchange rates, corporate expenses decreased \$0.1 million during the three months ended March 31, 2016 compared to the same period of 2015.

Revenue and Efficiency Initiatives

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$2.3 million incurred in connection with our strategic revenue and efficiency initiatives during the three months ended March 31, 2016. The costs were incurred to improve revenue growth, enhance yield, reduce costs and organize each business to maximize performance and profitability. These costs consist primarily of severance related to workforce initiatives, consolidation of locations and positions, consulting expenses and other costs incurred in connection with streamlining our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized. Of these costs during the first quarter of 2016, \$0.7 million are reported within direct operating expenses, \$1.3 million are reported within SG&A and \$0.3 million are reported within corporate expense. In the first quarter of 2015, such costs totaled \$0.4 million, \$0.8 million and \$2.5 million, respectively.

Depreciation and Amortization

Depreciation and amortization decreased \$8.7 million during the three months ended March 31, 2016 compared to the same period in 2015 primarily due to assets becoming fully depreciated or fully amortized and the sale of the non-strategic outdoor markets, as well as the impact of movements in foreign exchange rates.

Other operating income (loss), net

Other operating income was \$284.8 million for the three months ended March 31, 2016, which primarily related to the sale of nine non-strategic outdoor markets at the beginning of the year. In the first quarter of 2016, Americas outdoor sold nine non-strategic outdoor markets including Cleveland and Columbus, Ohio, Des Moines, Iowa, Ft. Smith, Arkansas, Memphis, Tennessee, Portland, Oregon, Reno, Nevada, Seattle, Washington and Wichita, Kansas for net proceeds of \$596.6 million in cash and certain advertising assets in Florida. The Company recognized a net gain of \$281.7 million. These markets generated revenue of \$2.5 million in the three months ended March 31, 2016 and \$22.3 million in the three months ended March 31, 2015.

Other operating expense was \$5.4 million for the three months ended March 31, 2015, which primarily related to acquisition/disposition transaction costs.

Interest Income on Due from iHeartCommunications

Interest income decreased \$2.5 million during the three months ended March 31, 2016 compared to the same period of 2015 due to a lower average outstanding balance as a result of the \$300.0 million demand and repayment under the Due from iHeartCommunications note in February 2016.

Other income, net

Other income of \$5.8 million for the first quarter of 2016 primarily related to foreign exchange gains on short-term intercompany accounts.

Other income of \$19.9 million for the first quarter of 2015 primarily related to foreign exchange gains on short-term intercompany accounts.

Income tax expense

Our operations are included in a consolidated income tax return filed by iHeartMedia. However, for our financial statements, our provision for income taxes was computed as if we file separate consolidated federal income tax returns with our subsidiaries.

The effective tax rate for the three months ended March 31, 2016 was 30.8%, and was primarily impacted by the reversal of the valuation allowance recorded in 2015 against net operating losses in U.S. federal and state jurisdictions due to taxable gains from the dispositions of nine outdoor markets during the period. In addition, we were unable to record benefits on losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future periods.

The effective tax rate for the three months ended March 31, 2015 was 42.2%, and was primarily impacted by the valuation allowance recorded against current period net operating losses in U.S. federal, state and certain foreign jurisdiction due to the uncertainty of the ability to utilize those assets in future periods. In addition, the current tax benefit for the three months ended March 31, 2015 was the result of applying the estimated annual effective tax rate for the year to the pre-tax losses incurred during the period.

Americas Outdoor Advertising Results of Operations

Our Americas outdoor operating results were as follows:

<i>(In thousands)</i>	Three Months Ended March 31,		%

Americas revenue decreased \$13.3 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$5.0 million impact from movements in foreign exchange rates, Americas revenue decreased \$8.3 million during the three months ended March 31, 2016 compared to the same period of 2015. In the first quarter of 2016, we sold nine non-strategic markets for net proceeds of \$596.6 million in cash and certain assets in Florida. These non-strategic markets generated revenues of \$2.5 million in the first quarter of 2016 compared to \$22.3 million in the first quarter of 2015. The decrease resulting from the disposal of the nine non-strategic markets was partially offset by increased revenues from digital billboards as a result of new deployments, organic growth and higher occupancy, as well as higher revenues from static bulletins as a result of higher occupancy.

Americas direct operating expenses decreased \$8.2 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$2.6 million impact from movements in foreign exchange rates, Americas direct operating expenses decreased \$5.6 million during the three months ended March 31, 2016 compared to the same period of 2015 primarily driven by a \$7.7 million decrease in direct expenses resulting from the sale of the nine non-strategic markets at the beginning of the year, partially offset by higher variable site lease expenses related to the increase in revenues from remaining markets. Americas SG&A expenses decreased \$0.3 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$1.3 million impact from movements in foreign exchange rates, Americas SG&A expenses increased \$1.0 million, net of a \$4.5 million decrease in expenses resulting from the sale of the nine non-strategic markets at the beginning of the year, during the three months ended March 31, 2016 compared to the same period of 2015 primarily due to higher variable compensation expense related to higher revenues, and higher expenses in Latin America.

Excluding the \$10.1 million impact from movements in foreign exchange rates, International revenue decreased \$0.9 million during the three months ended March 31, 2016 compared to the same period of 2015 primarily driven by lower revenue in the United Kingdom as a result of the London bus shelter contract not being renewed, and decreases in Switzerland, almost entirely offset by revenue growth from new digital assets in Australia and new contracts and higher occupancy in China and across several European countries including France and Belgium.

International direct operating expenses decreased \$11.1 million during the three months ended March 31, 2016 compared to the same period of 2015. Excluding the \$7.8 million impact from movements in foreign exchange rates, International direct operating expenses decreased \$3.3 million during the three months ended March 31, 2016 compared to the same period of 2015 primarily as a result of lower rent expense due to lower revenue in the United Kingdom as a result of the London bus shelter contract not being renewed, partially offset by higher variable site lease and maintenance expenses in countries experiencing revenue growth. Operating Activities

Cash provided by operating activities was \$16.2 million during the three months ended March 31, 2016 compared to \$9.7 million of cash provided during the three months ended March 31, 2015. Our consolidated net loss for the three months ended March 31, 2016 and 2015 included non-cash items of (\$135.1) million and \$83.4 million, respectively. Non-cash items affecting our net loss include depreciation and amortization, deferred taxes, provision for doubtful accounts, share-based compensation, (gain) loss on sale of operating and fixed assets, amortization of deferred financing charges and note discounts, net and other reconciling items, net as presented on the face of the consolidated statement of cash flows.

Investing Activities

Cash provided by investing activities of \$523.5 million during the three months ended March 31, 2016 primarily reflected net cash proceeds from the sale of nine non-strategic outdoor markets including Cleveland and Columbus, Ohio, Des Moines, Iowa, Ft. Smith, Arkansas, Memphis, Tennessee, Portland, Oregon, Reno, Nevada, Seattle, Washington and Wichita, Kansas for net proceeds of \$596.6 million in cash and certain advertising assets in Florida. Those sale proceeds were partially offset by our capital expenditures of \$47.2 million. We spent \$11.3 million in our Americas segment primarily related to the construction of new advertising structures such as digital displays and \$34.9 million in our International segment primarily related to new advertising structures such as billboards and street furniture and renewals of existing contracts.

Cash used for investing activities of \$40.9 million during 2015 reflected our capital expenditures of \$41.8 million. We spent \$16.7 million in our Americas segment primarily related to the construction of new advertising structures such as digital displays and \$25.1 million in our International segment primarily related to new advertising structures such as billboards and street furniture and renewals of existing contracts. Other cash provided by investing activities were \$0.9 million of proceeds from sales of other operating and fixed assets.

Financing Activities

Cash used for financing activities of \$466.5 million during the three months ended March 31, 2016 primarily reflected two cash dividends paid in the aggregate amount of \$754.2 million, partially offset by net transfers of \$290.7 million in cash from iHeartCommunications, which represents the activity in the "Due from/to iHeartCommunications" account.

Cash provided by financing activities of \$58.1 million during the first quarter of 2015 primarily reflected the net transfers of \$61.5 million in cash from iHeartCommunications, which represents the activity in the "Due from/to iHeartCommunications" account. Other cash used for financing activities included net payments to noncontrolling interests of \$2.1 million.

Anticipated Cash Requirements

Our primary sources of liquidity are cash on hand, cash flow from operations, the revolving promissory note with iHeartCommunications and our senior revolving credit facility. As of March 31, 2016, we had \$489.6 million of cash on our balance sheet, including \$152.5 million of cash held outside the U.S. by our subsidiaries, a portion of which is held by non-wholly owned subsidiaries or is otherwise subject to certain restrictions and not readily accessible to us. Also as of March 31, 2016, we had \$640.1 million due to us under the Due from iHeartCommunications note. We have the ability and intent to indefinitely reinvest the undistributed earnings of consolidated subsidiaries based outside of the United States. If any excess cash held by our foreign subsidiaries were needed to fund operations in the United States, we could presently repatriate available funds without a requirement

to accrue or pay U.S. taxes. This is a result of significant deficits, as calculated for tax law purposes, in our foreign earnings and profits, which gives us flexibility to make future cash distributions as non-taxable returns of capital.

Our primary uses of liquidity are for our working capital, capital expenditure, debt service and other funding requirements. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flows from operations, borrowing capacity under or repayment of amounts outstanding under the revolving promissory note with iHeartCommunications and borrowing capacity under our senior revolving credit facility will enable us to meet our working capital, capital expenditure, debt service, special dividend and other funding requirements, including the debt service on the CCWH Senior Notes, the CCWH Subordinated Notes and the CCIBV Senior Notes for at least the next 12 months. We believe our long-term plans, which include promoting outdoor media spending, capitalizing on our diverse geographic and product opportunities and the continued deployment of digital displays, will enable us to continue generating cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, our anticipated results are subject to significant uncertainty. Our ability to fund our working capital, capital expenditures, debt service and other obligations depends on our future operating performance and cash from operations. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. We may not be able to secure any such additional financing on terms favorable to us or at all.

We recently paid special cash dividends to our stockholders. On December 16, 2015, CCIBV issued \$225.0 million in aggregate principal amount of 8.75% Senior Notes due 2020. We used the proceeds of the offering to pay a special dividend in an aggregate amount of \$217.8 million to our stockholders on January 7, 2016. In the first quarter of 2016, we sold our business in nine non-strategic markets within our Americas segment for net proceeds, including cash and certain advertising assets in Florida, of \$596.6 million (the "Americas Transactions"). Following the sale on February 4, 2016, we made a demand for repayment of \$300.0 million outstanding under the Due from iHeartCommunications note and simultaneously paid a special cash dividend of \$540.0 million. We used the \$300.0 million from the repayment and \$240.0 million of the proceeds of the Americas Transactions to fund the special dividend. The repayment of the \$300.0 million under the Due from iHeartCommunications note reduced the amount of the Due from iHeartCommunications note asset that is available to us as a source of liquidity for future working capital, capital expenditure, debt service, special dividend and other funding requirements. In addition, the interest payments that we receive under the Due from iHeartCommunications note are expected to be lower in 2016 than in 2015 as a result of the lower outstanding indebtedness on the note. Future special cash dividends will be dependent upon us having sufficient available cash.

In addition to any special dividends that our board of directors may declare using the proceeds of any liquidity-generating transactions or other available cash, we may declare special dividends using the proceeds of payments from iHeartCommunications under the Due from iHeartCommunications note. Our board of directors has established a committee that has the non-exclusive authority to demand payments under the Due from iHeartCommunications note under certain specified circumstances tied to iHeartCommunications' liquidity or the amount outstanding under the Due from iHeartCommunications note, as long as our board of directors declares a simultaneous dividend equal to the amount so demanded. Any future repayments and dividends would further reduce the amount of the Due from iHeartCommunications note asset that is available to us as a source of liquidity for ongoing working capital, capital expenditure, debt service and other funding requirements.

As our controlling stockholder, iHeartCommunications may cause us to engage in transactions for the purpose of supporting its liquidity needs, such as financings or asset sales, which may negatively affect our business operations or our capital structure. In its Quarterly Report on Form 10-Q filed with the SEC on May 4, 2016, iHeartCommunications stated that its ability to fund its ongoing capital needs depends on its future operating performance, cash from operations and its ability to generate cash from additional liquidity-generating transactions. These liquidity-generating transactions may involve us or our assets. As of March 31, 2016, iHeartCommunications had \$978.5 million recorded as "Cash and cash equivalents" on its consolidated balance sheets, of which \$489.6 million was held by us and our subsidiaries. Further deterioration in the financial condition of iHeartCommunications could also have the effect of increasing our borrowing costs or impairing our access to capital markets.

In its Quarterly Report on Form 10-Q filed with the SEC on May 4, 2016, iHeartCommunications stated that it was in compliance with the covenants contained in its material financing agreements as of March 31, 2016. iHeartCommunications similarly stated in its Quarterly Report that its anticipated results are also subject to significant uncertainty and there can be no assurance that actual results will be in compliance with the covenants. Moreover, iHeartCommunications stated in its Quarterly Report that its ability to comply with the covenants in its material financing agreements may be affected by events beyond its control, including prevailing economic, financial and industry conditions. As discussed therein, the breach of any covenants set forth in iHeartCommunications' financing agreements would result in a default thereunder, and an event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. In addition, iHeartCommunications stated in its Quarterly Report that if iHeartCommunications is unable to repay its obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. Finally,

iHeartCommunications stated in its Quarterly Report that a default or acceleration under any of its material financing agreements could cause a default under other obligations that are subject to cross-default and cross-acceleration provisions. If iHeartCommunications were to become insolvent, we would be an unsecured creditor of iHeartCommunications. In that event, we would be treated the same as other unsecured creditors of iHeartCommunications and, if we were not entitled to the cash previously transferred to iHeartCommunications, or could not obtain such cash on a timely basis, we could experience a liquidity shortfall.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material.

Sources of Capital

As of March 31, 2016 and December 31, 2015, we had the following debt outstanding, cash and cash equivalents and amounts due from iHeartCommunications:

<i>(In millions)</i>	March 31, 2016	December 31, 2015
Clear Channel Worldwide Holdings Senior Notes due 2022	\$ 2,725.0	\$ 2,725.0
Clear Channel Worldwide Holdings Senior Subordinated Notes due 2020	2,200.0	2,200.0
Senior Revolving Credit Facility due 2018	-	-
Clear Channel International B.V. Senior Notes due 2020	225.0	225.0
Other debt	18.9	19.0
Original issue discount	(7.5)	(7.8)
Long-term debt fees	(48.2)	(50.4)
Total debt	5,113.2	5,110.8
Less: Cash and cash equivalents	489.6	412.7
Less: Due from iHeartCommunications	640.1	930.8
	<u>\$ 3,983.5</u>	<u>\$ 3,767.3</u>

We may from time to time repay our outstanding debt or seek to purchase our outstanding equity securities. Such transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors.

Promissory Notes with iHeartCommunications

We maintain accounts that represent net amounts due to or from iHeartCommunications, which are recorded as “Due from/to iHeartCommunications” on our consolidated balance sheets. The accounts represent our revolving promissory note issued by us to iHeartCommunications and the Due from iHeartCommunications note, in each case in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. The accounts accrue interest pursuant to the terms of the promissory notes and are generally payable on demand or when they mature on December 15, 2017. Included in the accounts are the net activities resulting from day-to-day cash management services provided by iHeartCommunications. Such day-to-day cash management services relate only to our cash activities and balances in the U.S. and exclude any cash activities and balances of our non-U.S. subsidiaries. As of March 31, 2016 and December 31, 2015, the asset recorded in “Due from iHeartCommunications” on our consolidated balance sheet was \$640.1 million and \$930.8 million, respectively. As of March 31, 2016, we had no borrowings under the cash management note to iHeartCommunications.

In accordance with the terms of the settlement for the derivative litigation filed by our stockholders regarding the Due from iHeartCommunications note, as previously disclosed, we established a committee of our board of directors, consisting of our independent and disinterested directors, for the specific purpose of monitoring the Due from iHeartCommunications note. This committee has the non-exclusive authority to demand payments under the Due from iHeartCommunications note under certain specified circumstances tied to iHeartCommunications’ liquidity or the amount outstanding under the Due from iHeartCommunications note, as long as our board of directors declares a simultaneous dividend equal to the amount so demanded. The committee last made a demand under the Due from iHeartCommunications note on August 11, 2014. If future demands are made in accordance with the terms of the committee charter, we will declare a simultaneous dividend equal to the amount so demanded, which would further reduce the amount of the “Due from iHeartCommunications” asset that is available to us as a source of liquidity for ongoing working capital, capital expenditure, debt service and other funding requirements.

The net interest income for the three months ended March 31, 2016 and 2015 was \$12.7 million and \$15.3 million, respectively. At March 31, 2016 and December 31, 2015, the fixed interest rate on the “Due from iHeartCommunications” account

was 6.5%, which is equal to the fixed interest rate on the CCWH senior notes. If the outstanding balance on the Due from iHeartCommunications Note exceeds \$1.0 billion and under certain other circumstances tied to iHeartCommunications' liquidity, the rate will be variable but will in no event be less than 6.5% nor greater than 20%.

Our working capital requirements and capital for general corporate purposes, including acquisitions and capital expenditures, may be provided to us by iHeartCommunications, in its sole discretion, pursuant to a revolving promissory note issued by us to iHeartCommunications or pursuant to repayment of the Due from iHeartCommunications note. If we are unable to obtain financing from iHeartCommunications, we may need to obtain additional financing from banks or other lenders, or through public offerings or private placements of debt or equity, strategic relationships or other arrangements at some future date. As stated above, we may be unable to successfully obtain additional debt or equity financing on satisfactory terms or at all.

As long as iHeartCommunications maintains a significant interest in us, pursuant to the Master Agreement between iHeartCommunications and us, iHeartCommunications will have the option to limit our ability to incur debt or issue equity securities, among other limitations, which could adversely affect our ability to meet our liquidity needs. Under the Master Agreement with iHeartCommunications, we are limited in our borrowings from third parties to no more than \$400.0 million at any one time outstanding, without the prior written consent of iHeartCommunications.

Clear Channel Worldwide Holdings Senior Notes

As of March 31, 2016, CCWH senior notes represented \$2.7 billion aggregate principal amount of indebtedness outstanding, which consisted of \$735.75 million aggregate principal amount of 6.5% Series A Senior Notes due 2022 (the "Series A CCWH Senior Notes") and \$1,989.25 million aggregate principal amount of 6.5% Series B CCWH Senior Notes due 2022 (the "Series B CCWH Senior Notes" and, together with the Series A CCWH Senior Notes, the "CCWH Senior Notes"). The CCWH Senior Notes are guaranteed by us, Clear Channel Outdoor, Inc. ("CCOI") and certain of our direct and indirect subsidiaries.

The Series A CCWH Senior Notes indenture and Series B CCWH Senior Notes indenture restrict our ability to incur additional indebtedness but permit us to incur additional indebtedness based on an incurrence test. Under this test, in order to incur additional indebtedness, our debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively, and in order to incur additional indebtedness that is subordinated to the CCWH Senior Notes, our debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow us to incur additional indebtedness. The Series B CCWH Senior Notes indenture also permits us to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if our debt to adjusted EBITDA ratios (as defined by the indenture) are lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively. The Series B CCWH Senior Notes indenture also contains certain other exceptions that allow us to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by us of amounts outstanding under the Due from iHeartCommunications Note. The Series A CCWH Senior Notes indenture does not limit our ability to pay dividends.

Our consolidated leverage ratio, defined as total debt divided by EBITDA (as defined by the CCWH Senior Notes indentures) for the preceding four quarters was 7.6:1 as of March 31, 2016, and senior leverage ratio, defined as senior debt divided by EBITDA (as defined by the CCWH Senior Notes indentures) for the preceding four quarters was 4.0:1 as of March 31, 2016. As required by the definition of EBITDA in the CCWH Senior Notes indentures, our EBITDA for the preceding four quarters of \$681.7 million is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense), net, plus share-based compensation and is further adjusted for the following: (i) costs incurred in connection with severance, the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) extraordinary, non-recurring or unusual gains or losses or expenses; (iii) non-cash charges; and (iv) various other items.

The following table reflects a reconciliation of EBITDA (as defined by the CCWH Senior Notes indentures) to operating income and net cash provided by operating activities for the four quarters ended March 31, 2016:

<i>(In millions)</i>	Four Quarters Ended March 31, 2016
EBITDA (as defined by the CCWH Senior Notes indentures)	\$ 681.7
Less adjustments to EBITDA (as defined by the CCWH Senior Notes indentures):	
Costs incurred in connection with severance, the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities	(20.6)

Less: Interest expense	(360.1)
Plus: Interest income on Due from iHeartCommunications	58.9
Less: Current income tax expense	(85.7)
Plus: Other income, net	(13.4)
Adjustments to reconcile consolidated net loss to net cash provided by operating activities (including Provision for doubtful accounts, Amortization of deferred financing charges and note discounts, net and Other reconciling items, net)	33.8
Change in assets and liabilities, net of assets acquired and liabilities assumed	8.1
Net cash provided by operating activities	<u>\$ 305.4</u>

Clear Channel Worldwide Holdings Senior Subordinated Notes

As of March 31, 2016, CCWH Subordinated Notes represented \$2.2 billion aggregate principal amount of indebtedness outstanding, which consist of \$275.0 million aggregate principal amount of 7.625% Series A Senior Subordinated Notes due 2020 (the "Series A CCWH Subordinated Notes") and \$1,925.0 million aggregate principal amount of 7.625% Series B Senior Subordinated Notes due 2020 (the "Series B CCWH Subordinated Notes").

The Series A CCWH Subordinated Notes indenture and Series B CCWH Subordinated Notes indenture restrict our ability to incur additional indebtedness but permit us to incur additional indebtedness based on an incurrence test. In order to incur additional indebtedness under this test, our debt to adjusted EBITDA ratio (as defined by the indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow us to incur additional indebtedness. The Series B CCWH Subordinated Notes indenture also permits us to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if our debt to adjusted EBITDA ratios (as defined by the indenture) is lower than 7.0:1. The Series B CCWH Subordinated Notes indenture also contains certain other exceptions that allow us to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by us of amounts outstanding under the Revolving Promissory Note issued by iHeartCommunications to us. The Series A CCWH Subordinated Notes indenture does not limit our ability to pay dividends.

CCIBV Senior Notes

As of March 31, 2016, Clear Channel International B.V., an international subsidiary of ours, had \$225.0 million aggregate principal amount outstanding of its 8.75% Senior Notes due 2020 ("CCIBV Senior Notes").

The indenture governing the CCIBV Senior Notes contains covenants that limit Clear Channel International B.V.'s ability and the ability of its restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) create liens on assets; (v) engage

in certain transactions with affiliates; (vi) create restrictions on dividends or other payments by the restricted subsidiaries; and (vii) merge, consolidate or sell substantially all of CCIBV's assets.

Senior Revolving Credit Facility Due 2018

During the third quarter of 2013, we entered into a five-year senior secured revolving credit facility with an aggregate principal amount of \$75.0 million. The revolving credit facility may be used for working capital needs, to issue letters of credit and for other general corporate purposes. As of March 31, 2016, there were no amounts outstanding under the revolving credit facility, and \$49.5 million of letters of credit under the revolving credit facility which reduce availability under the facility. The revolving credit facility contains a springing covenant that requires us to maintain a secured leverage ratio (as defined in the revolving credit facility) of not more than 1.5:1 that is tested at the end of a quarter if availability under the facility is less than 75% of the aggregate commitments under the facility. We were in compliance with the secured leverage ratio covenant as of March 31, 2016.

Other Debt

Other debt consists primarily of loans with international banks. As of March 31, 2016, approximately \$18.9 million was outstanding as other debt.

iHeartCommunications' Debt Covenants

iHeartCommunications' senior secured credit facility contains a significant financial covenant which must be tested quarterly and requires iHeartCommunications to limit the ratio of its consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by iHeartCommunications' senior secured credit facility) for the preceding four quarters. The maximum ratio permitted under this financial covenant was 8.75:1 for the four quarters ended March 31, 2016. In its Quarterly Report on Form 10-Q filed with the SEC on May 4, 2016, iHeartCommunications stated that it was in compliance with this covenant as of March 31, 2016.

Commitments, Contingencies and Guarantees

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Please refer to "Legal Proceedings" in Part II, Item 1 of this Quarterly Report on Form 10-Q.

SEASONALITY

Typically, both our Americas and International segments experience their lowest financial performance in the first quarter of the calendar year, with International historically experiencing a loss from operations in that period. Our International segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future. Due to this seasonality and certain other factors, the results for the interim periods may not be indicative of results for the full year.

MARKET RISK

We are exposed to market risks arising from changes in market rates and prices, including movements in equity security prices and foreign currency exchange rates.

Foreign Currency Exchange Rate Risk

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net loss of \$30.9 million for three months ended March 31, 2016. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have increased our net loss for the three months ended March 31, 2016 by \$3.1 million. A 10% decrease in the value of the U.S. dollar relative to foreign currencies during the three months ended March 31, 2016 would have decreased our net loss by a corresponding amount.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

Inflation

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our outdoor display faces.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements which represent our expectations or beliefs concerning future events, including, without limitation, our future operating and financial performance, our ability to comply with the covenants in the agreements governing our indebtedness and the availability of capital and the terms thereof. Statements expressing expectations and projections with respect to future matters are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We caution that these forward-looking statements involve a number of risks and uncertainties and are subject to many variables which could impact our future performance. These statements are made on the basis of management's views and assumptions, as of the time the statements are made, regarding future events and performance. There can be no assurance, however, that management's expectations will necessarily come to pass. Actual future events and performance may differ materially from the expectations reflected in our forward-looking statements. We do not intend, nor do we undertake any duty, to update any forward-looking statements.

A wide range of factors could materially affect future developments and performance, including but not limited to:

- risks associated with weak or uncertain global economic conditions and their impact on the capital markets;
- other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;
- industry conditions, including competition;
- the level of expenditures on advertising;
- legislative or regulatory requirements;
- fluctuations in operating costs;
- technological changes and innovations;
- changes in labor conditions and management;
- capital expenditure requirements;
- risks of doing business in foreign countries;
- fluctuations in exchange rates and currency values;
- the outcome of pending and future litigation;
- taxes and tax disputes;
- changes in interest rates;
- shifts in population and other demographics;
- access to capital markets and borrowed indebtedness;
- our ability to implement our business strategies;
- the risk that we may not be able to integrate the operations of acquired businesses successfully;
- the risk that our strategic revenue and efficiency initiatives may not be entirely successful or that any cost savings achieved from such strategic revenue and efficiency initiatives may not persist;
- the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;
- our ability to generate sufficient cash from operations or other liquidity-generating transactions and our need to allocate significant amounts of our cash to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;
- our relationship with iHeartCommunications, including its ability to elect all of the members of our Board of Directors and its ability as our controlling stockholder to determine the outcome of matters submitted to our stockholders and certain additional matters governed by intercompany agreements between us;
- the impact of the above and similar factors on iHeartCommunications, our primary direct or indirect external source of capital, which could have a significant need for capital in the future; and
- certain other factors set forth in our other filings with the SEC.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative and is not intended to be exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

ITEM 3 . QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Required information is presented under “Market Risk” within Item 2 of this Part I.

ITEM 4 . CONTROLS AND PROCEDURES

As required by Rule 13a-15(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), under the supervision and with the participation of management, including our Chief Executive Officer and our Chief Financial Officer, we have carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this report. Our disclosure controls and procedures are designed to provide reasonable assurance that information we are required to disclose in reports that are filed or submitted under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure and is recorded, processed, summarized and reported within the time periods specified by the SEC. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of March 31, 2016 at the reasonable assurance level.

There were no changes in our internal control over financial reporting that occurred during the quarter ended March 31, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II -- OTHER INFORMATION

ITEM 1 . LEGAL PROCEEDINGS

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of operations.

Although we are involved in a variety of legal proceedings in the ordinary course of business, a large portion of our litigation arises in the following contexts: commercial disputes; misappropriation of likeness and right of publicity claims; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

International Outdoor Investigation

On April 21, 2015, inspections were conducted at the premises of the Company in Denmark and Sweden as part of an investigation by Danish competition authorities. Additionally, on the same day, Clear Channel UK received a communication from the UK competition authorities, also in connection with the investigation by Danish competition authorities. The Company and its affiliates are cooperating with the national competition authorities.

ITEM 1A . RISK FACTORS

For information regarding our risk factors, please refer to Item 1A in our Annual Report on Form 10-K for the year ended December 31, 2015. There have not been any material changes in the risk factors disclosed in the Form 10-K.

ITEM 2 . UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS
